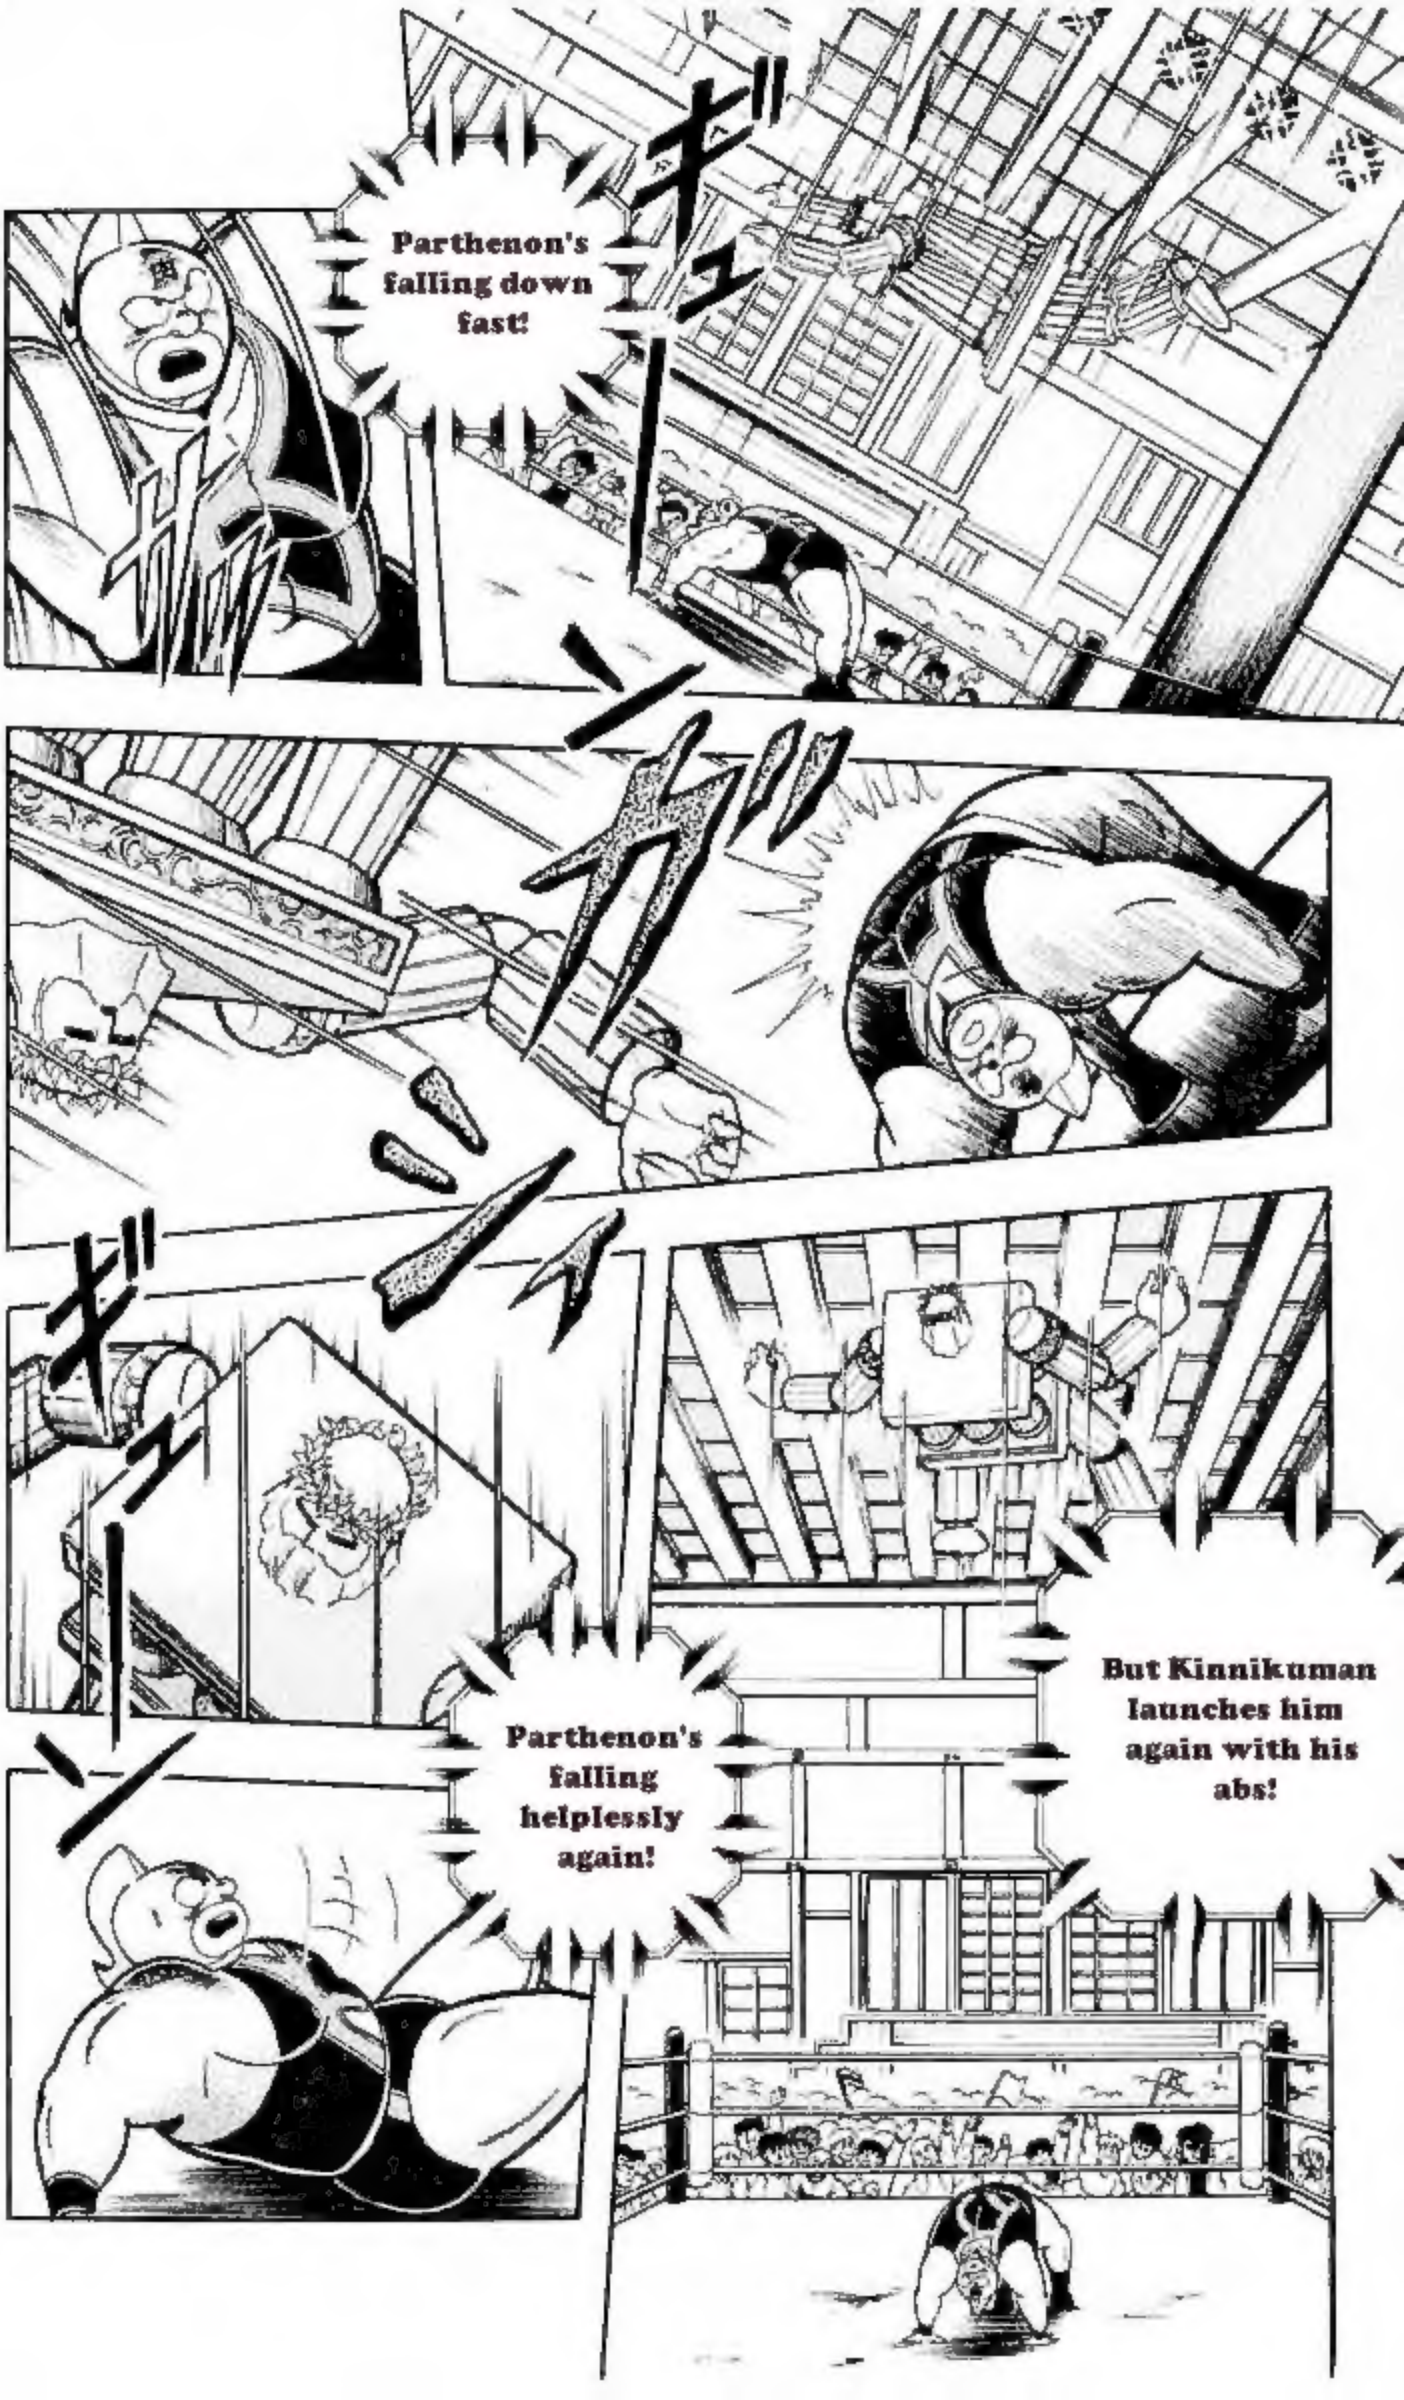
Scramble for the Kinniku Throne 45

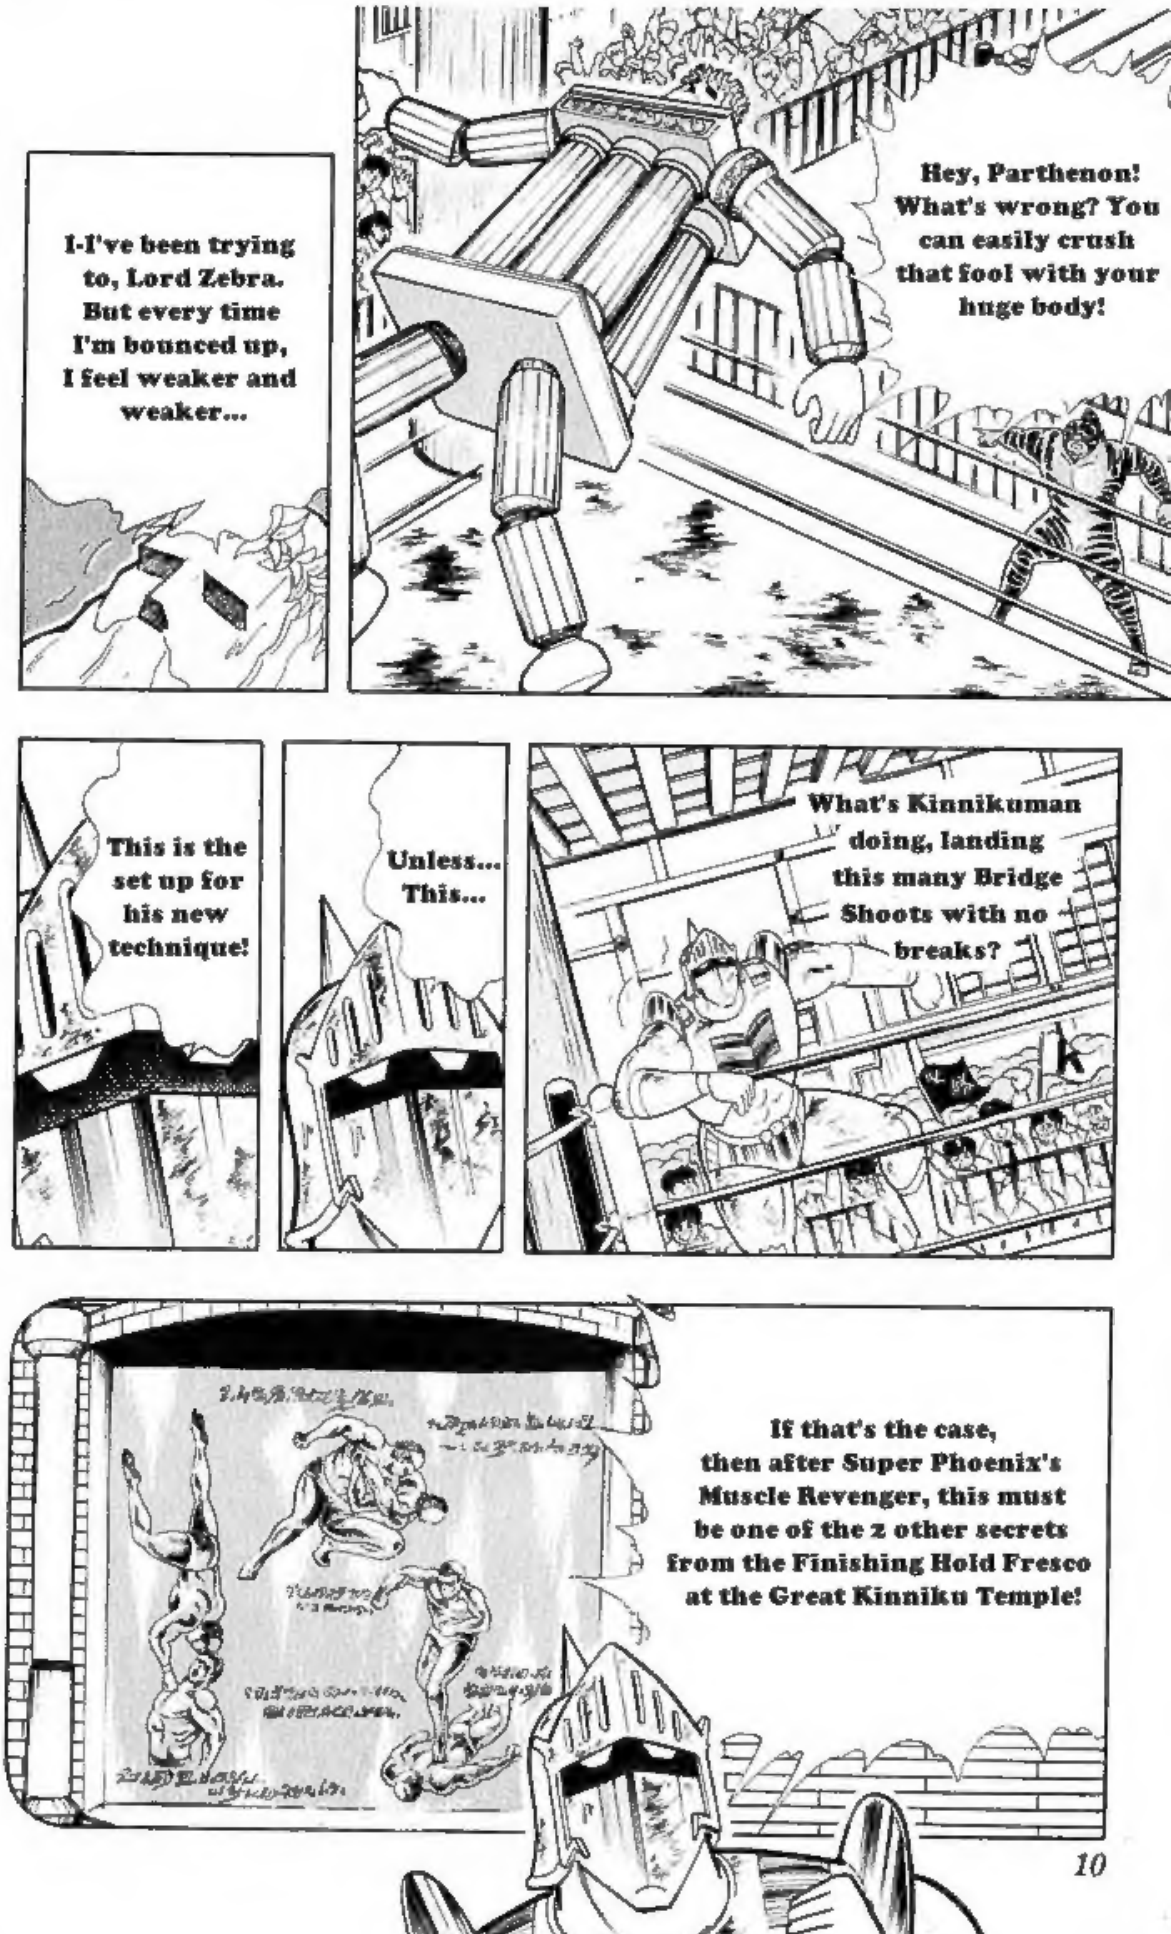
The Dream Special Technique!

A TEAM KINNIKU RELEASE



Parthenon's falling down fast!
Parthenon's falling helplessly again!
But Kinnikuman launches him again with his abs!

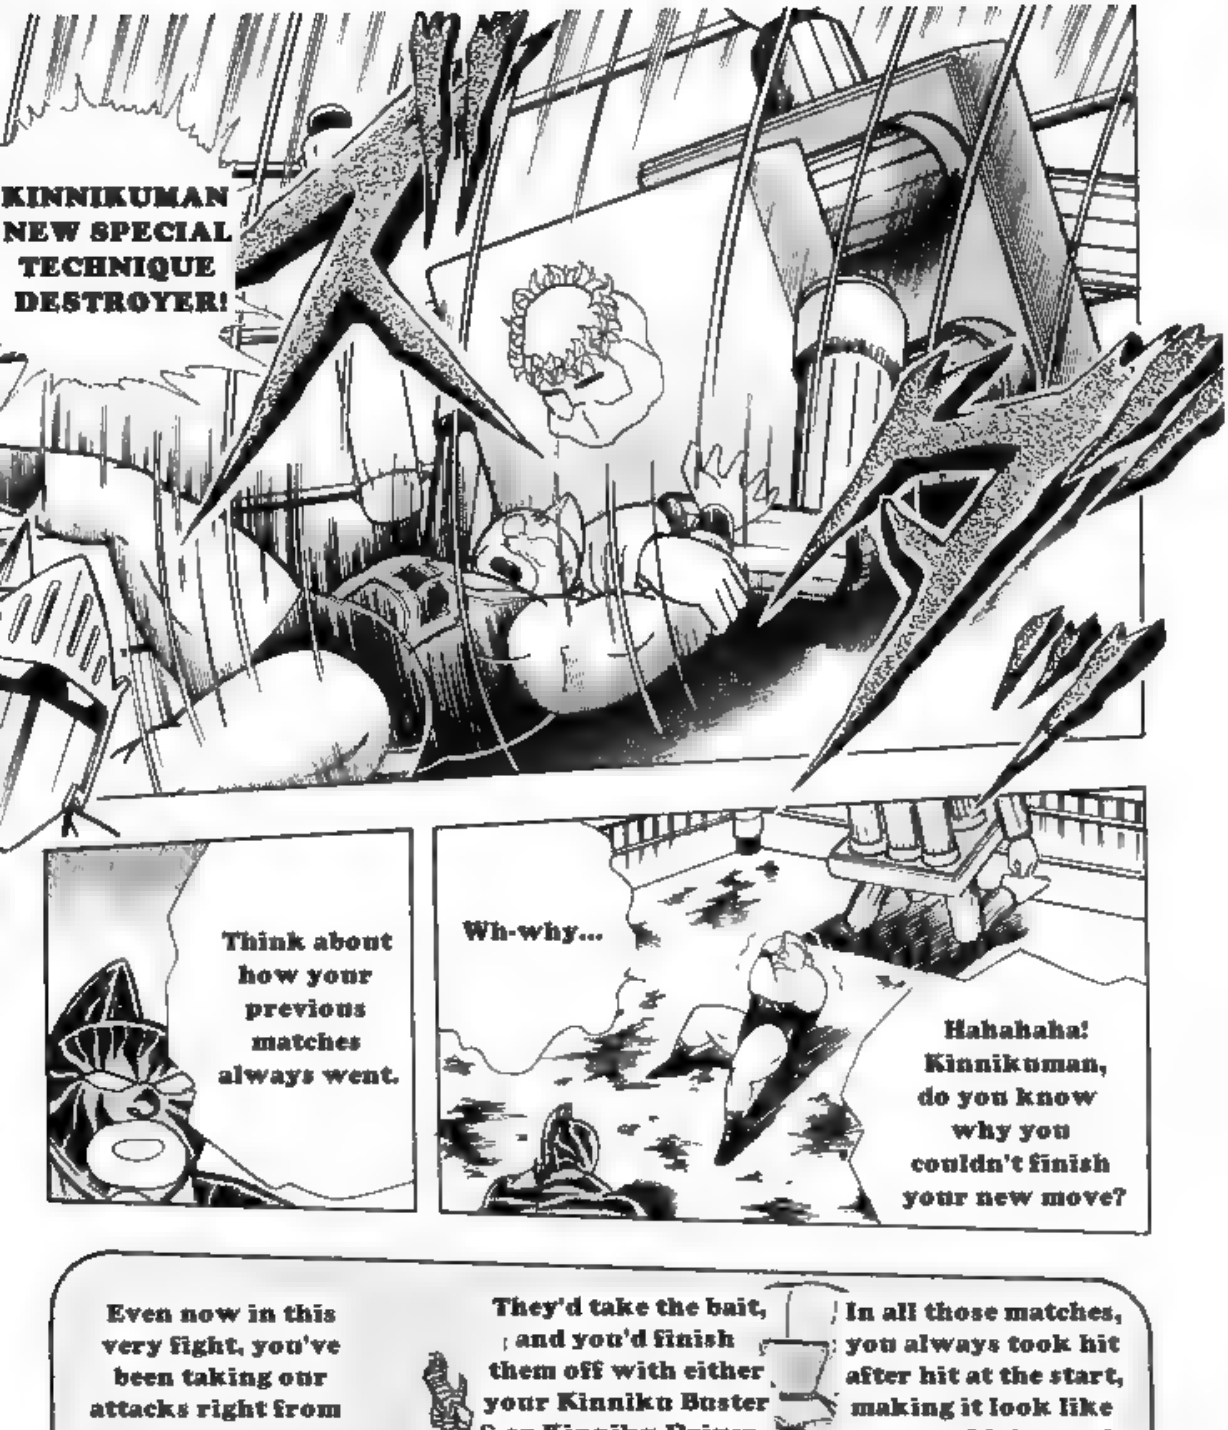
A fourth time!
But Kinnikuman launches him a third time!
With every bounce Kinnikuman lands with his Bridge Shoot, Parthenon ascends higher and higher!
A fifth time!



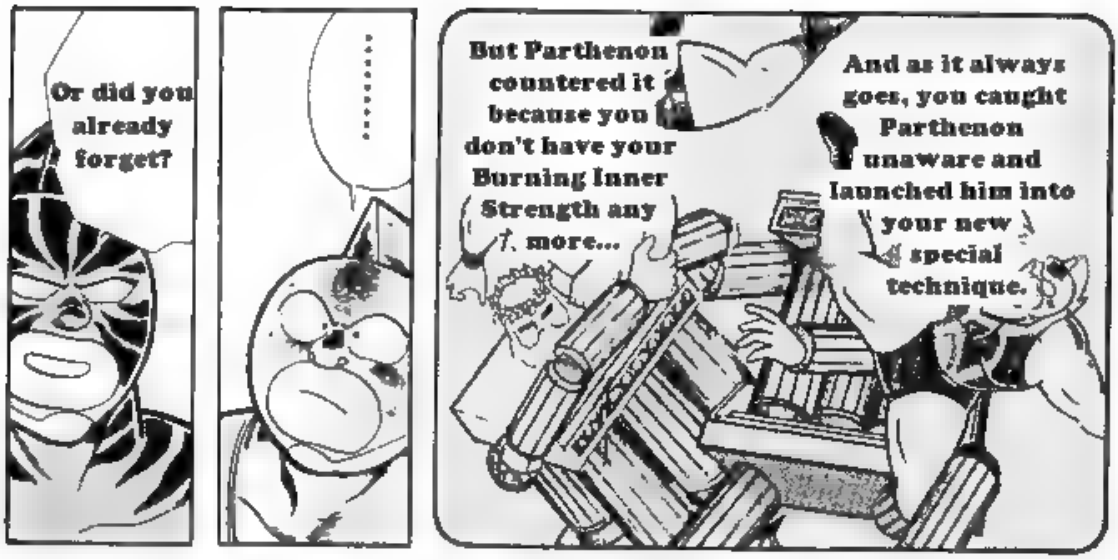
I-I've been trying to, Lord Zebra. But every time I'm bounced up, I feel weaker and weaker...
Hey, Parthenon! What's wrong? You can easily crush that fool with your huge body!
This is the set up for his new technique!
Unless... This...
What's Kinnikuman doing, landing this many Bridge Shoots with no breaks?
If that's the case, then after Super Phoenix's Muscle Revenger, this must be one of the 2 other secrets from the Finishing Hold Fresco at the Great Kinniku Temple!

But I saw a new special move to succeed the Kinniku Buster and Kinniku Driver!
That time when we were caught in the Cavnas Presser, the vision was blurry...
You have to finish this move, Kinnikuman! If you can, you'll be so much more closer to winning the throne of Planet Kinniku!
I saw it!
キュ
We'll see right now!
Whether I can make it reality or not...

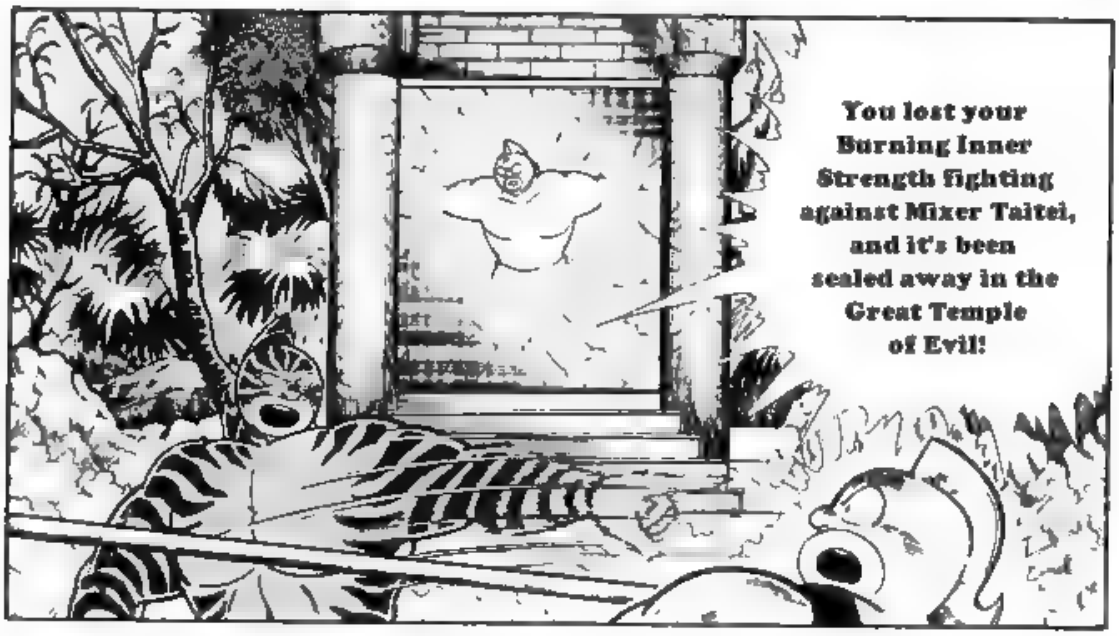
Alright! Now I need to grab Parthenon's arms to complete the Muscle Spark!
Kinnikuman's jumped after Parthenon and is trying a new technique on him that we've never seen before!
ガッ
ガッ
NO!
My muscles still hurt from that Canvas Presser...
ズキッ
Ow!
An opening!
Kinnikuman's flinch gave Parthenon an opening to grab Kinnikuman into a Abarash Hold!



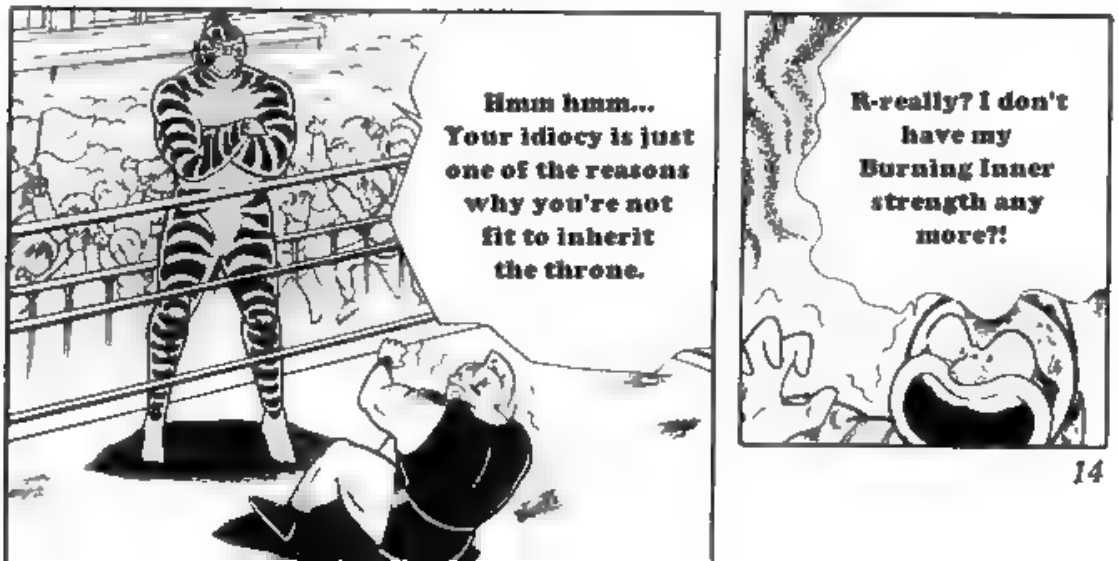
KINNIKUMAN NEW SPECIAL TECHNIQUE DESTROYER!
Think about how your previous matches always went.
Wh-why...
Hahahaha! Kinnikuman, do you know why you couldn't finish your new move?
Even now in this very fight, you've been taking our attacks right from the start.
They'd take the bait, and you'd finish them off with either your Kinniku Buster or Kinniku Driver with your Burning Inner Strength.
In all those matches, you always took hit after hit at the start, making it look like you wouldn't stand a chance against your opponent.



Or did you already forget?
.....
But Parthenon countered it because you don't have your Burning Inner Strength any more...
And as it always goes, you caught Parthenon unaware and launched him into your new special technique.

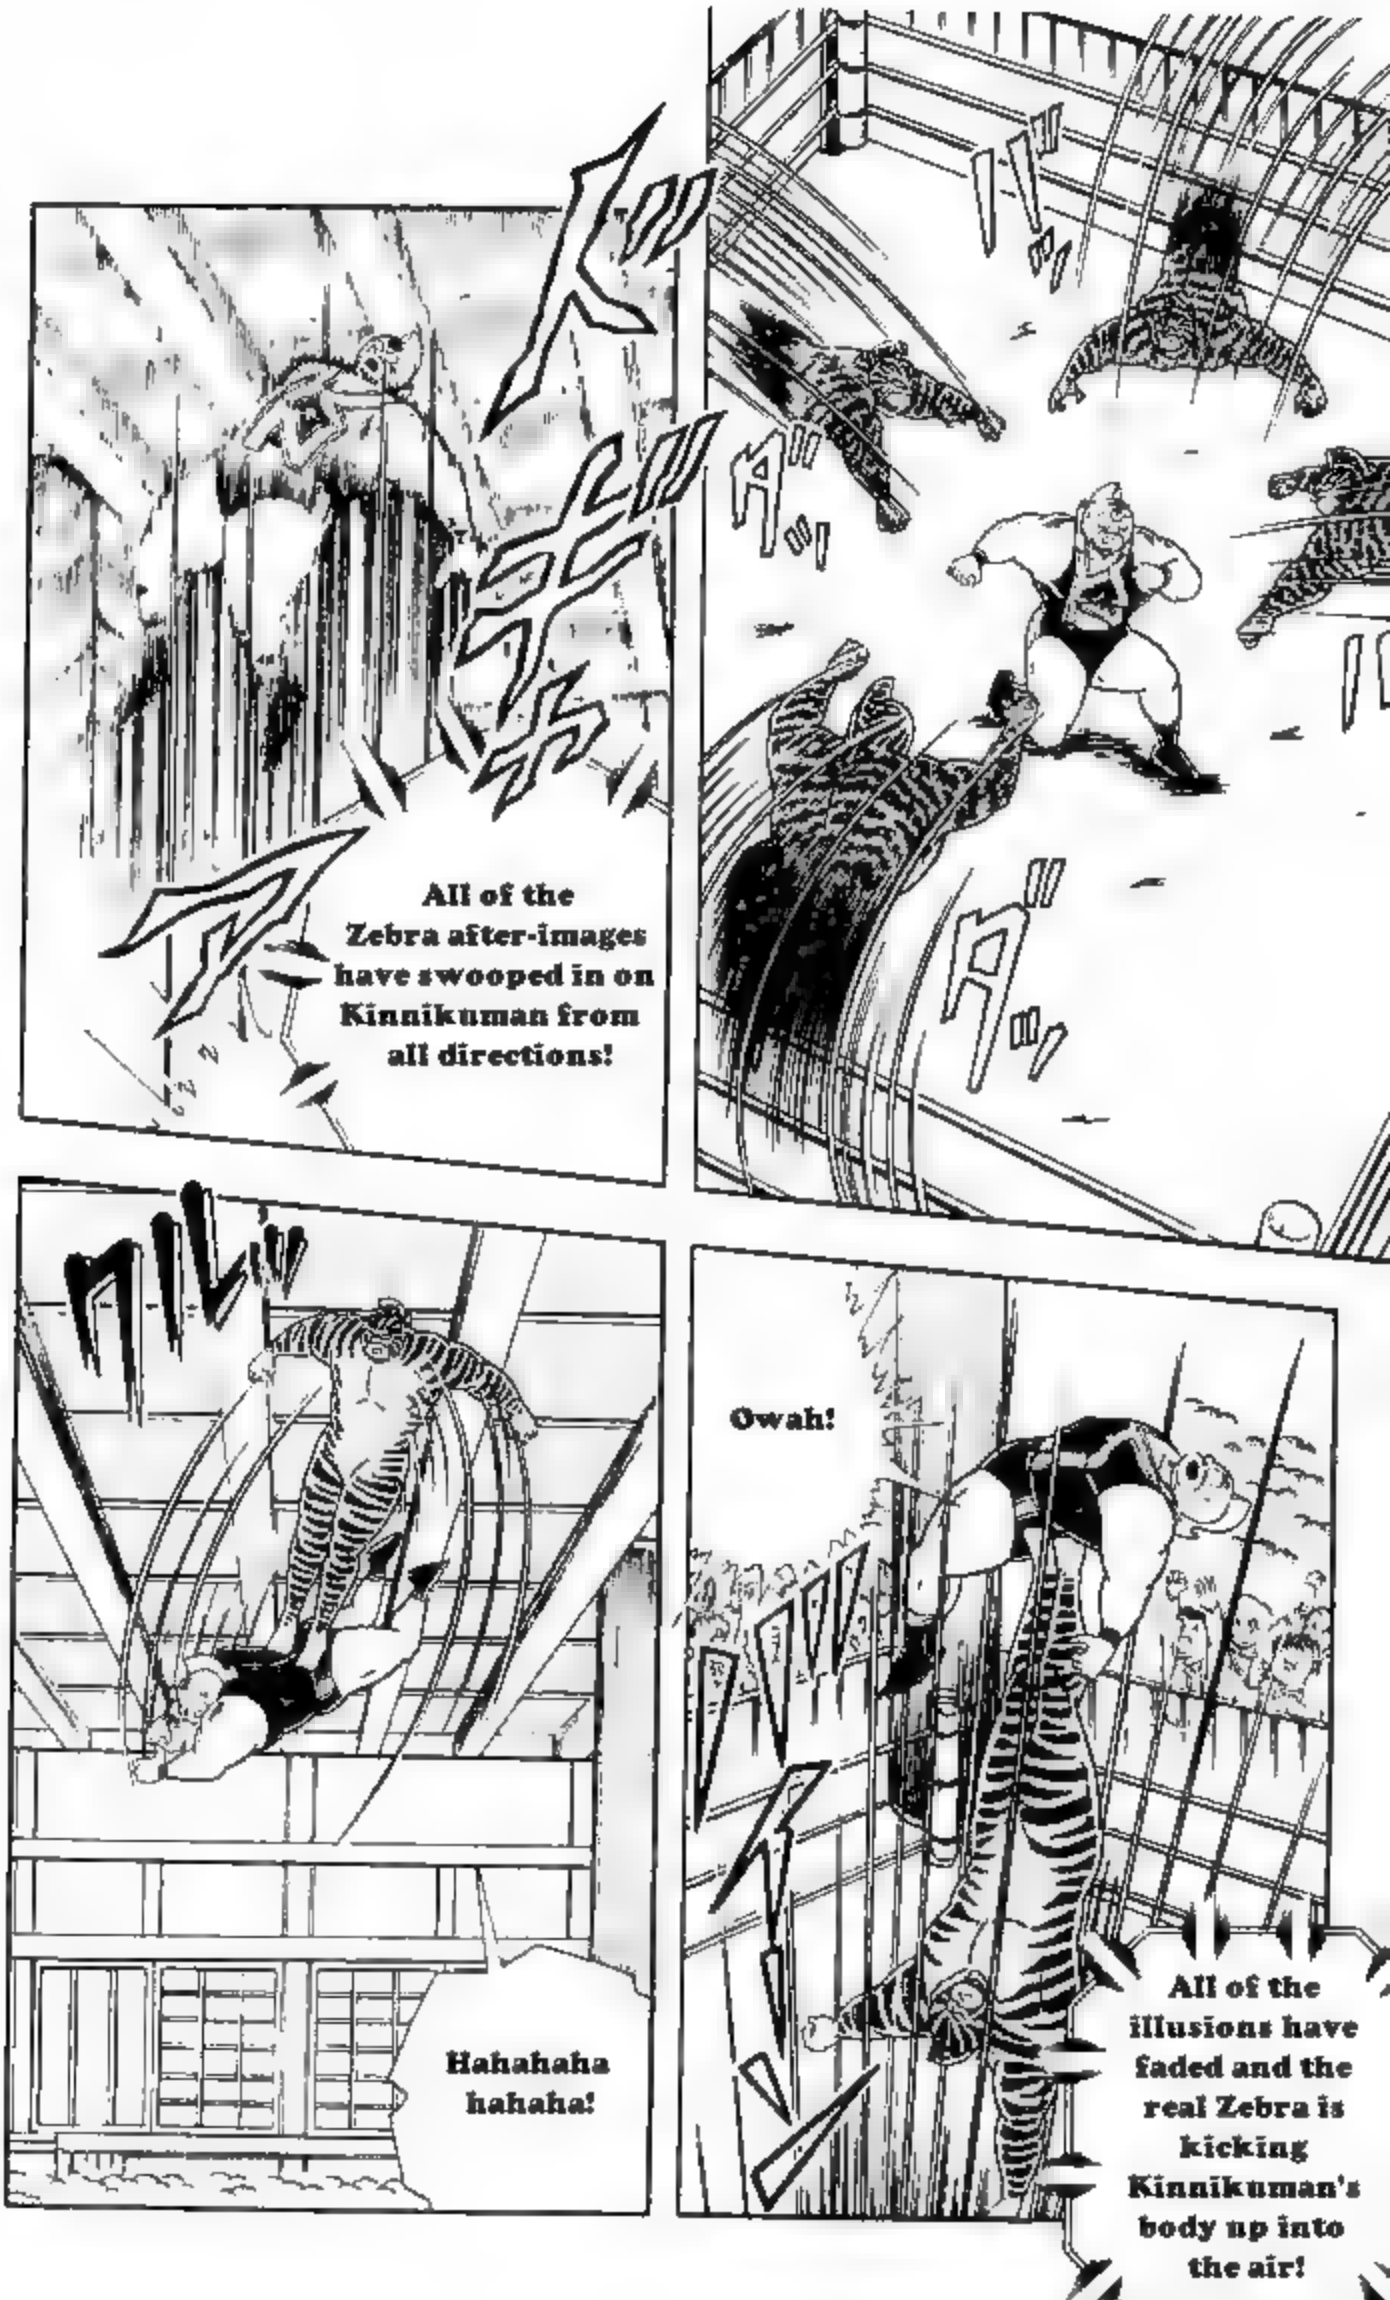


You lost your Burning Inner Strength fighting against Mixer Taitei, and it's been sealed away in the Great Temple of Evil!



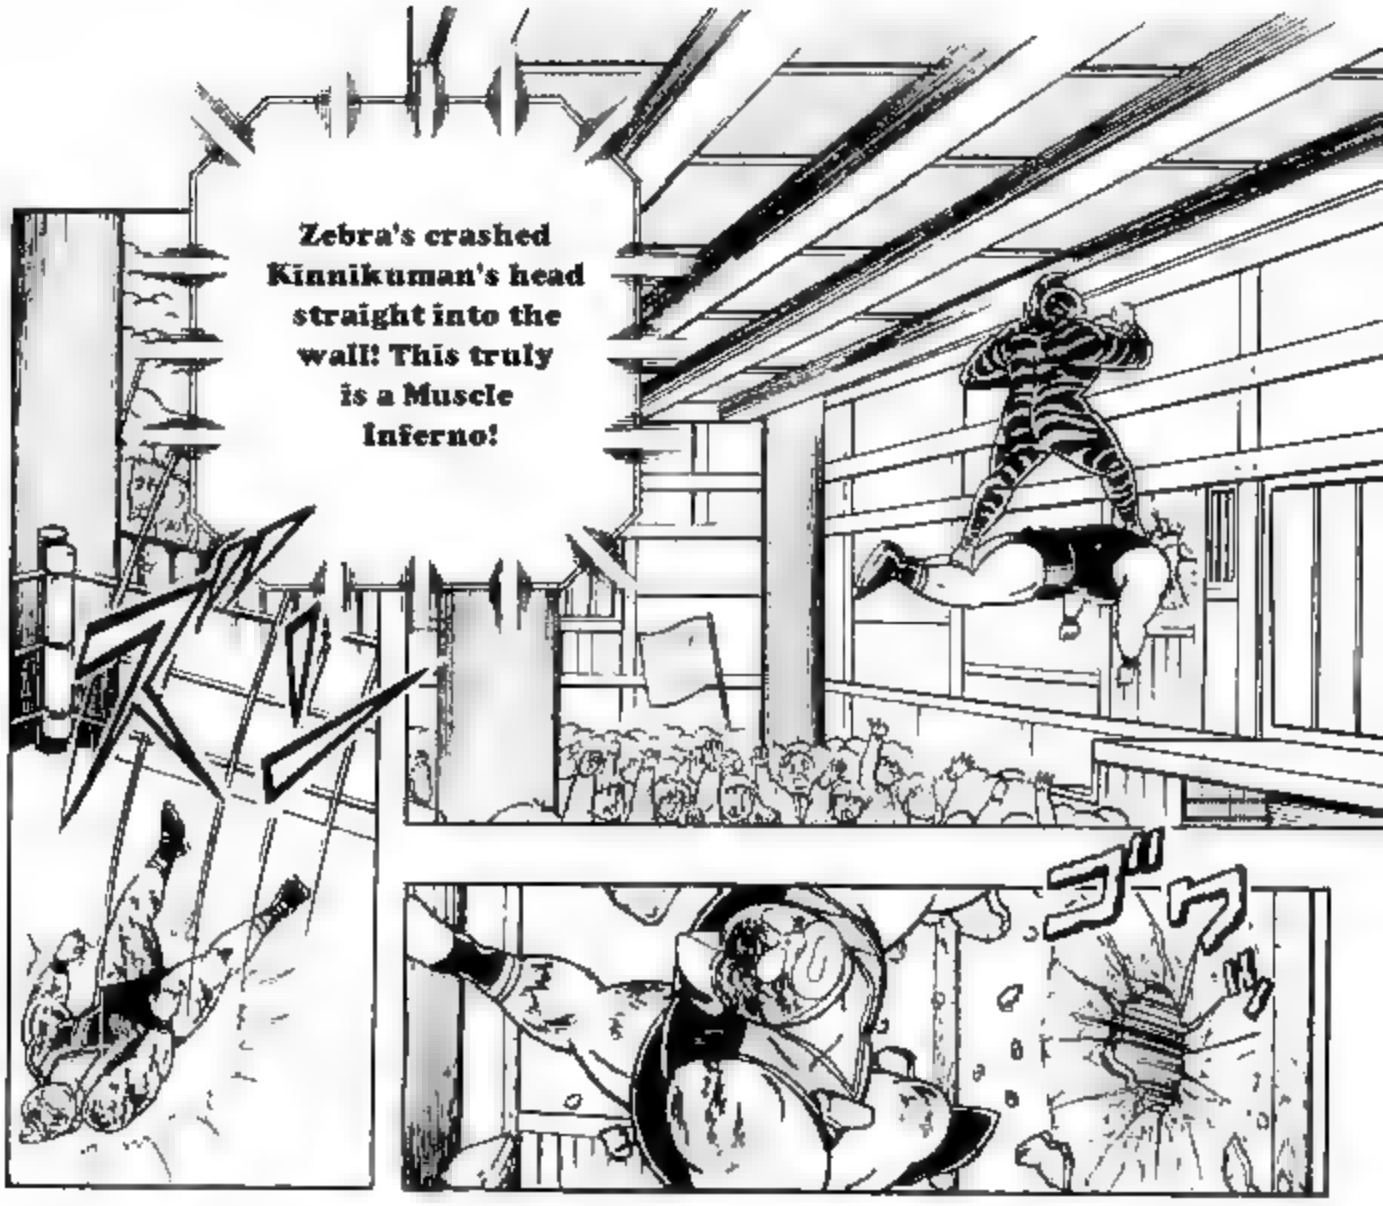
Hmm hmm... Your idiocy is just one of the reasons why you're not fit to inherit the throne.
R-really? I don't have my Burning Inner strength any more?!

But here's a nice gift to take with you to hell.
Zebra's started to jump around the ring on the ropes!
Aah! Zebra's jumping so fast, I can't see the real one! What's he going to do to me!?

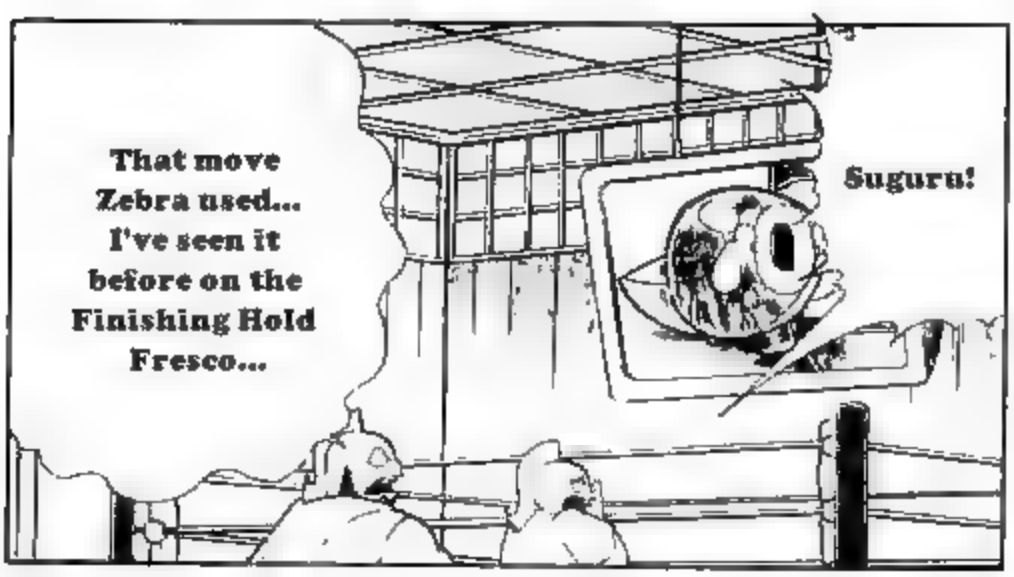


All of the Zebra after-images have swooped in on Kinnikuman from all directions!
Owah!
Hahahaha hahaha!
All of the illusions have faded and the real Zebra is kicking Kinnikuman's body up into the air!

How's this happening!? Zebra's riding Kinnikuman's body like it's a surfboard and is riding him into the wall!
One of the Three Great Secrets of the Kinniku Clan!
MUSCLE INFERNO!

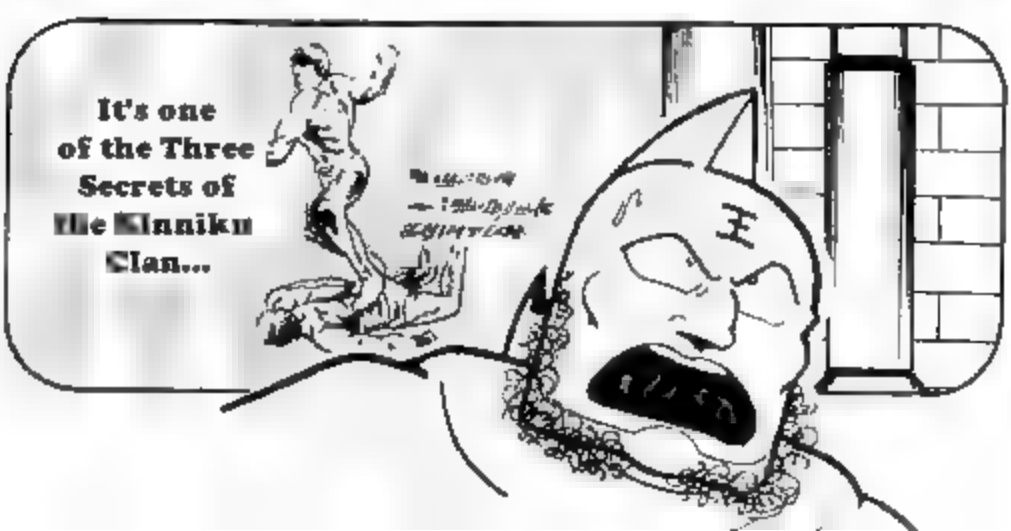


Zebra's crashed Kinnikuman's head straight into the wall! This truly is a Muscle Inferno!
ゴッ

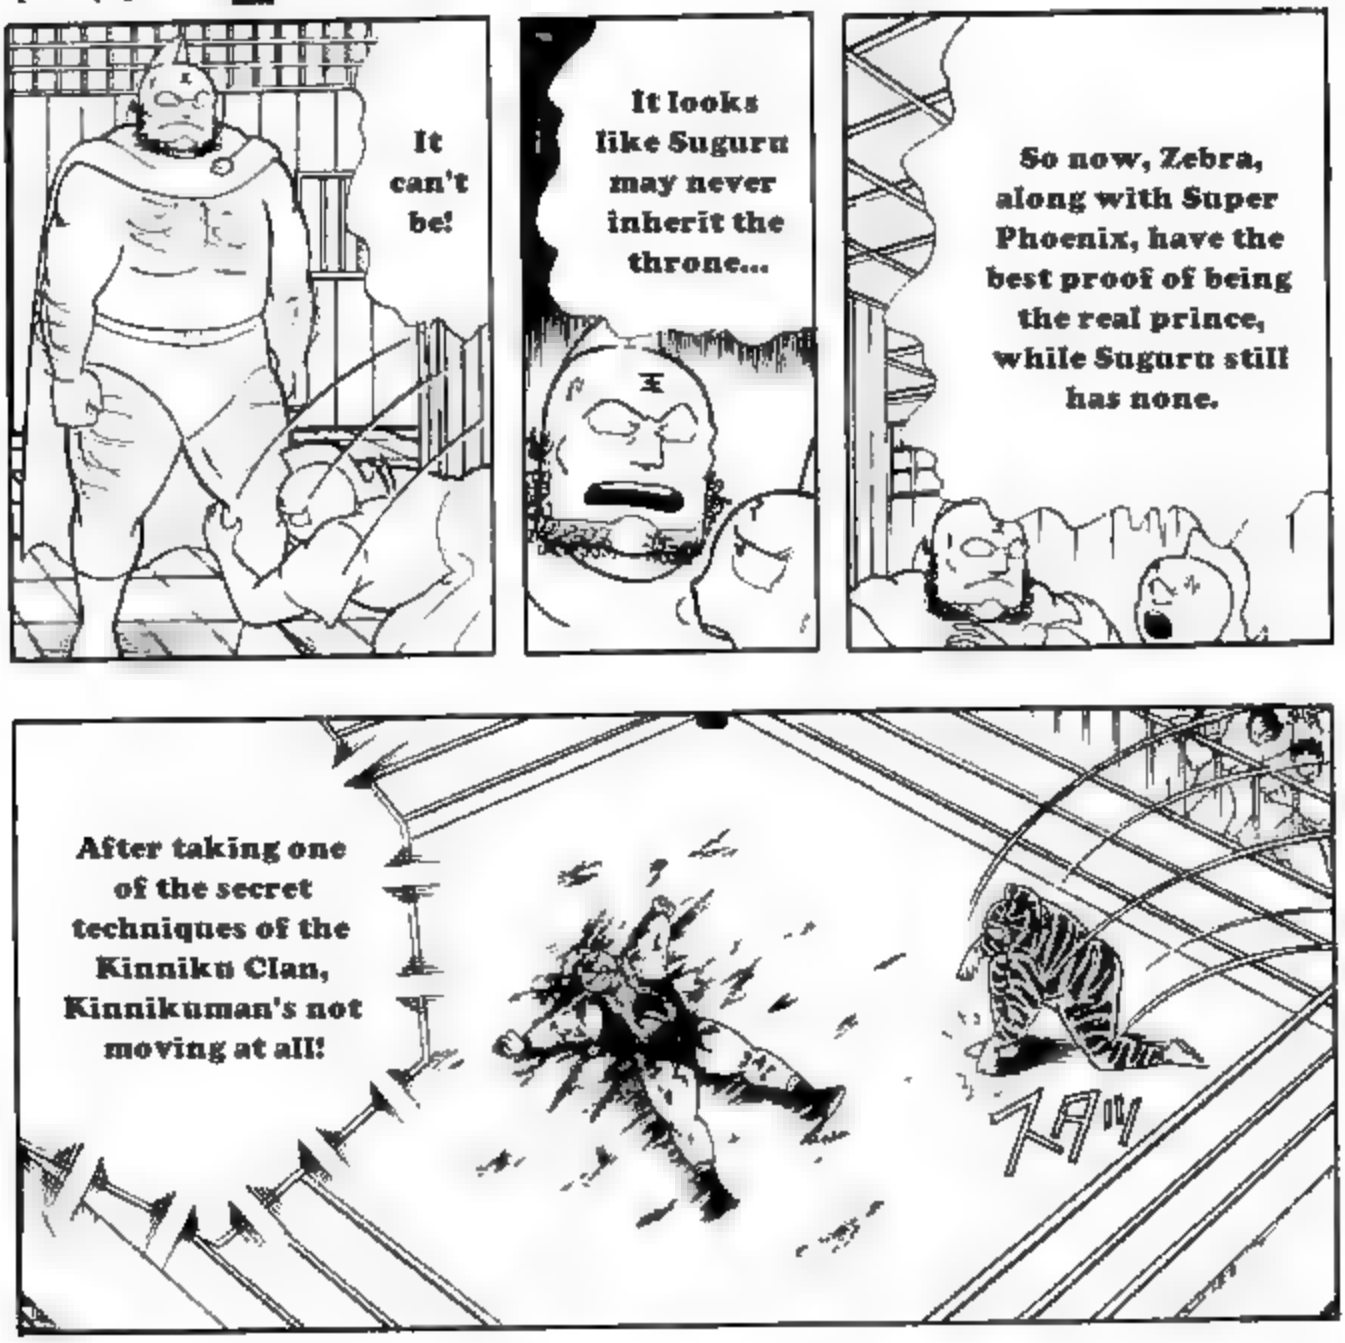


That move Zebra used... I've seen it before on the Finishing Hold Fresco...
Suguru!

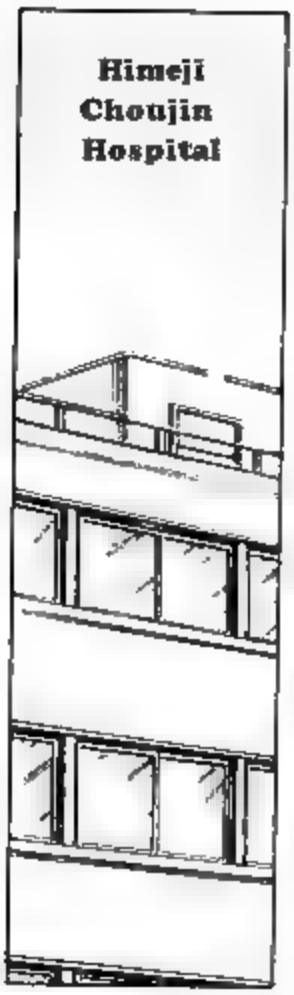
Osaka Castle



It's one of the Three Secrets of the Kinniku Clan...



It can't be!
It looks like Suguru may never inherit the throne...
So now, Zebra, along with Super Phoenix, have the best proof of being the real prince, while Suguru still has none.
After taking one of the secret techniques of the Kinniku Clan, Kinnikuman's not moving at all!
ｽﾀｯ
Ro...Robin... If I tag you in, t-then you'll just be like me right now... I can't let my friend end up being injured...
Kinnikuman! Tag me in and take a break!



I can't pull off a Great Secret technique like they could so easily... Maybe I am really just a fake who robbed the true prince of his life in the Kinniku Royal Family at that hospital...

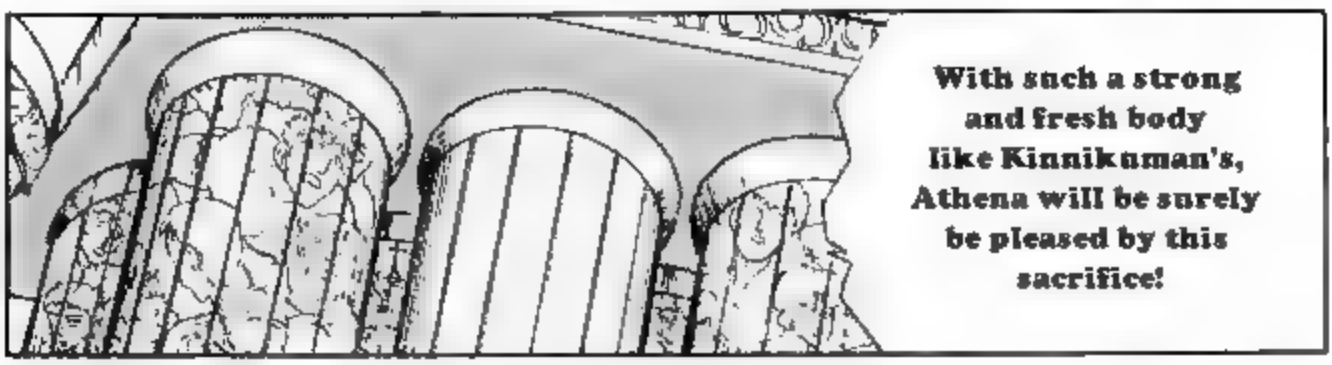
What the hell are you talking about!? If we lose this match, then you'll never inherit the throne! Tag me in!

Robin... How could I ever inherit the throne after seeing Super Phoenix and Zebra fight...

That's not true! You are the real prince!

Since your pillars are filled with strong bodies, how about you finish this by feeding him to them?

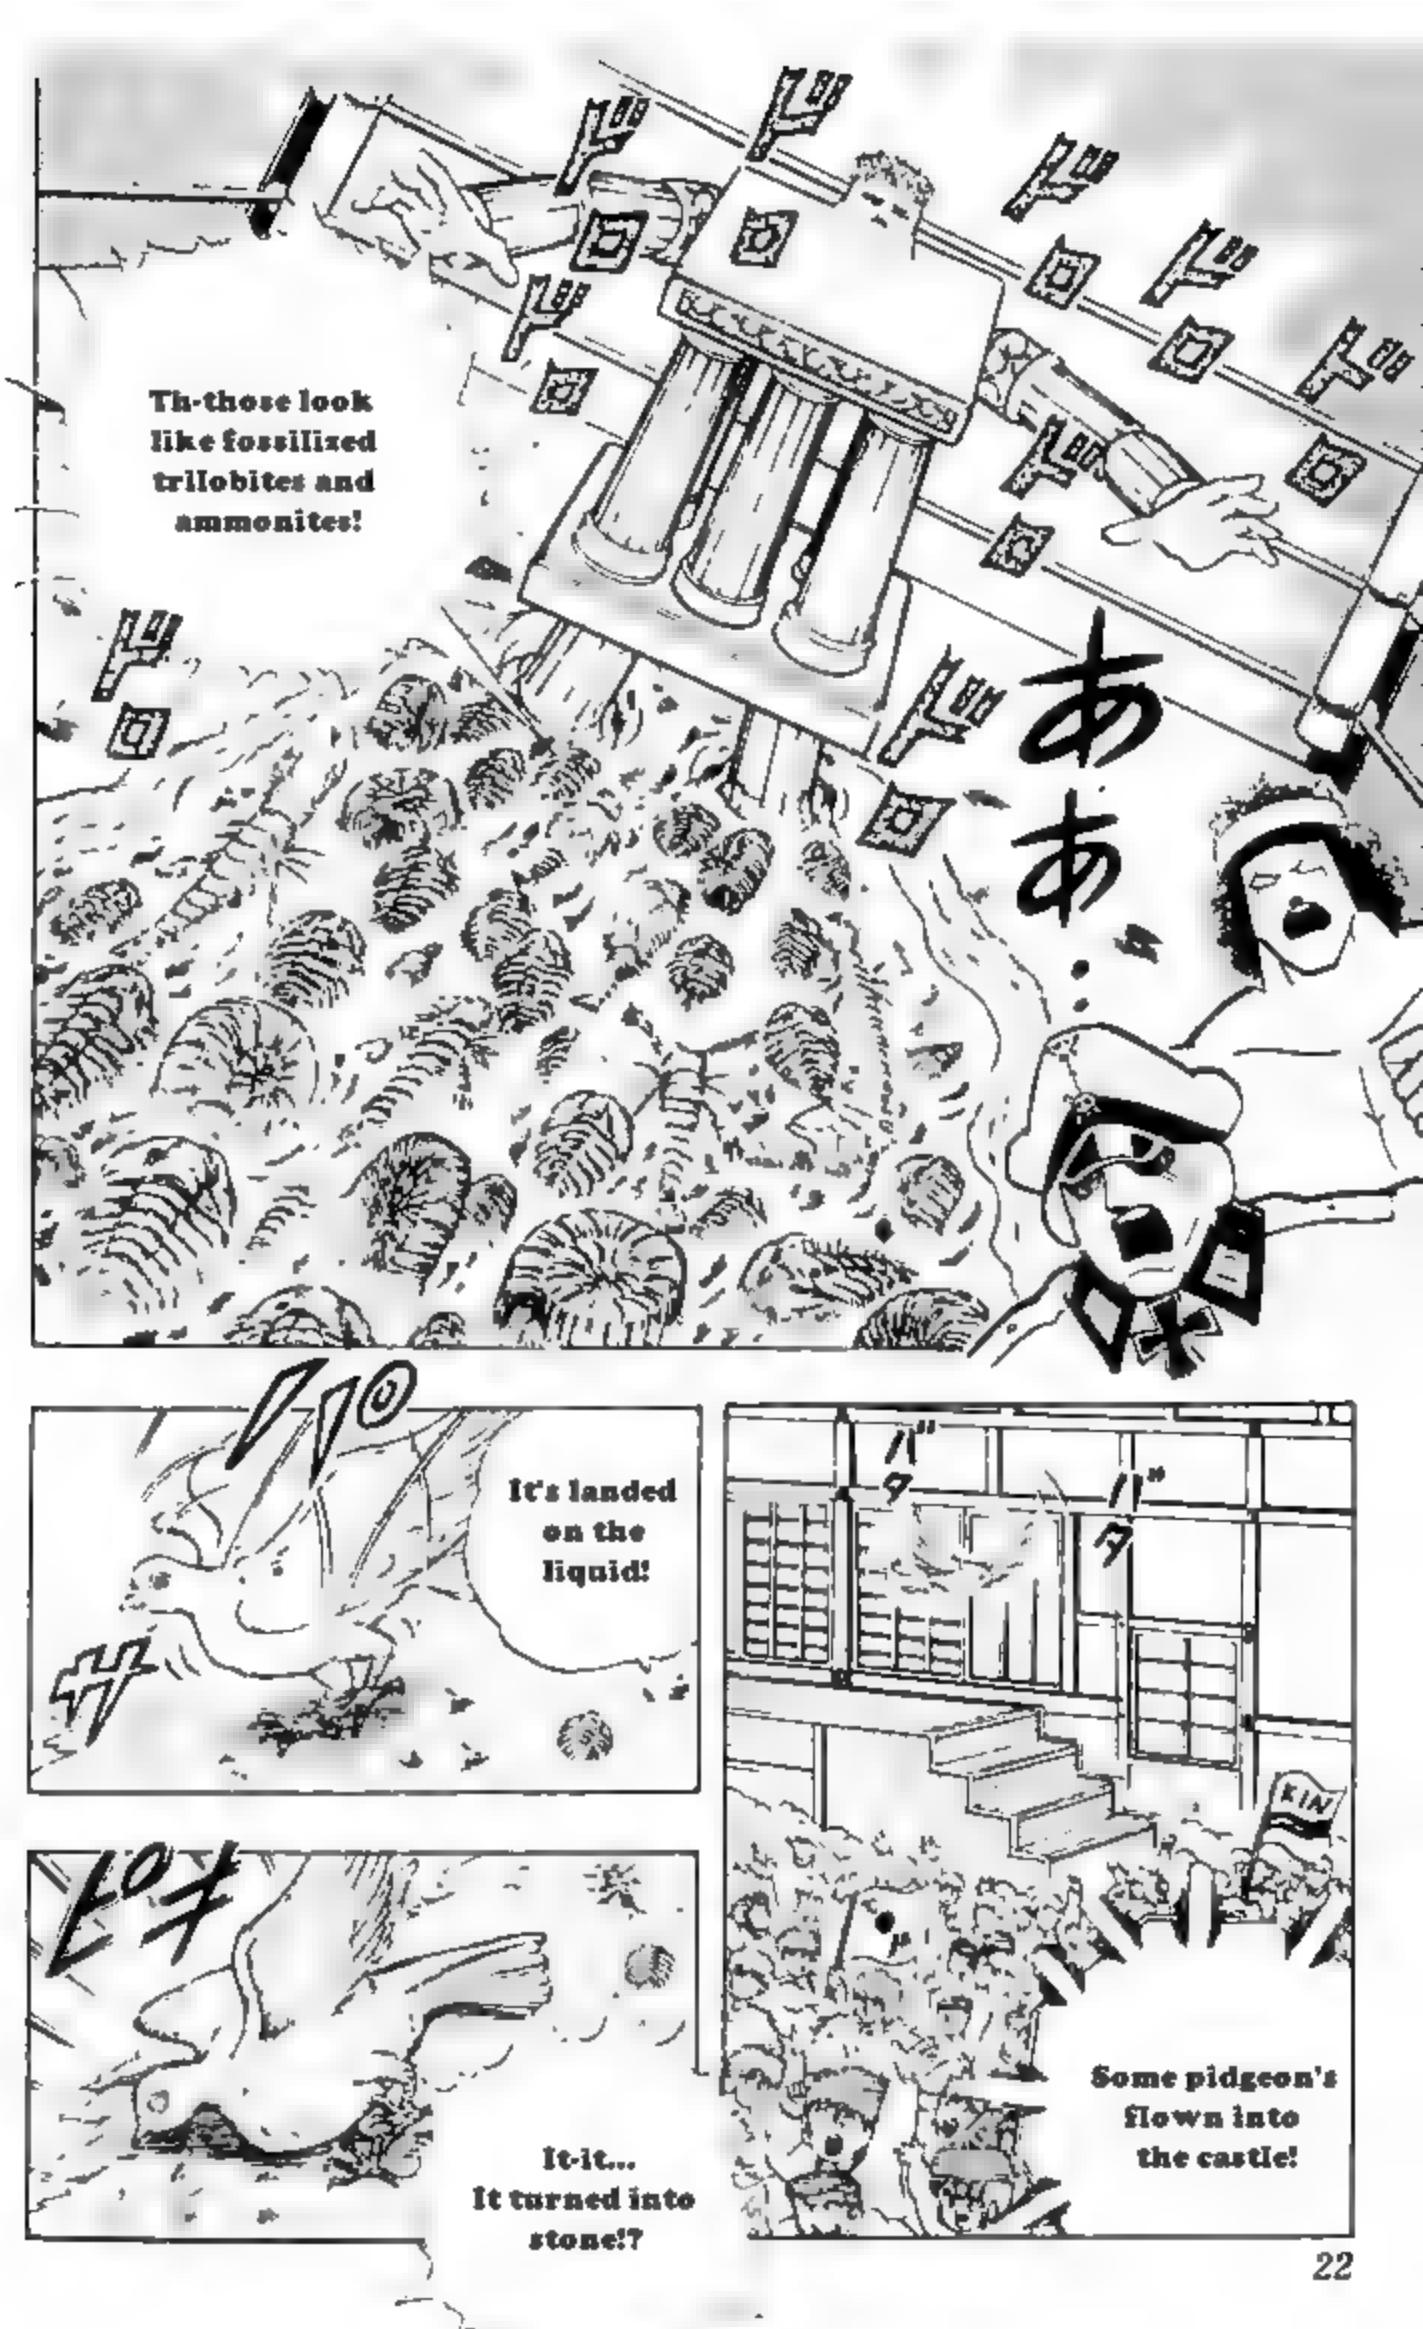
Well, Parthenon, it seems Kinnikuman finally knows that he's a worthless fake.



With such a strong and fresh body like Kinnikuman's, Athena will be surely be pleased by this sacrifice!

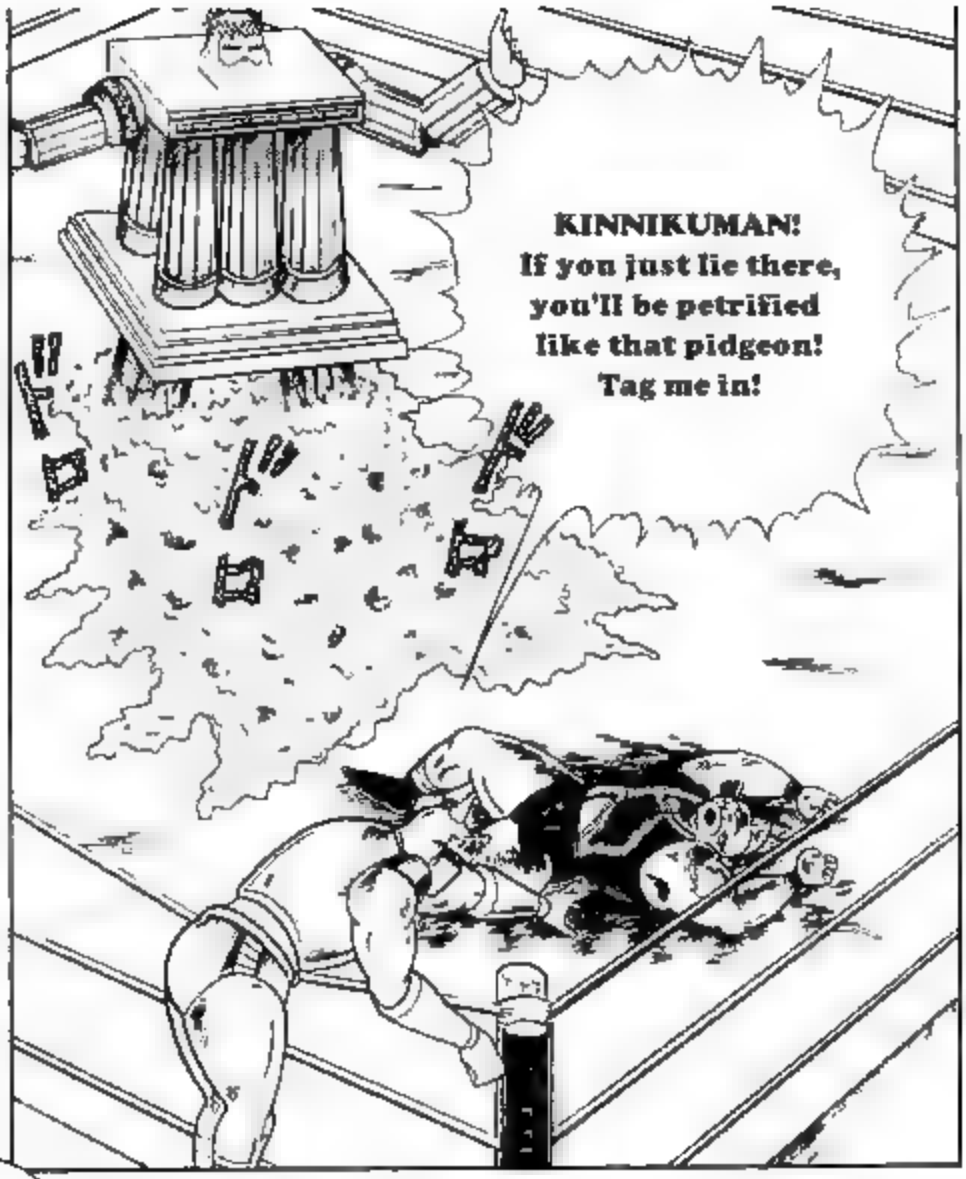
Parthenon's feet are oozing cement into the ring!
Something's inside that weird goo!

HUMAN BODY FOSSIL SEAL!



Th-those look like fossilized trilobites and ammonites!
あ、あ…
It's landed on the liquid!
It-it... It turned into stone!?
Some pidgeon's flown into the castle!

Goodbye, Robin Mask...



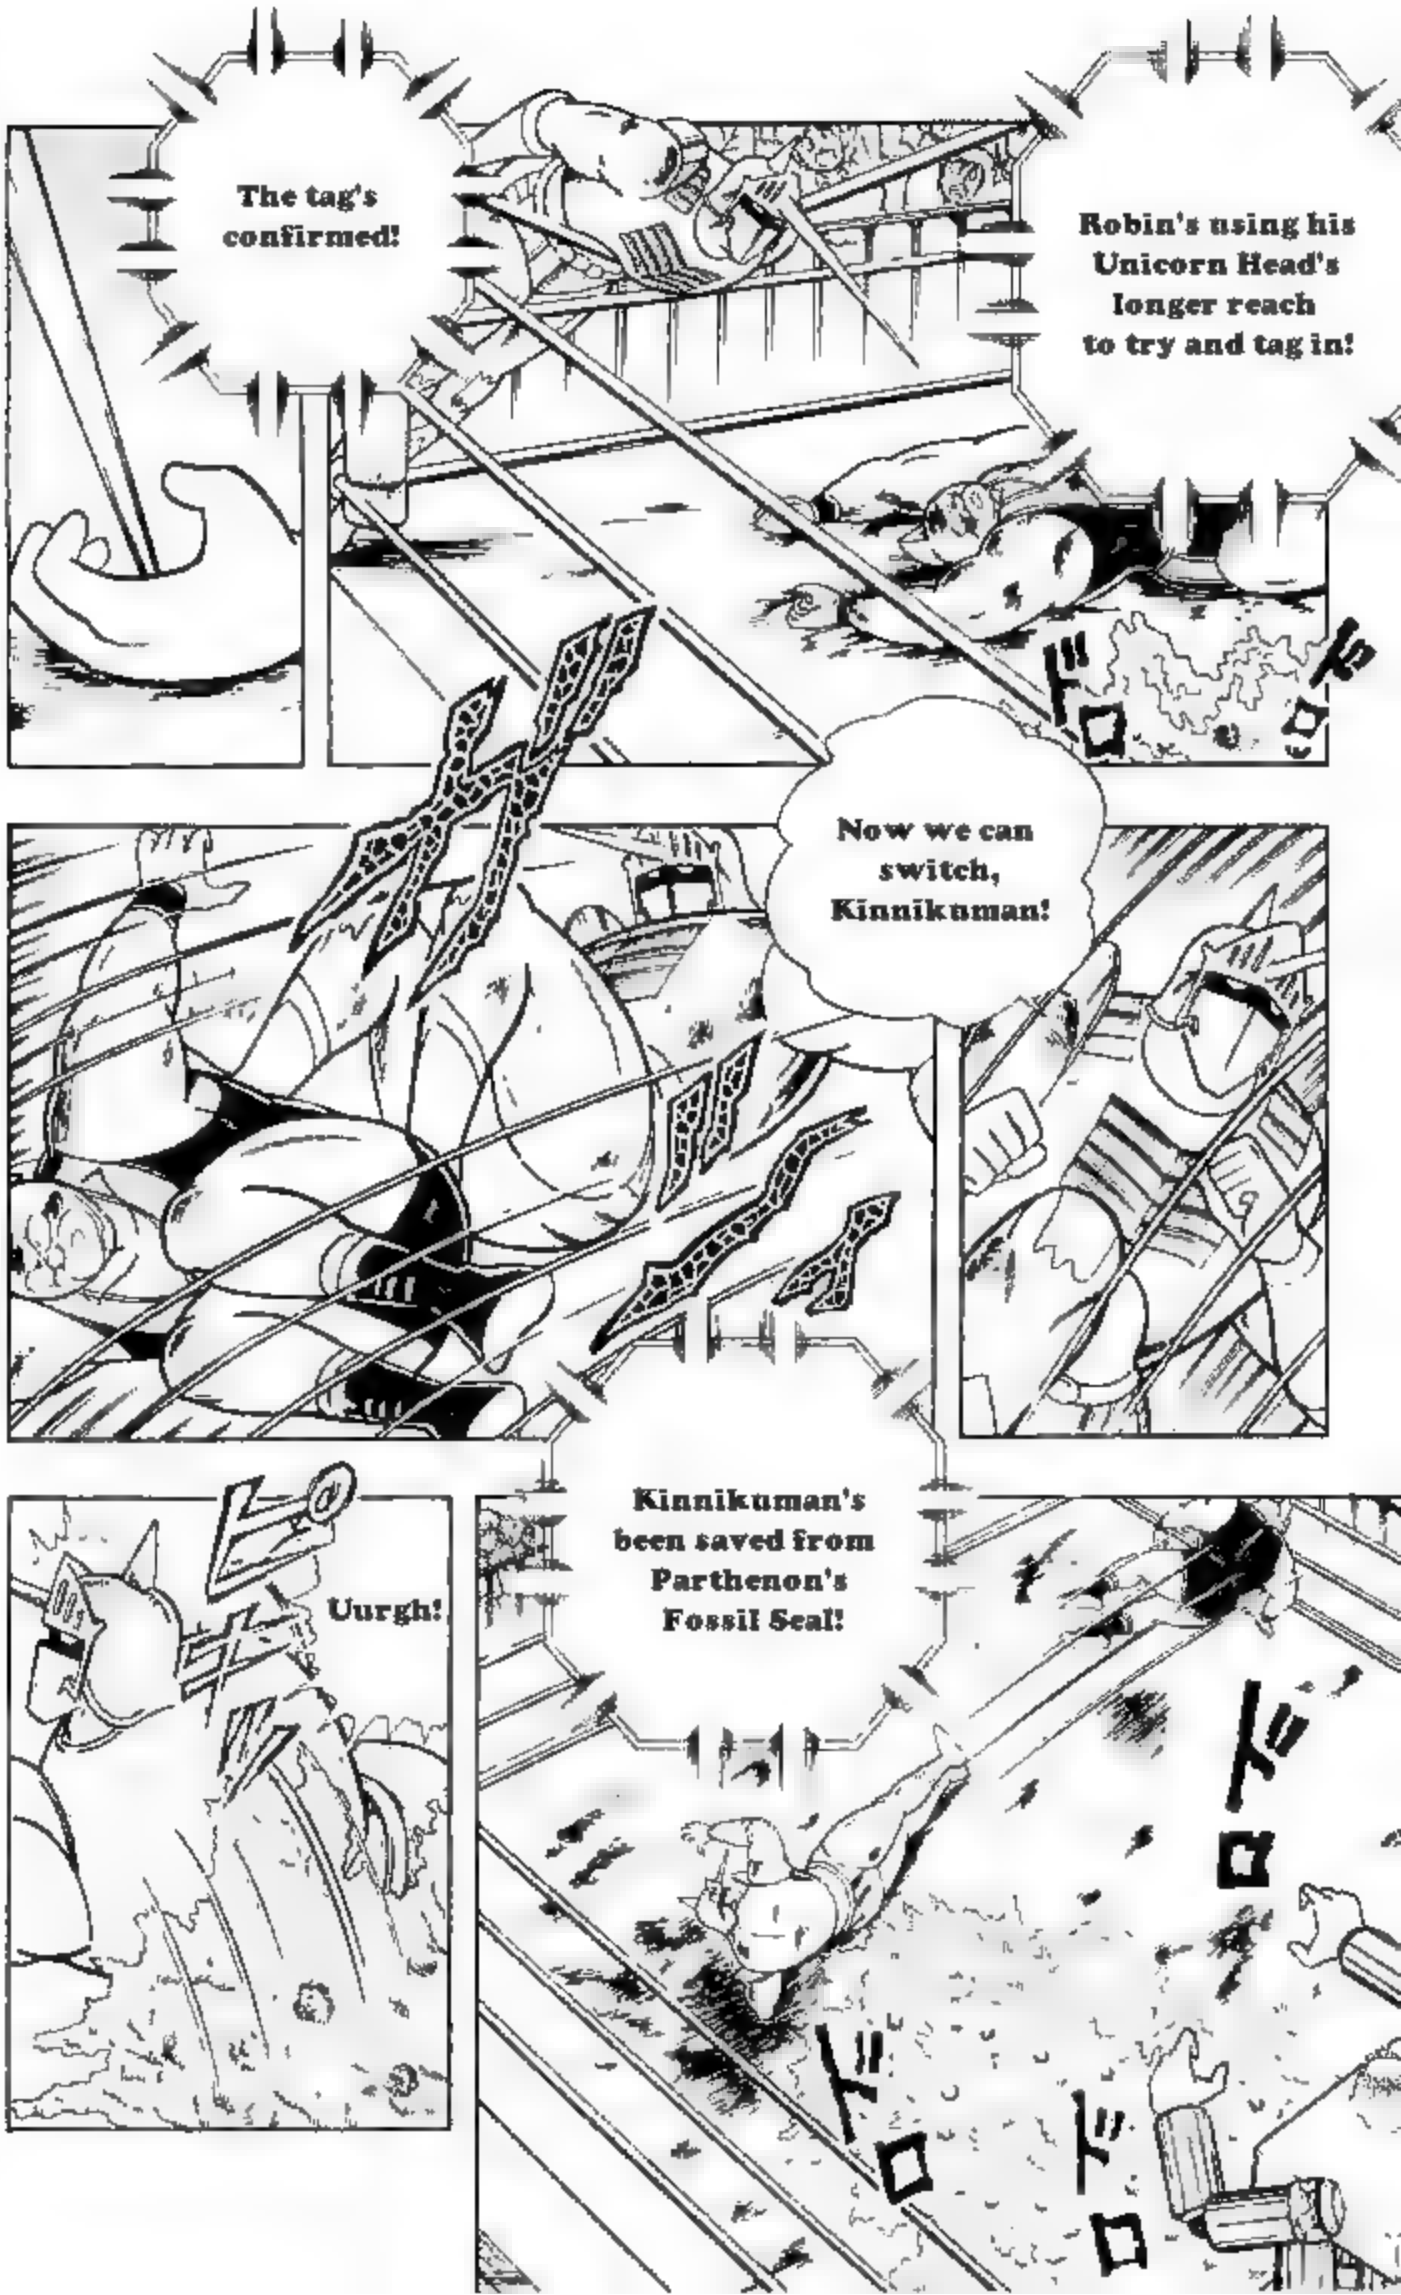
KINNIKUMAN! If you just lie there, you'll be petrified like that pidgeon! Tag me in!

Don't talk like that! It's not over yet!

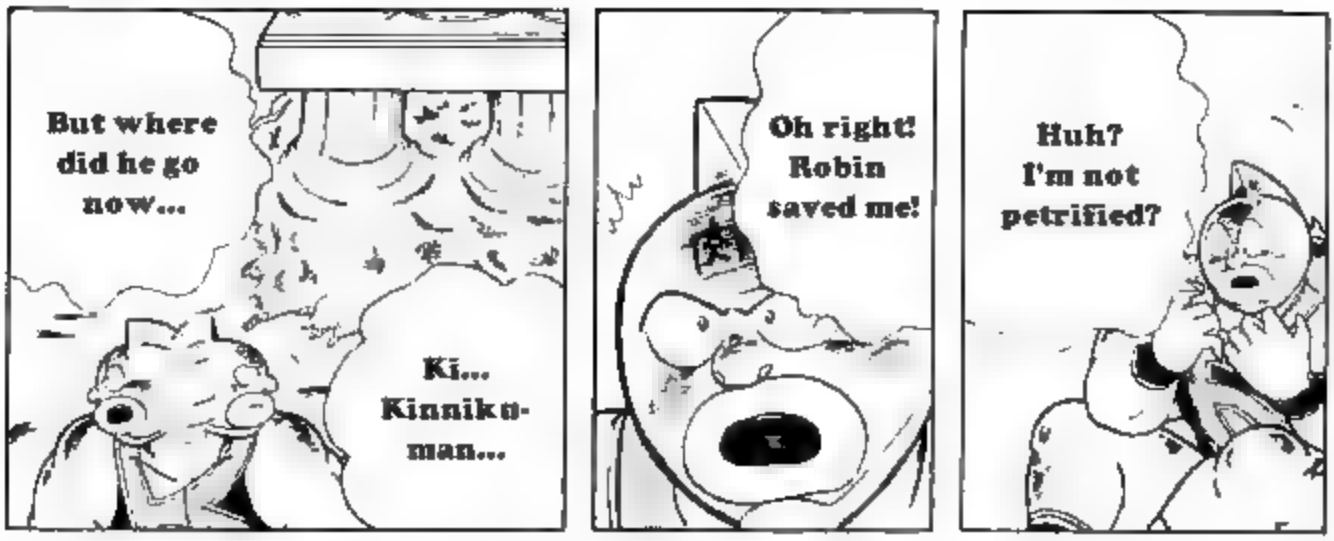
Damn it! He's too far away!
It's pointless to try and tag him out, Robin. He's already accepted becoming another addtion to Parthenon's pillars.

UNICORN HEAD!

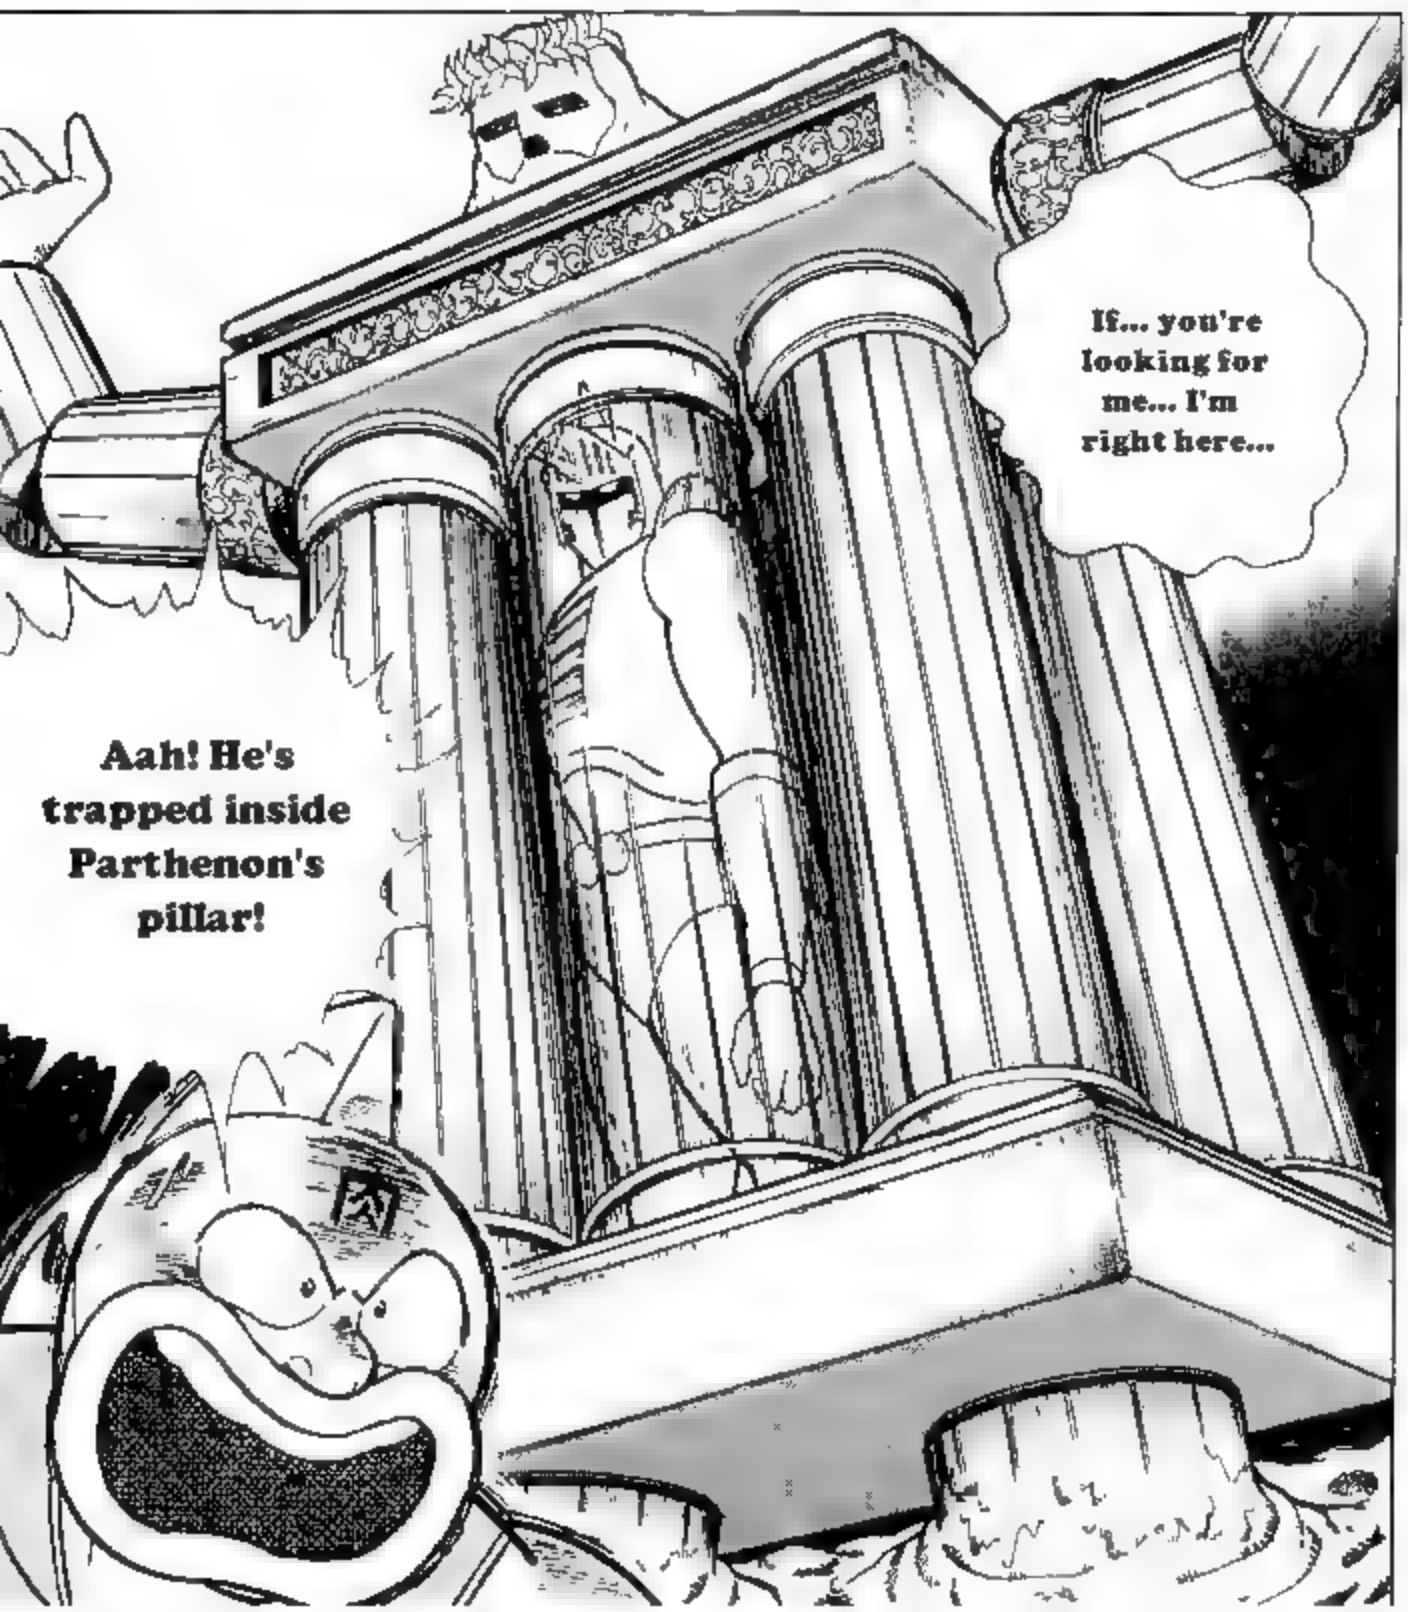
Anoalo Staff!



The tag's confirmed!
Robin's using his Unicorn Head's longer reach to try and tag in!
ドロ
Now we can switch, Kinnikuman!
Uurgh!
Kinnikuman's been saved from Parthenon's Fossil Seal!
ドドドロロロ



But where did he go now...
Ki... Kinniku-man...
Oh right! Robin saved me!
Huh? I'm not petrified?

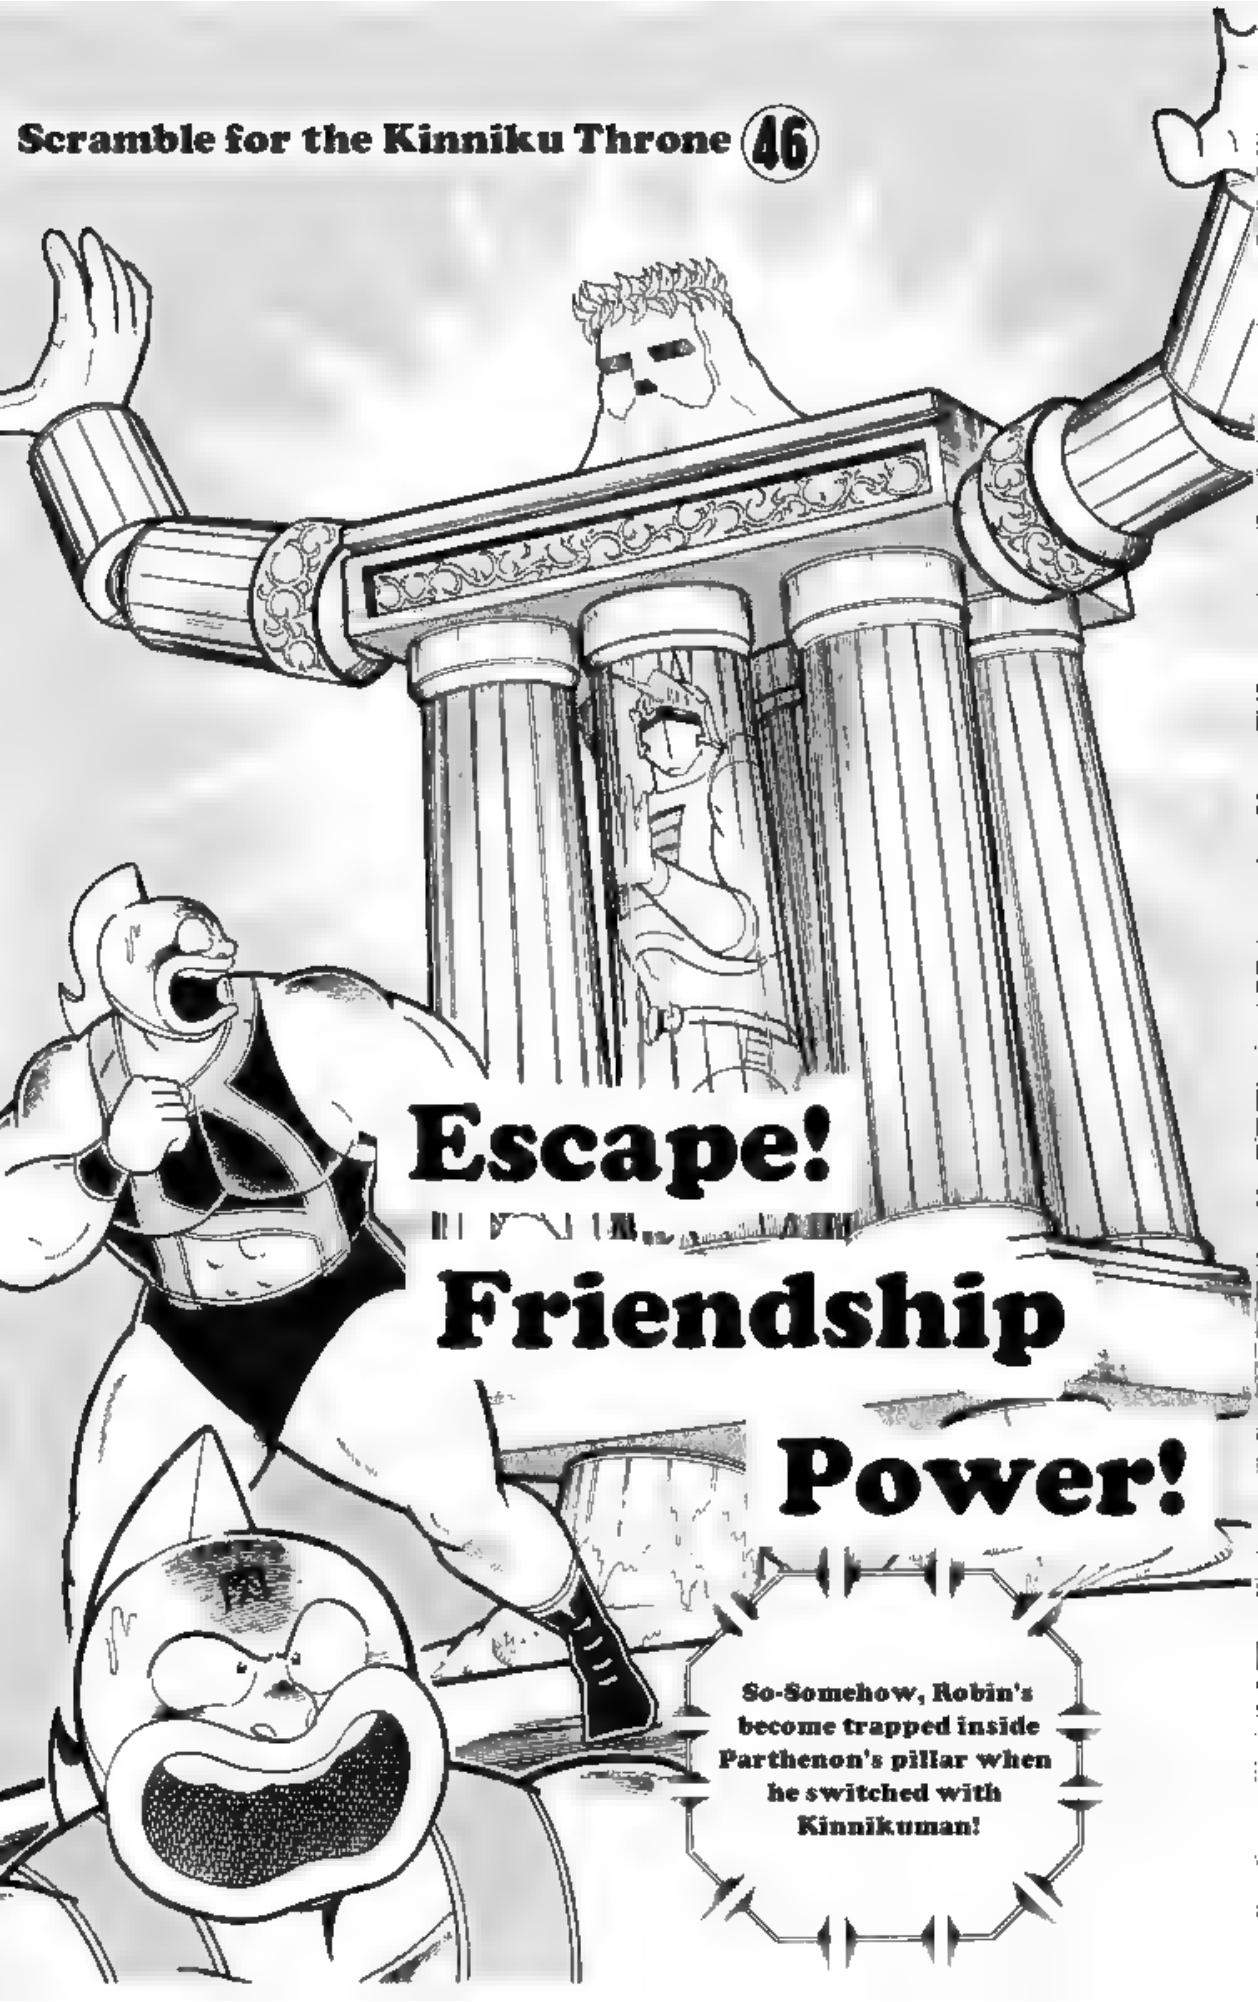


If... you're looking for me... I'm right here...
Aah! He's trapped inside Parthenon's pillar!

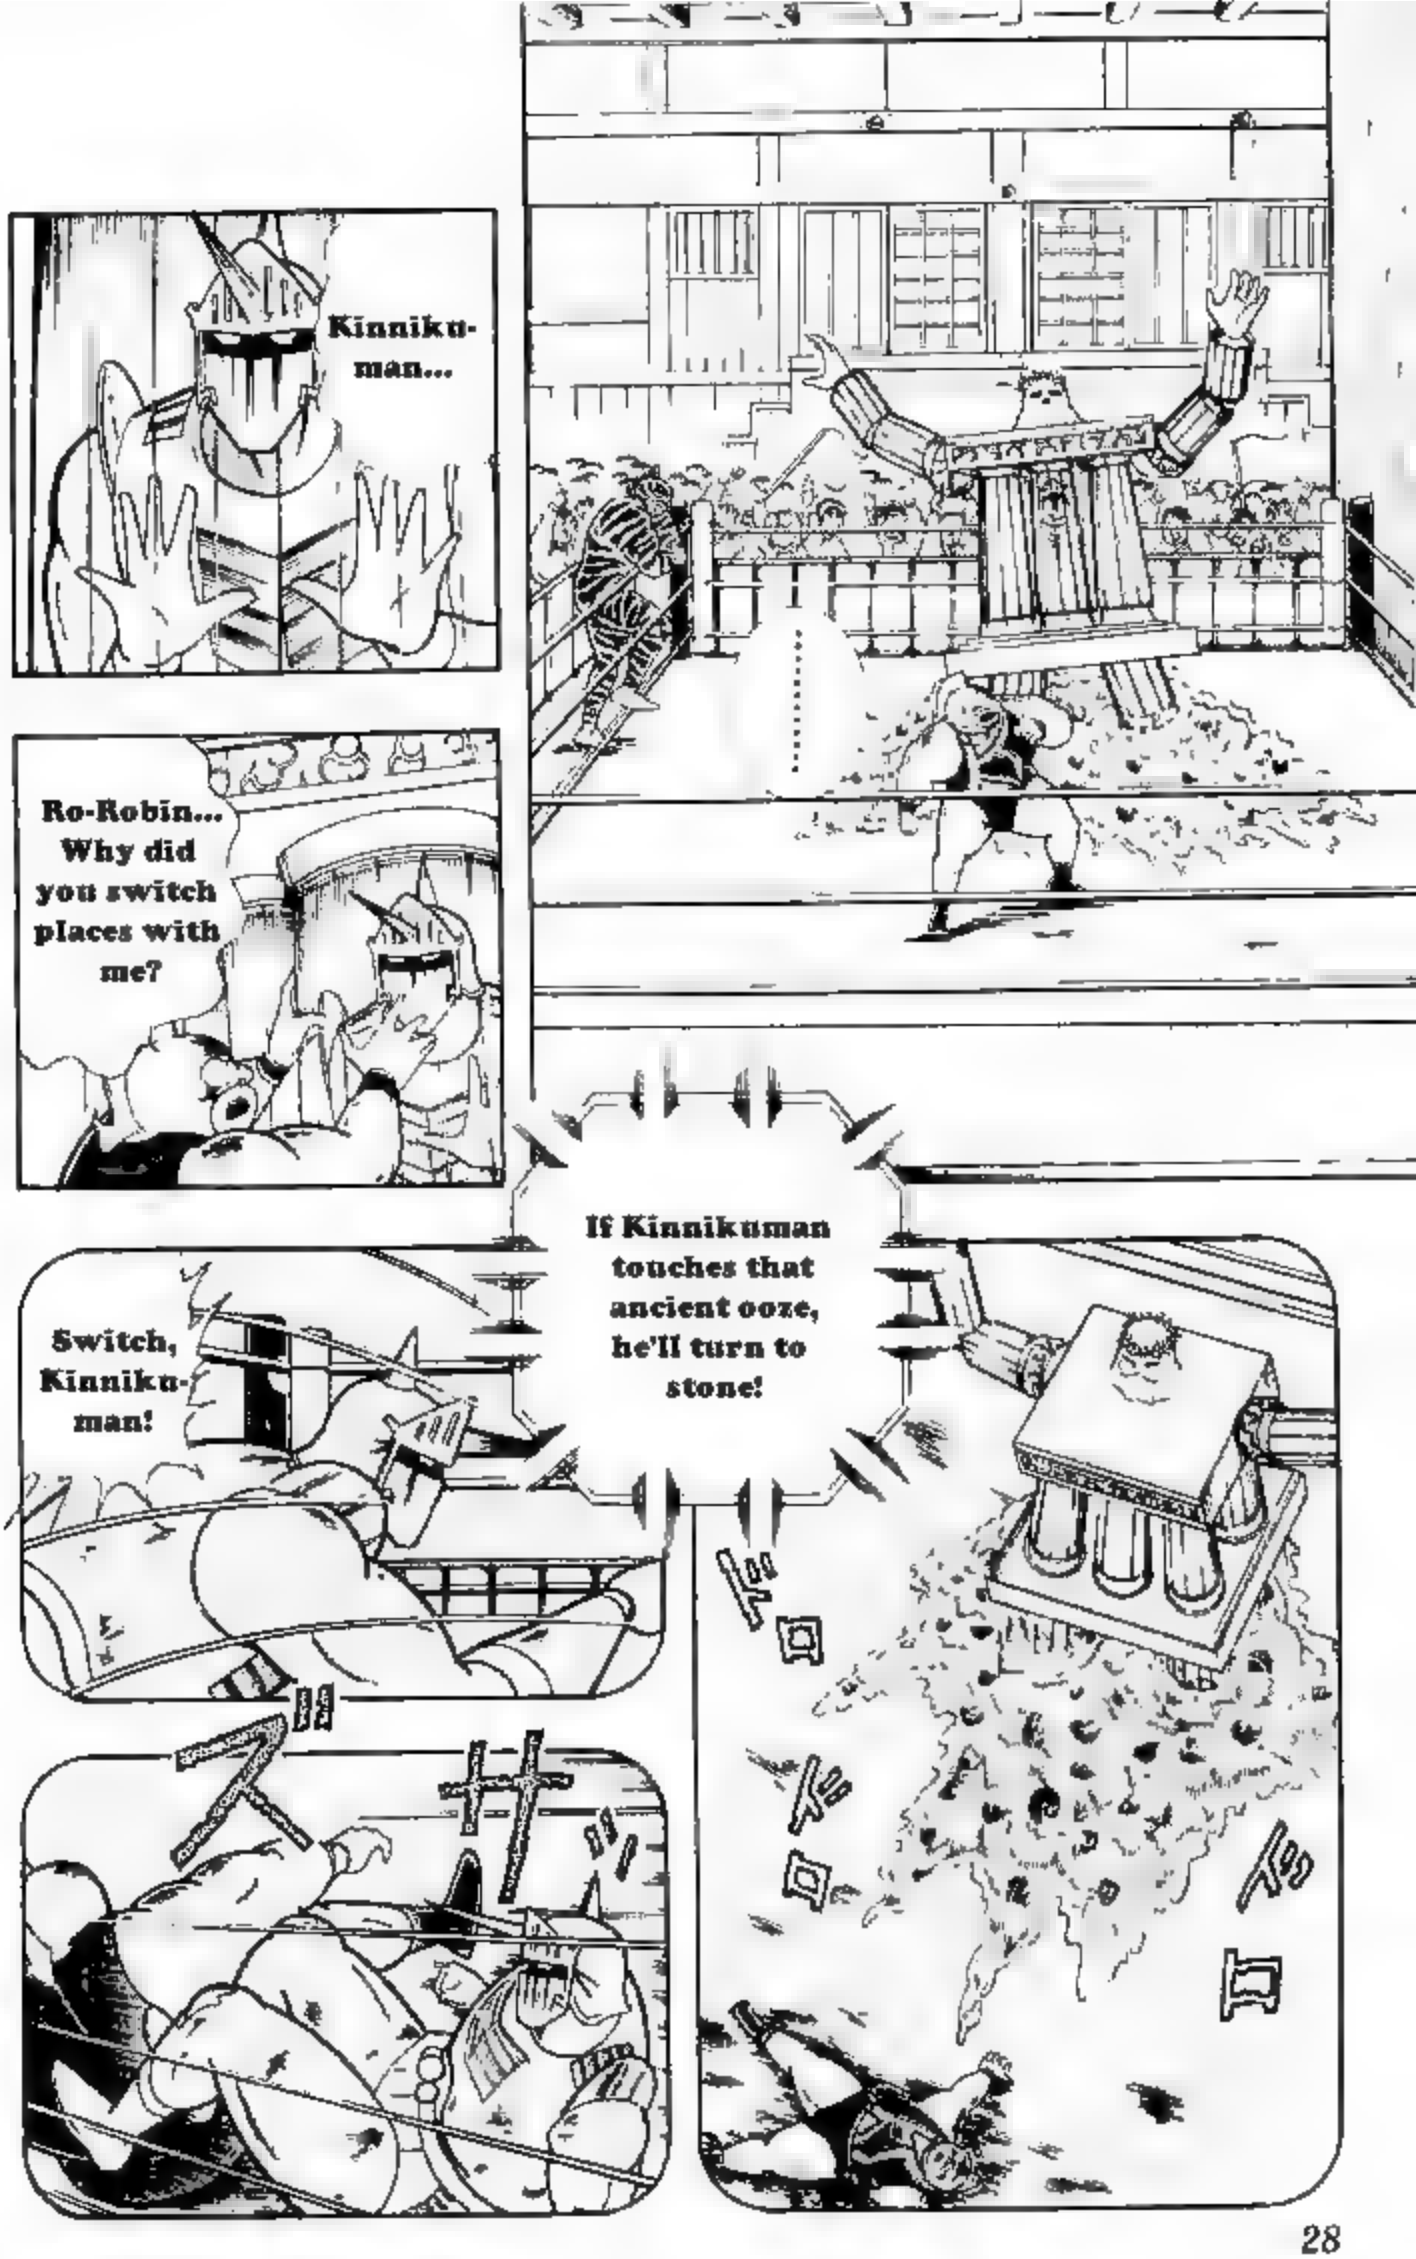
(SCRAMBLE FOR THE KINNIKU THRONE ARC)

● SPECIAL VTR XXXVII ●

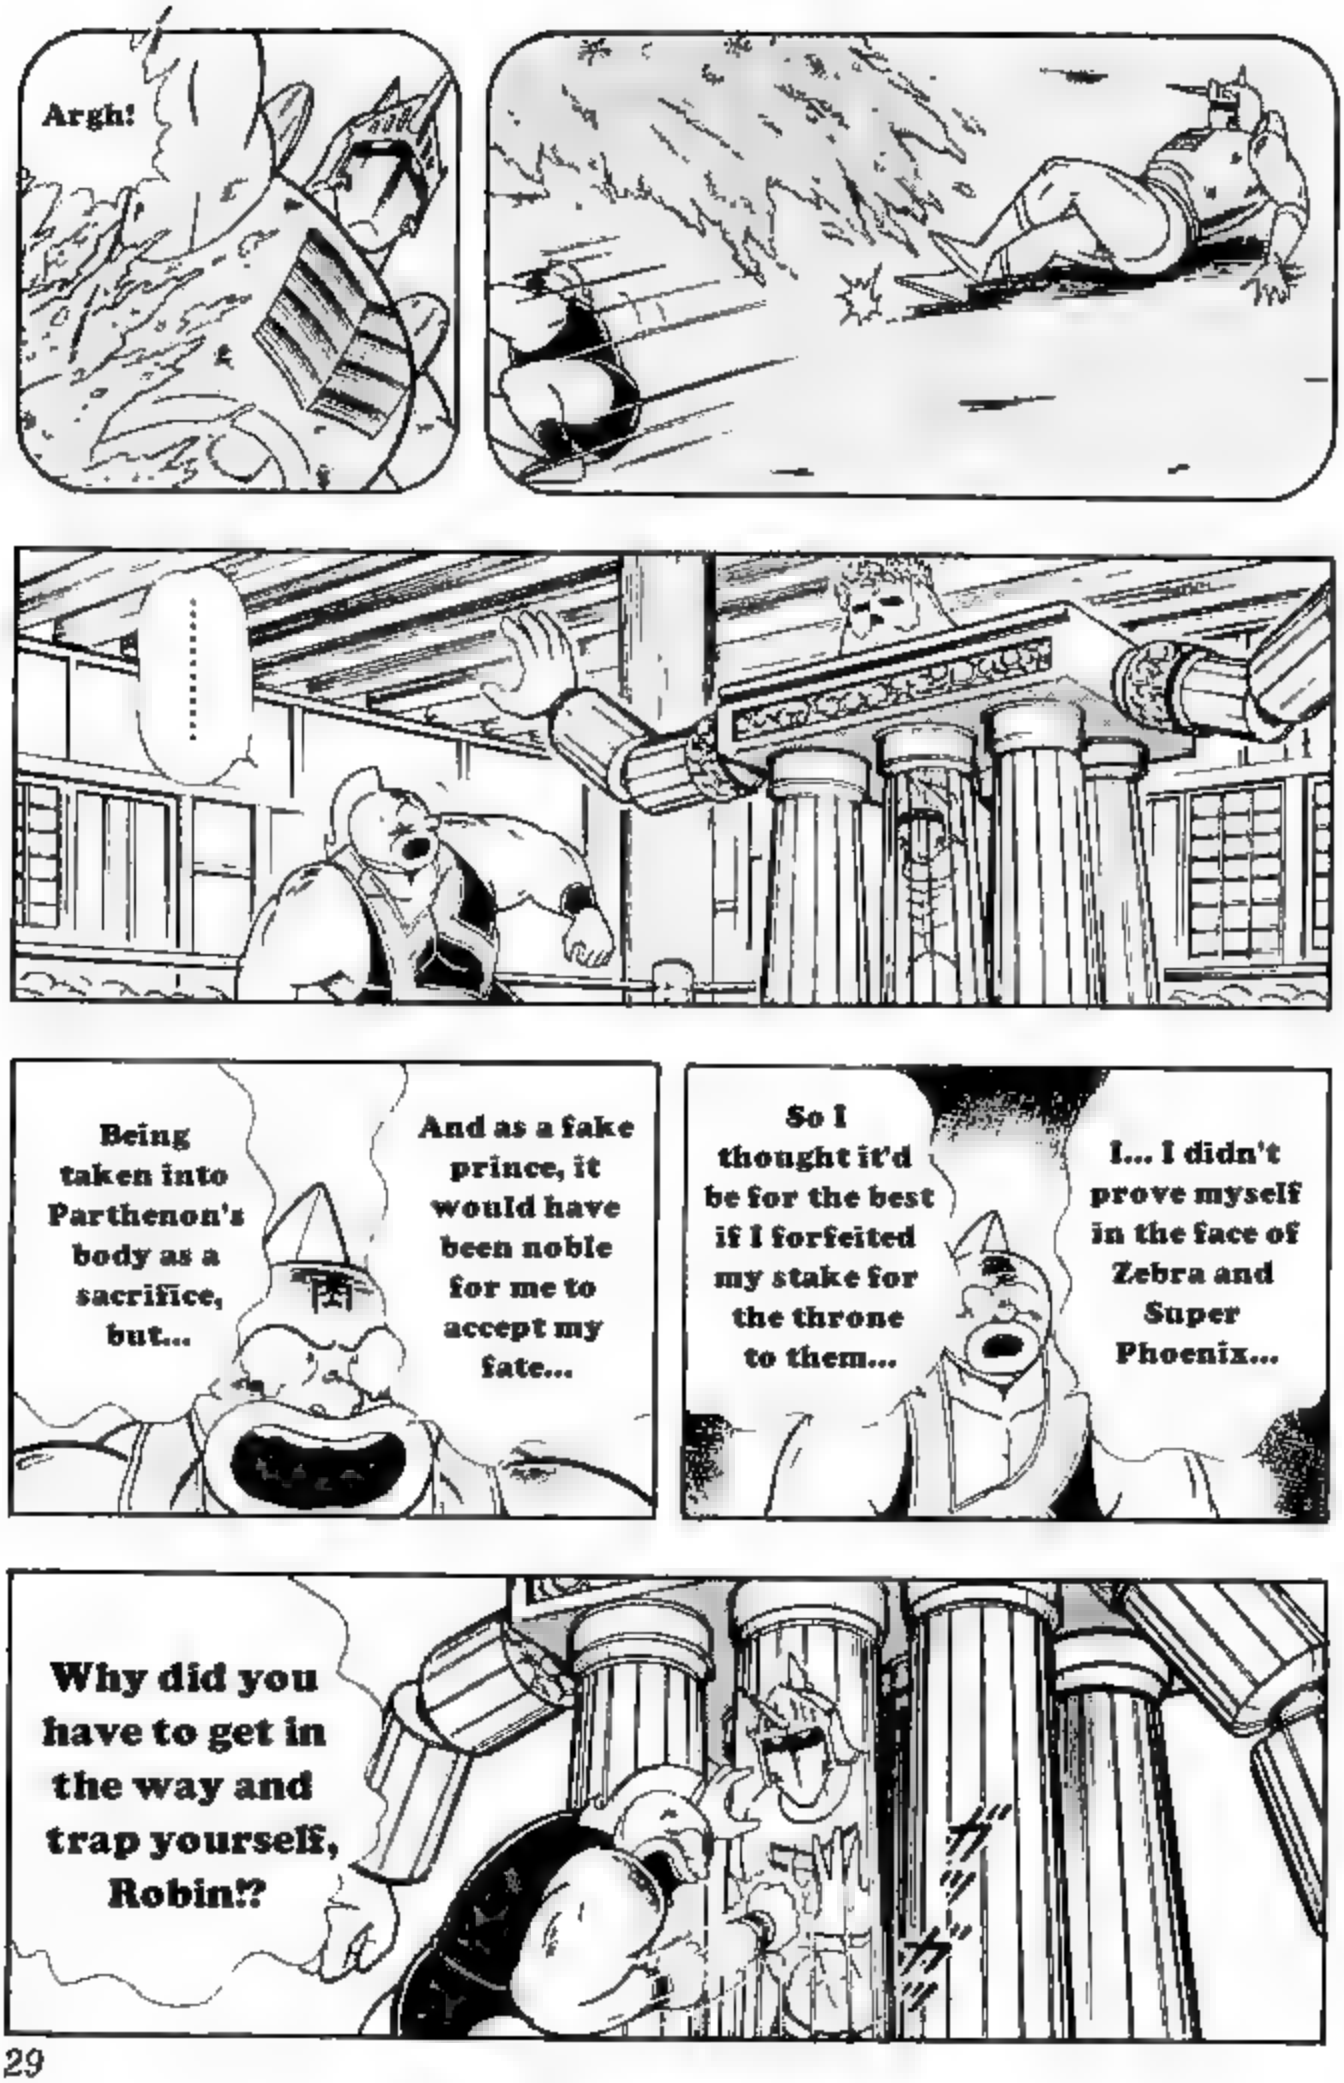
KINNIKUMAN VS. KINNIKUMAN ZEBRA



Escape!
Friendship
Power!
So-Somehow, Robin's become trapped inside Parthenon's pillar when he switched with Kinnikuman!

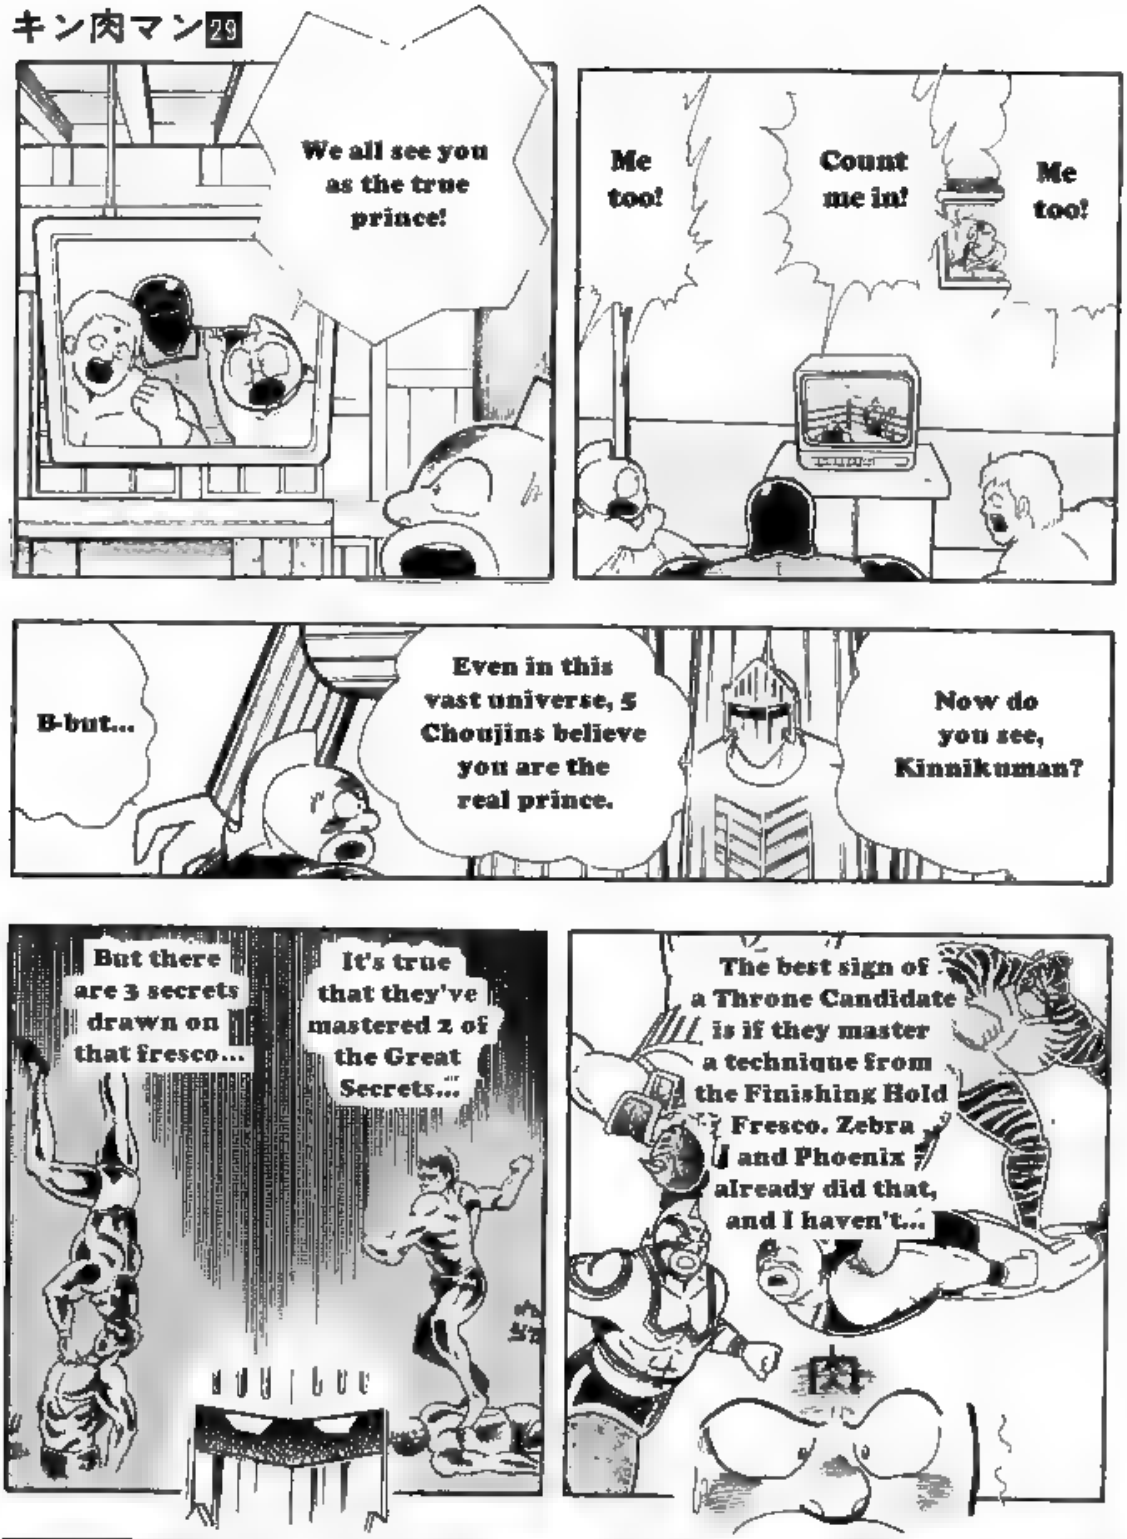


Kinnikuman...
Ro-Robin... Why did you switch places with me?
If Kinnikuman touches that ancient ooze, he'll turn to stone!
Switch, Kinnikuman!

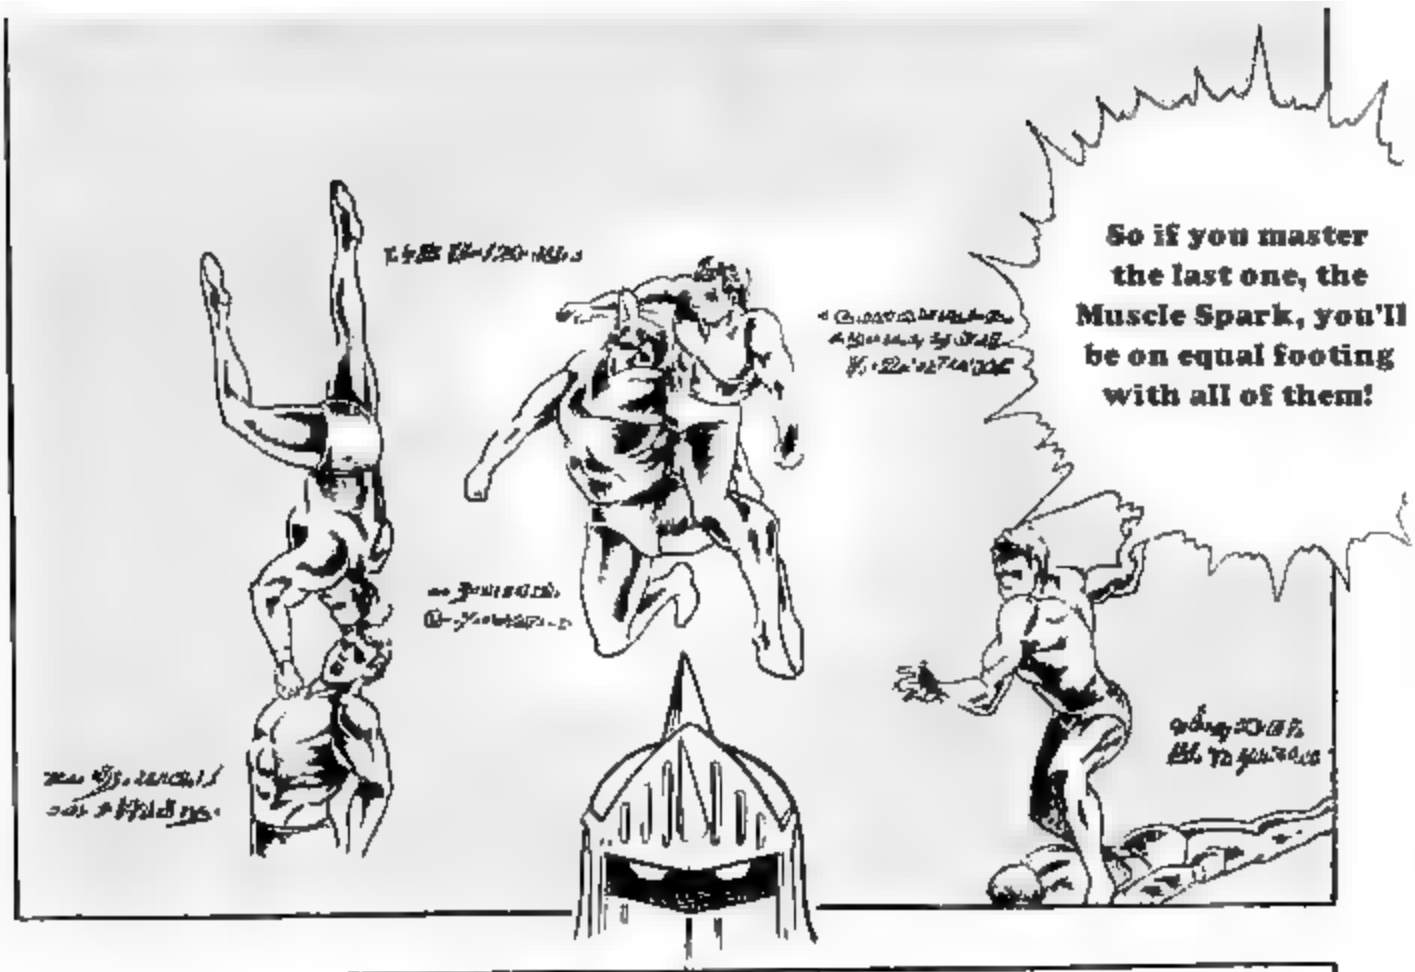


Argh!
.....
Being taken into Parthenon's body as a sacrifice, but...
And as a fake prince, it would have been noble for me to accept my fate...
So I thought it'd be for the best if I forfeited my stake for the throne to them...
I... I didn't prove myself in the face of Zebra and Super Phoenix...
Why did you have to get in the way and trap yourself, Robin!?

Kinnikuman... The right to ascend to the throne of Planet Kinniku...
He's an imposter with no right to be here!
Gahahaha! He finally realises it.
I've seen your power and I know that you are the true prince!
Is not something you can just decide you have or not. You must earn it by showing your power!
B-but Robin...
Ra... Ramenman!
I also believe you're the real prince of Planet Kinniku!

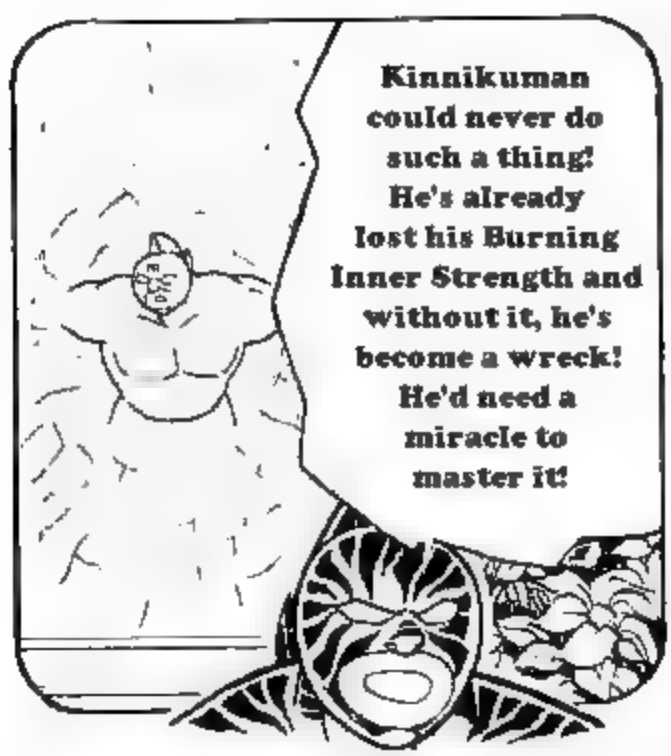


We all see you as the true prince!
Me too!
Count me in!
Me too!
B-but...
Even in this vast universe, 5 Choujins believe you are the real prince.
Now do you see, Kinnikuman?
But there are 3 secrets drawn on that fresco...
It's true that they've mastered 2 of the Great Secrets...
The best sign of a Throne Candidate is if they master a technique from the Finishing Hold Fresco. Zebra and Phoenix already did that, and I haven't...
.....



So if you master the last one, the Muscle Spark, you'll be on equal footing with all of them!

Th-that's true...

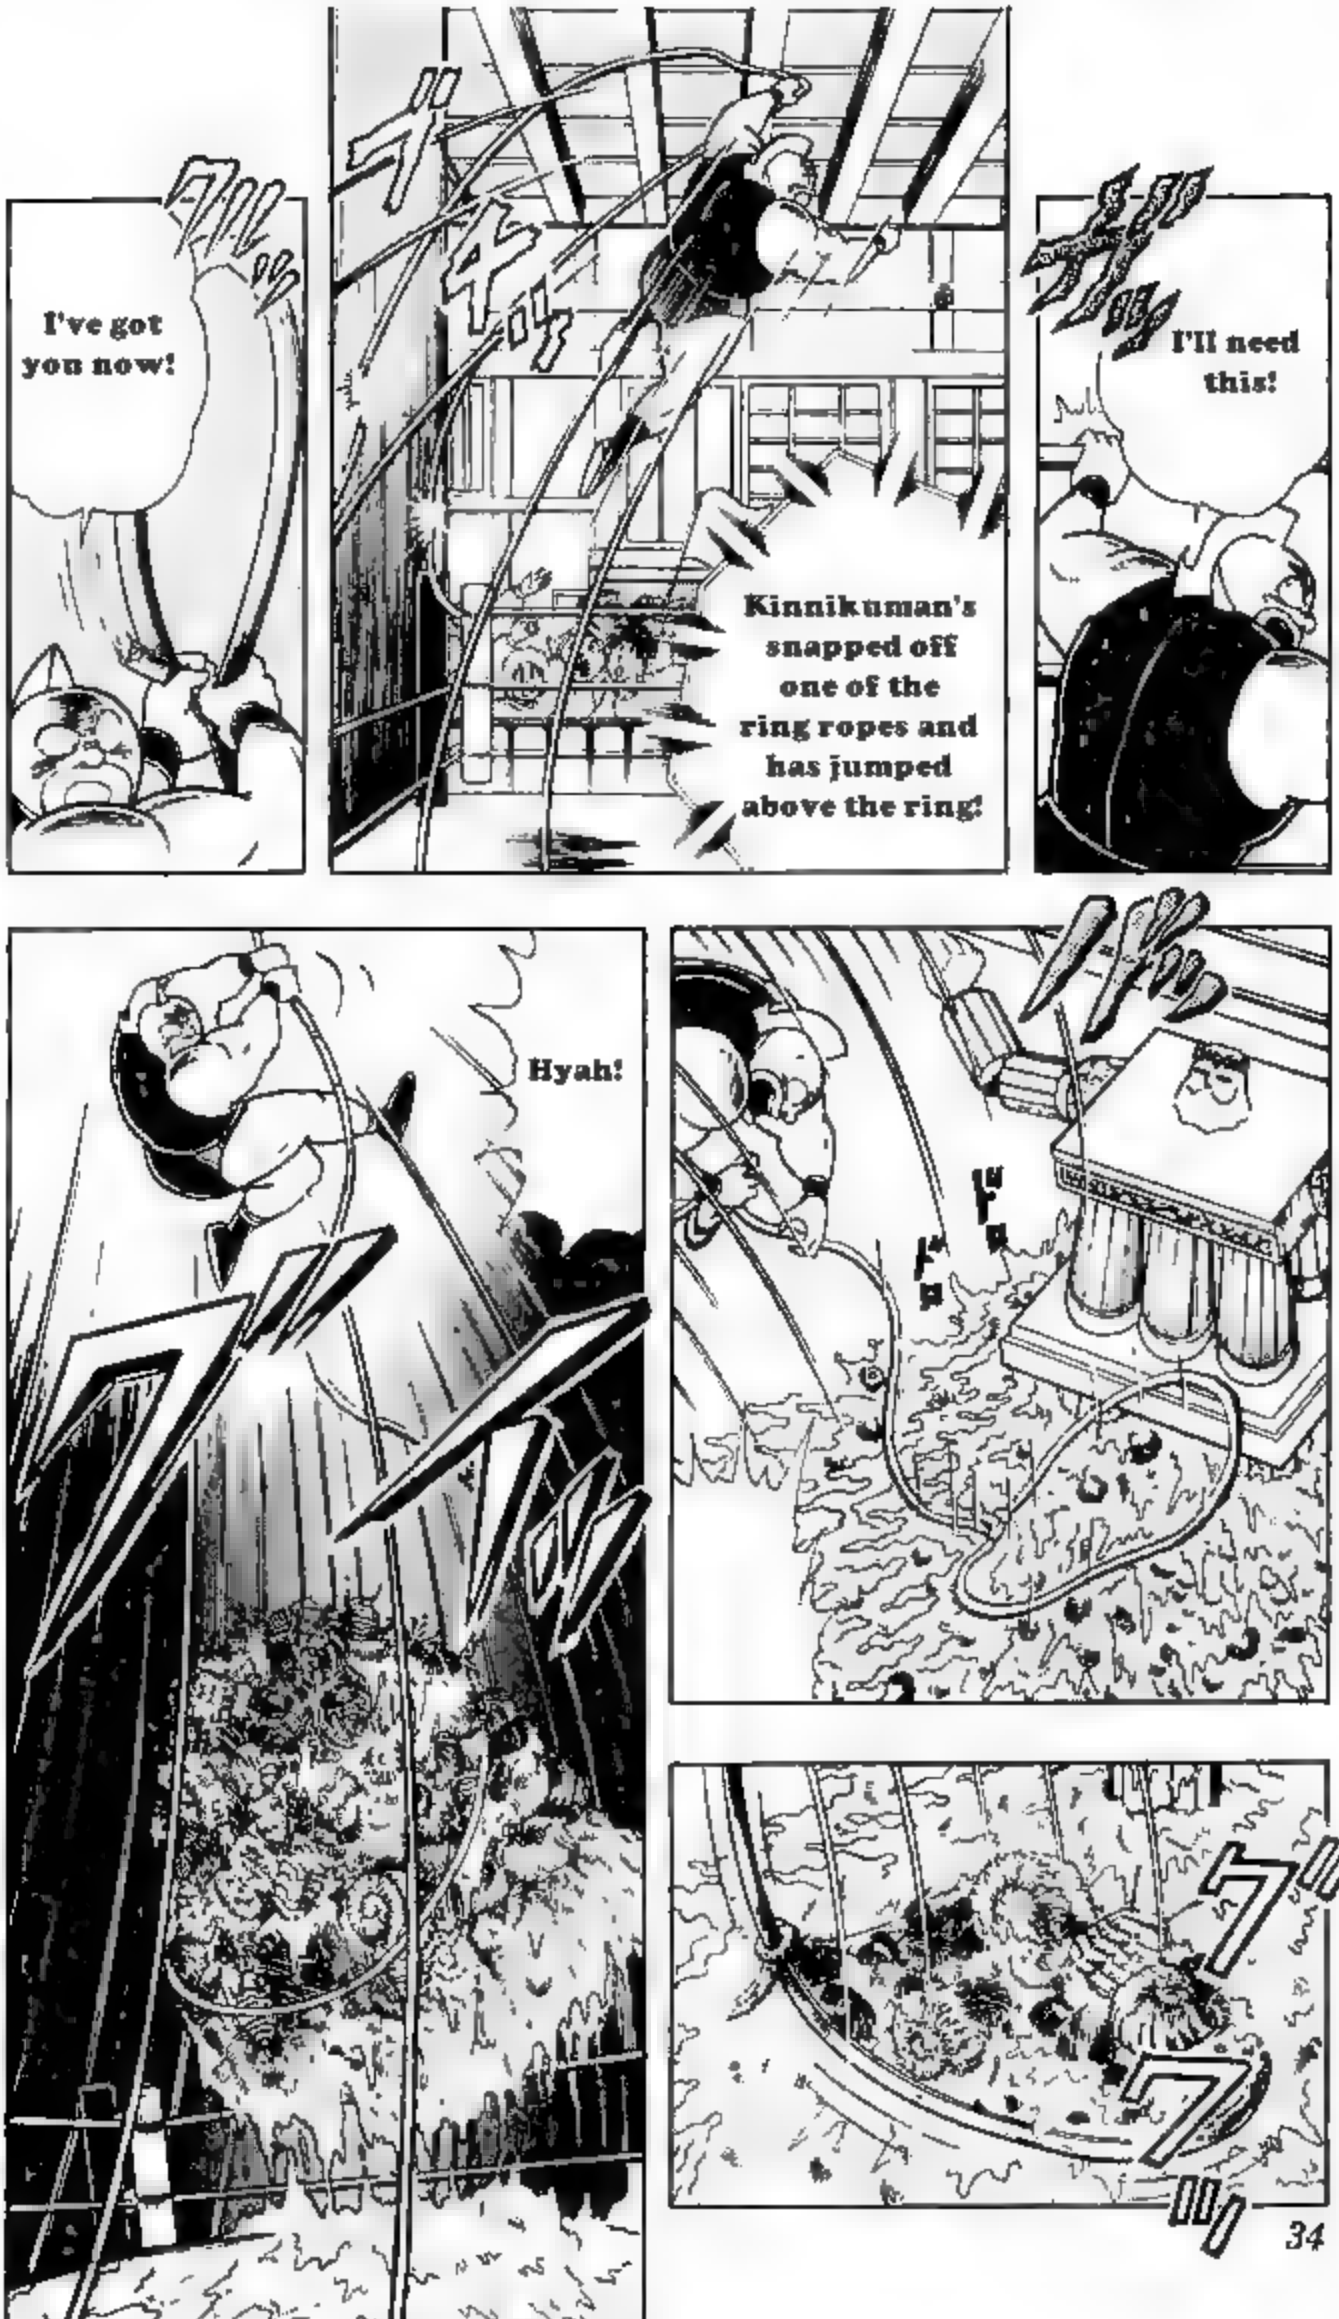


Kinnikuman could never do such a thing! He's already lost his Burning Inner Strength and without it, he's become a wreck! He'd need a miracle to master it!

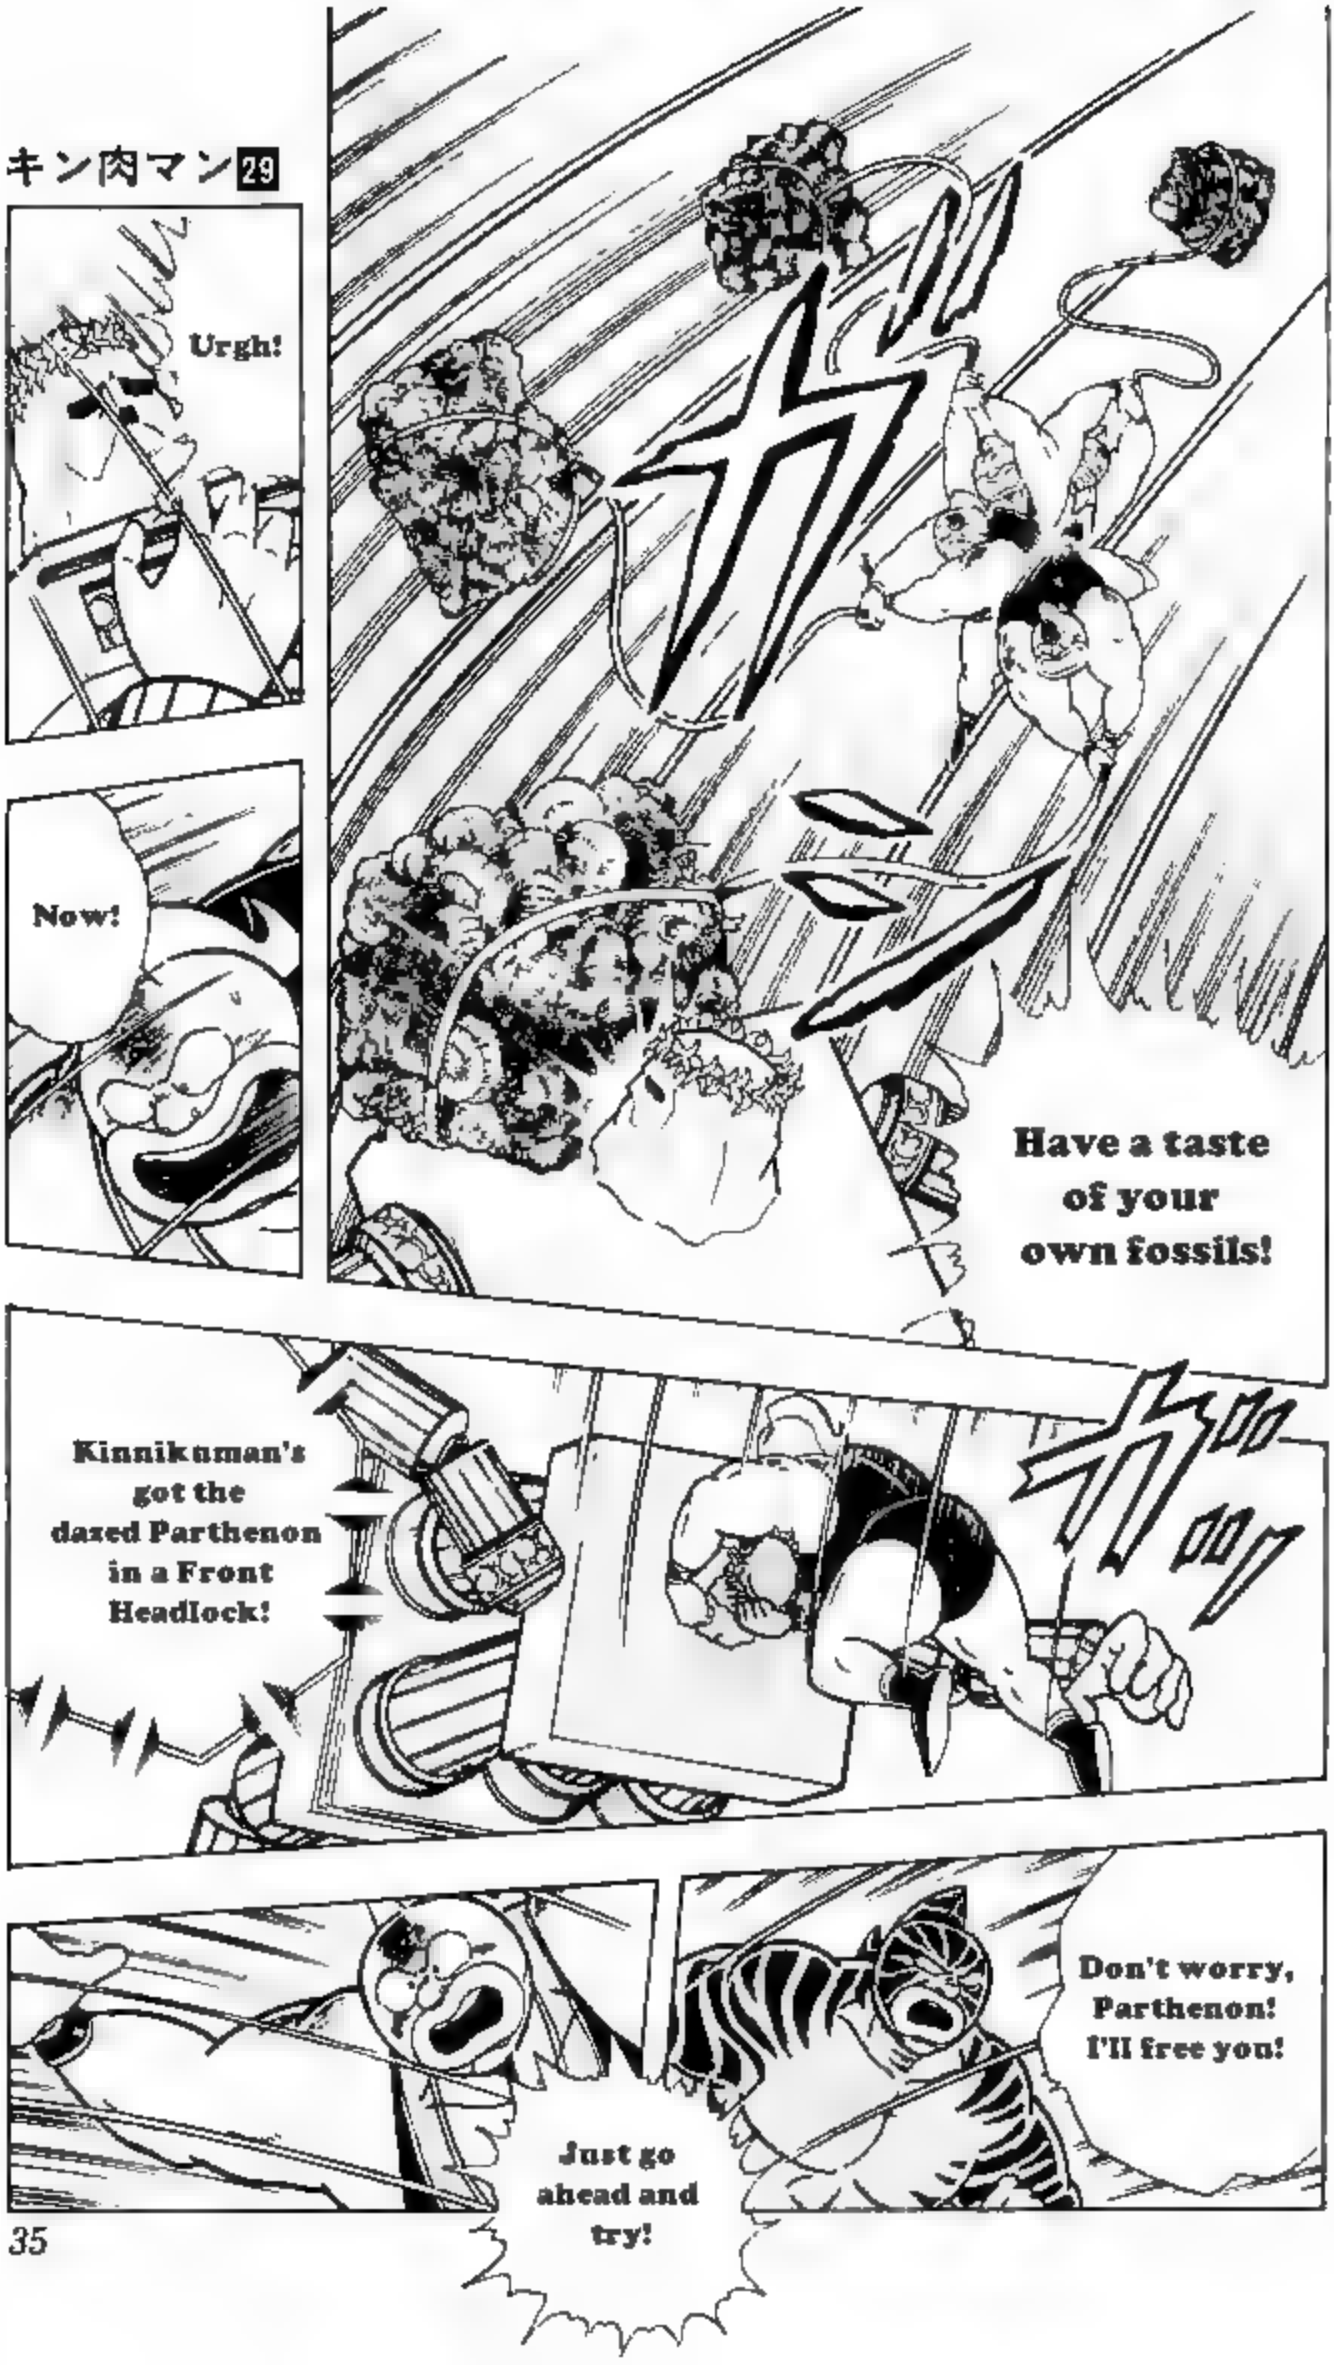
HAHAHAHA! Kinnikuman? Mastering the Muscle Spark? What a joke!

That's true, I've lost my Burning Inner Strength... But...

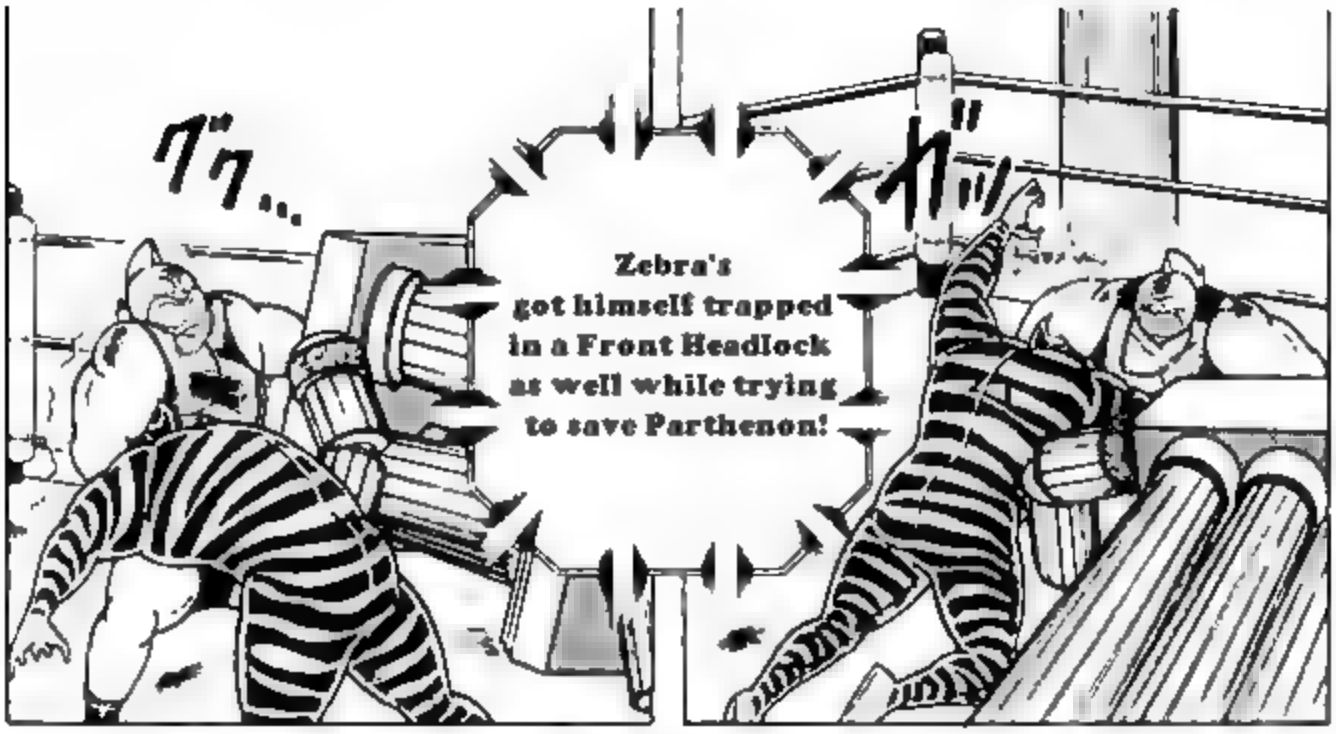
I have my Friendship Power! It's far stronger than what my Burning Inner Strength ever could be!
I'll show you!
Friendship? You've lost your tag partner! Just how are you going to fight us with Friendship Power?
Parthenon's releasing his Human Body Fossil Seal to capture Kinnikuman like he did with Robin Mask!
Guohuohuo, don't worry Kinnikuman, I have a Pillar right next to Robin Mask just for you!
Kinnikuman's trying to fight a tag match by himself!



I've got you now!
Kinnikuman's snapped off one of the ring ropes and has jumped above the ring!
I'll need this!
Hyah!



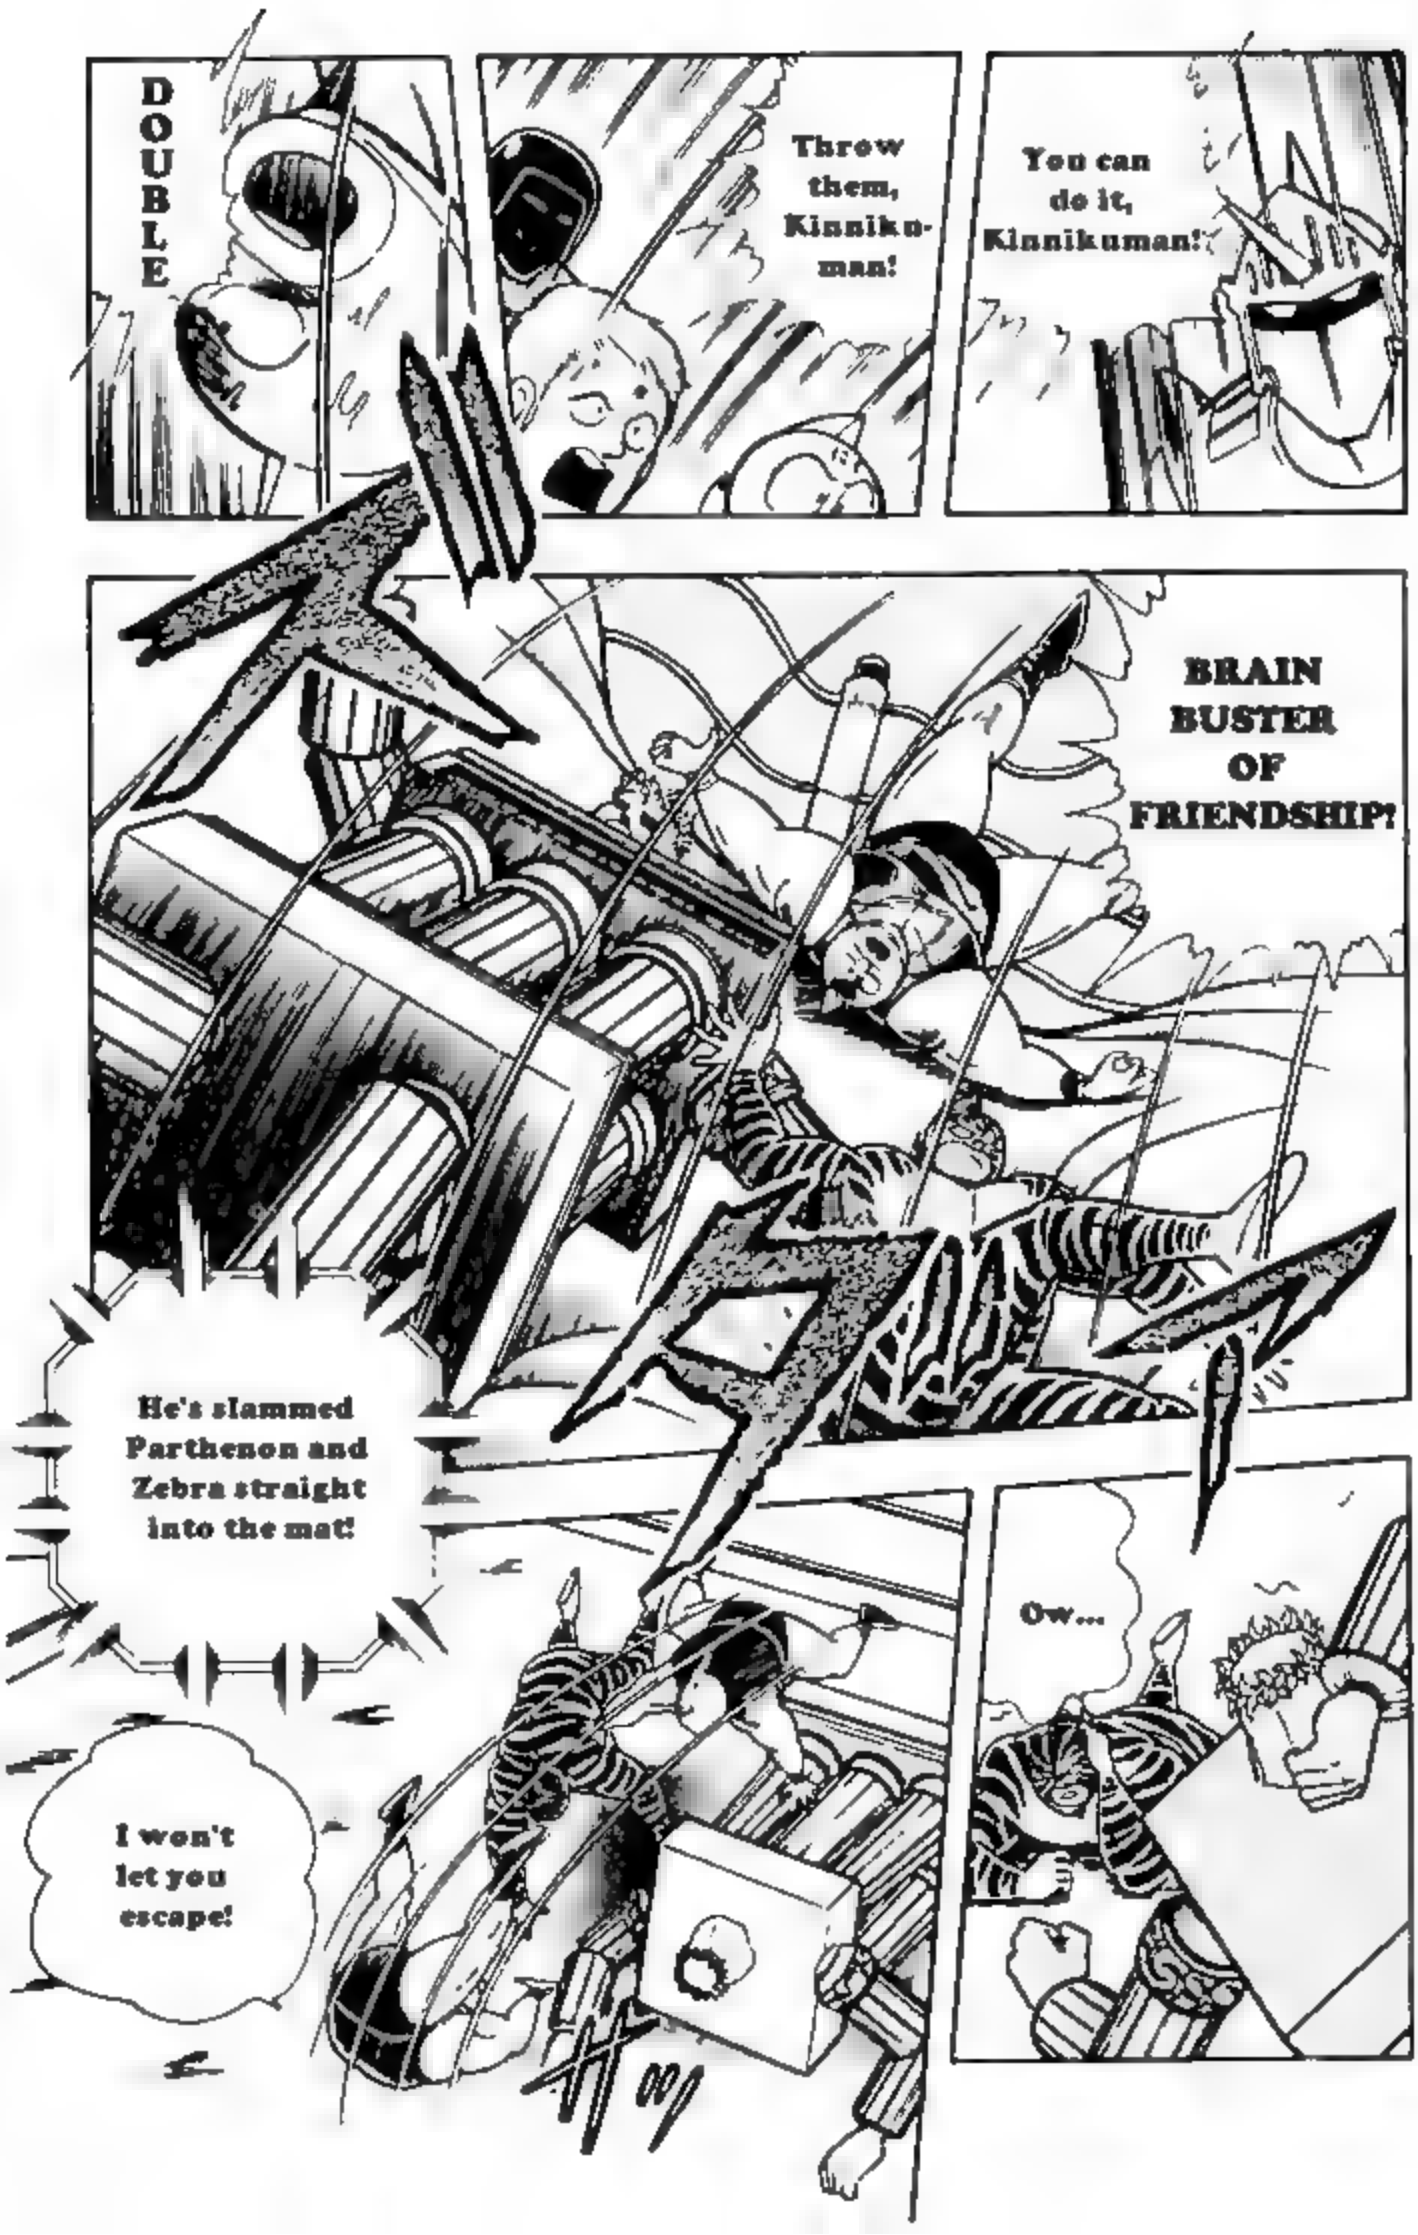
Urgh!
Now!
Have a taste of your own fossils!
Kinnikuman's got the dazed Parthenon in a Front Headlock!
Don't worry, Parthenon! I'll free you!
Just go ahead and try!



Zebra's got himself trapped in a Front Headlock as well while trying to save Parthenon!

Kinnikuma's pulling off an impossible Double Brain Buster without his Burning Inner Strength!
Ooh!

GRAAAH!

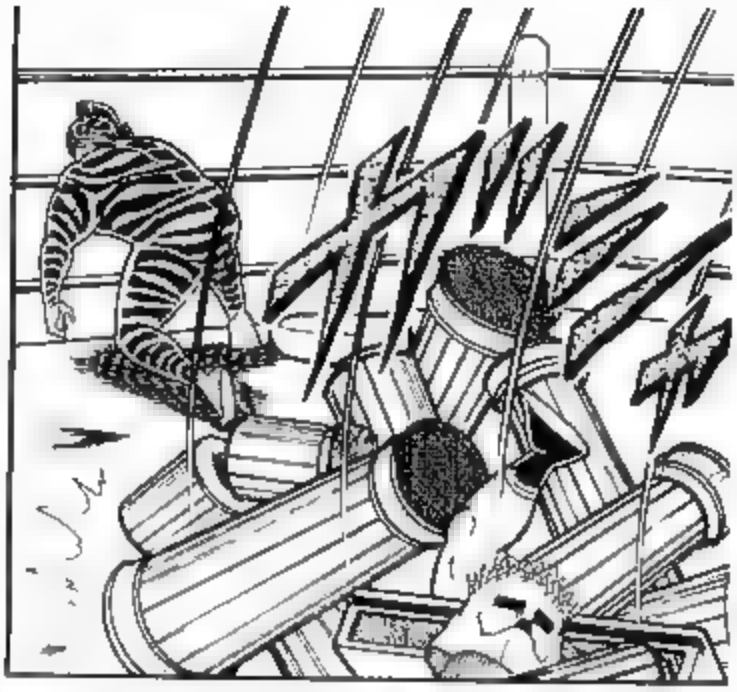


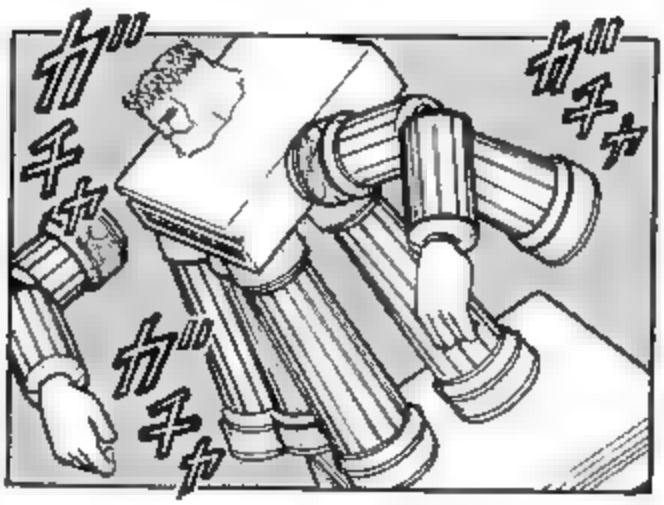
DOUBLE
Threw them, Kinnikuman!
You can do it, Kinnikuman!
BRAIN BUSTER OF FRIENDSHIP!
He's slammed Parthenon and Zebra straight into the mat!
I won't let you escape!
Ow...

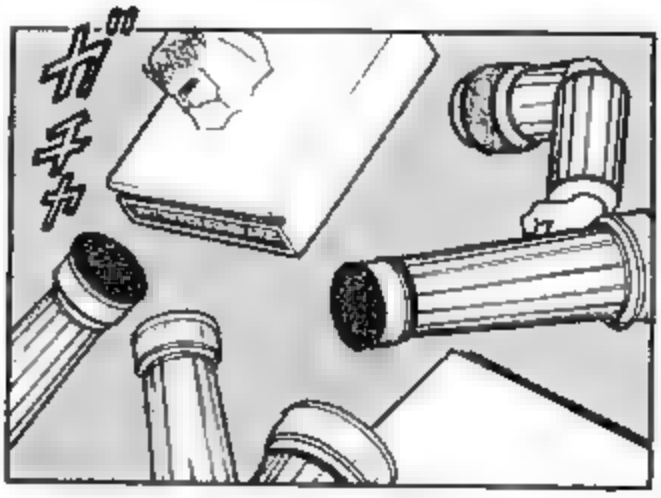
Now Kinnikuman has them in a Double Camel Cluth!
This is not the same guy who was ready to die moments ago! He's dominating this tag match all by himself!
This is amazing!
Robin!
What!?
Ki...Kinnikuman... You're not just hurting us... You're harming one of your own...
Urgh, that's right... All these moves you've been doing are hurting your valuable friend...

Cough, cough...
Since my pillars are filled dead bodies, they're also filled with methane gas from them } decomposing. It must be painful for Robin to bear...
Ah!
TEMPLE RUBBLE DEMOLITION!
ガラ
Are you okay, Robin!?
Your kindness is fatal, Kinnikuman!
Uwah!
Parthenon's dismantled his own body and is going to crush Kinnikuman with the falling rubble!

It's too soon to rest, Kinnikuman. The fun's just begun.





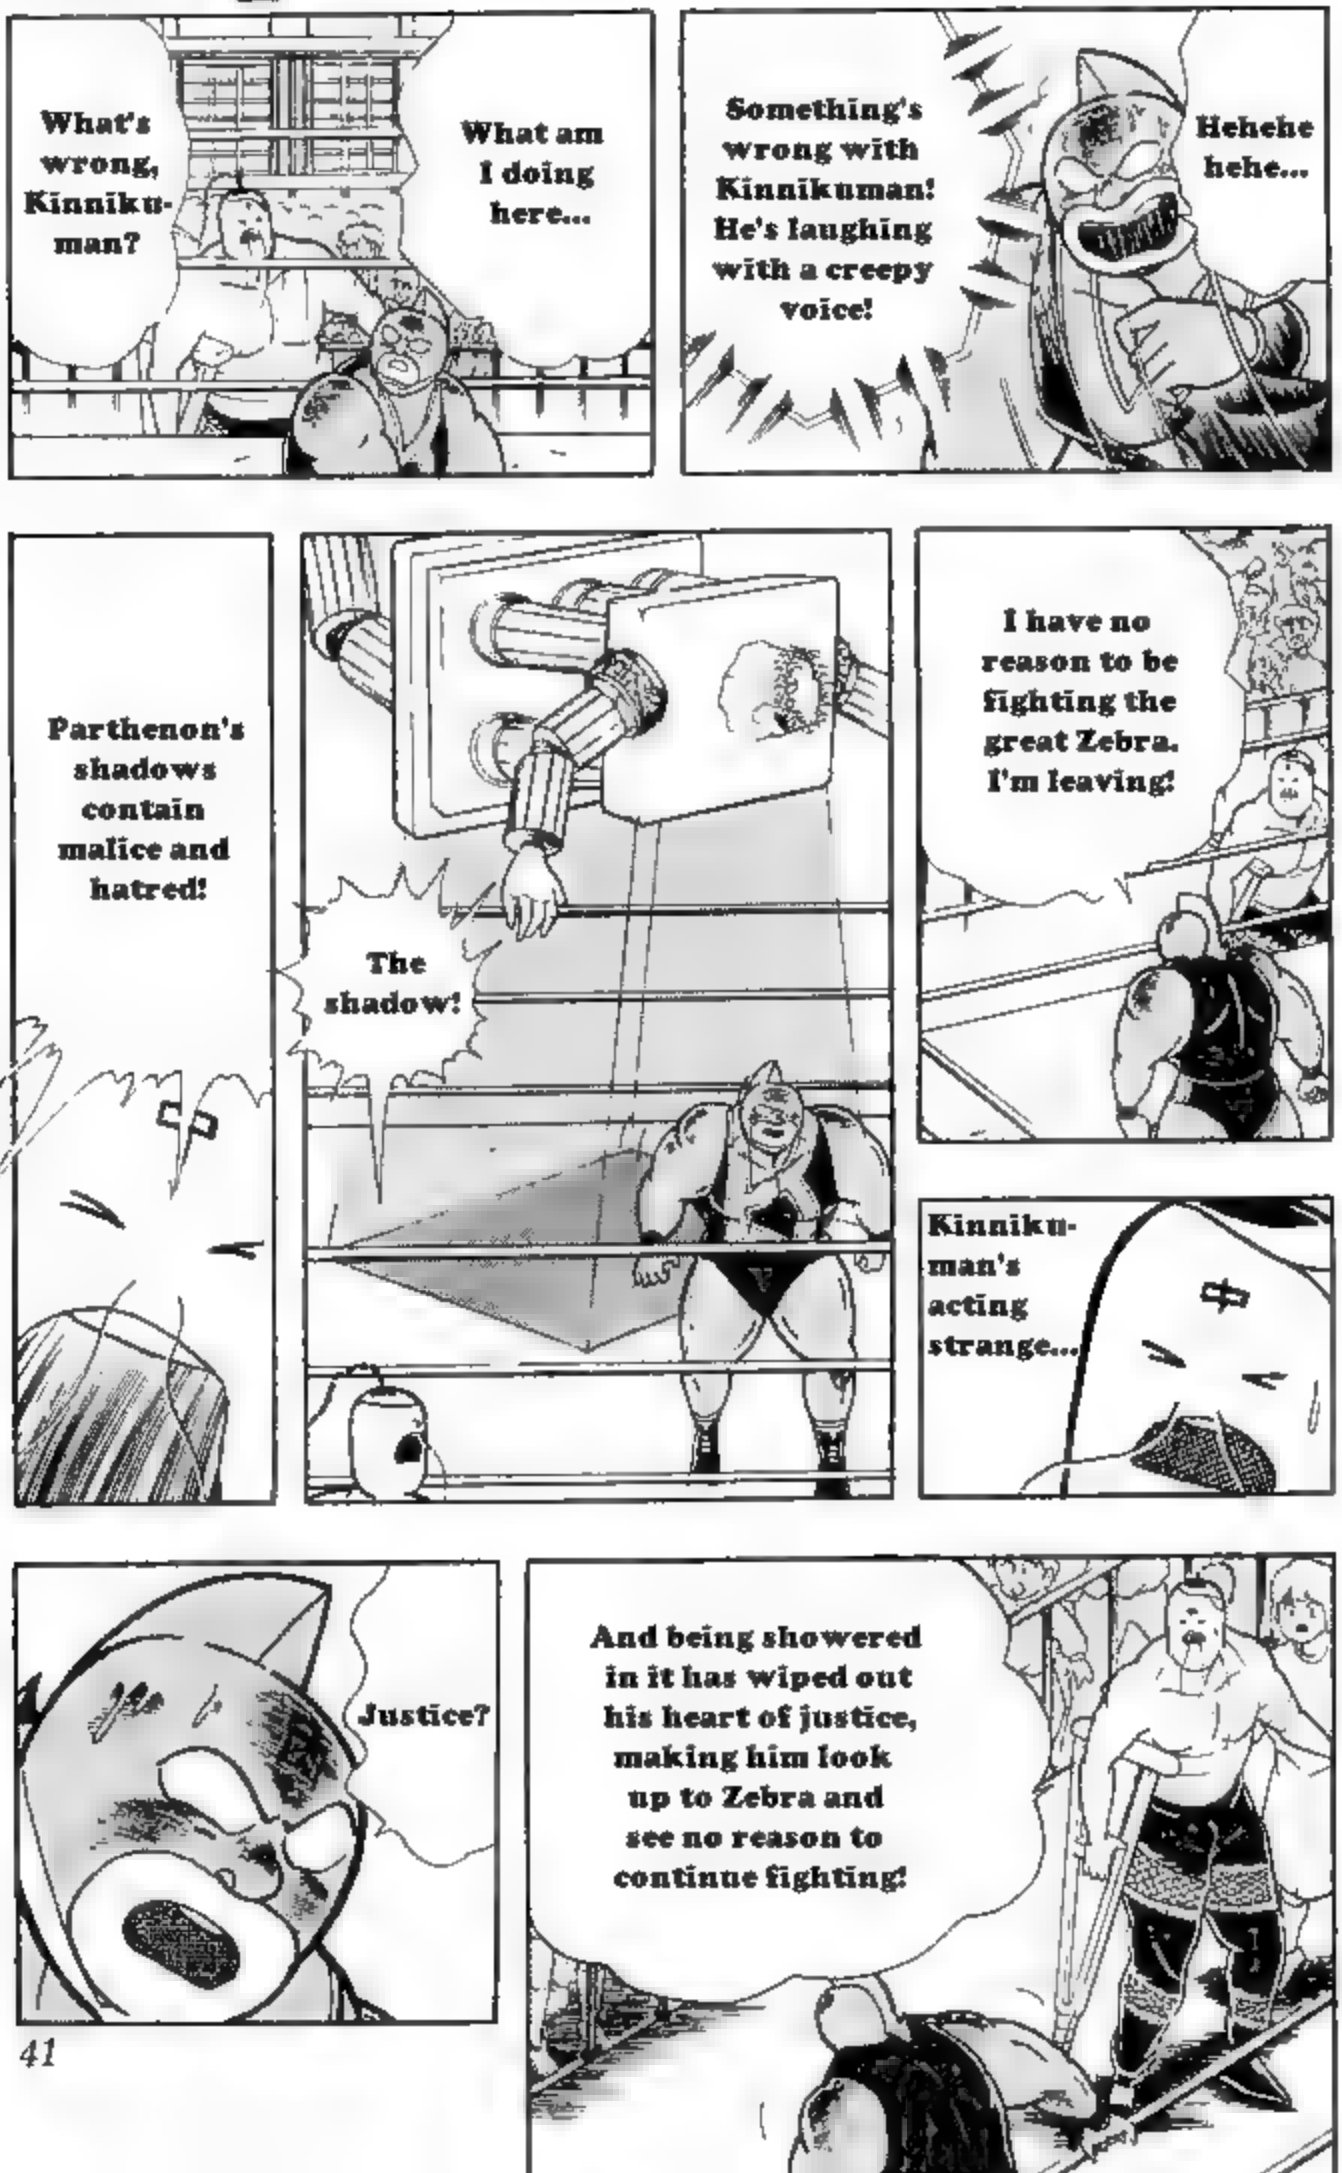


But he's just floating above him. How's that going to finish him off?

Uuh...

.....

This finisher will make sure you'll never be able fight us ever again!

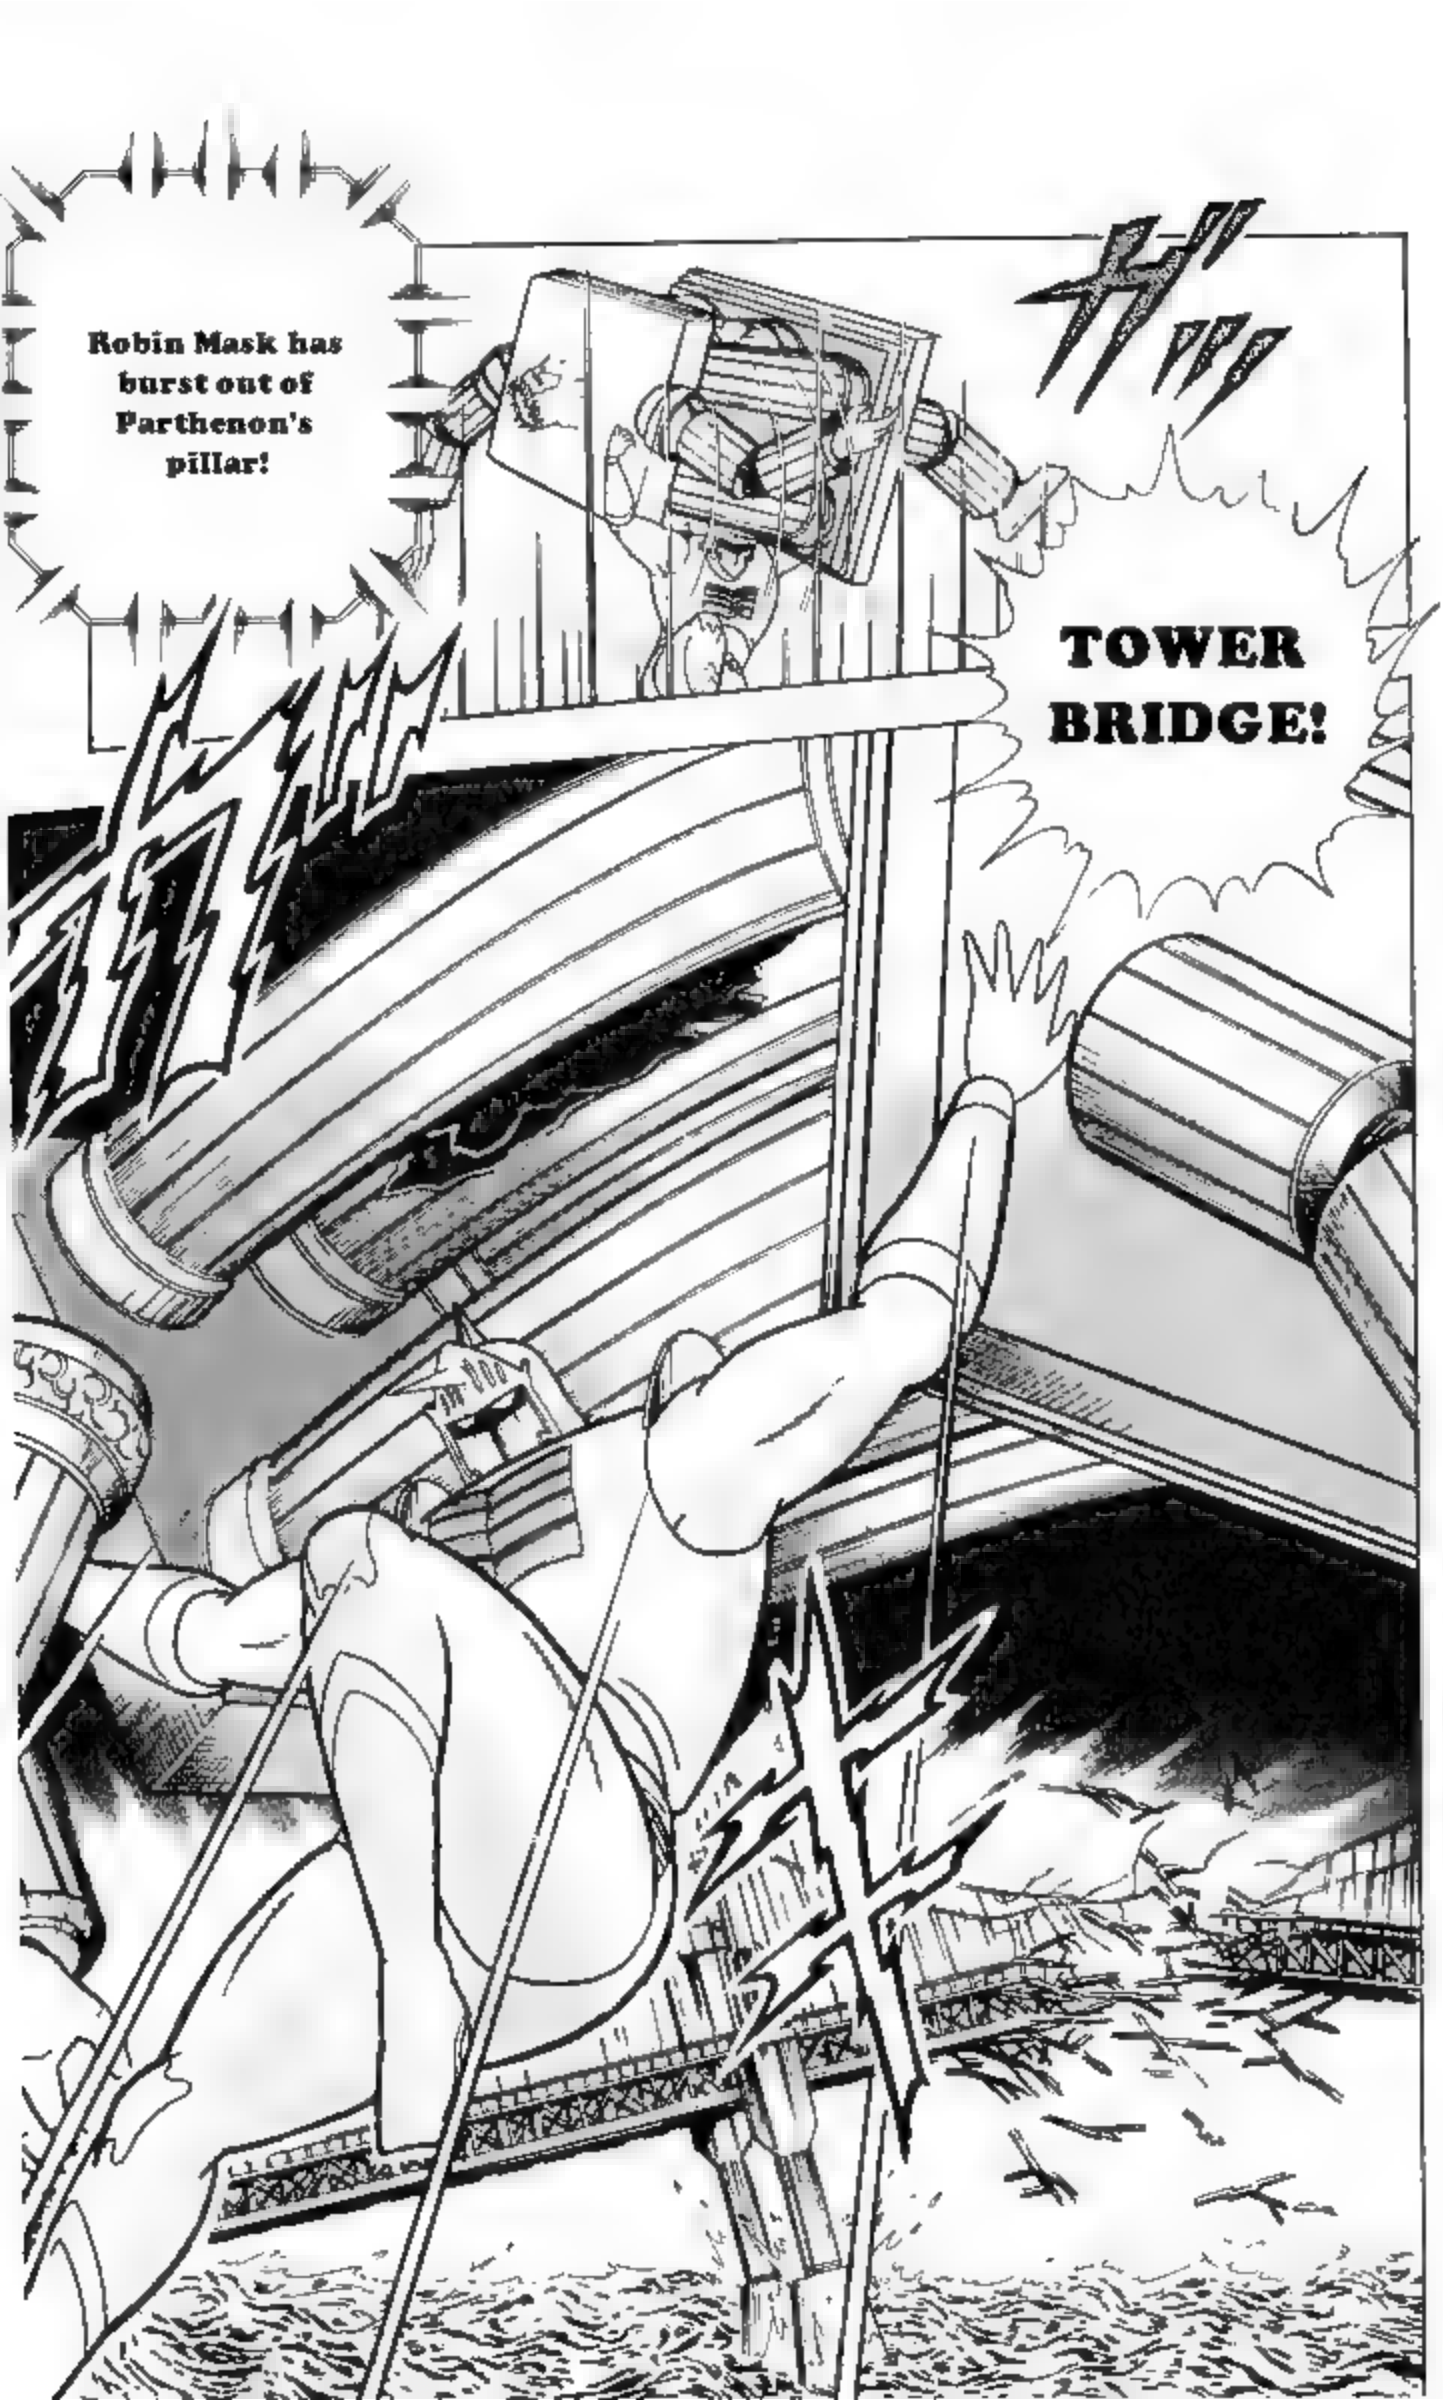


What's wrong, Kinnikuman?
What am I doing here...
Something's wrong with Kinnikuman! He's laughing with a creepy voice!
Hehehe hehe...
Parthenon's shadows contain malice and hatred!
The shadow!
I have no reason to be fighting the great Zebra. I'm leaving!
Kinnikuman's acting strange...
Justice?
And being showered in it has wiped out his heart of justice, making him look up to Zebra and see no reason to continue fighting!

Heh heh, it looks like the Justice Choujin's bonds are finally breaking down.
I hate hearing words like "Justice" and "Friendship"!
This is weird... It looks like he's punching me...
But he keeps missing...
Since he's still up there, you should charge up again in Parthenon's shadow!
Hey Zebra! Your dark brutal colour's faded away!
Oh! Now that you mention it...

Ah, this feels refreshing...
My... My chest! It feels like it's gonna burst!
Gah!
I can feel the hatred flowing through me and from the Choujin all around me...
Wha!? Why, you...
Heh heh... You fell for it, Zebra.
L-Lord Zebra! What's going on?
My chest isn't dyed in my brutal colour!
You're probably wondering why I'm acting normally even after being bathed in Parthenon's shadow and why your chest isn't dyed black...

It's Robin Mask!
Aah!
It's because one part of Parthenon's body is glowing the light of justice among the shadow of malice!
Guh, of course... The pillar containing a Justice Chonjin would shine a light of justice and not a shadow of malice...
Too late to do anything about it, Parthenon!



Robin Mask has burst out of Parthenon's pillar!
TOWER BRIDGE!

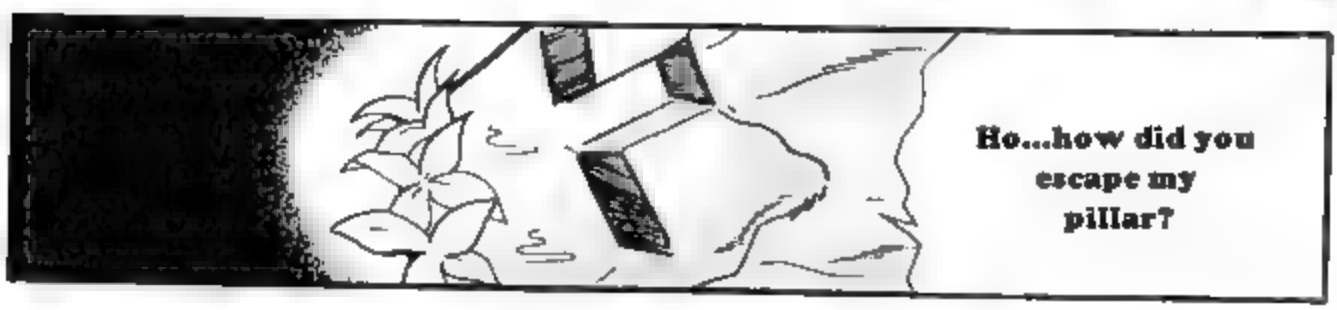
(SCRAMBLE FOR THE KINNIKU THRONE ARC)

● SPECIAL VTR XXXVIII ●

KINNIKUMAN VS. PARTHENON

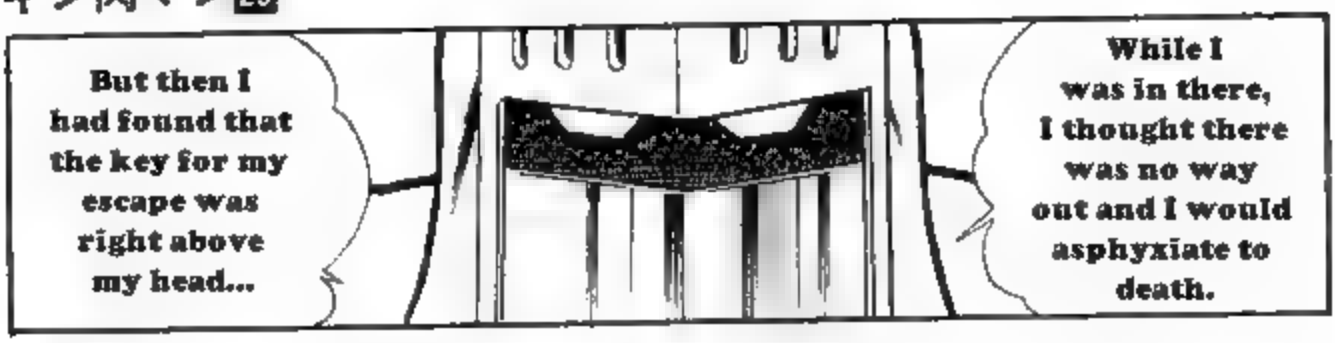
The Handshake of Friendship!

And now has him trapped in a Tower Bridge!

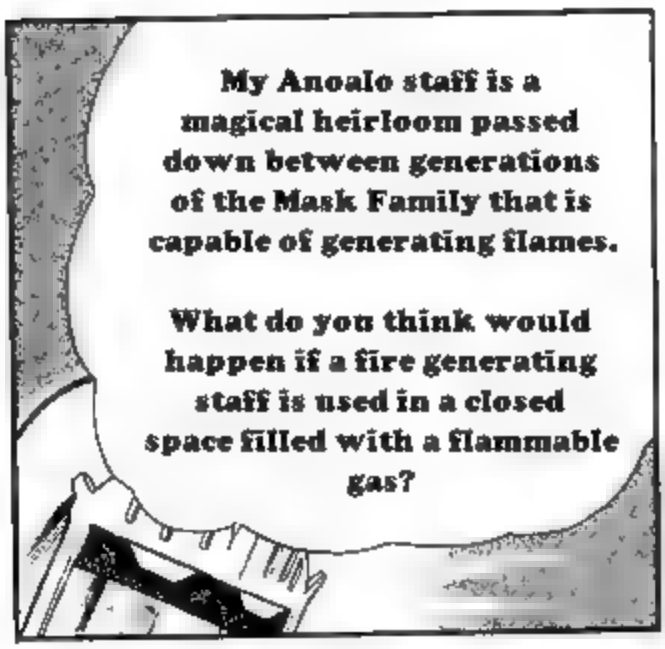


Ho...how did you escape my pillar?

Your pillars are filled with methane gas from the decomposing bodies that fill it.
Do you not remember what you told Kinnikuman, Parthenon?

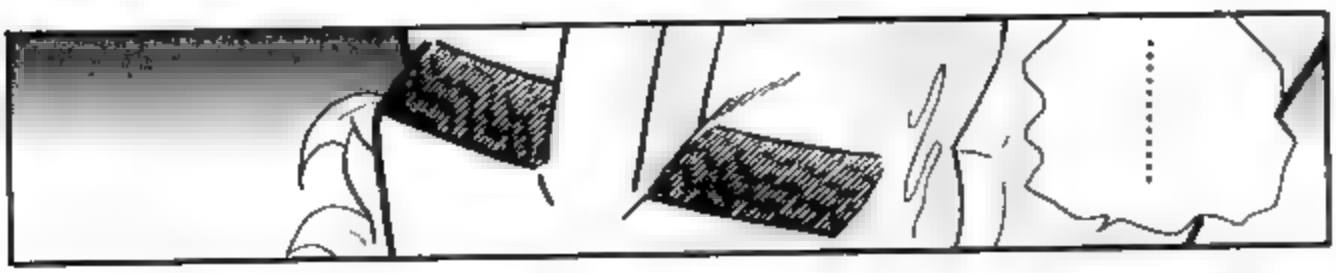


But then I had found that the key for my escape was right above my head...
While I was in there, I thought there was no way out and I would asphyxiate to death.

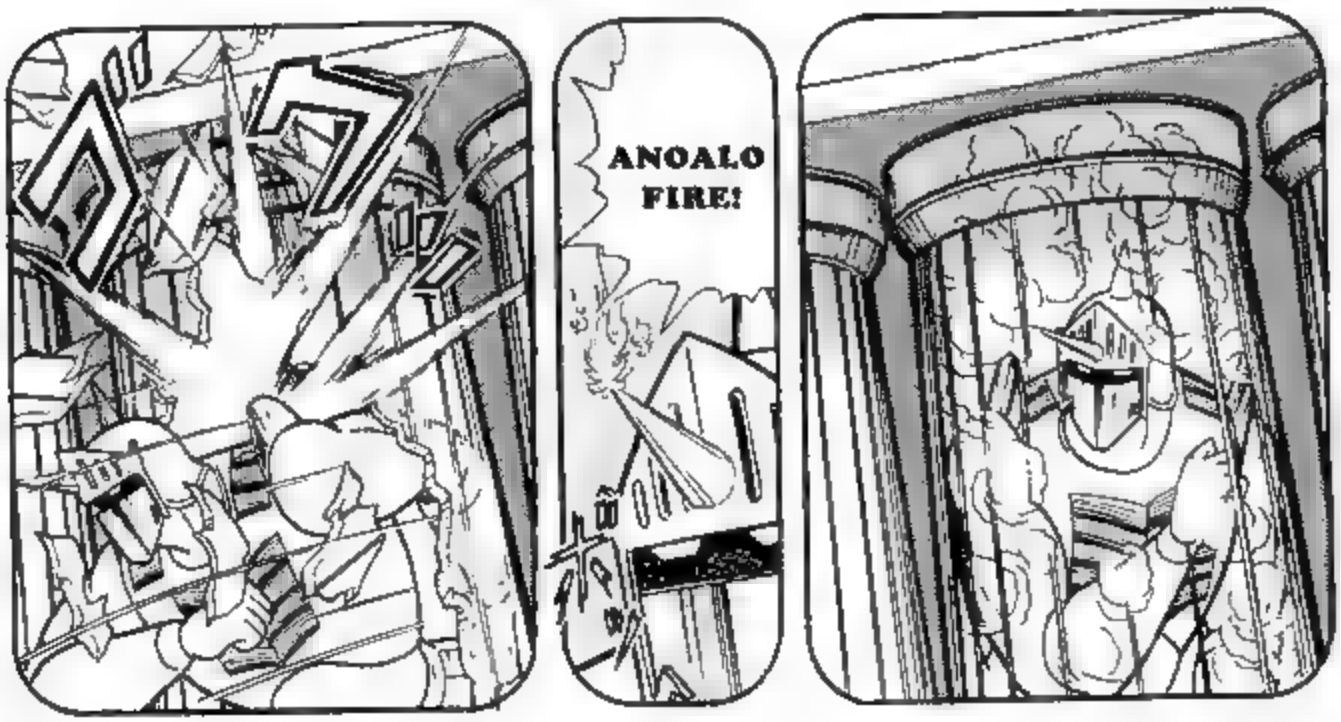


My Anoalo staff is a magical heirloom passed down between generations of the Mask Family that is capable of generating flames.
What do you think would happen if a fire generating staff is used in a closed space filled with a flammable gas?

Your Anoalo Staff!?
It was my Anoalo Staff!



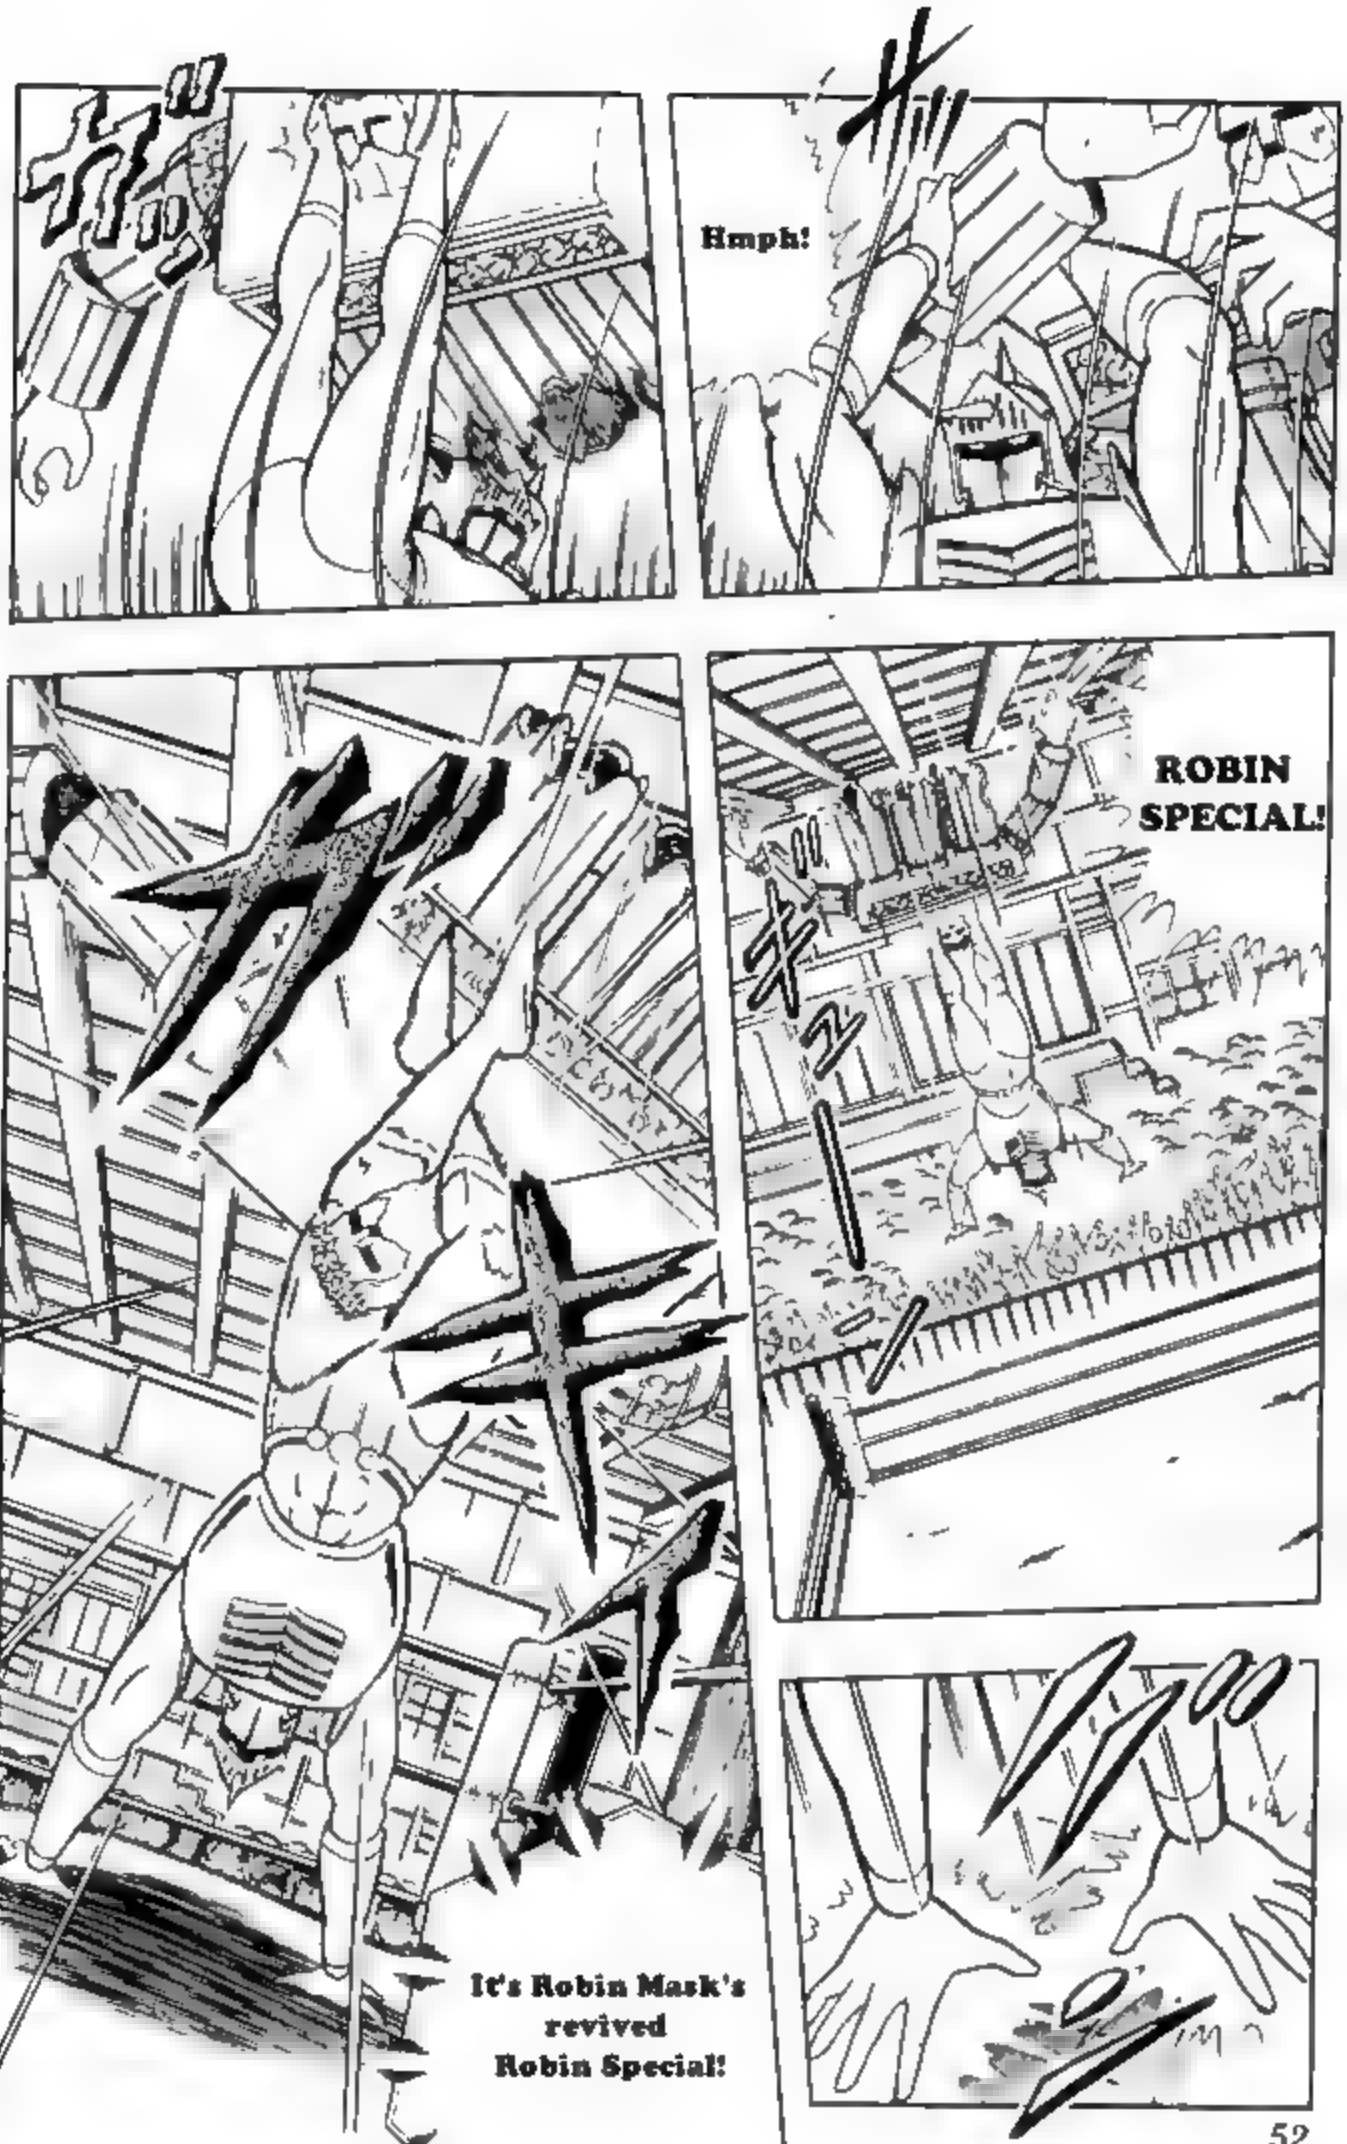
.....



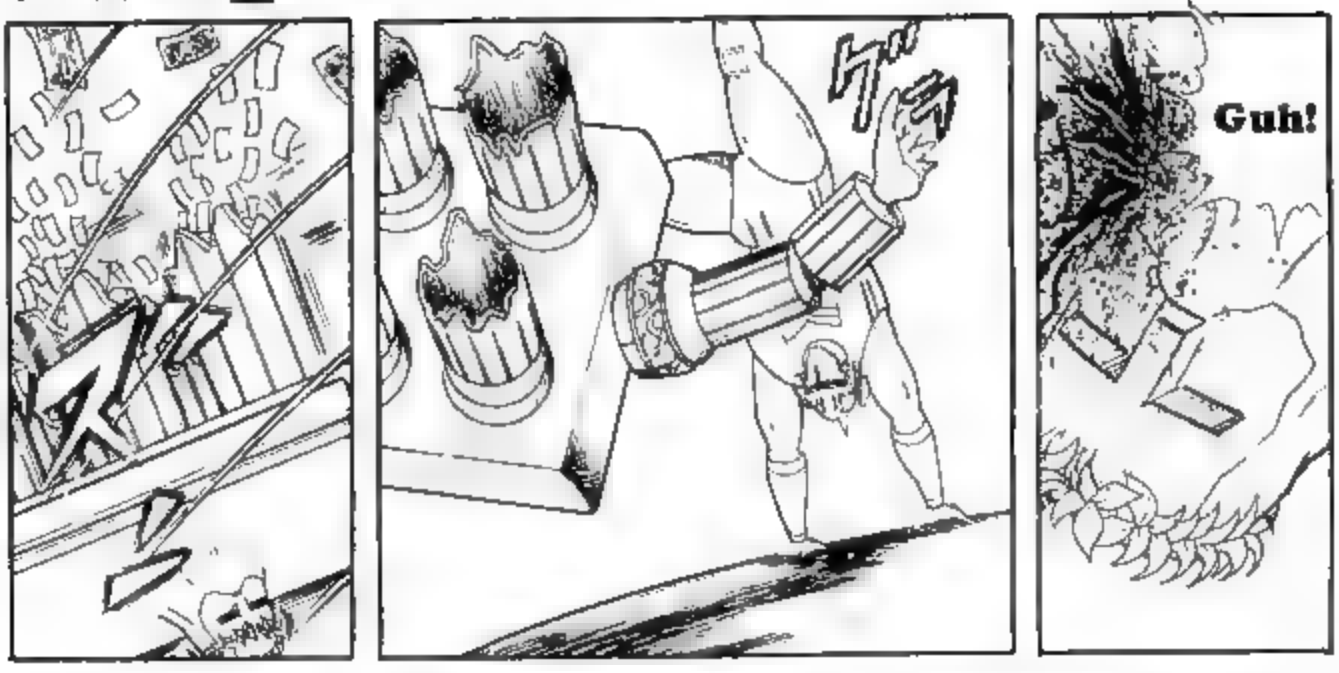
ANOALO FIRE!

You should have never joined this fight, Parthenon! You should've just stayed in Greece and honored your gods!
You really are the Choujin Professor, Robin!
あぁ
And now you understand how I escaped from your pilar!
Parthenon's 6 pillars, his very body, have been snapped like twigs by Robin's might!

It looks like Robin's part in this tag match has been finished!
Aah...
I would've awarded you 3 billion Choujin Dollars and the high position of Cabinet Minister! Are you going to give up those stakes to Robin Mask!?
NO! IT'S NOT OVER YET!
Parthenon! Do you know what I promised you if you helped me win the Survival Match for the Kinniku Throne!?
ROBIN!
Graaah!
The money... Ca...binet Minster...



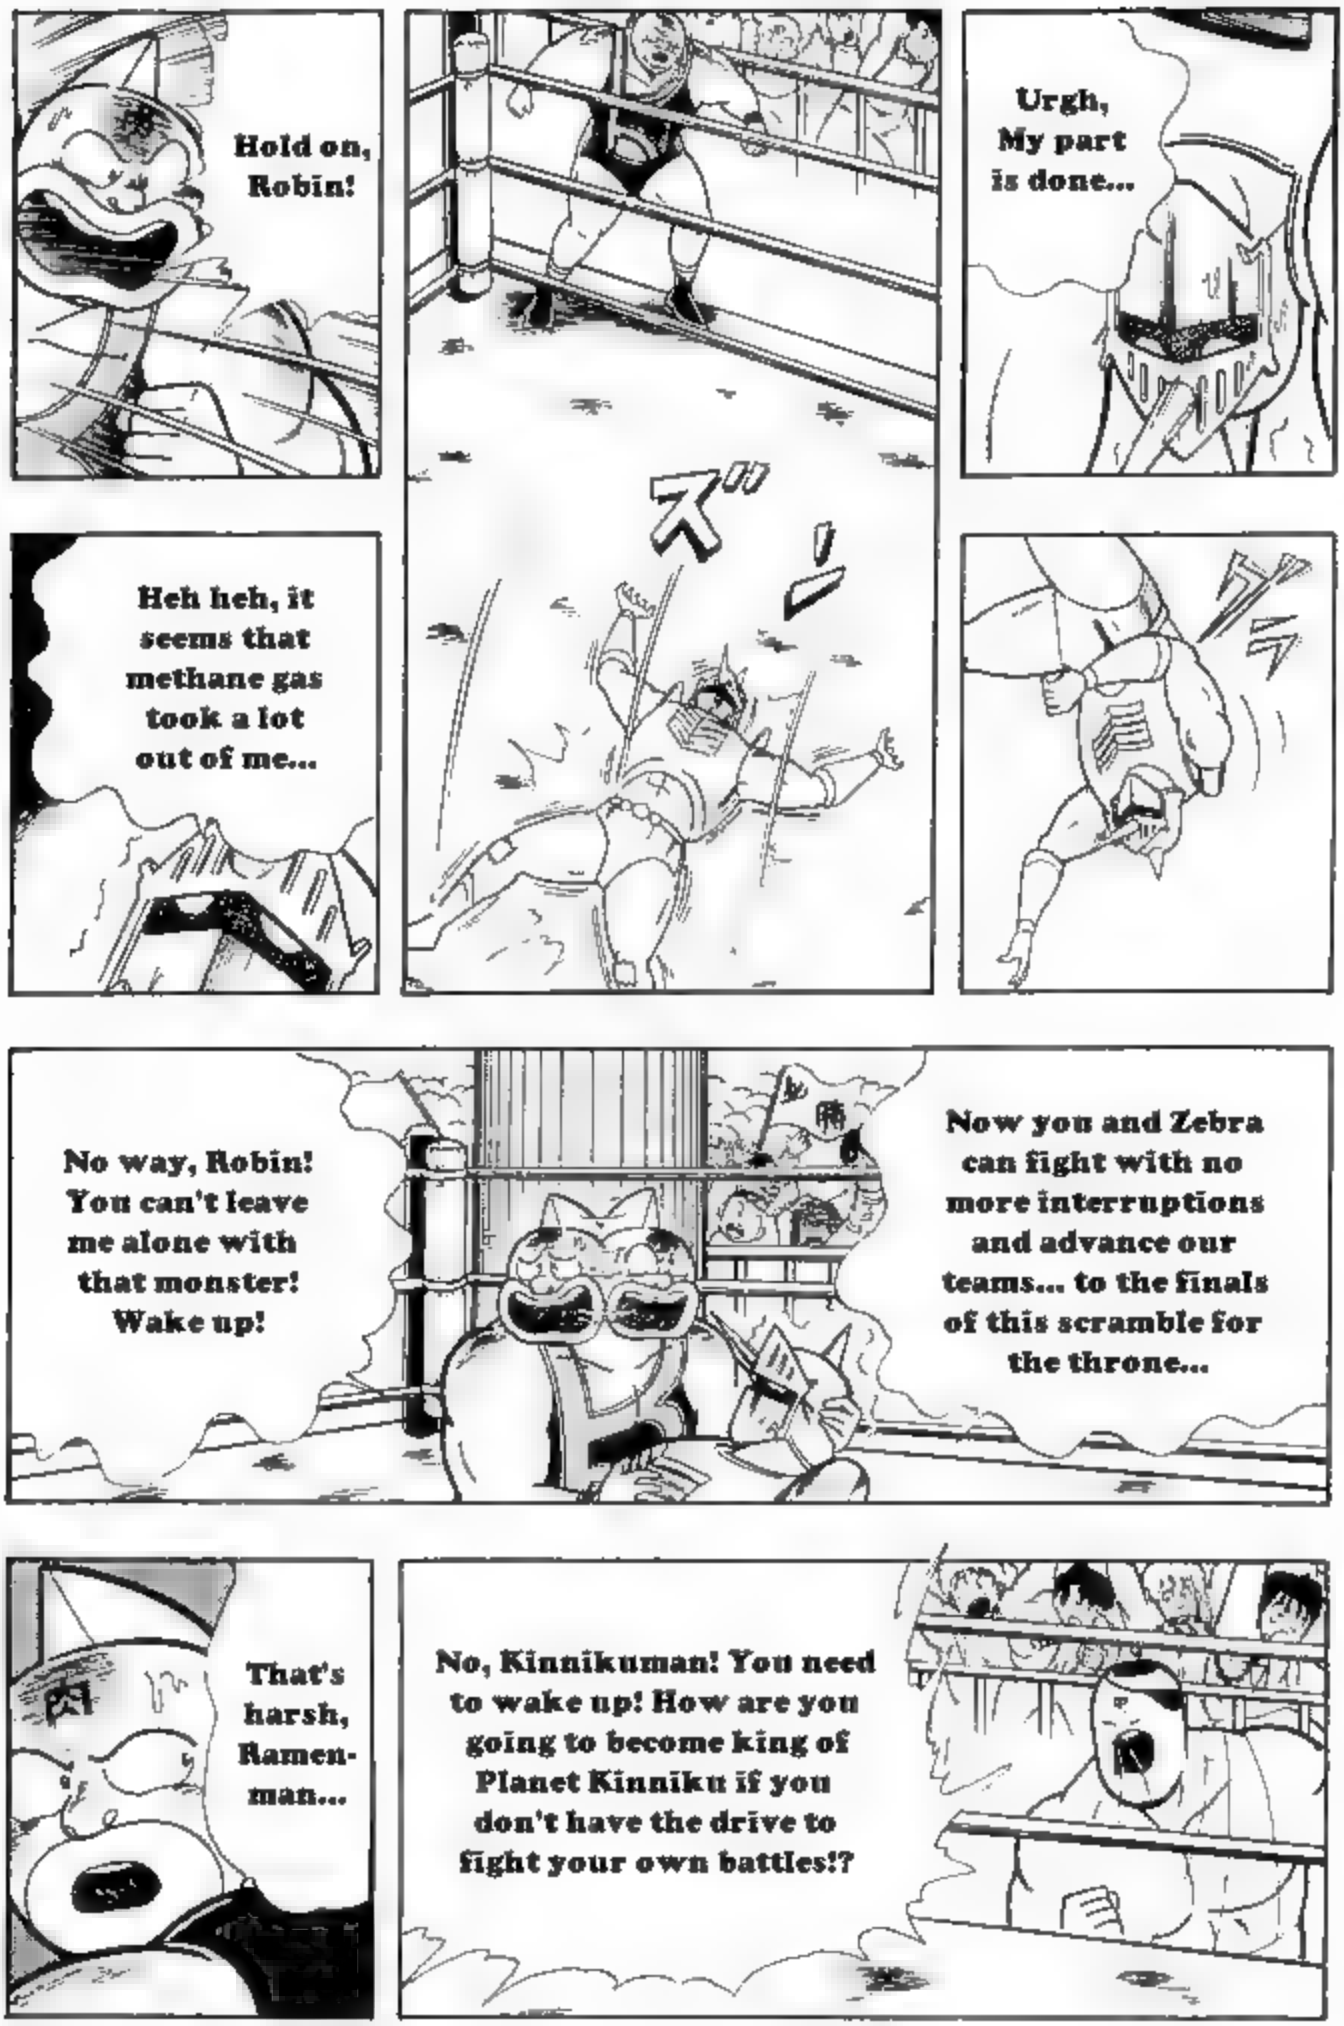
Hmph!
ROBIN SPECIAL!
It's Robin Mask's revived Robin Special!



Guh!

Woah!
Money's
coming out!

Hey! HEY!
No one touch
that!
That was the
hiring fee I
paid
Parthenon!



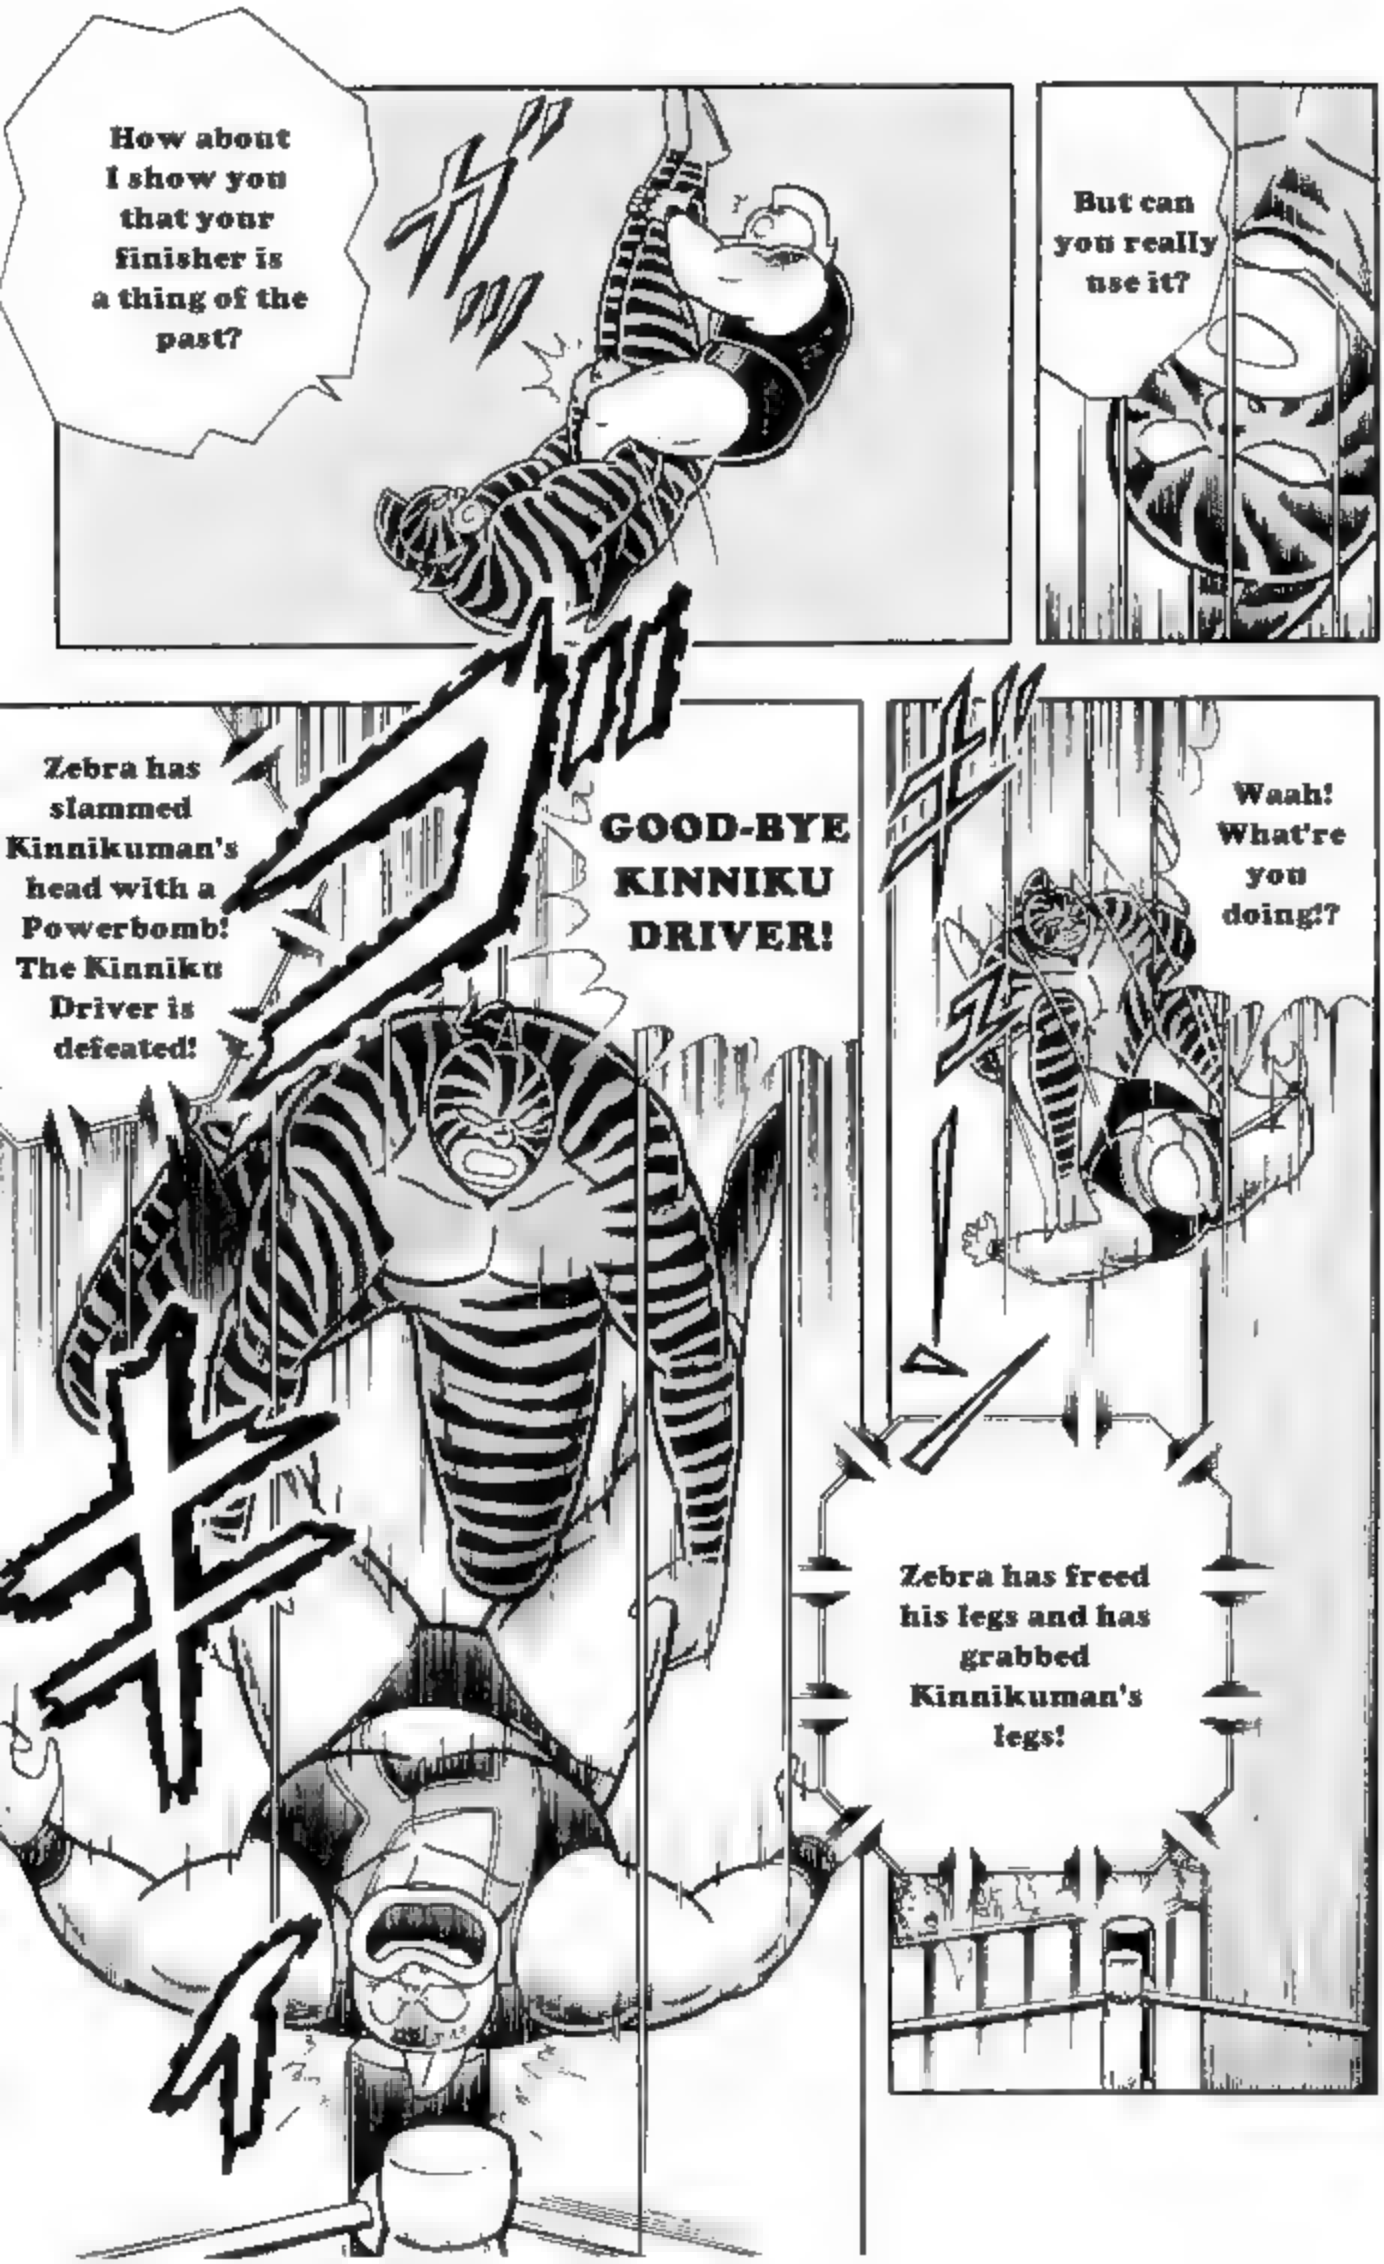
Hold on, Robin!
Urgh, My part is done...
Heh heh, it seems that methane gas took a lot out of me...
No way, Robin! You can't leave me alone with that monster! Wake up!
Now you and Zebra can fight with no more interruptions and advance our teams... to the finals of this scramble for the throne...
That's harsh, Ramen-man...
No, Kinnikuman! You need to wake up! How are you going to become king of Planet Kinniku if you don't have the drive to fight your own battles!?

Heh heh heh... Finally, it's just you and me in this ring. I've been waiting for this...
N-no! Don't leave me here alone! Isn't this a tag match!?
I'll take care of Robin from here. You just focus on fighting Zebra.

Kinnikuman versus Zebra!
With Parthenon and Robin Mask down, it's up to the real stars of the teams to finish this fight!

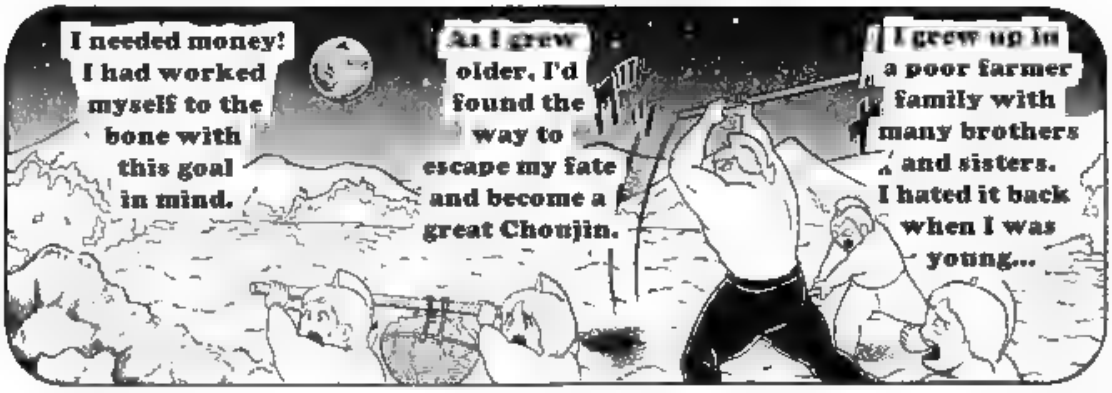
Which team will finally triumph and advance to the finals at Osaka Castle!?
No more running... It's sink or swim now.

Is he trying a Kinniku Driver!?
Hmph, you're either really brave or stupid to be using your defeated Kinniku Driver.
And the first one to attack is Kinnikuman!
I still have 2 or 3 moves I can use to finish this!
But since they're gone and there's no one here to save you, I can still use it!
There it is! The Kinniku Driver!
It was only when Mixer Taitei had Mr.VTR edit it to be defeated!



How about I show you that your finisher is a thing of the past?
But can you really use it?
Waah! What're you doing!?
Zebra has freed his legs and has grabbed Kinnikuman's legs!
GOOD-BYE KINNIKU DRIVER!
Zebra has slammed Kinnikuman's head with a Powerbomb! The Kinniku Driver is defeated!

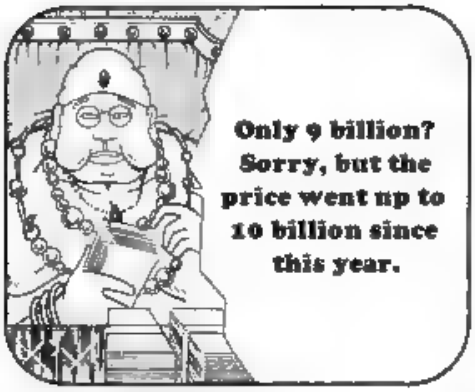
Kinnikuman!
With that much bleeding, I don't think he's getting back up!
My Kinnku Driver... Defeated?
It was perfect...
I'll have defeated the current prince and win my way to the finals of this survival match!
Heh heh heh... I've finally done it. Once I finish this fool off...
It's been a long and painful 24 years...



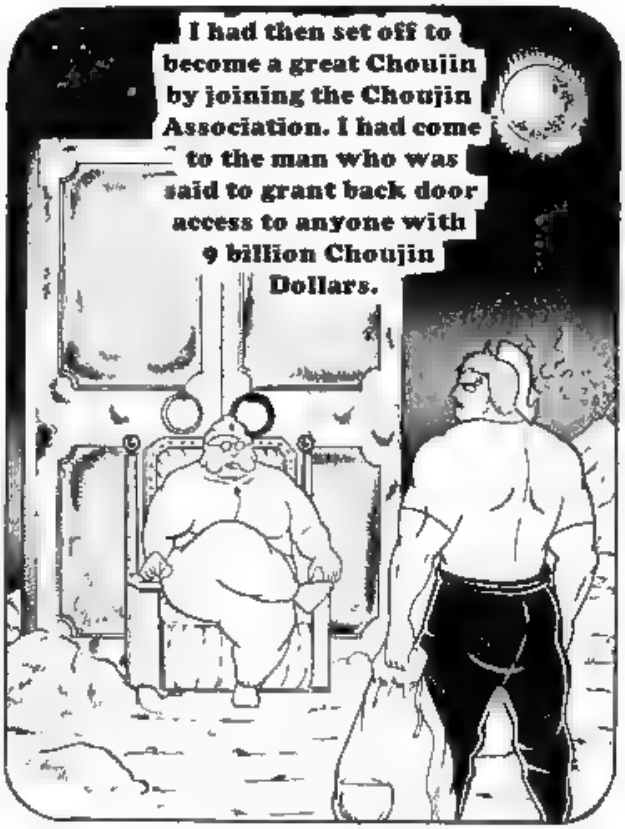
I grew up in a poor farmer family with many brothers and sisters. I hated it back when I was young...
As I grew older, I'd found the way to escape my fate and become a great Choujin.
I needed money! I had worked myself to the bone with this goal in mind.

With just my hoe and best friend, Zebra Kid, I then amassed 9 billion Choujin Dollars years later.

I took on work no one else even dared to do.



Only 9 billion? Sorry, but the price went up to 10 billion since this year.

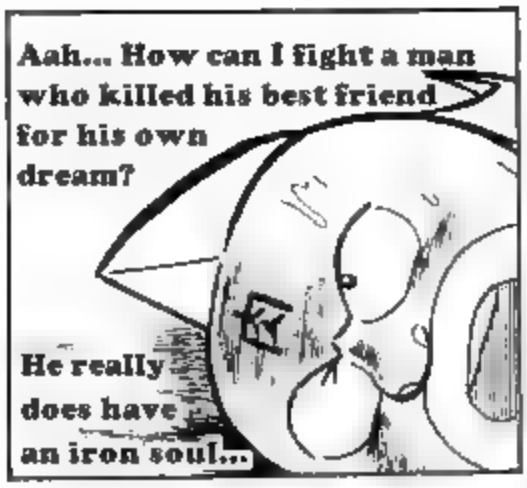


I had then set off to become a great Choujin by joining the Choujin Association. I had come to the man who was said to grant back door access to anyone with 9 billion Choujin Dollars.

If you don't have the money, then go home.
What!? But-

Oooh! This zebra's coat looks nice. He'd make a great rug for my home...
No way! He's my best friend! I could never sell him out!
Okay, I'll make you a deal. If you give me that zebra's pelt, I'll waive the extra billion.
Forgive me, Kid!
If you're not going to sell him, then you'll never become a great Choujin...
.....

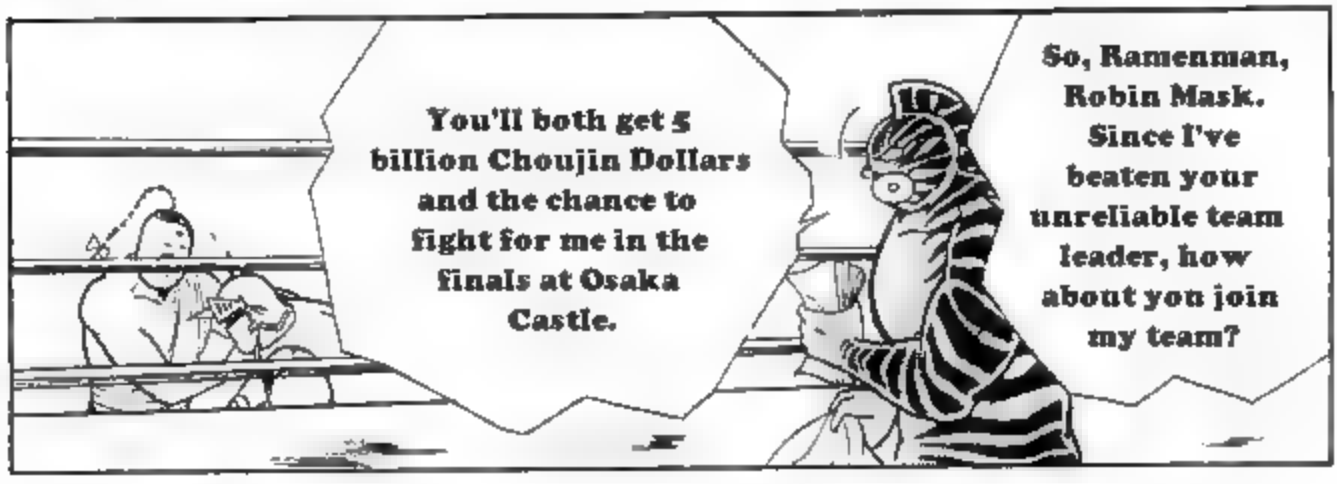
MUSCLE INFERNO!
On that day, I lost my friend and got an iron soul that'd betray anyone for money...
With them, I'd make the strongest team in history so I could compete in this survival match...
I went on to hire The Manriki, Bikeman, Motorman and Parthenon for 3 billion Chonjin Dollars each.



Aah... How can I fight a man who killed his best friend for his own dream?
He really does have an iron soul...

ゴゾ

And now, my dream of standing at the top of the Choujin world is about to come true!



You'll both get 5 billion Choujin Dollars and the chance to fight for me in the finals at Osaka Castle.
So, Ramenman, Robin Mask. Since I've beaten your unreliable team leader, how about you join my team?

It's just like what Ramen-man said!

Sorry, but Kinnikuman gave us something that's greater than 5 billion Choujin Dollars!

It's this!

What?! How much did he pay you? 10 billion? 20 billion!?

They're our Calluses of Friendship!

Is this a joke!? There's nothing in your hands but corns and calluses!

Exactly! These corns are priceless and could never be exchanged for anything!

They've come from how much we Justice Choujin shake hands.

Calluses... Of Friendship?

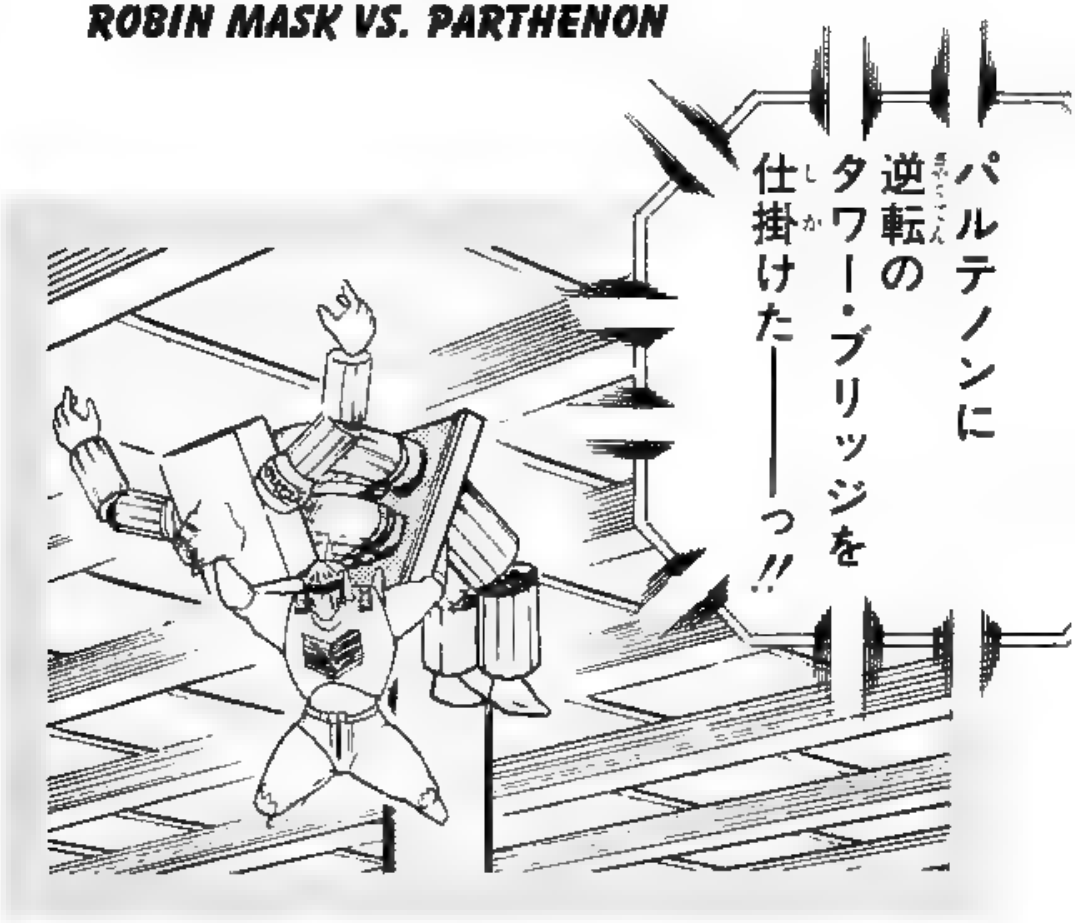
When we grab hands to save our friends...
When we handshake for a good fight...
When in a contest of strength...
Becoming a great Choujin has nothing to do with money at all!
These calluses are proof of our growing trust and friendship.
Any time we shake hands, we affirm our bonds as rivals and friends, helping us grow as wrestlers.
How dare you say that! That's not true at all!
Ramen-man... Robin...

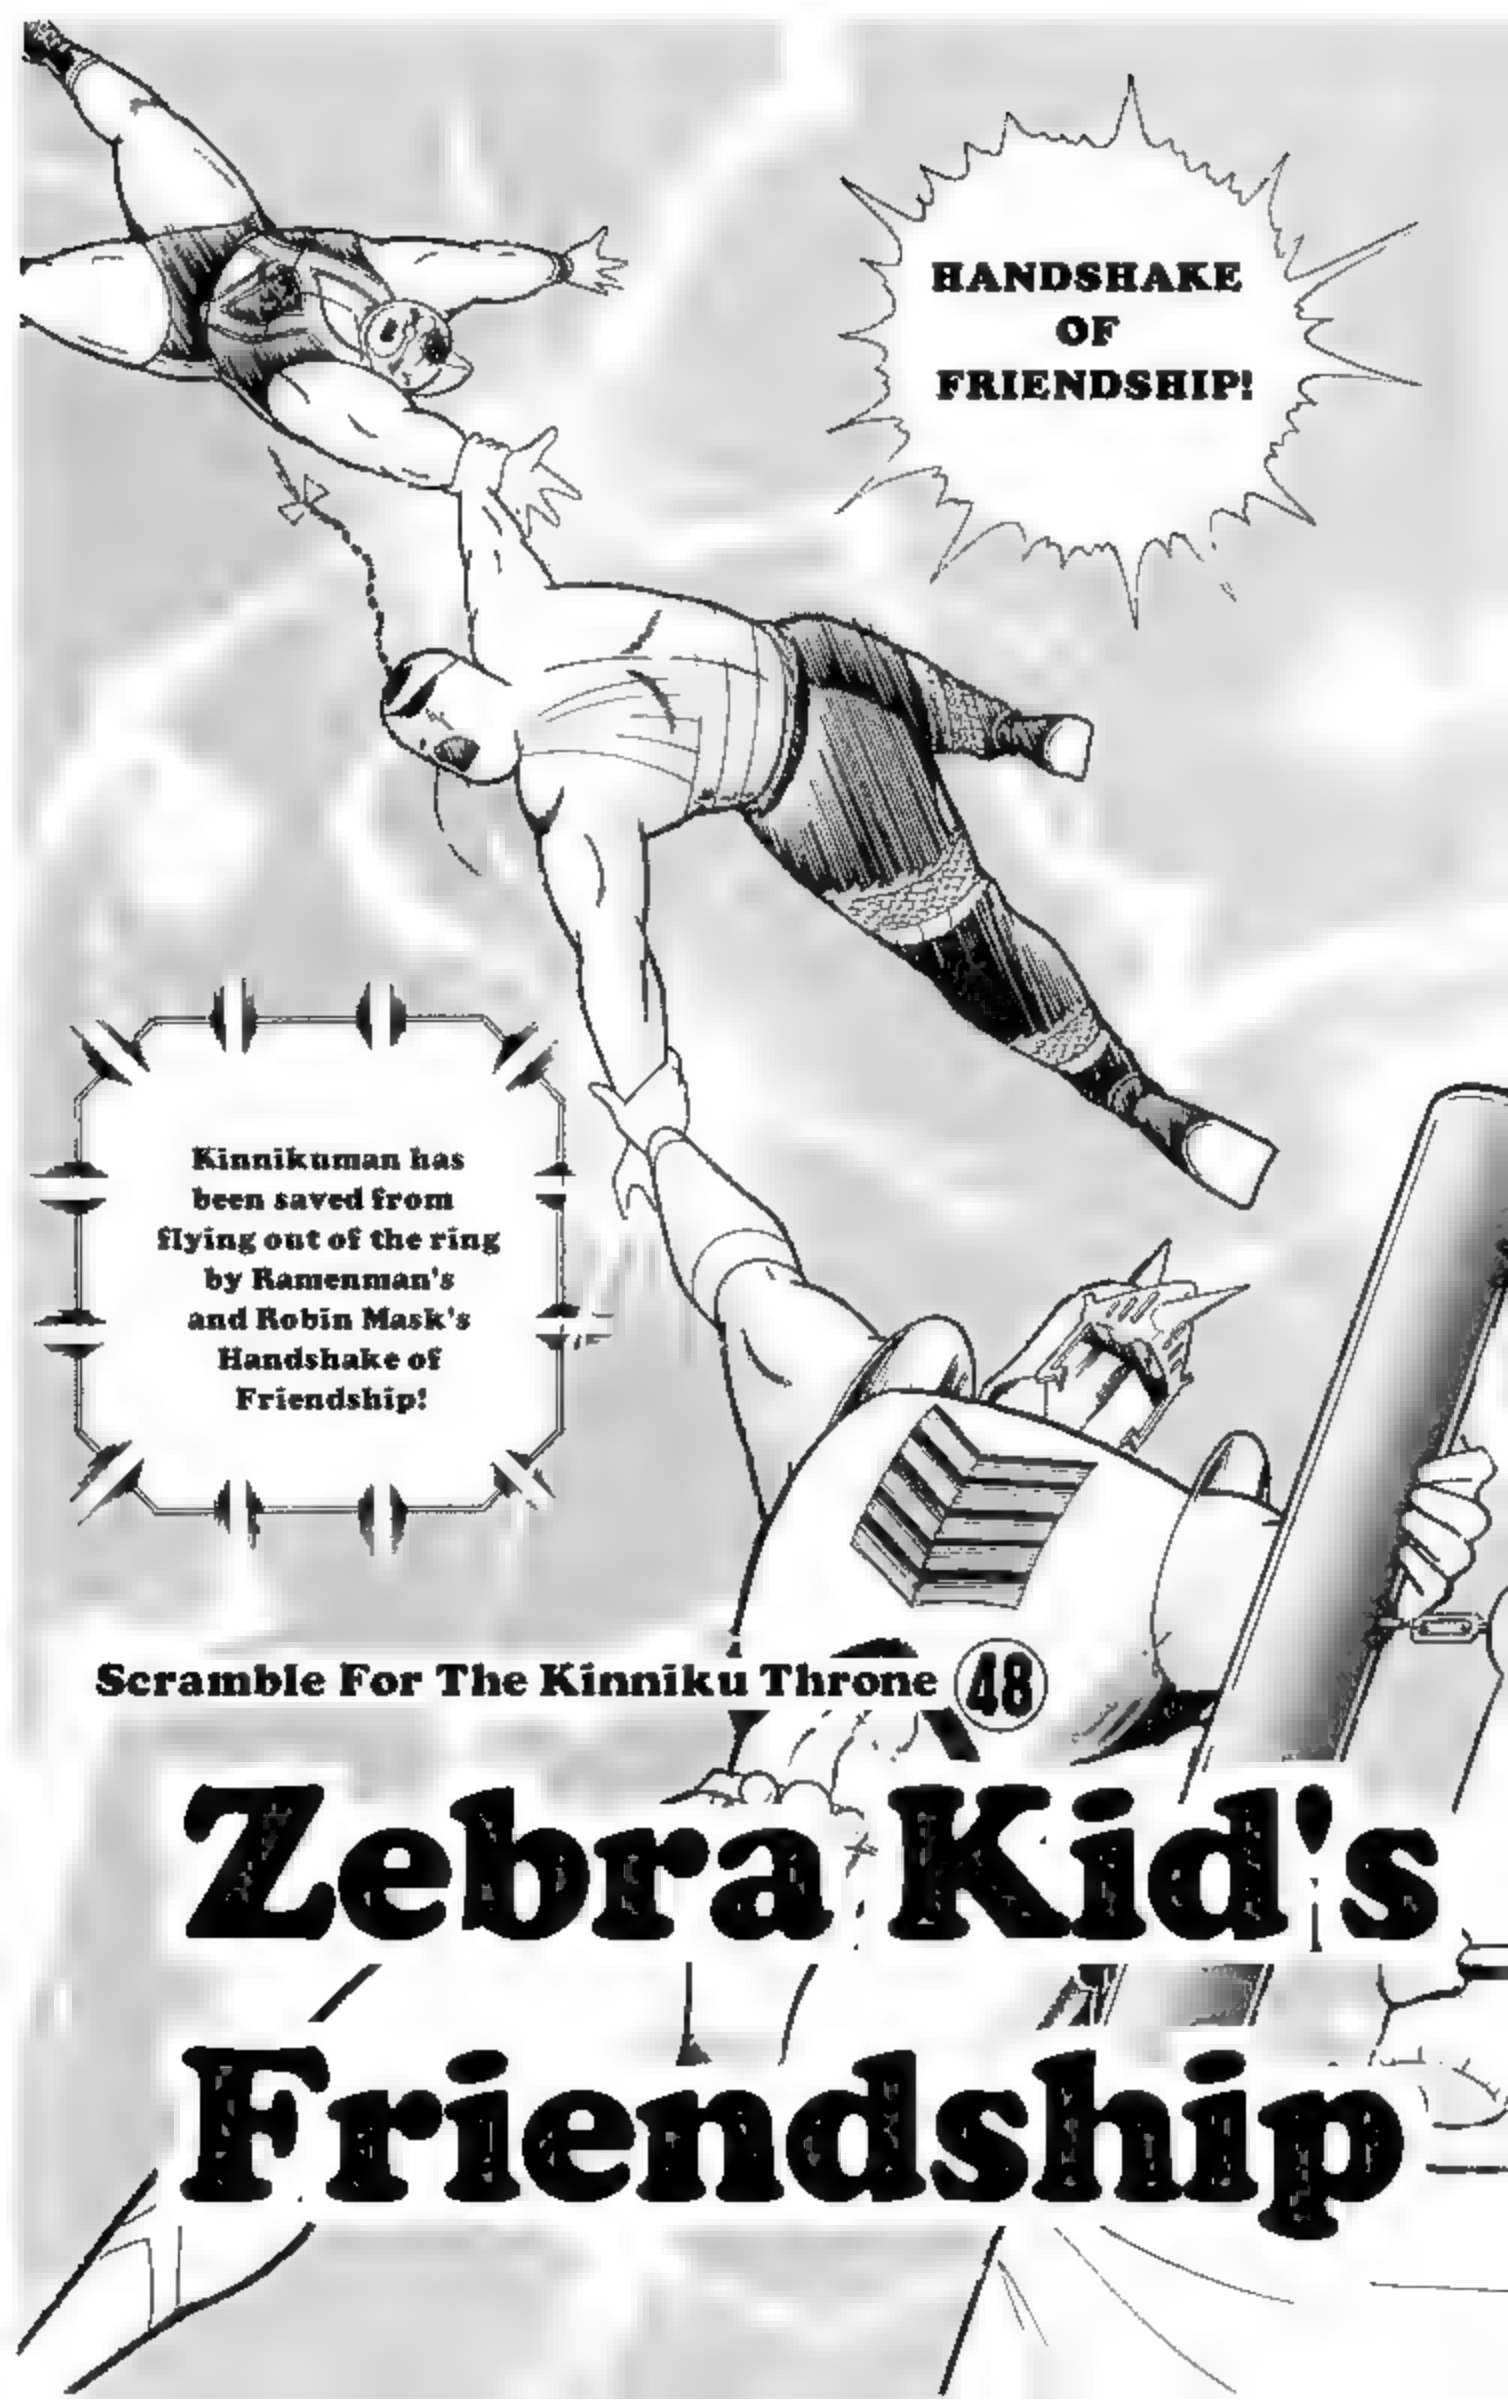
You could buy you way to the throne with money!
Zebra's flung Kinnikuman right out of the ring!
HANDSHAKE OF FRIENDSHIP!

(SCRAMBLE FOR THE KINNIKU THRONE ARC)

● SPECIAL VTR XLIX ●

ROBIN MASK VS. PARTHENON

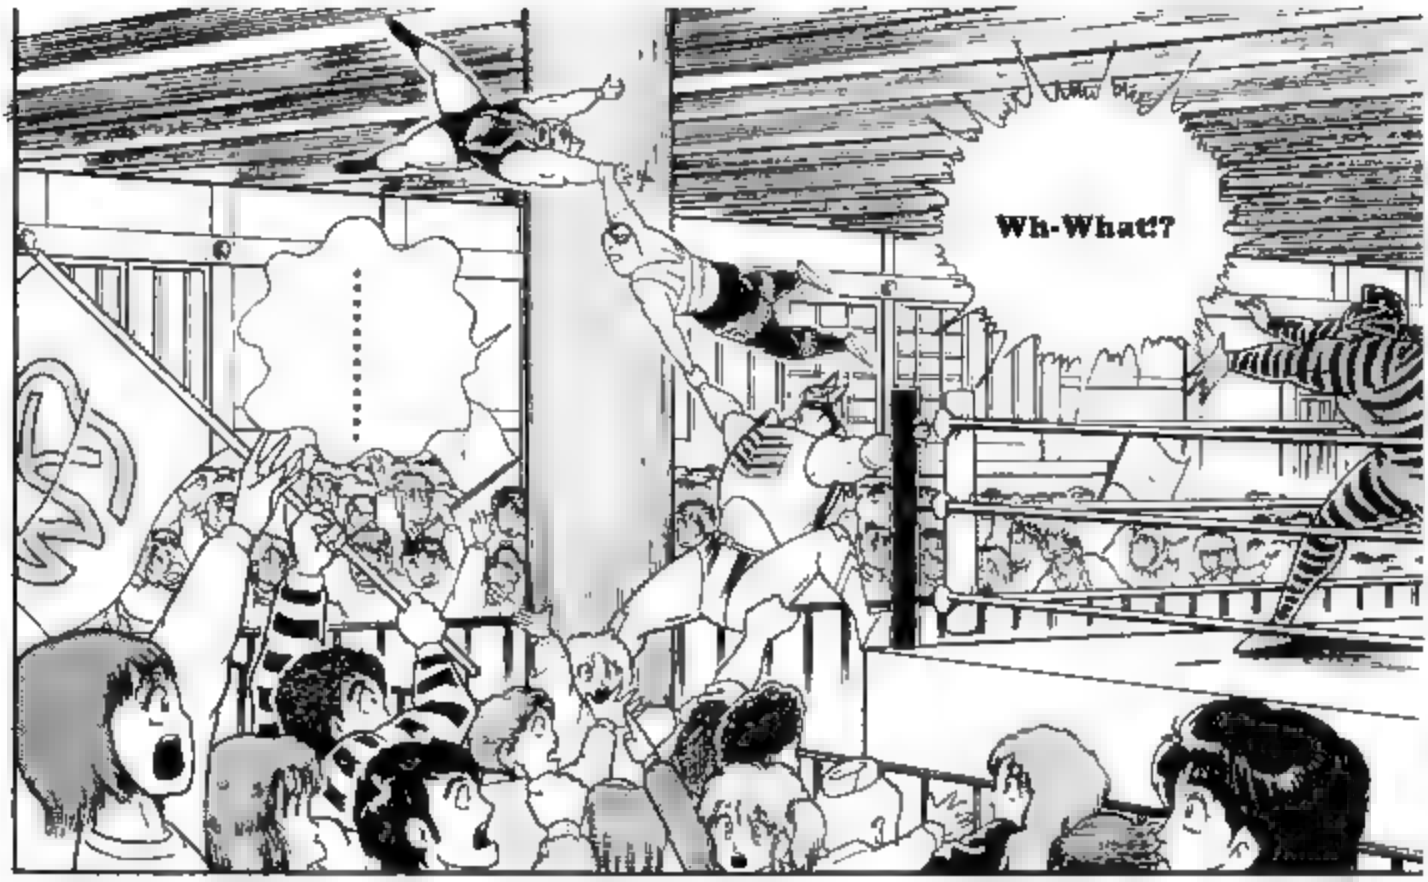




HANDSHAKE OF FRIENDSHIP!
Kinnikuman has been saved from flying out of the ring by Ramenman's and Robin Mask's Handshake of Friendship!

Scramble For The Kinniku Throne 48

Zebra Kid's Friendship



Wh-What!?

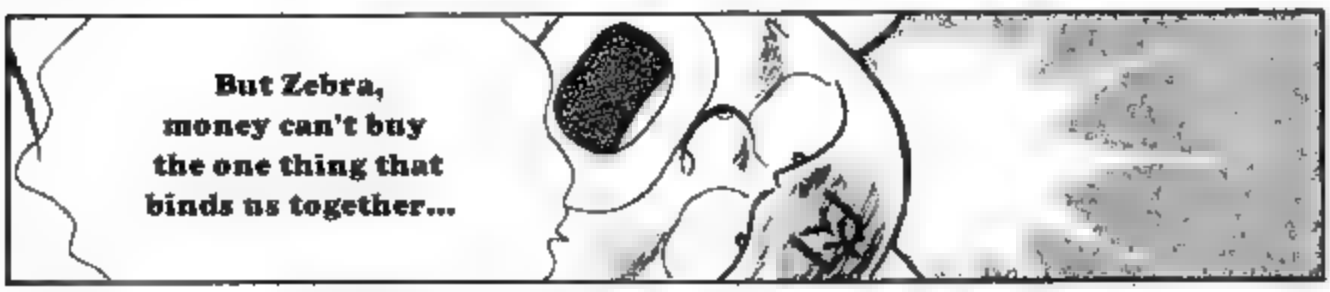
Guh... My arms feel like they're going to tear...

Bear with it, Ramenman. If you let go, Kinnikuman will crash into the arena wall!

Team Kinnikuman really do take friendship seriously, risking life and limb to rescue their captain!

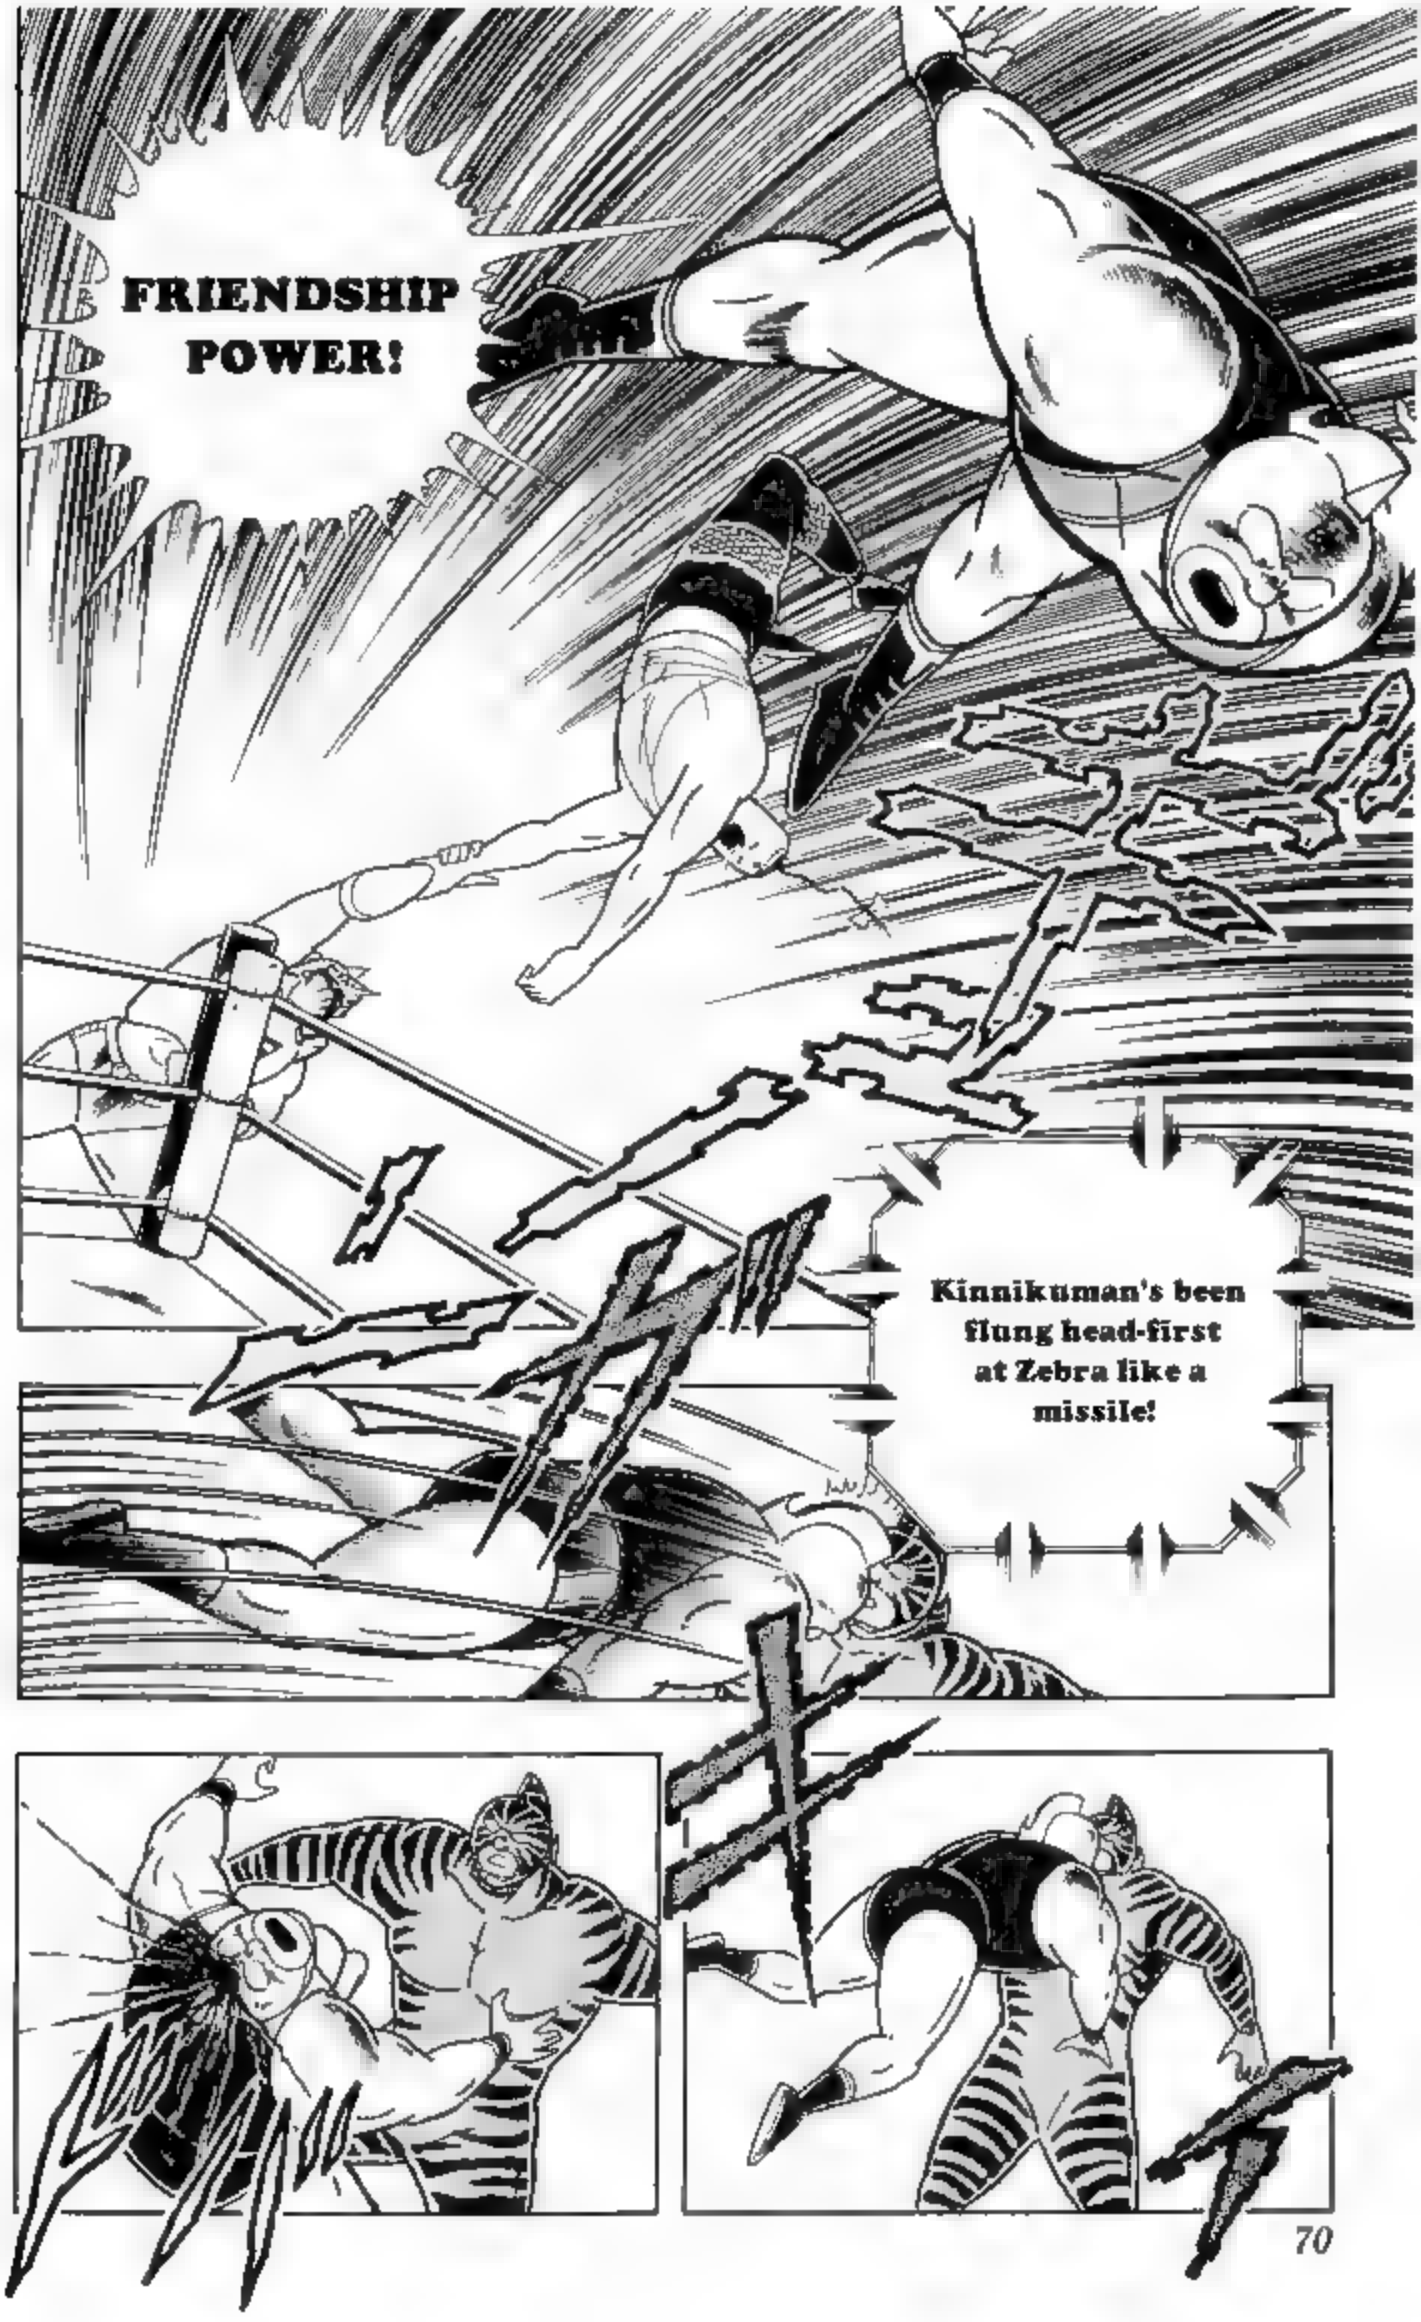
Ugh... Leave it to me. I'll hold on even if my arms rip off...
Ramenman... Robin...

How could they do this for friendship only? With money, you can buy as many teammates as you want!
Even when they were paid nothing, why are they risking their lives?



But Zebra, money can't buy the one thing that binds us together...

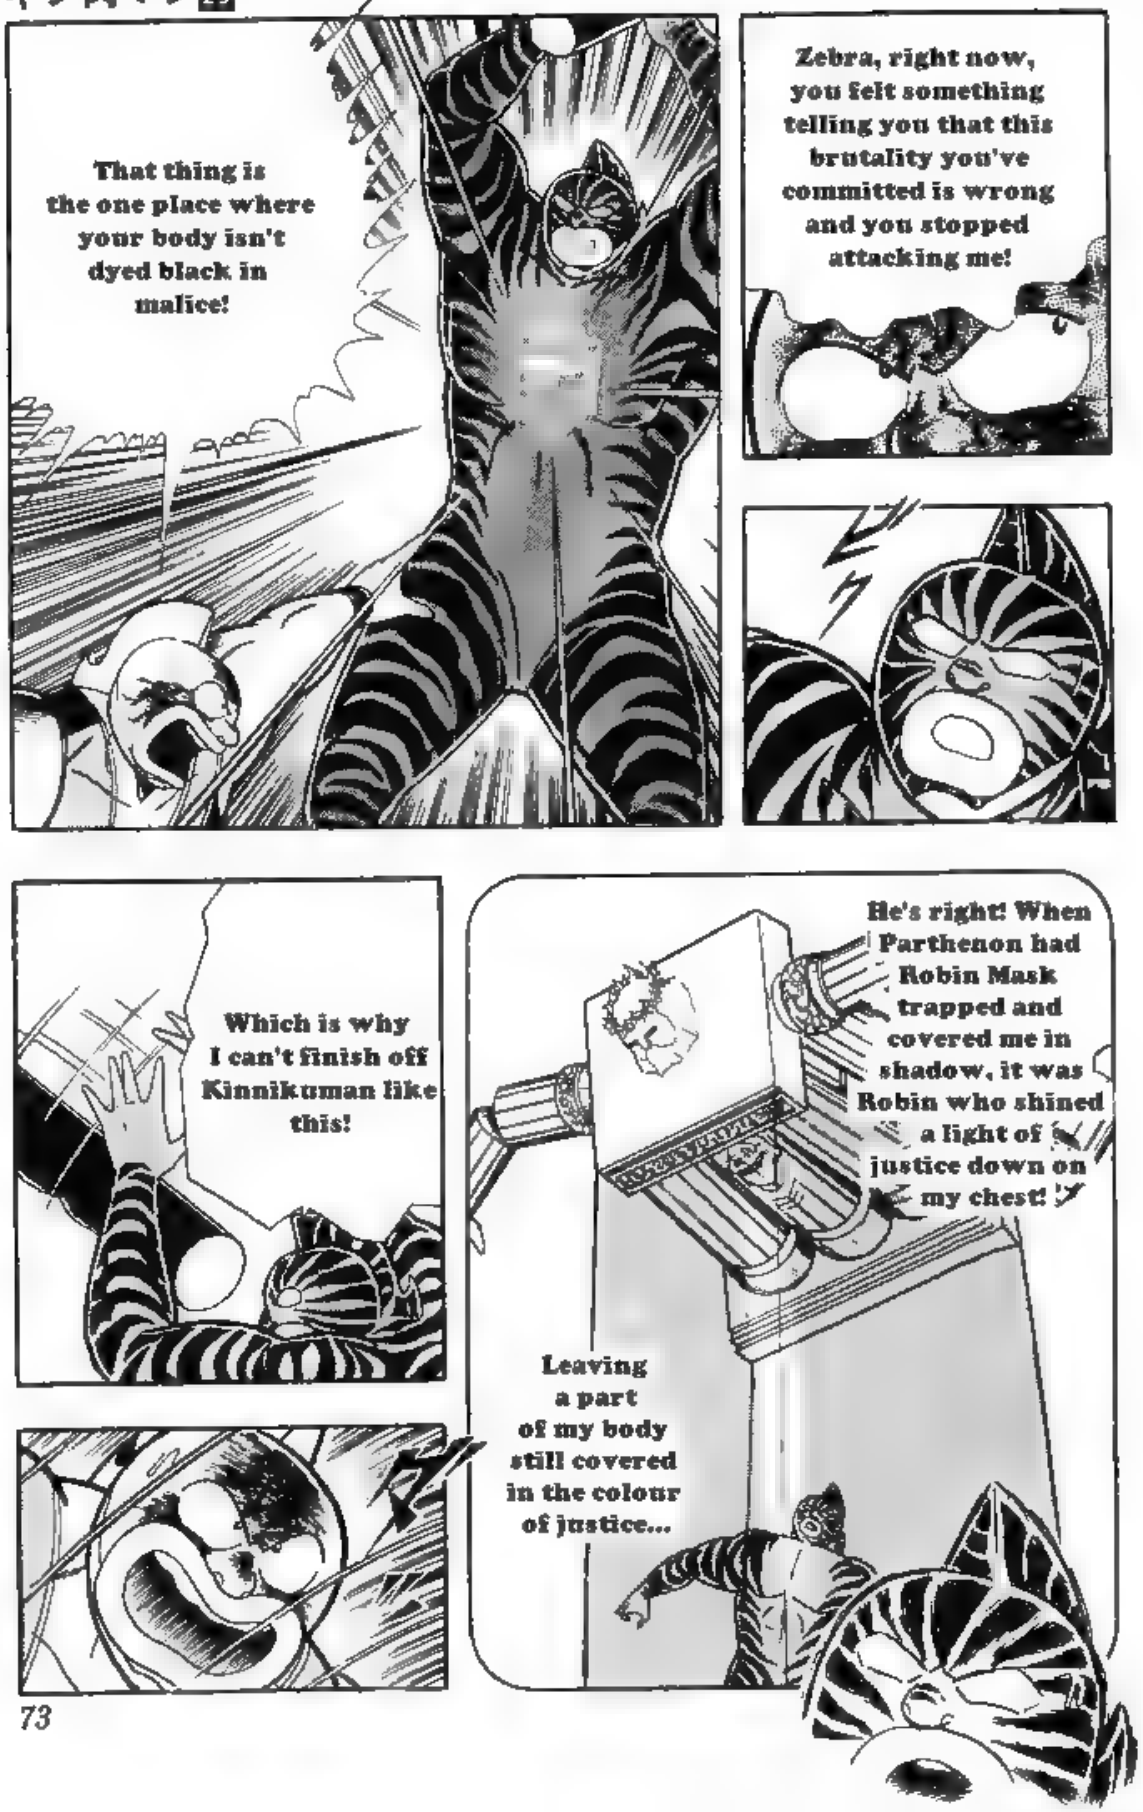
And that's...



FRIENDSHIP POWER!
Kinnikuman's been flung head-first at Zebra like a missile!

But Kinnikuman's the one who got knocked down!
Aah!
It's just like wearing steel armour all over me!
Oh yeah, Parthenon's shadows toughen my body as well as bring out my brutal side.
Aah! Zebra's grabbed one of the iron corner posts! Is he really going to use it!?
Heh heh, it looks like Lady Luck is still on my side...

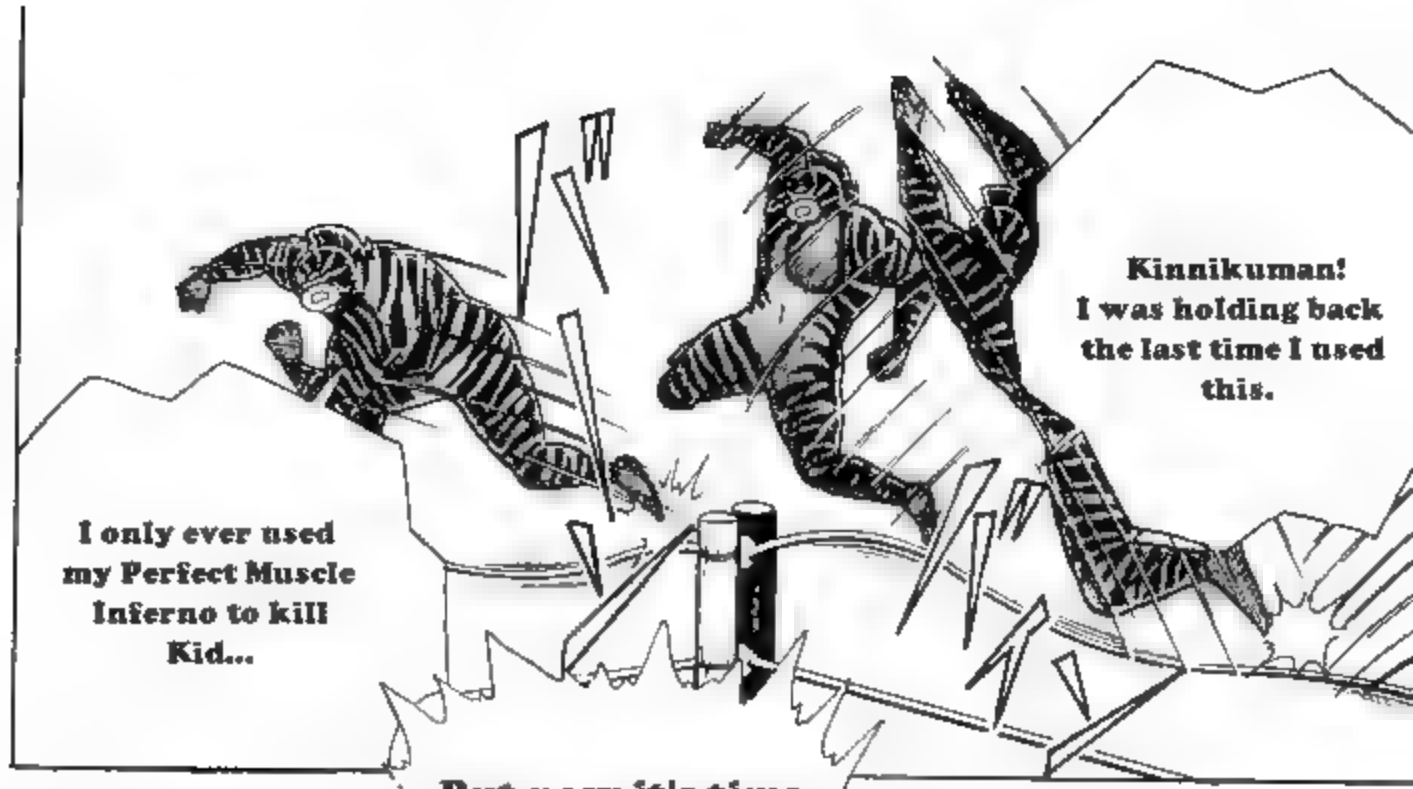
Guoh!
GYAHAHAHAHA!
I'm going to win!
The power of hatred beats Friendship Power!
Kinnikuman!
He's using it to smash Kinnikuman to a bloody pulp!
Wh-What's going on!?
I should be used to seeing Choujin bloodied up, but seeing Kinnikuman like this made my hatred fade for a moment...
Zebra's stopped attacking!
Aah!
Time to finish this!



That thing is the one place where your body isn't dyed black in malice!
Zebra, right now, you felt something telling you that this brutality you've committed is wrong and you stopped attacking me!
Which is why I can't finish off Kinnikuman like this!
He's right! When Parthenon had Robin Mask trapped and covered me in shadow, it was Robin who shined a light of justice down on my chest!
Leaving a part of my body still covered in the colour of justice...

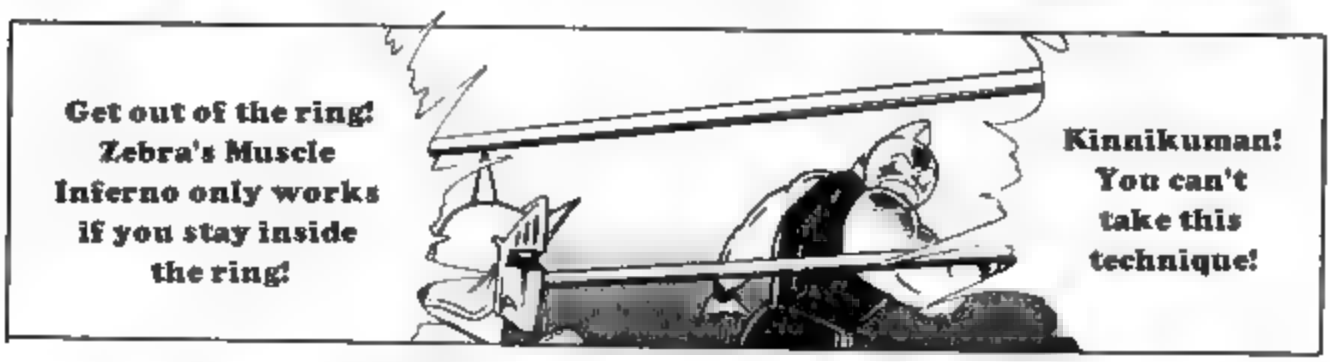
Friendship Power can never die!
Here's another serving!
Kinnikuman's Screw Kick has skwered Zebra's chest with his own iron post!
Zebra's skillfully avoided Kinnikuman's second kick!
No thanks!

Zebra's nimbly jumping around the ring while multiple illusions of him appear!
But how about I give you an encore of my Great Secret of the Kinniku Clan?
Zebra's going to finish Kinnikuman with the same move he used to kill his best friend for backdoor admission into the Choujin Association!
The one that nearly KO'd Kinnikuman...
Oh! That move!
T-The Muscle Inferno!

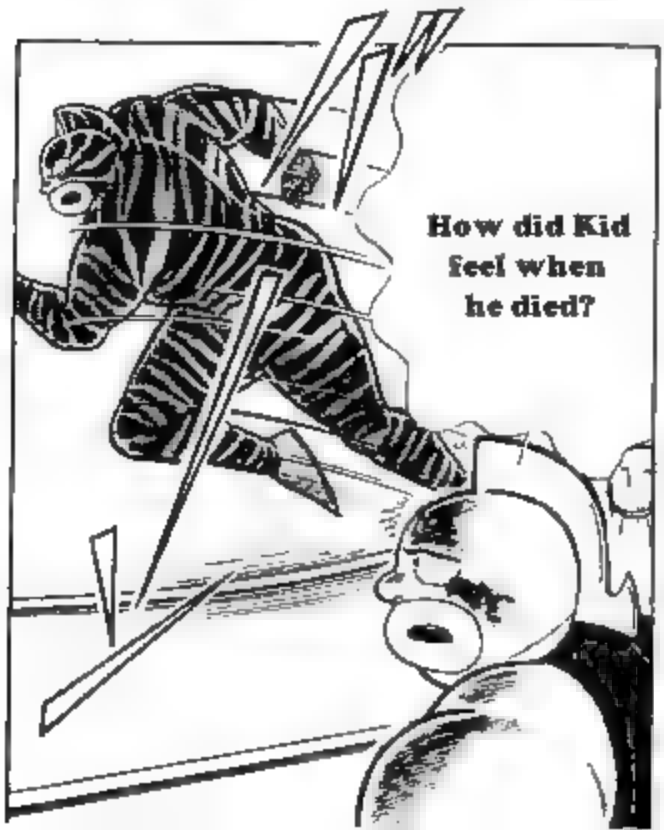


I only ever used my Perfect Muscle Inferno to kill Kid...
Kinnikuman! I was holding back the last time I used this.

But now it's time I bring it back! Back from killing Kid all those years ago!



Get out of the ring! Zebra's Muscle Inferno only works if you stay inside the ring!
Kinnikuman! You can't take this technique!

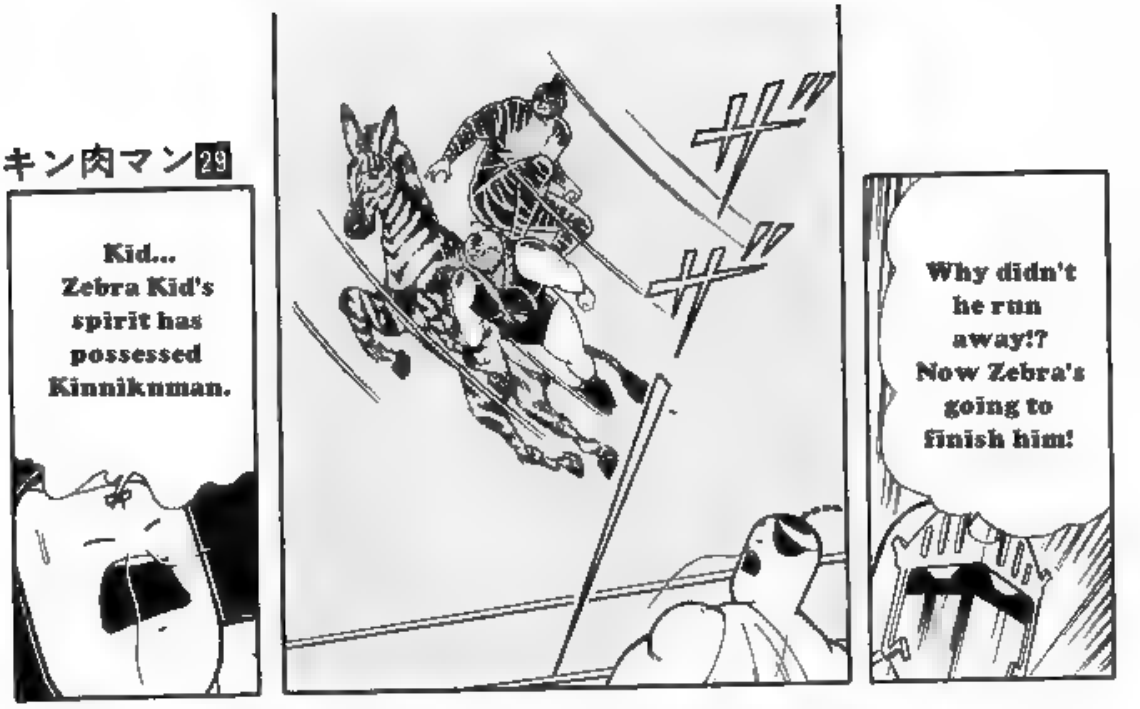


How did Kid feel when he died?

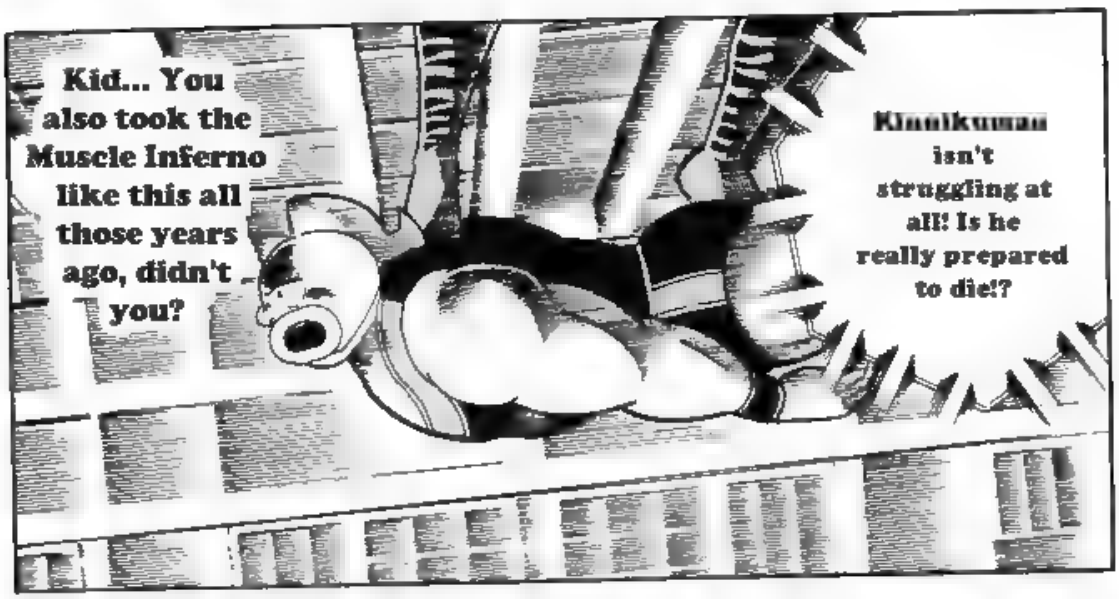
Huh? What are you talking about!?
I'd really like to run away, Robin, but even more than that, I want to help clear away Zebra Kid's grudge from being betrayed by his best friend so easily.

I'm sure he knew there were no hard feelings! I don't have anything to regret!
I feel like Kid's spirit is here, telling me otherwise...
Wha!?
That... It looks like Kid's standing right behind Kinnikuman!
But it's not going to work!
That's impossible! How could he be here when he's dead!? It must be some kind of trick!
All of the Zebra illusions are descending upon Kinnikuman!

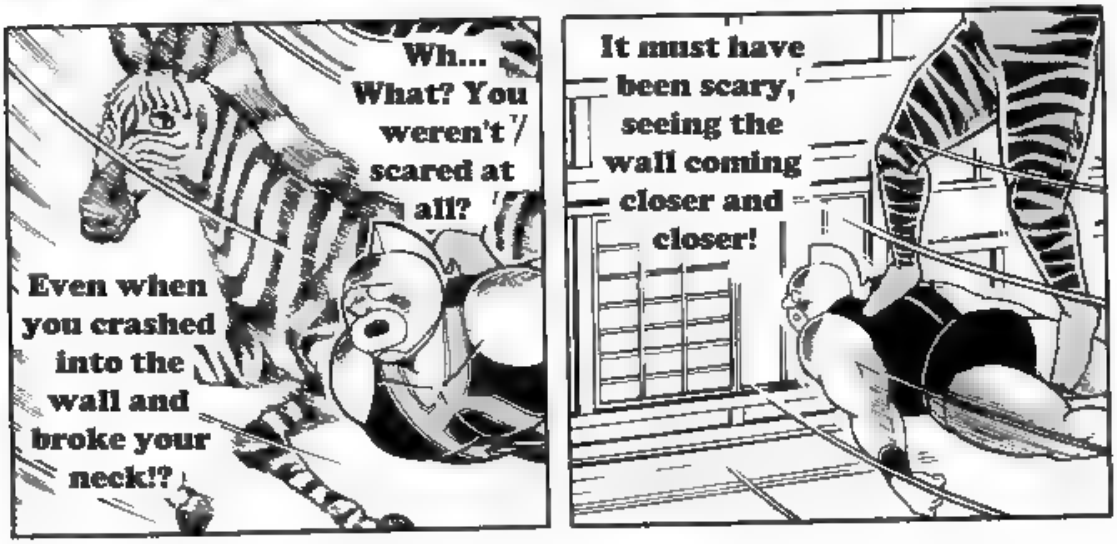
Osaka Castle
Run away, Suguru! Just run away!
MUSCLE INFERNO!
And the real Zebra has kicked Kinnikuman high up into the air!



Kid... Zebra Kid's spirit has possessed Kinnikuman.
Why didn't he run away!? Now Zebra's going to finish him!



Kid... You also took the Muscle Inferno like this all those years ago, didn't you?
Kinnikuman isn't struggling at all! Is he really prepared to die!?



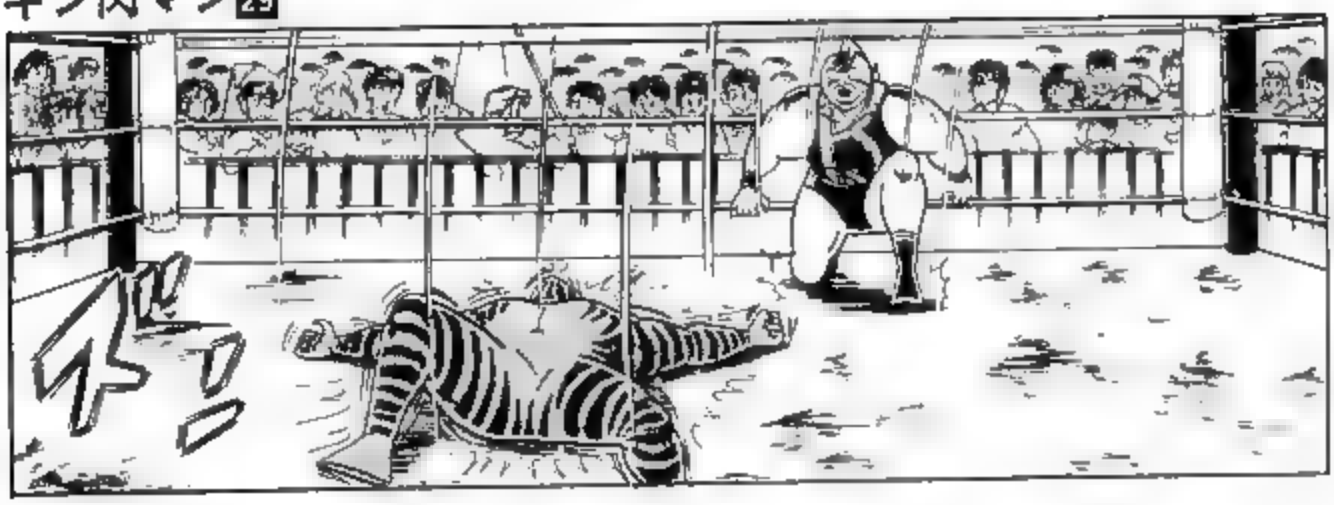
Wh... What? You weren't scared at all?
Even when you crashed into the wall and broke your neck!?
It must have been scary, seeing the wall coming closer and closer!

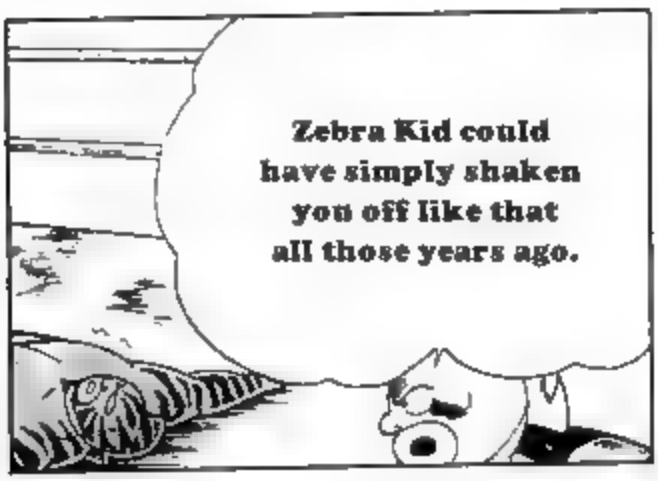
I feel like I'm riding Kid all those years ago instead of Kinnikuman...
Why do I feel like this happened before...?
But how!?
Kinnikuman's gonna crash! Isn't he going to do anything!?
That doesn't matter now! I'll defeat Kinnikuman all the same and advance to the finals!
Uwah!
RODEO SKIP!

NOW!
Zebra's technique has been stopped right before it could be finished!
He's shaken Zebra off him like a horse shaking off its rider when it's scared!
Kid's spirit must have made Kinnikuman shake him off like that!

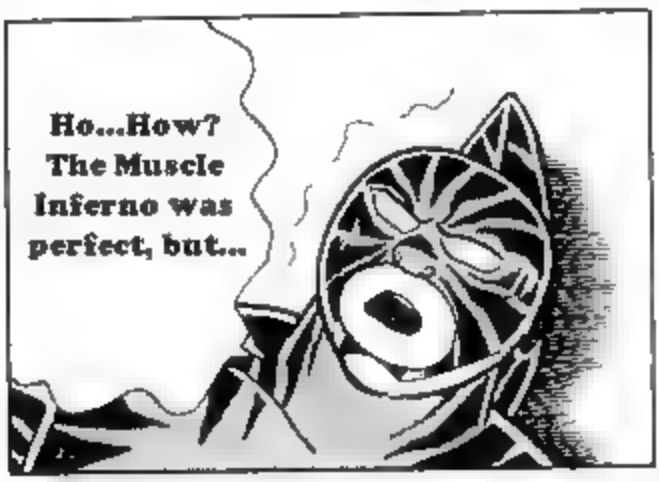
Kinnikuman Special Hold Number 3! INCOMPLETE MUSCLE SPARK!
This match is over.

Blurgh!



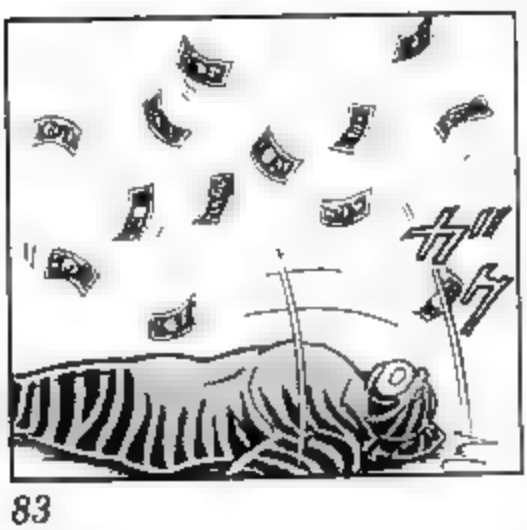


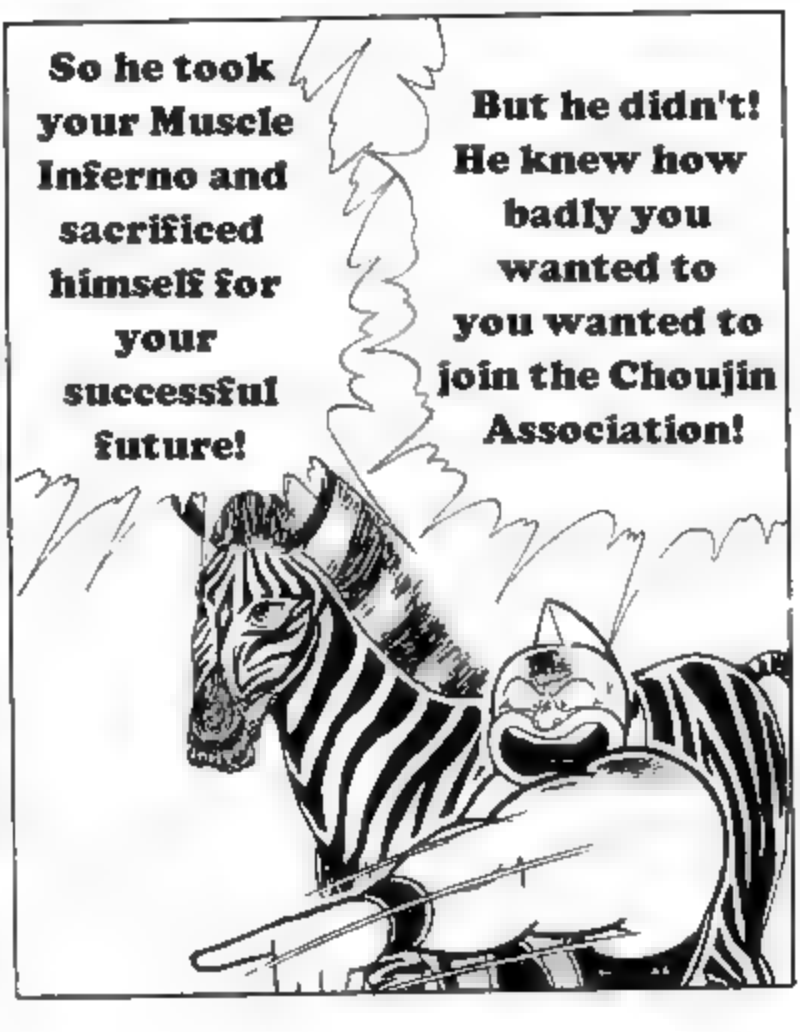
Zebra Kid could have simply shaken you off like that all those years ago.



Ho...How? The Muscle Inferno was perfect, but...

How... could I have not known the feelings of my greatest friend... Forgive me, Kid...





So he took your Muscle Inferno and sacrificed himself for your successful future!
But he didn't! He knew how badly you wanted to you wanted to join the Choujin Association!

Zebra! What your friend Kid did, is what we call Friendship...
And now this grand battle of justice against hatred has finally concluded with Team Kinnikuman victorious!

Kinnikuman!
You have to stain the Snow White Cape now!

As a fellow masked Choujin, I feel wrong doing this...

Oh right! If I don't get the blood of all the Throne Candidates on this cape, The Choujin Gods won't recognize me as the legitimate prince.

Sorry, Zebra.
ﾌﾟﾘ
Kinnikuman's cape now has the blood of both Mariposa and Zebra dyed on it!
That's one more!
Now who will I be fighting in Osaka Castle... Super Phoenix Or Soldier?

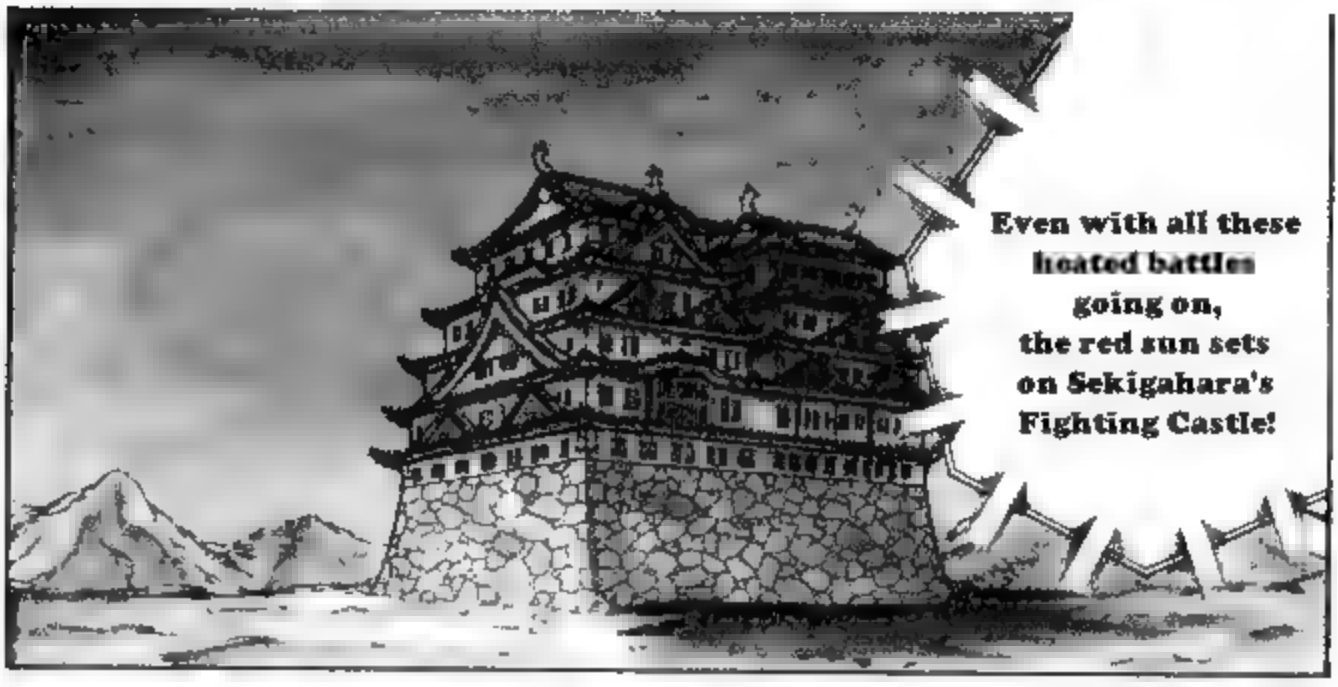
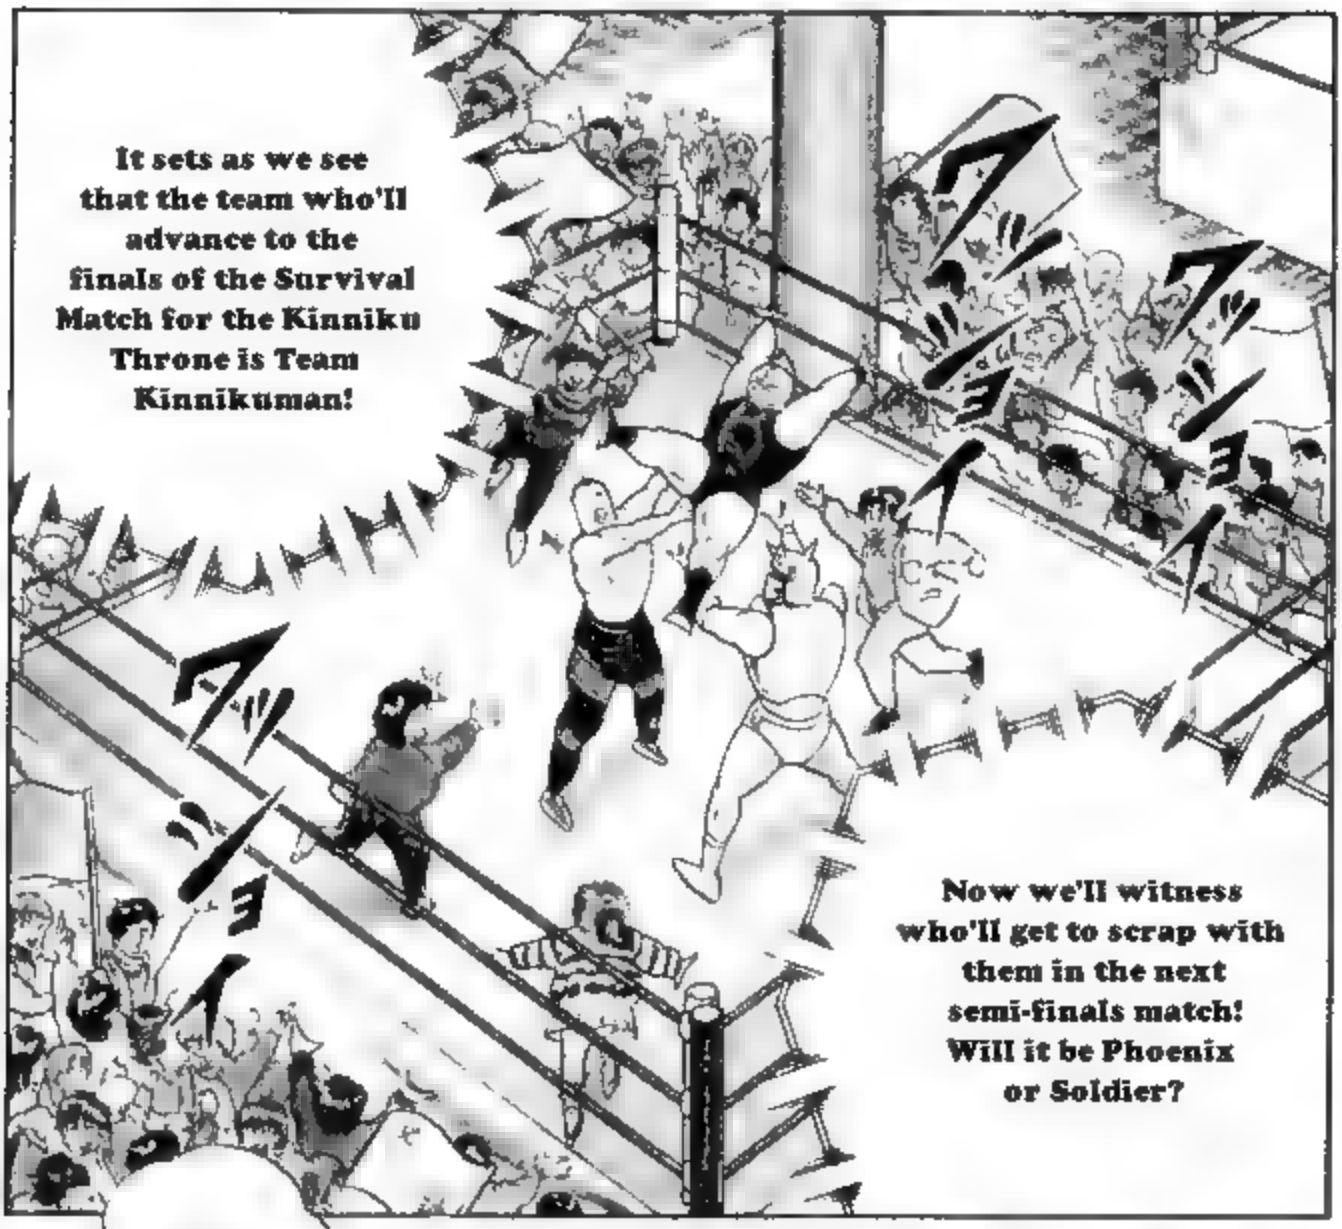
SPECIAL VTR XL (XXXX)
KINNIKUMAN VS. KINNIKUMAN ZEBRA

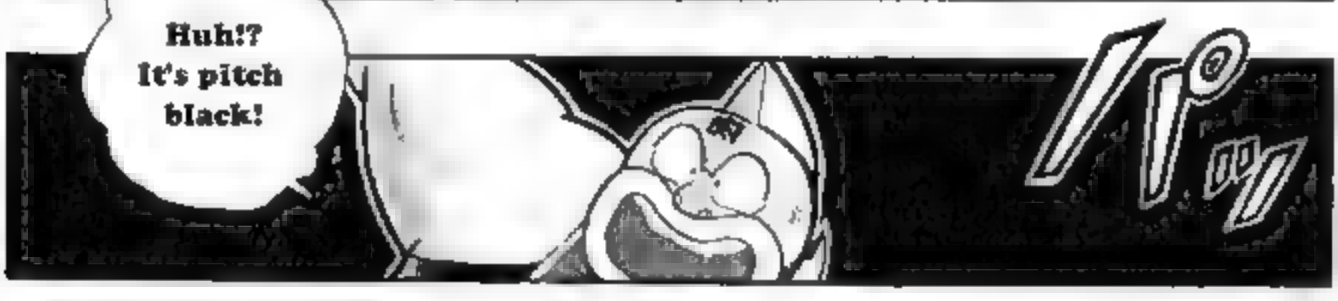
Clash! The Murderers' Ring!!



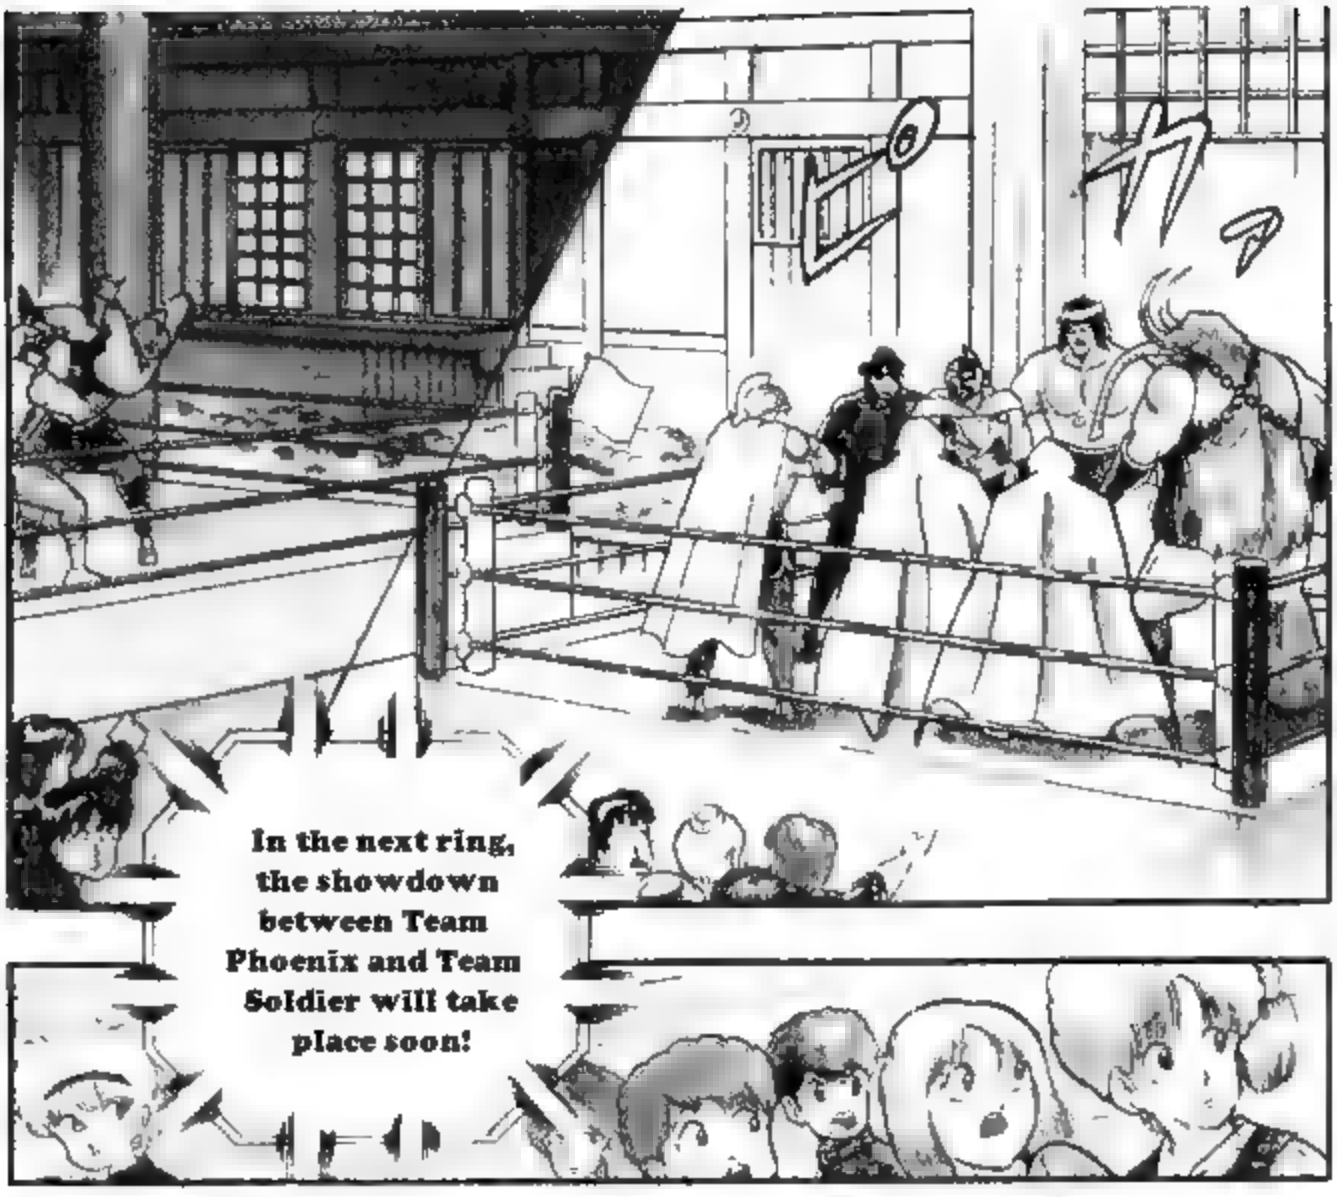
Even with all these heated battles going on, the red sun sets on Sekigahara's Fighting Castle!



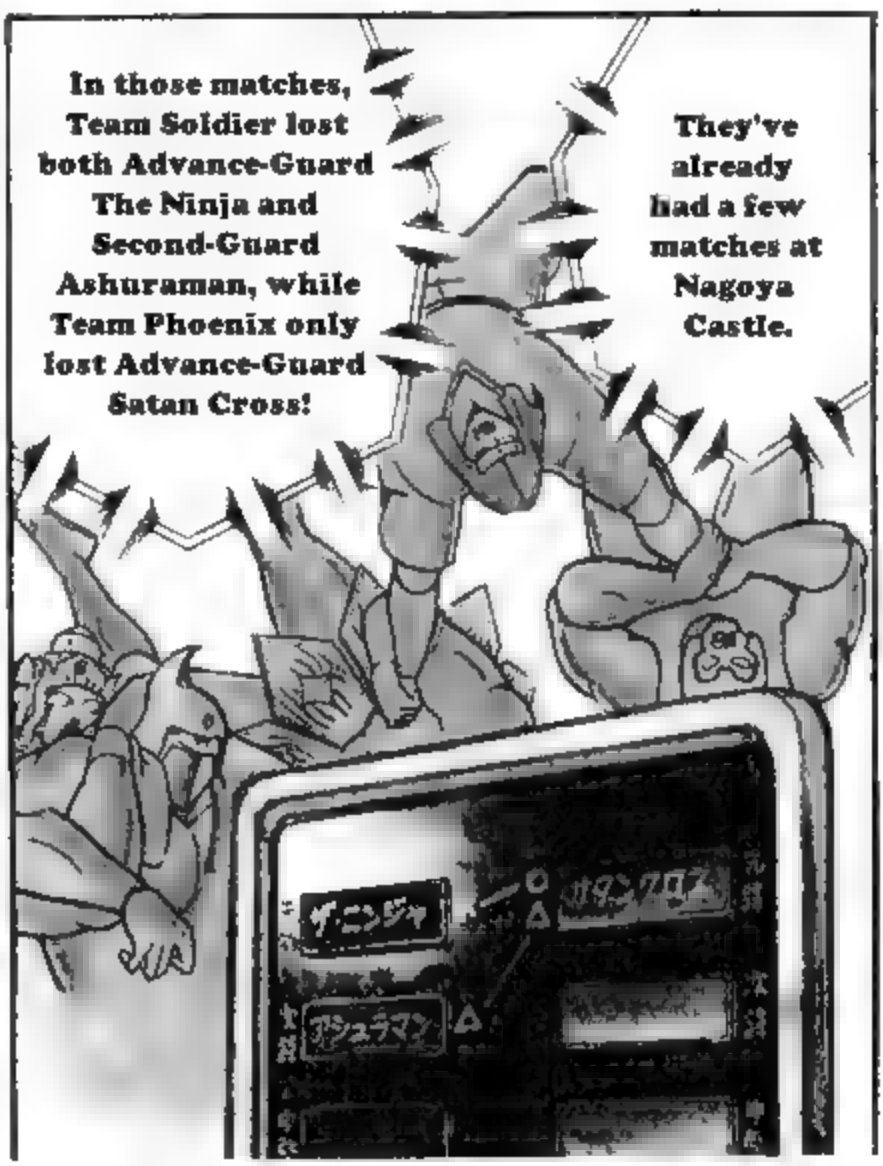
It sets as we see that the team who'll advance to the finals of the Survival Match for the Kinniku Throne is Team Kinnikuman!
Now we'll witness who'll get to scrap with them in the next semi-finals match! Will it be Phoenix or Soldier?



Huh!? It's pitch black!



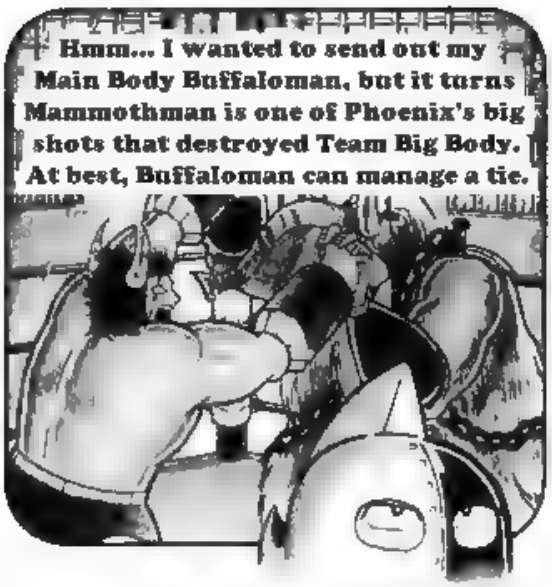
In the next ring, the showdown between Team Phoenix and Team Soldier will take place soon!



In those matches, Team Soldier lost both Advance-Guard The Ninja and Second-Guard Ashuraman, while Team Phoenix only lost Advance-Guard Satan Cross!
They've already had a few matches at Nagoya Castle.

From the look of things, Team Phoenix have an advantage...

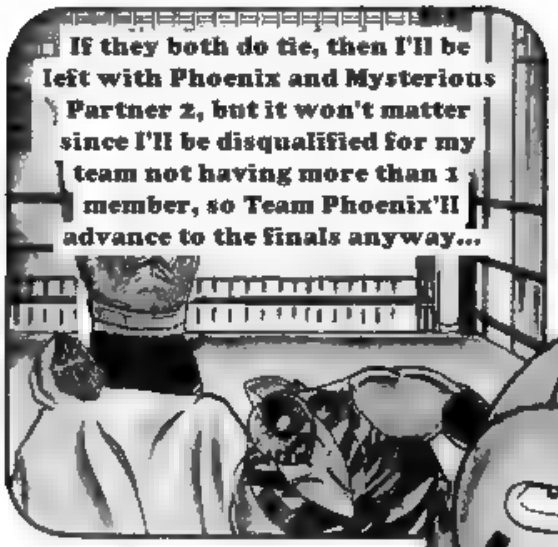
Who will fight in the next match between these teams?



Hmm... I wanted to send out my Main Body Buffaloman, but it turns Mammothman is one of Phoenix's big shots that destroyed Team Big Body. At best, Buffaloman can manage a tie.

Team Phoenix shall send out Second Guard Mammothman. Who will you send out?

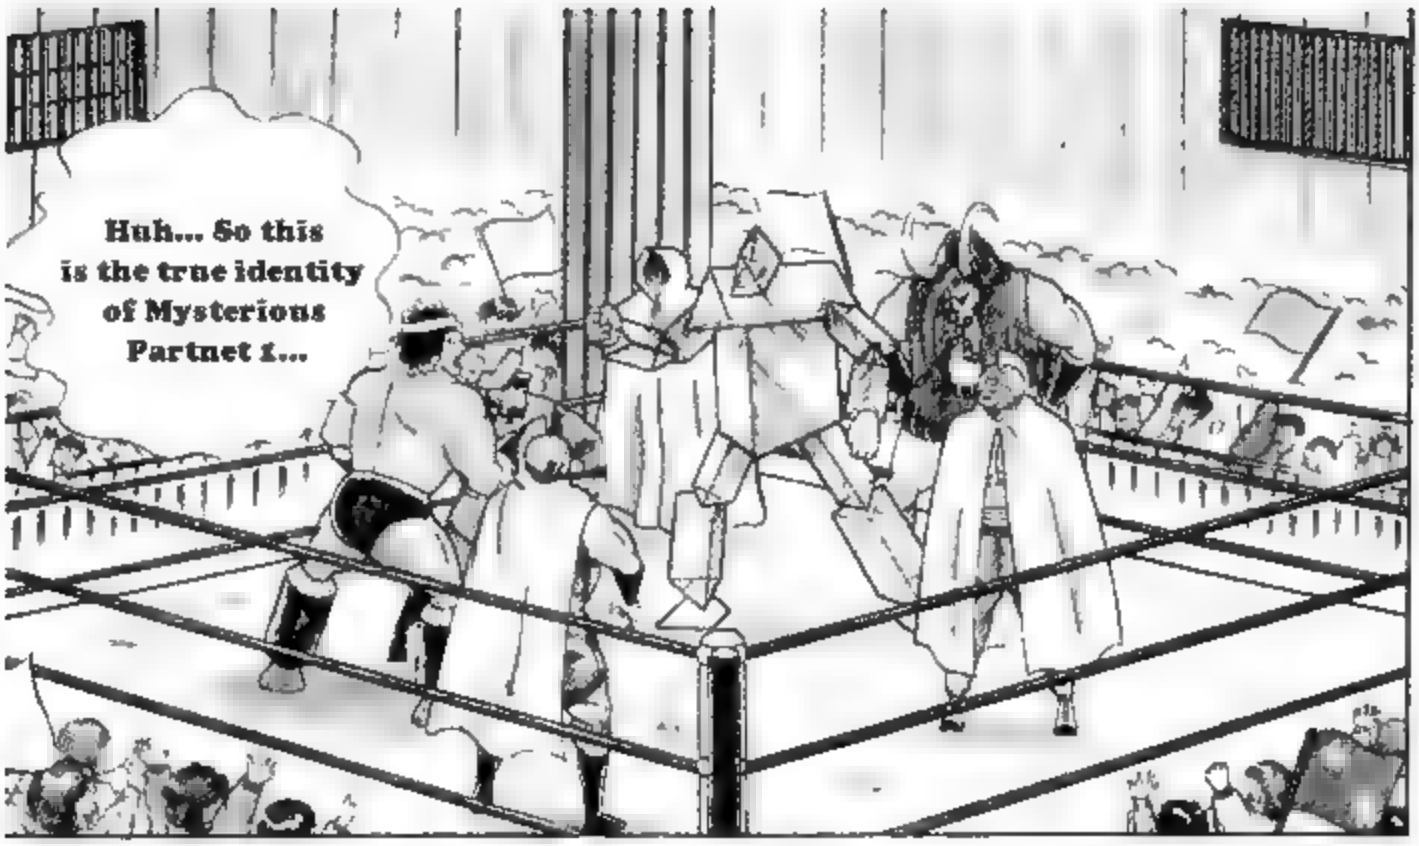
Brocken Jr will have to fight Mysterious Partner 1, But...



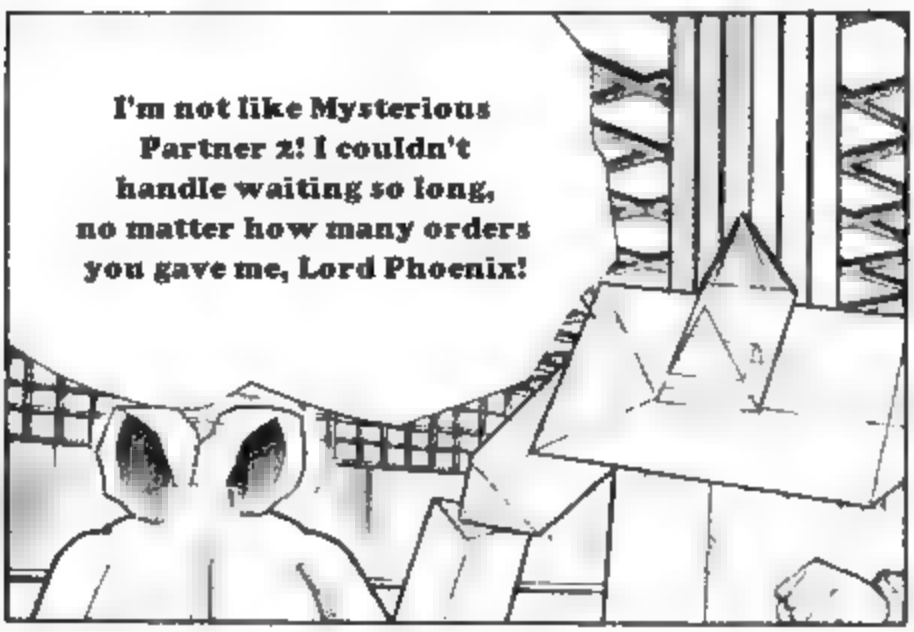
If they both do tie, then I'll be left with Phoenix and Mysterious Partner 2, but it won't matter since I'll be disqualified for my team not having more than 1 member, so Team Phoenix'll advance to the finals anyway...

We know absolutely nothing about this wrestler. Phoenix's been keeping him secret for a reason. If he's as strong as Mammothman, then Brocken Jr will probably manage a tie as well...

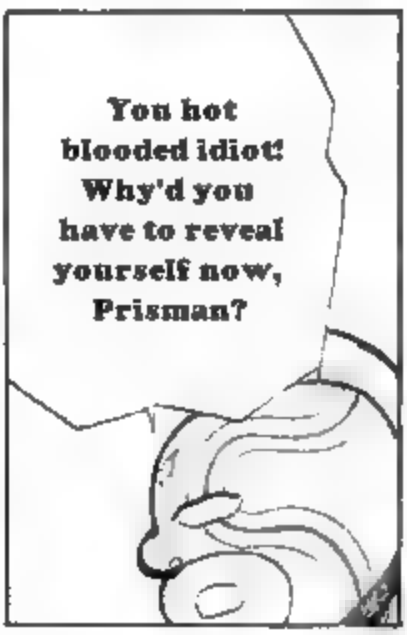
NO! Don't reveal yourself yet, Mysterious Partner 1!
Decide, Soldier! Who's going to fight our Mammothman!?
Oooh! Mysterious Partner 1 of Super Phoenix turns out to be a Choujin with a body made entirely of glass!



Huh... So this is the true identity of Mysterious Partnet 1...



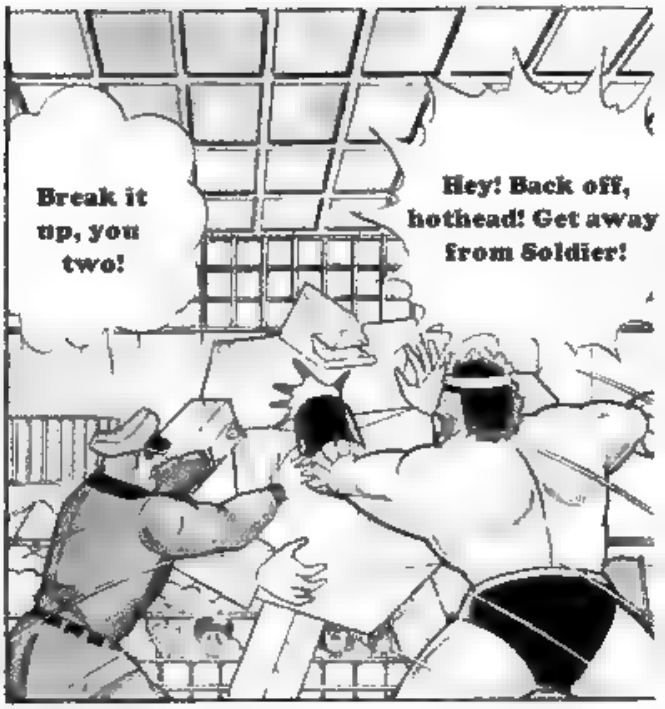
I'm not like Mysterious Partner 2! I couldn't handle waiting so long, no matter how many orders you gave me, Lord Phoenix!



You hot blooded idiot! Why'd you have to reveal yourself now, Prisman?

So come on then! Decide who's gonna fight Mammothman RIGHT NOW!

Phoenix, with the way things are now, if we fight one on one matches throughout the semi-finals, all the matches will be ties.



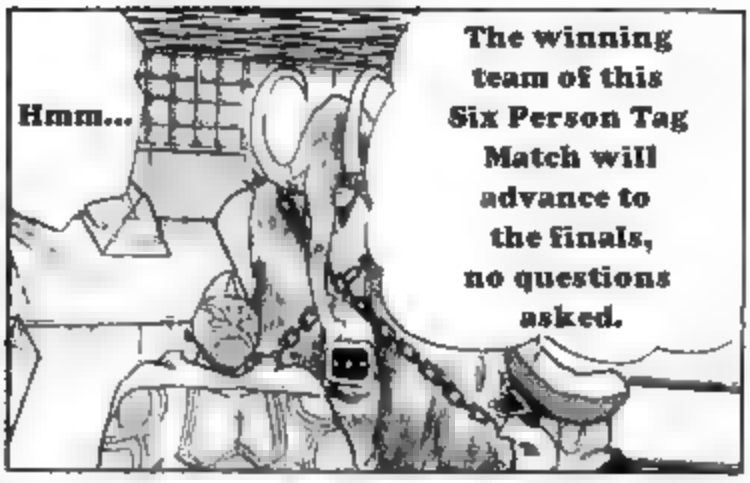
Break it up, you two!
Hey! Back off, hothead! Get away from Soldier!

So I propose a faster and fairer method.
When that happens, you'll advance by virtue of having more than 1 member.

3 members of Team Soldier will fight 3 members of Team Phoenix.

3-six person tag...
Do you accept the Six Person Tag Match!?

Brocken... You saw that I wanted to suggest a Six Person Tag Match but even as the leader, I was too timid to say it.
You spoke in my place and now we have a chance to win... I'm lucky to have a guy like you on my team!



Hmm...
The winning team of this Six Person Tag Match will advance to the finals, no questions asked.

We've decided!

Team Phoenix accepts Team Soldier's Six Person Tag Match suggestion.

Sorry, Mysterious Partner X, but you'll need to leave the ring again.
Team Phoenix's representatives shall be myself, Mammothman and Prisman, since he already revealed himself.
I'm sure you'll be active in the finals, though.
The trios of both teams are all in the ring ready to duke it out!
We'll hold this match on our special ring!
We've accepted your terms on this semi-final match.

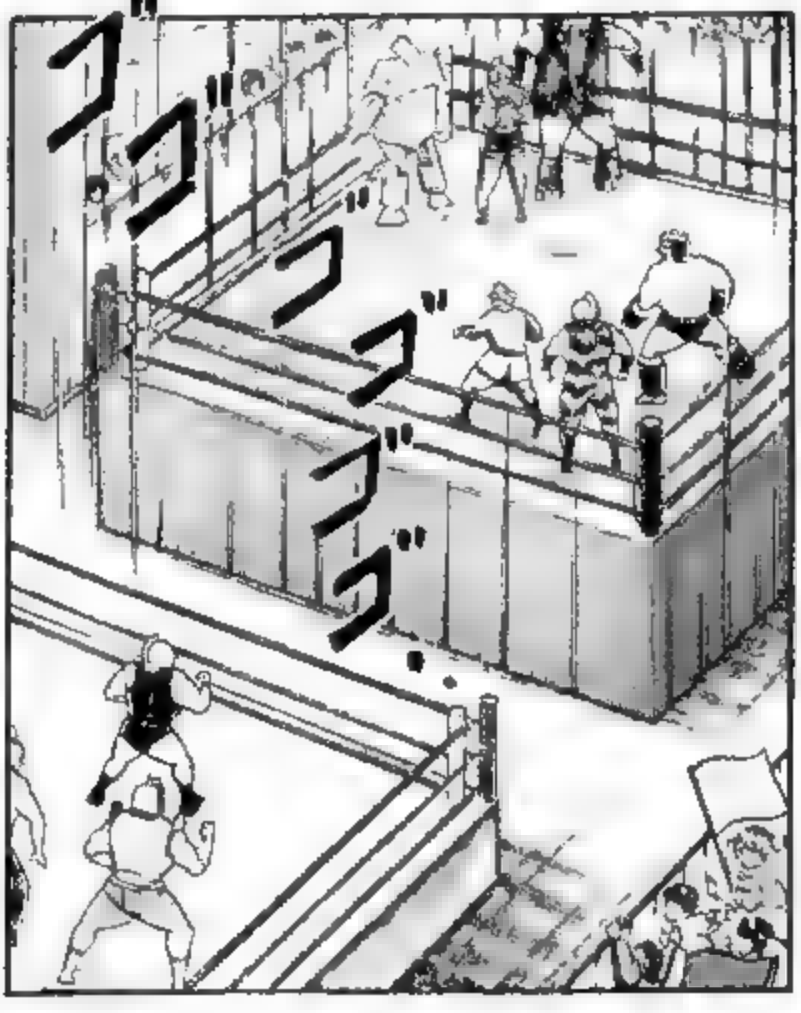
Wh..
What!?

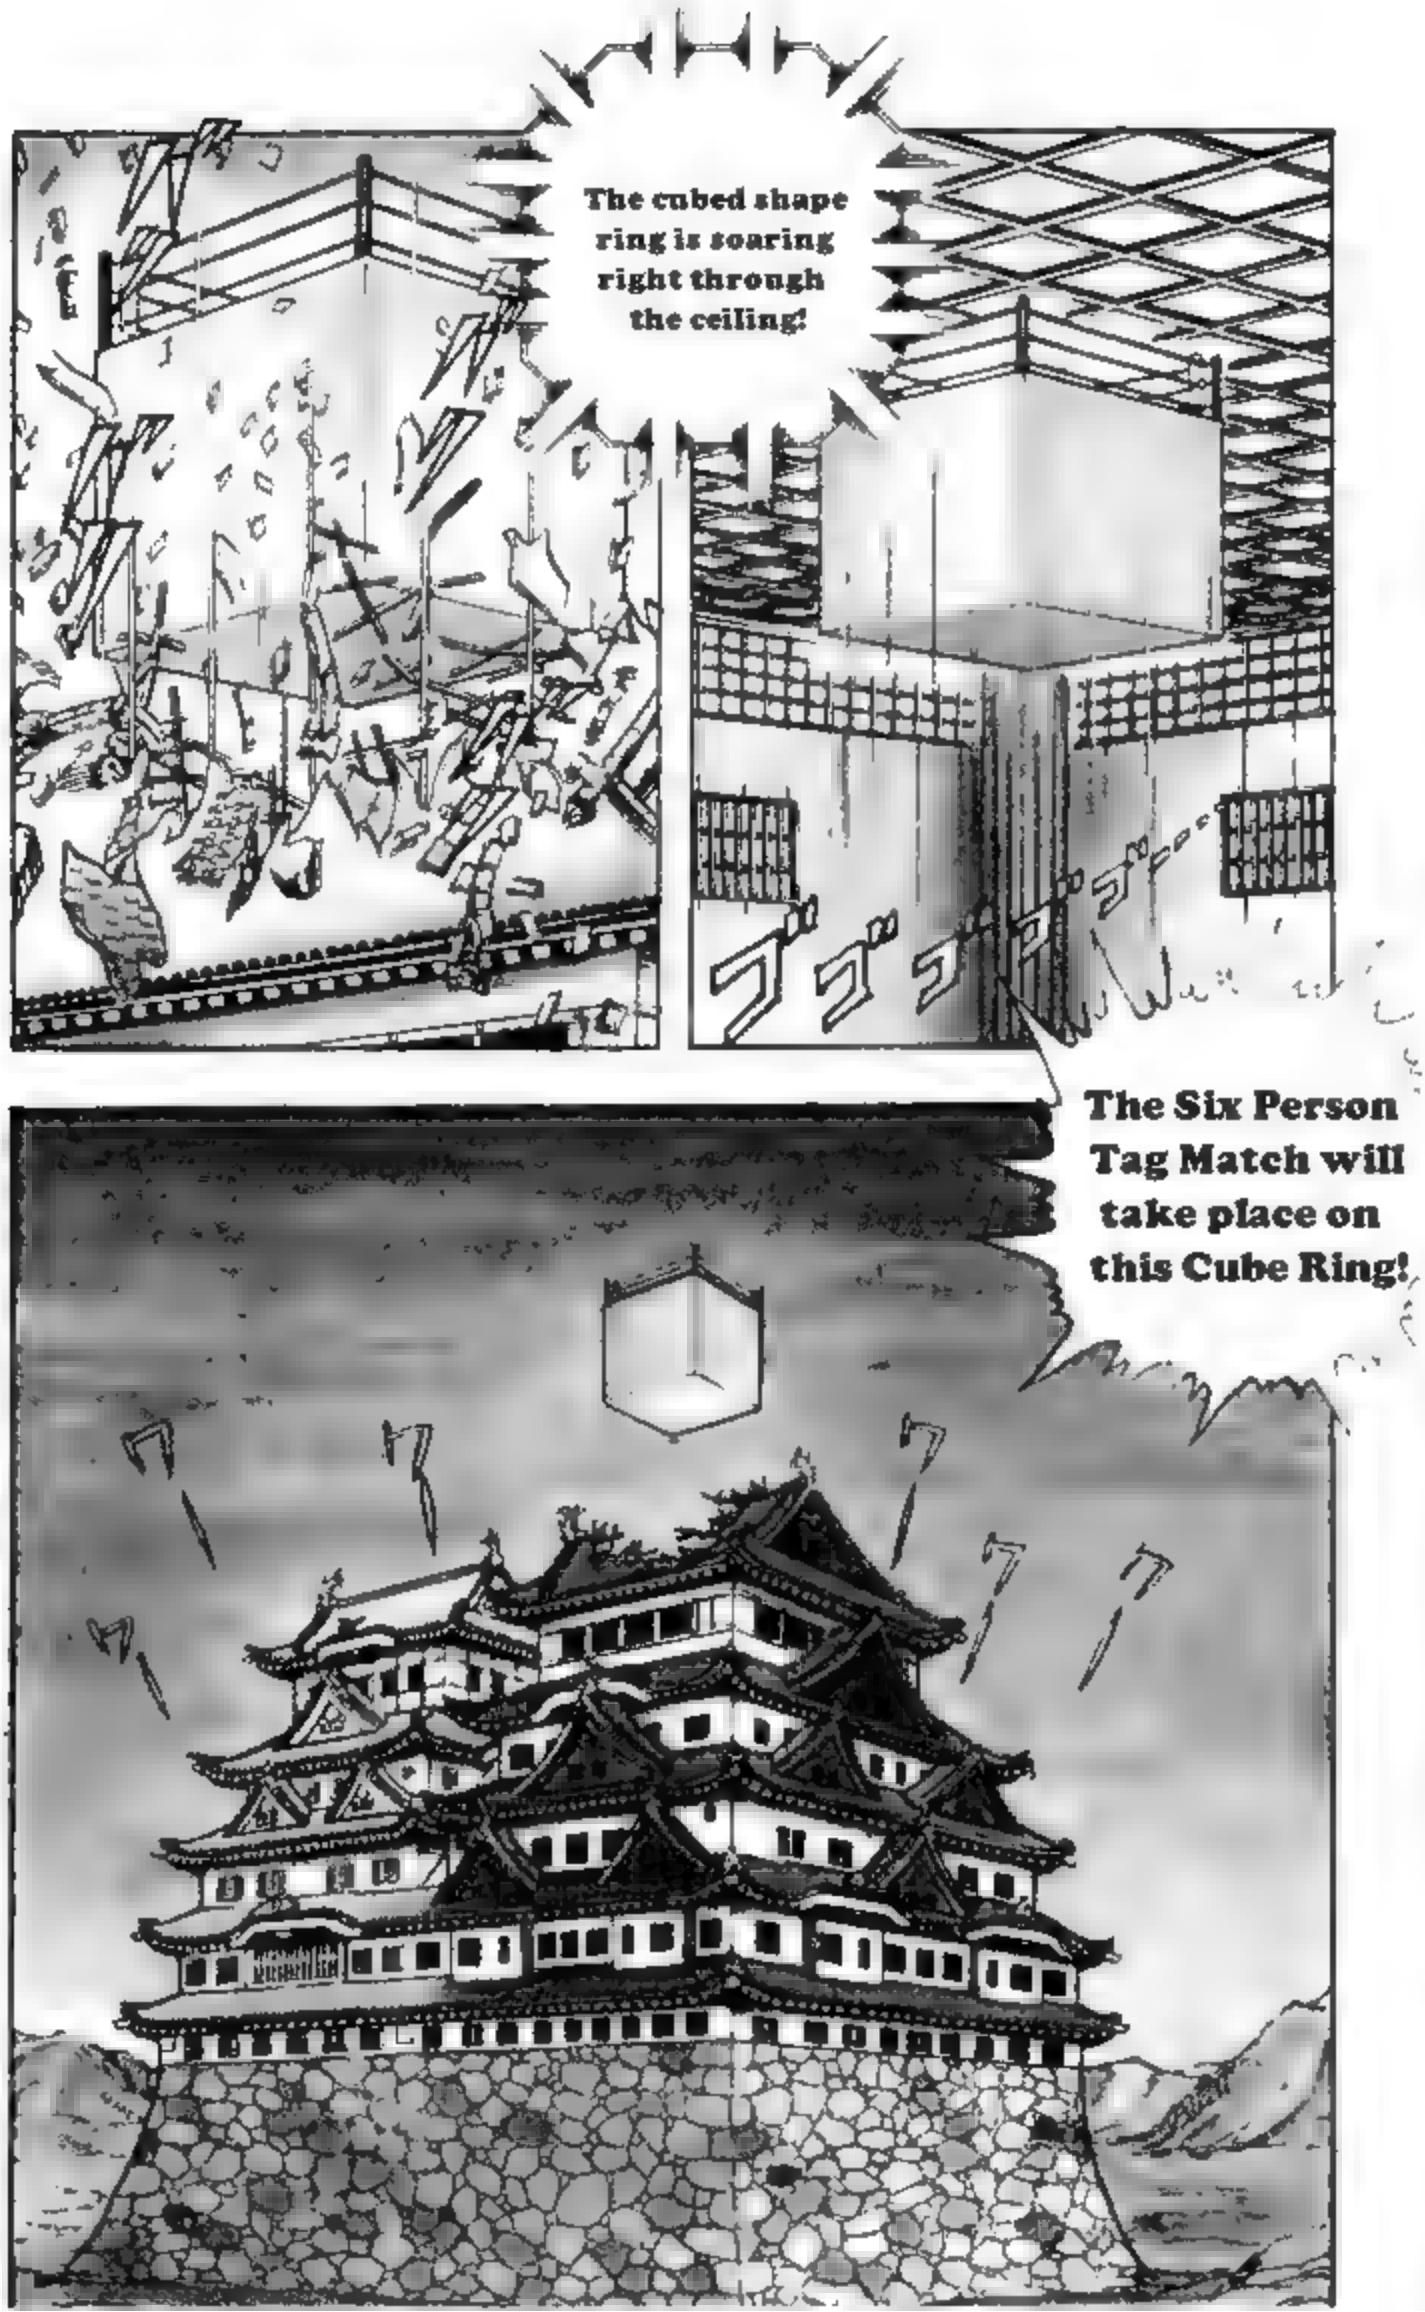
Mystrious
Partner,
the ring
please.

Right!

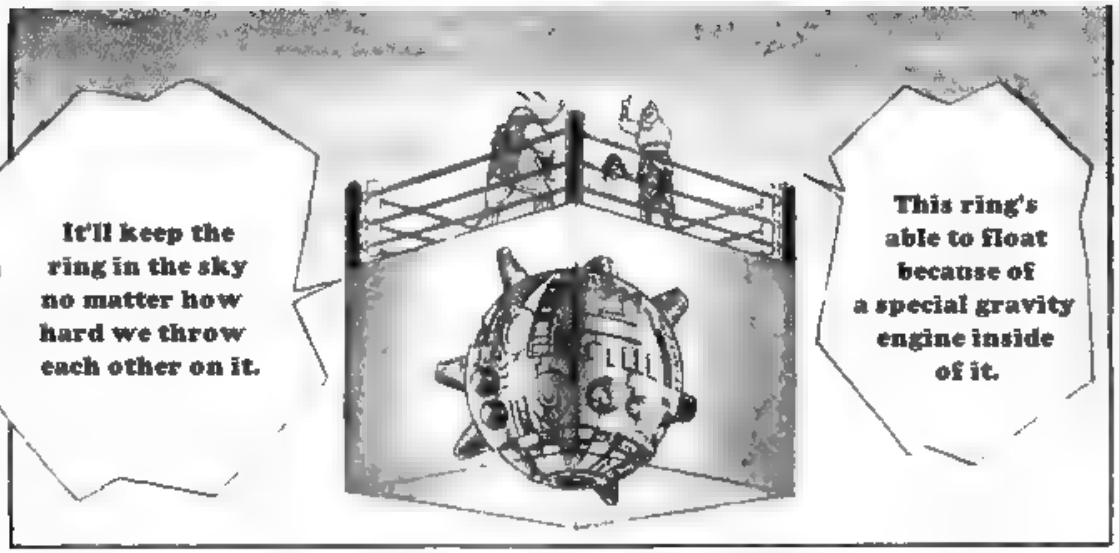
Owah!
The ring's
rising up!

What kind
of ring is
this!?



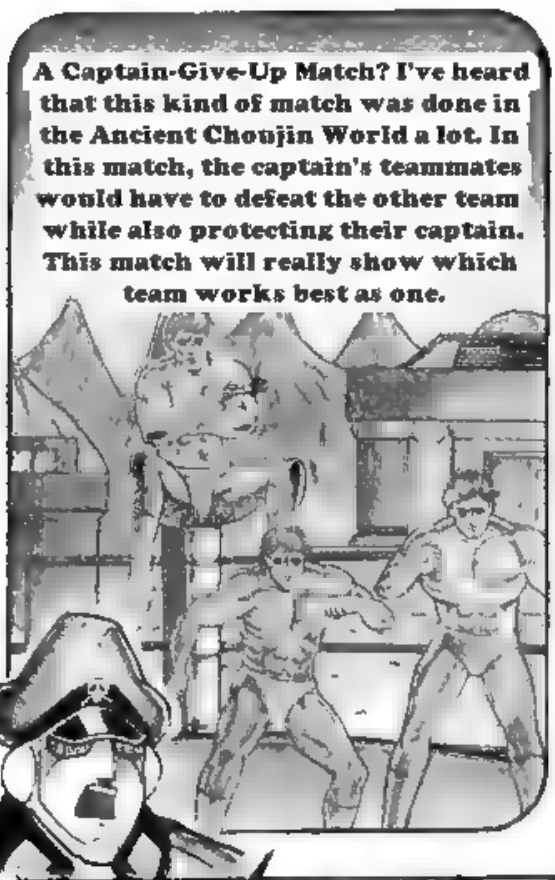


The cubed shape ring is soaring right through the ceiling!
ゴゴゴゴゴ
The Six Person Tag Match will take place on this Cube Ring!

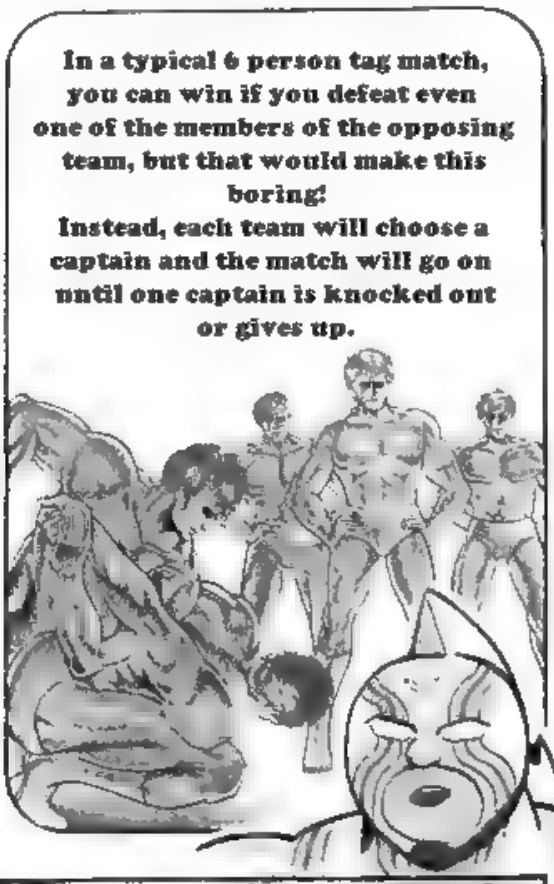


It'll keep the ring in the sky no matter how hard we throw each other on it.
This ring's able to float because of a special gravity engine inside of it.

With the ring decided, let's finalize the rules.

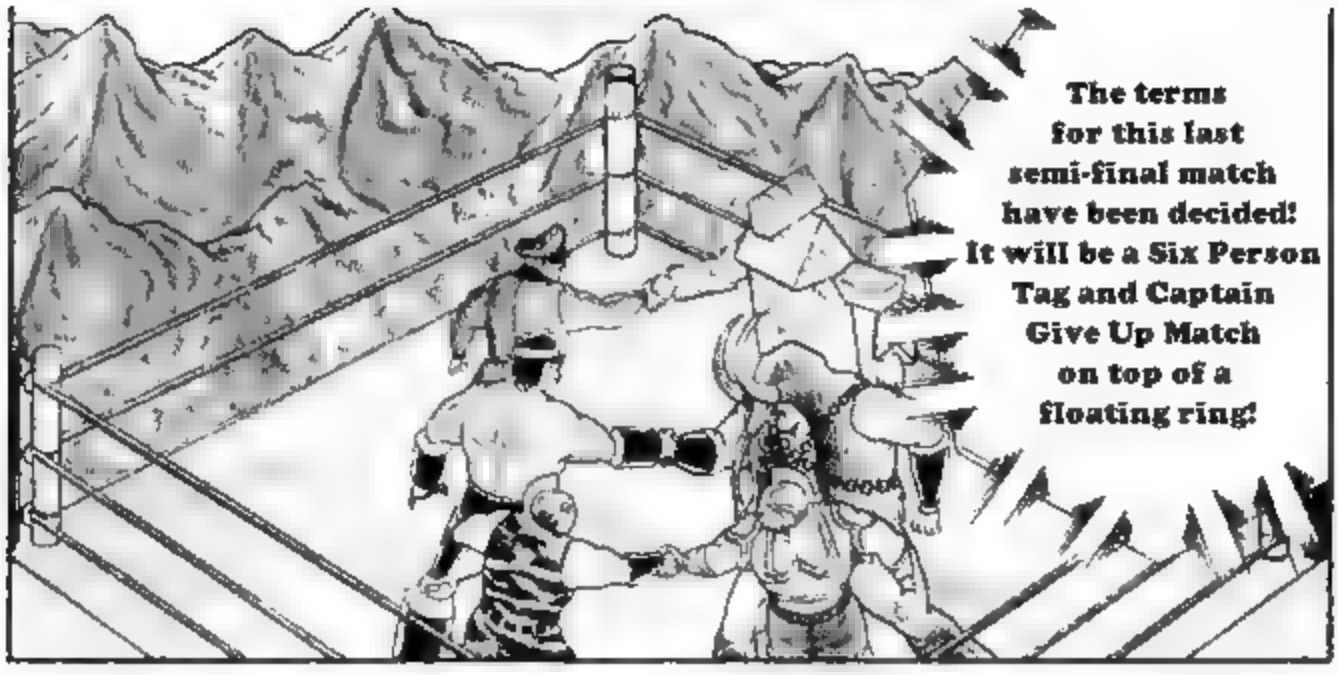


A Captain-Give-Up Match? I've heard that this kind of match was done in the Ancient Choujin World a lot. In this match, the captain's teammates would have to defeat the other team while also protecting their captain. This match will really show which team works best as one.



In a typical 6 person tag match, you can win if you defeat even one of the members of the opposing team, but that would make this boring!
Instead, each team will choose a captain and the match will go on until one captain is knocked out or gives up.

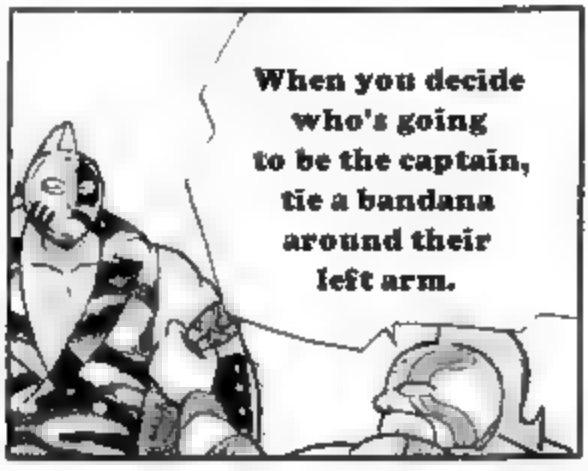
Alright, we accept your terms!



The terms for this last semi-final match have been decided! It will be a Six Person Tag and Captain Give Up Match on top of a floating ring!

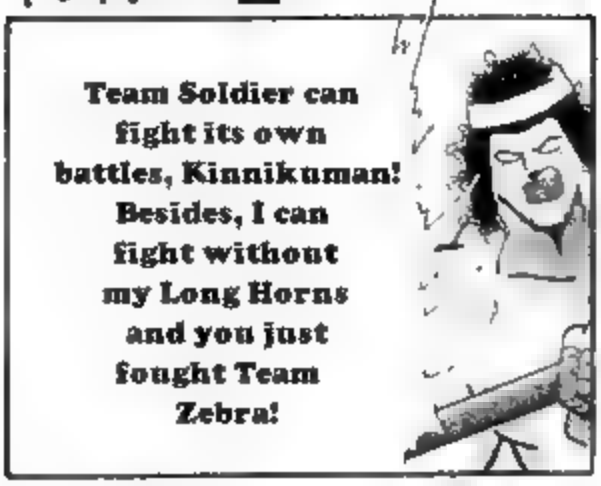
I will be the captain of my team.

When a captain gives up or is KOed, the victory will be granted if the bandana is removed.

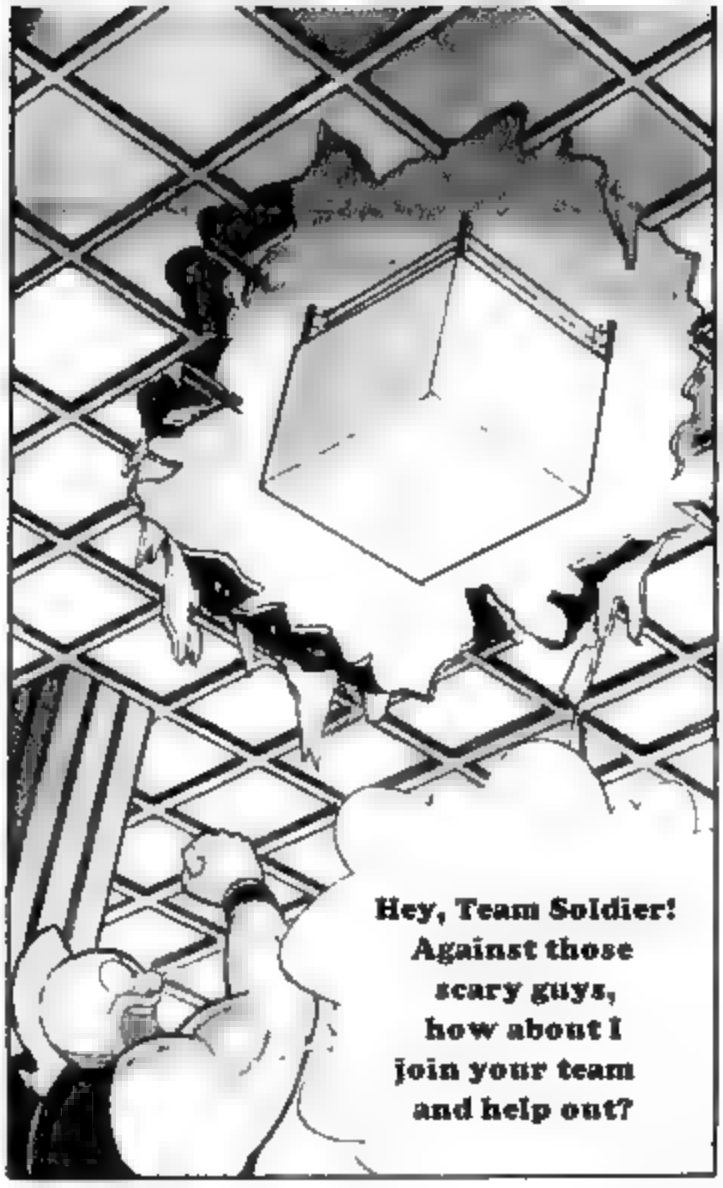


When you decide who's going to be the captain, tie a bandana around their left arm.

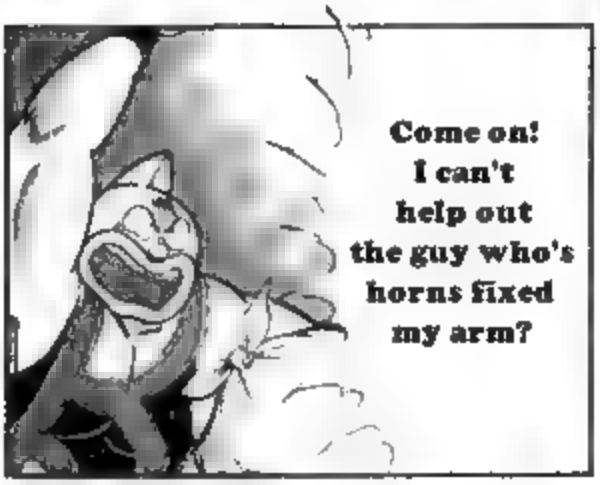
Both teams are going to their own corners! All that's left to do is wait for the bell!
Go ahead and pick yours! Good Luck! Heh heh...



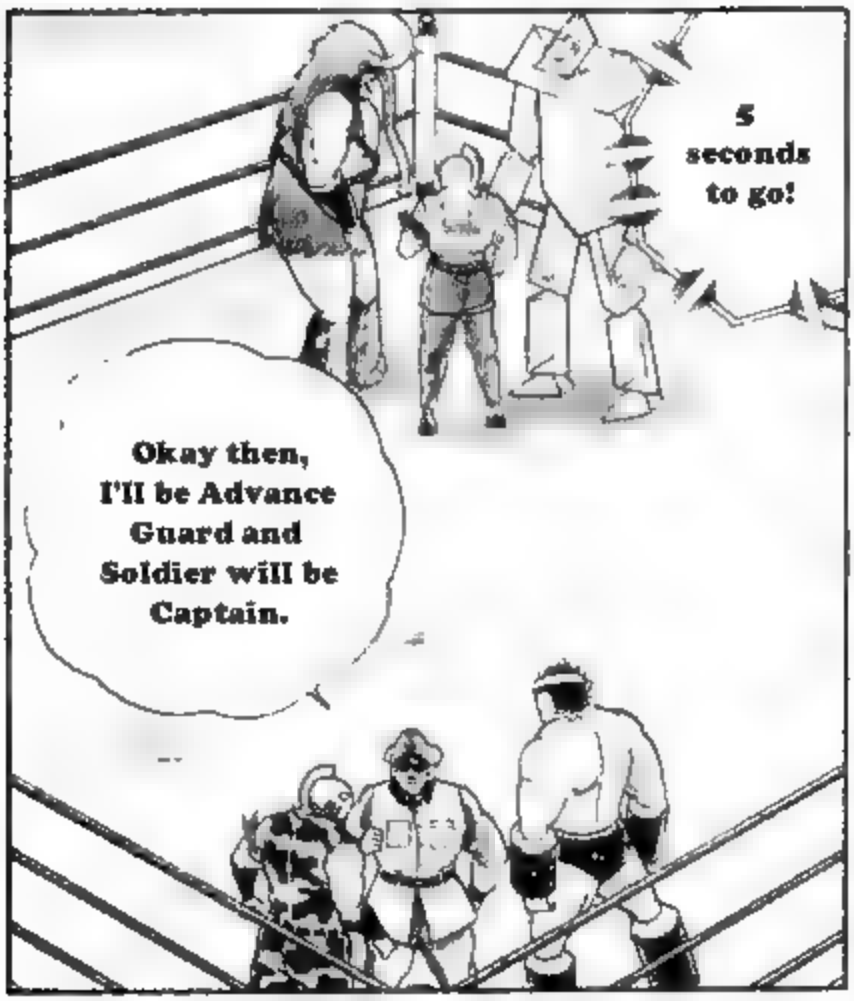
Team Soldier can fight its own battles, Kinnikuman! Besides, I can fight without my Long Horns and you just fought Team Zebra!



Hey, Team Soldier! Against those scary guys, how about I join your team and help out?



Come on! I can't help out the guy who's horns fixed my arm?



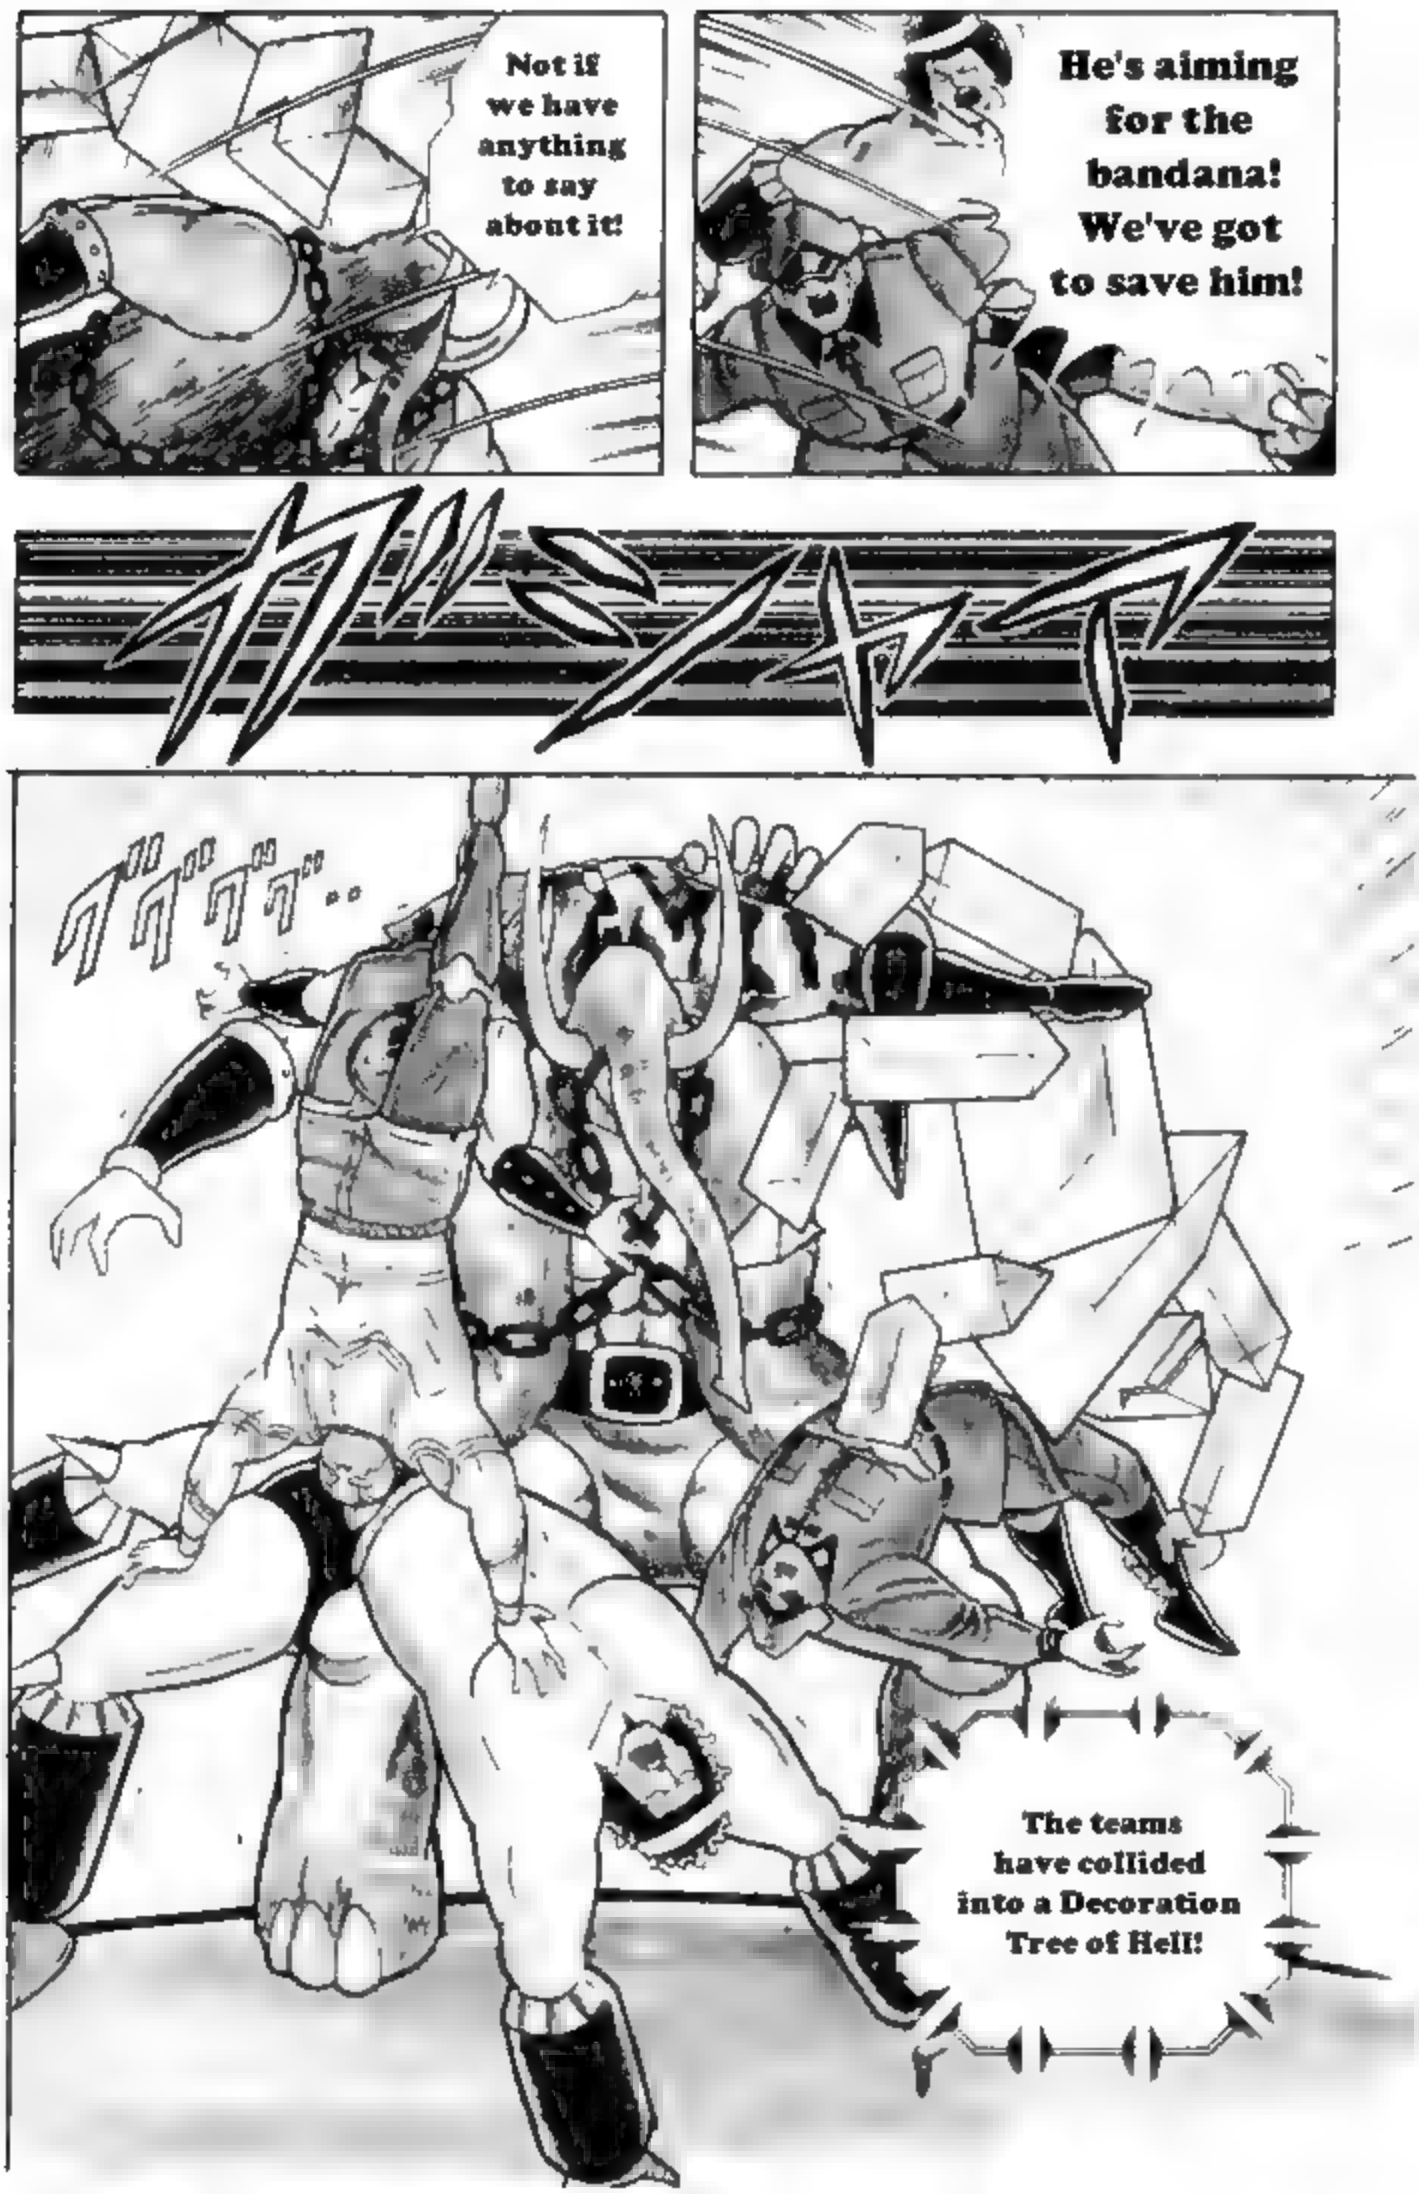
5 seconds to go!
Okay then, I'll be Advance Guard and Soldier will be Captain.

Hey, Kinnikuman. What's in that bag?

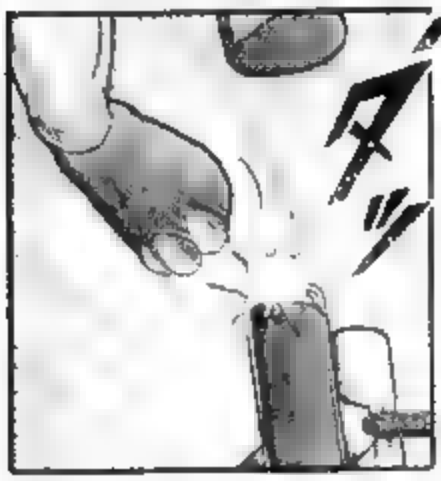
Just a nice surprise...

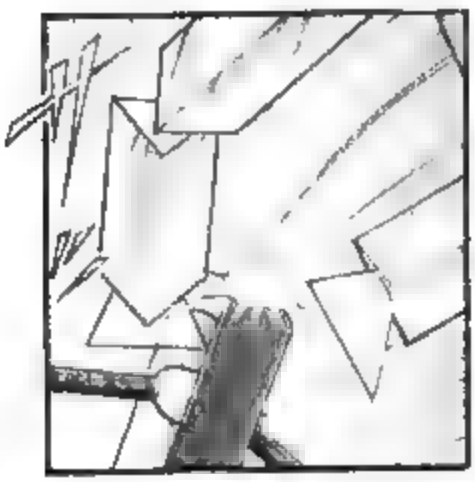
Soldier?
And now the bell has rung for this Captain Give Up Match between Team Soldier and Phoenix!
Both team captains come out charging at each other!

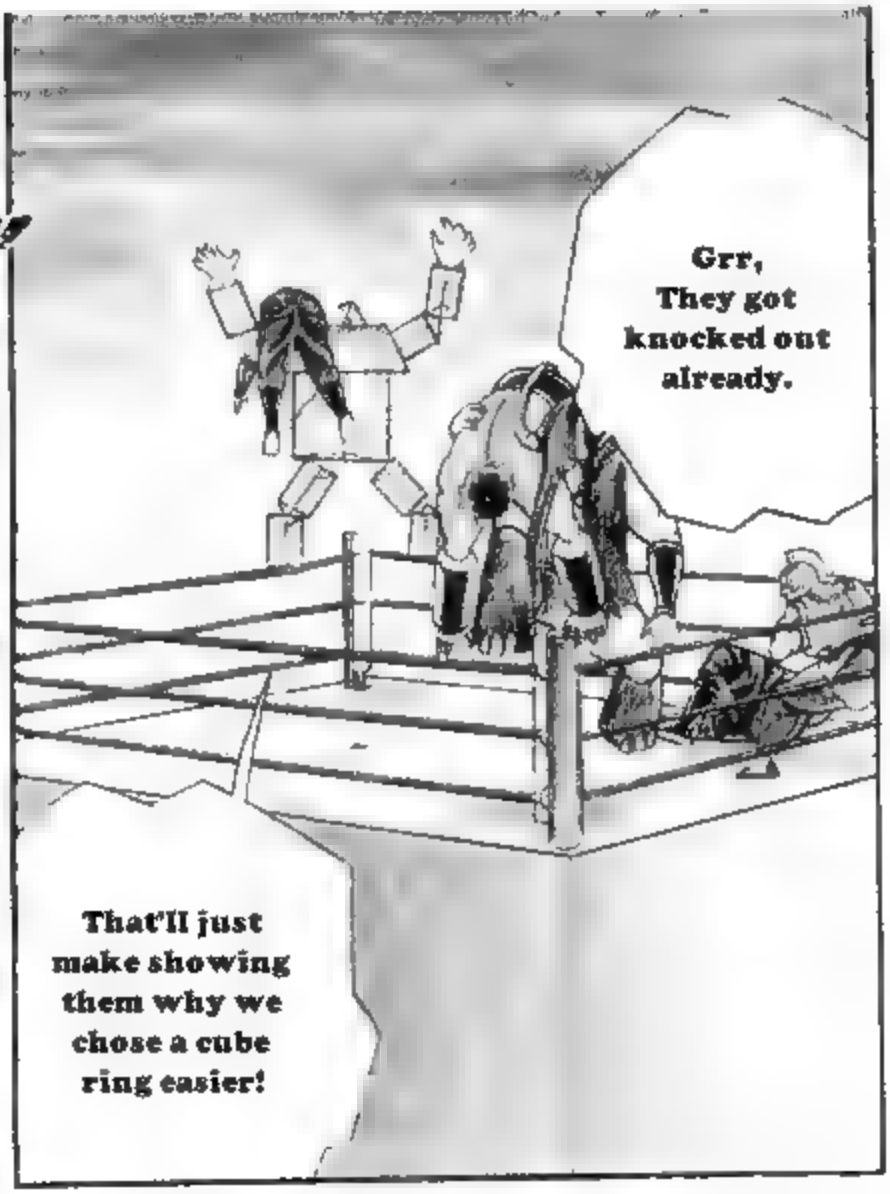
Soldier doles out damage first with an Arm Whip!
But Phoenix strikes back with his own Arm Whip!
Urgh...
And switches it into a Straight Arm Bar!



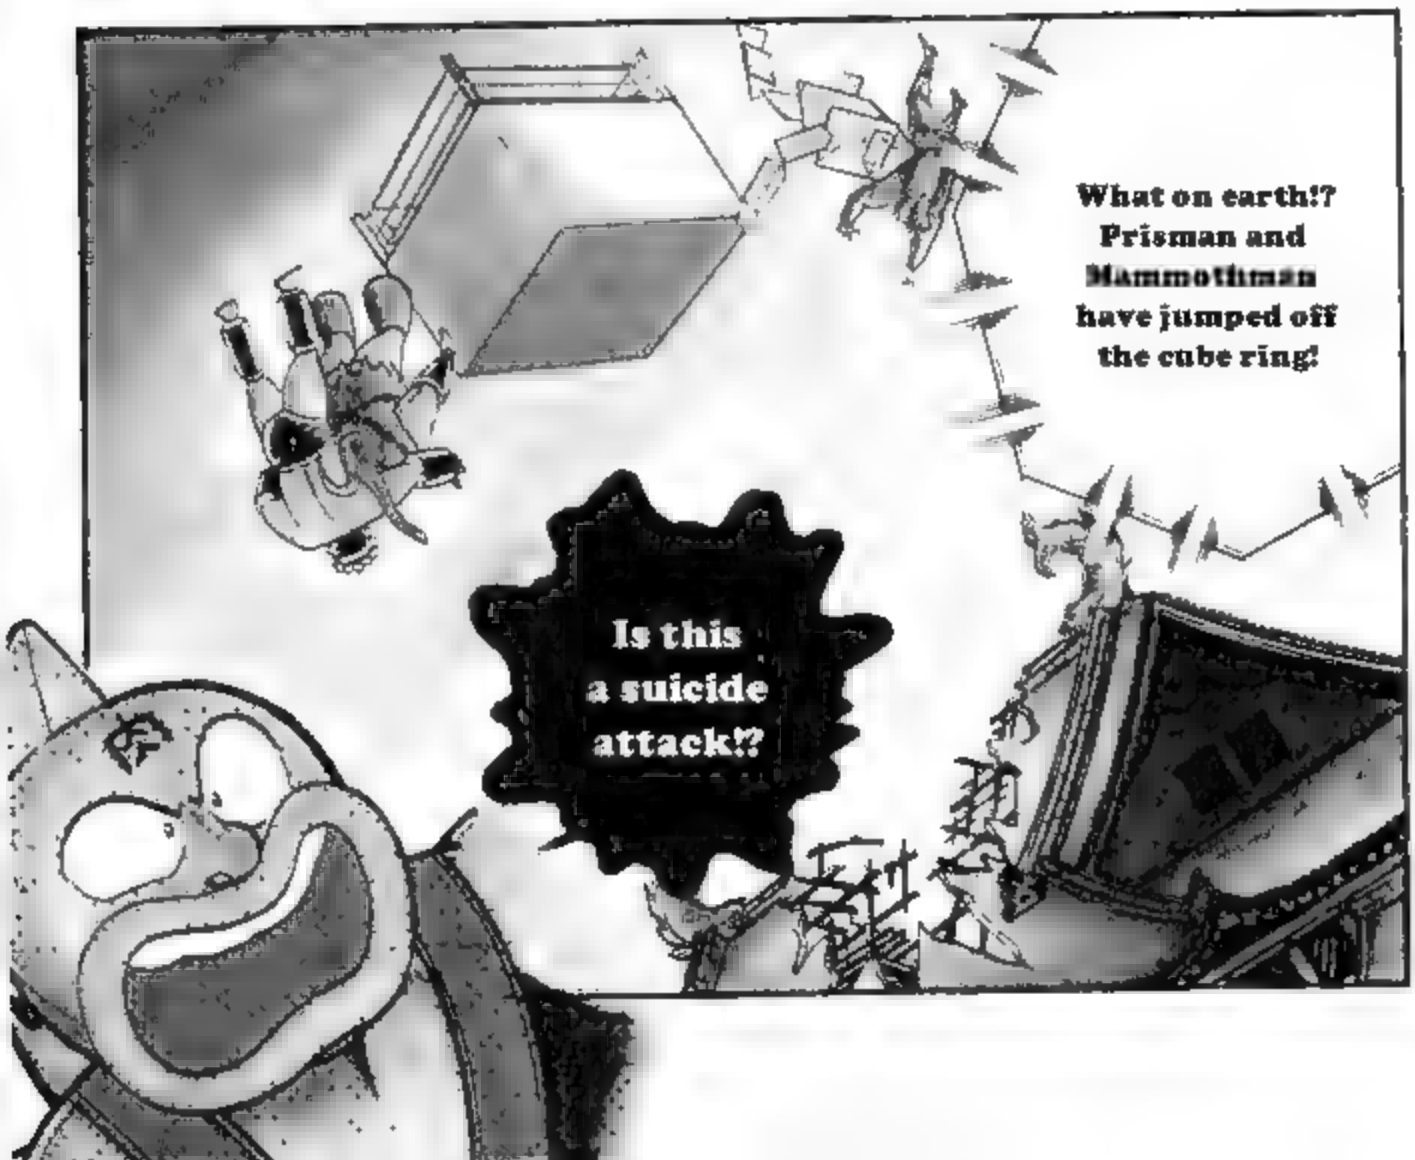
Not if we have anything to say about it!
He's aiming for the bandana! We've got to save him!
The teams have collided into a Decoration Tree of Hell!



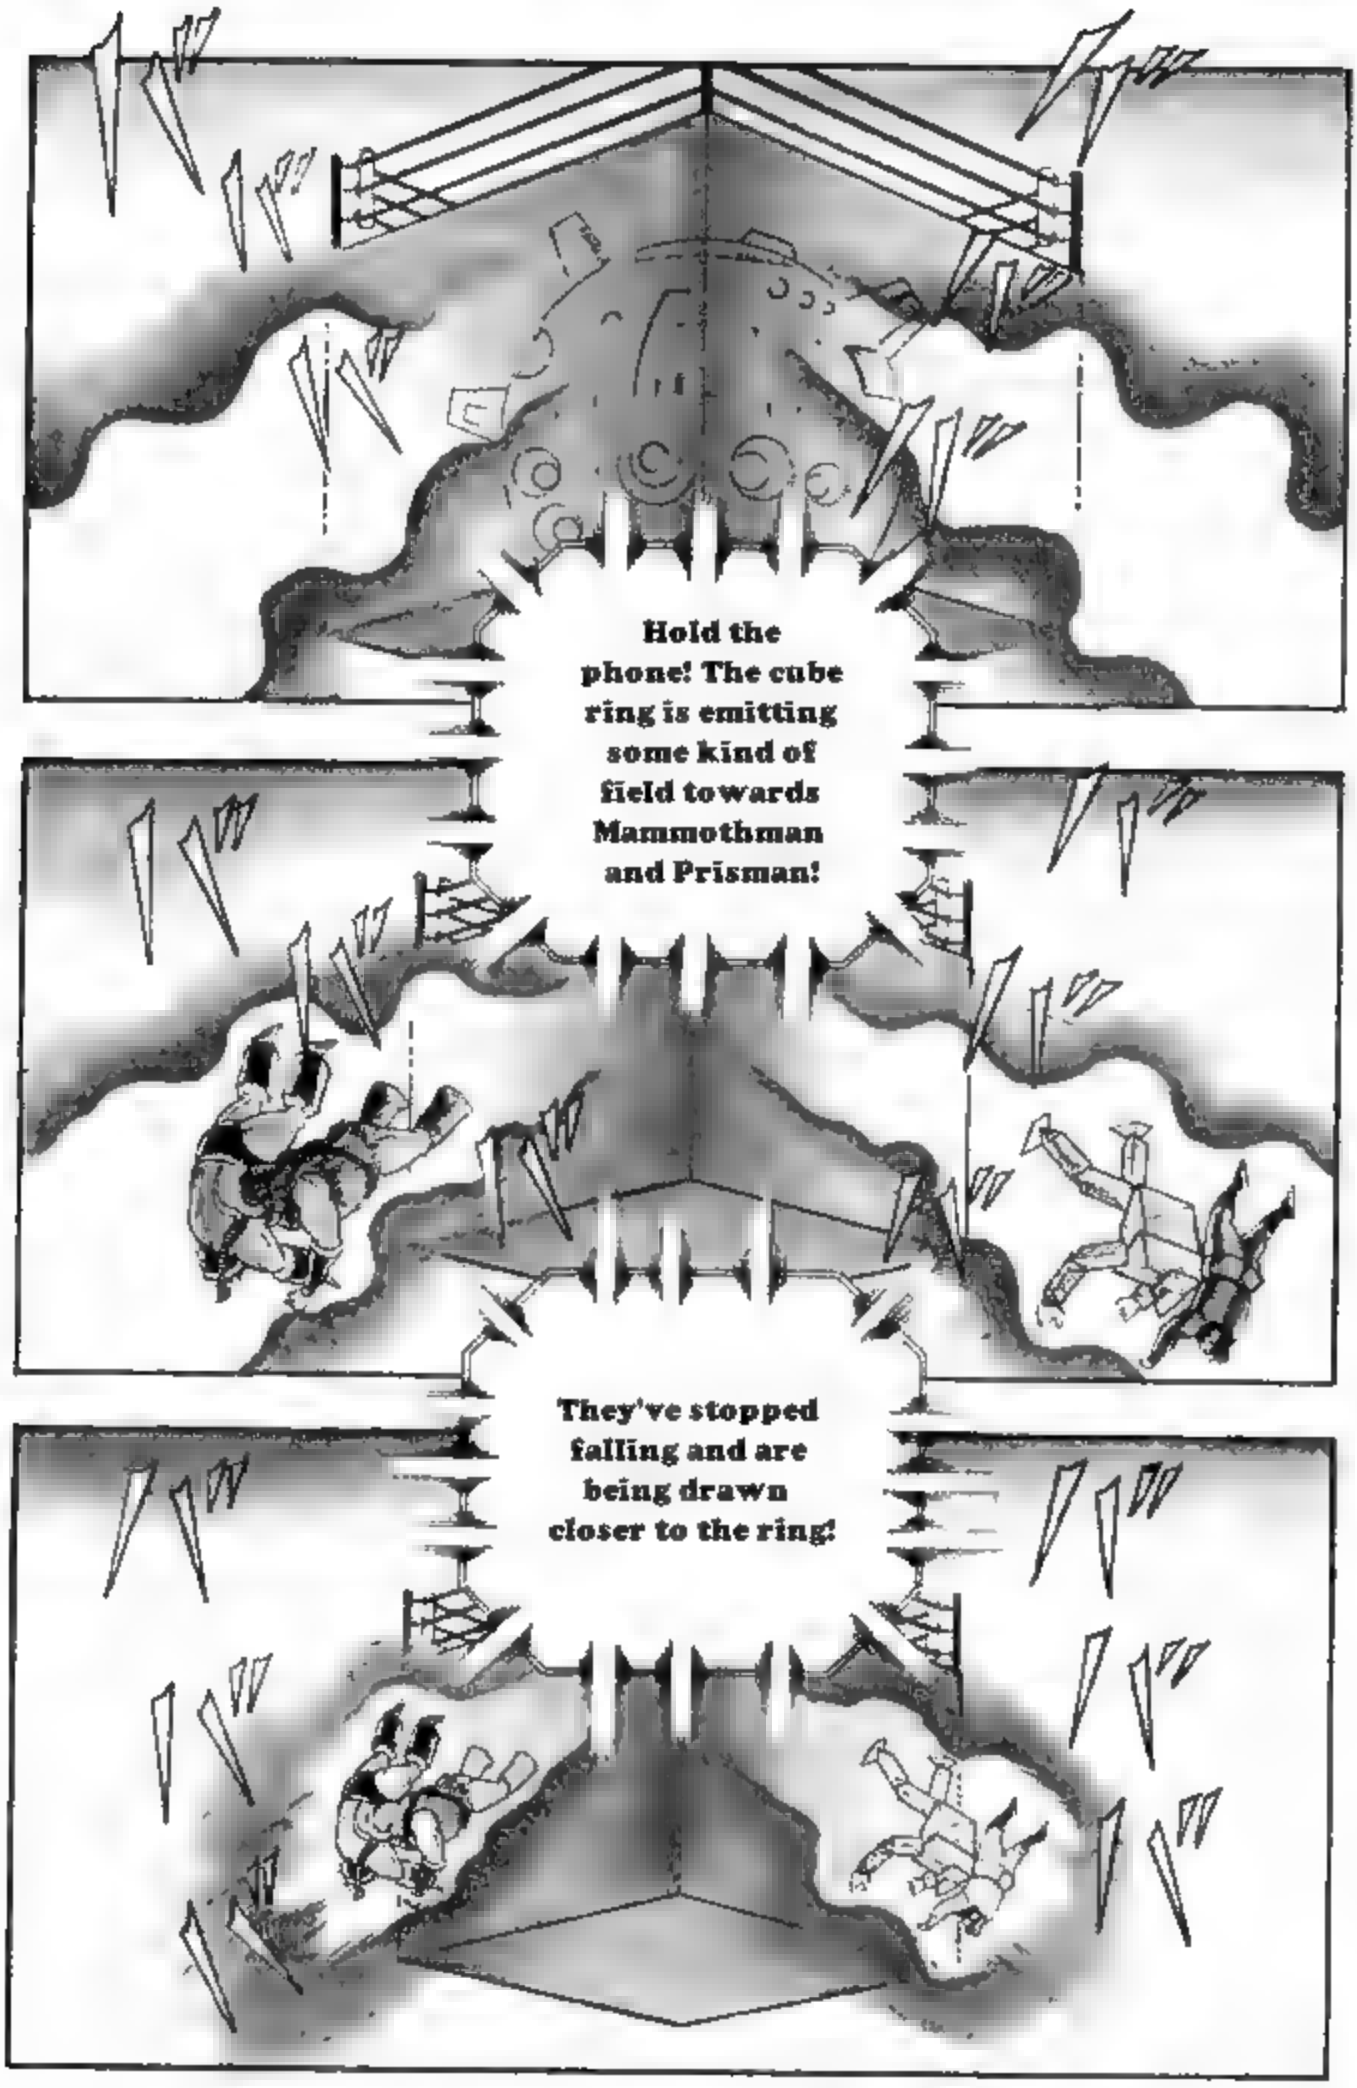




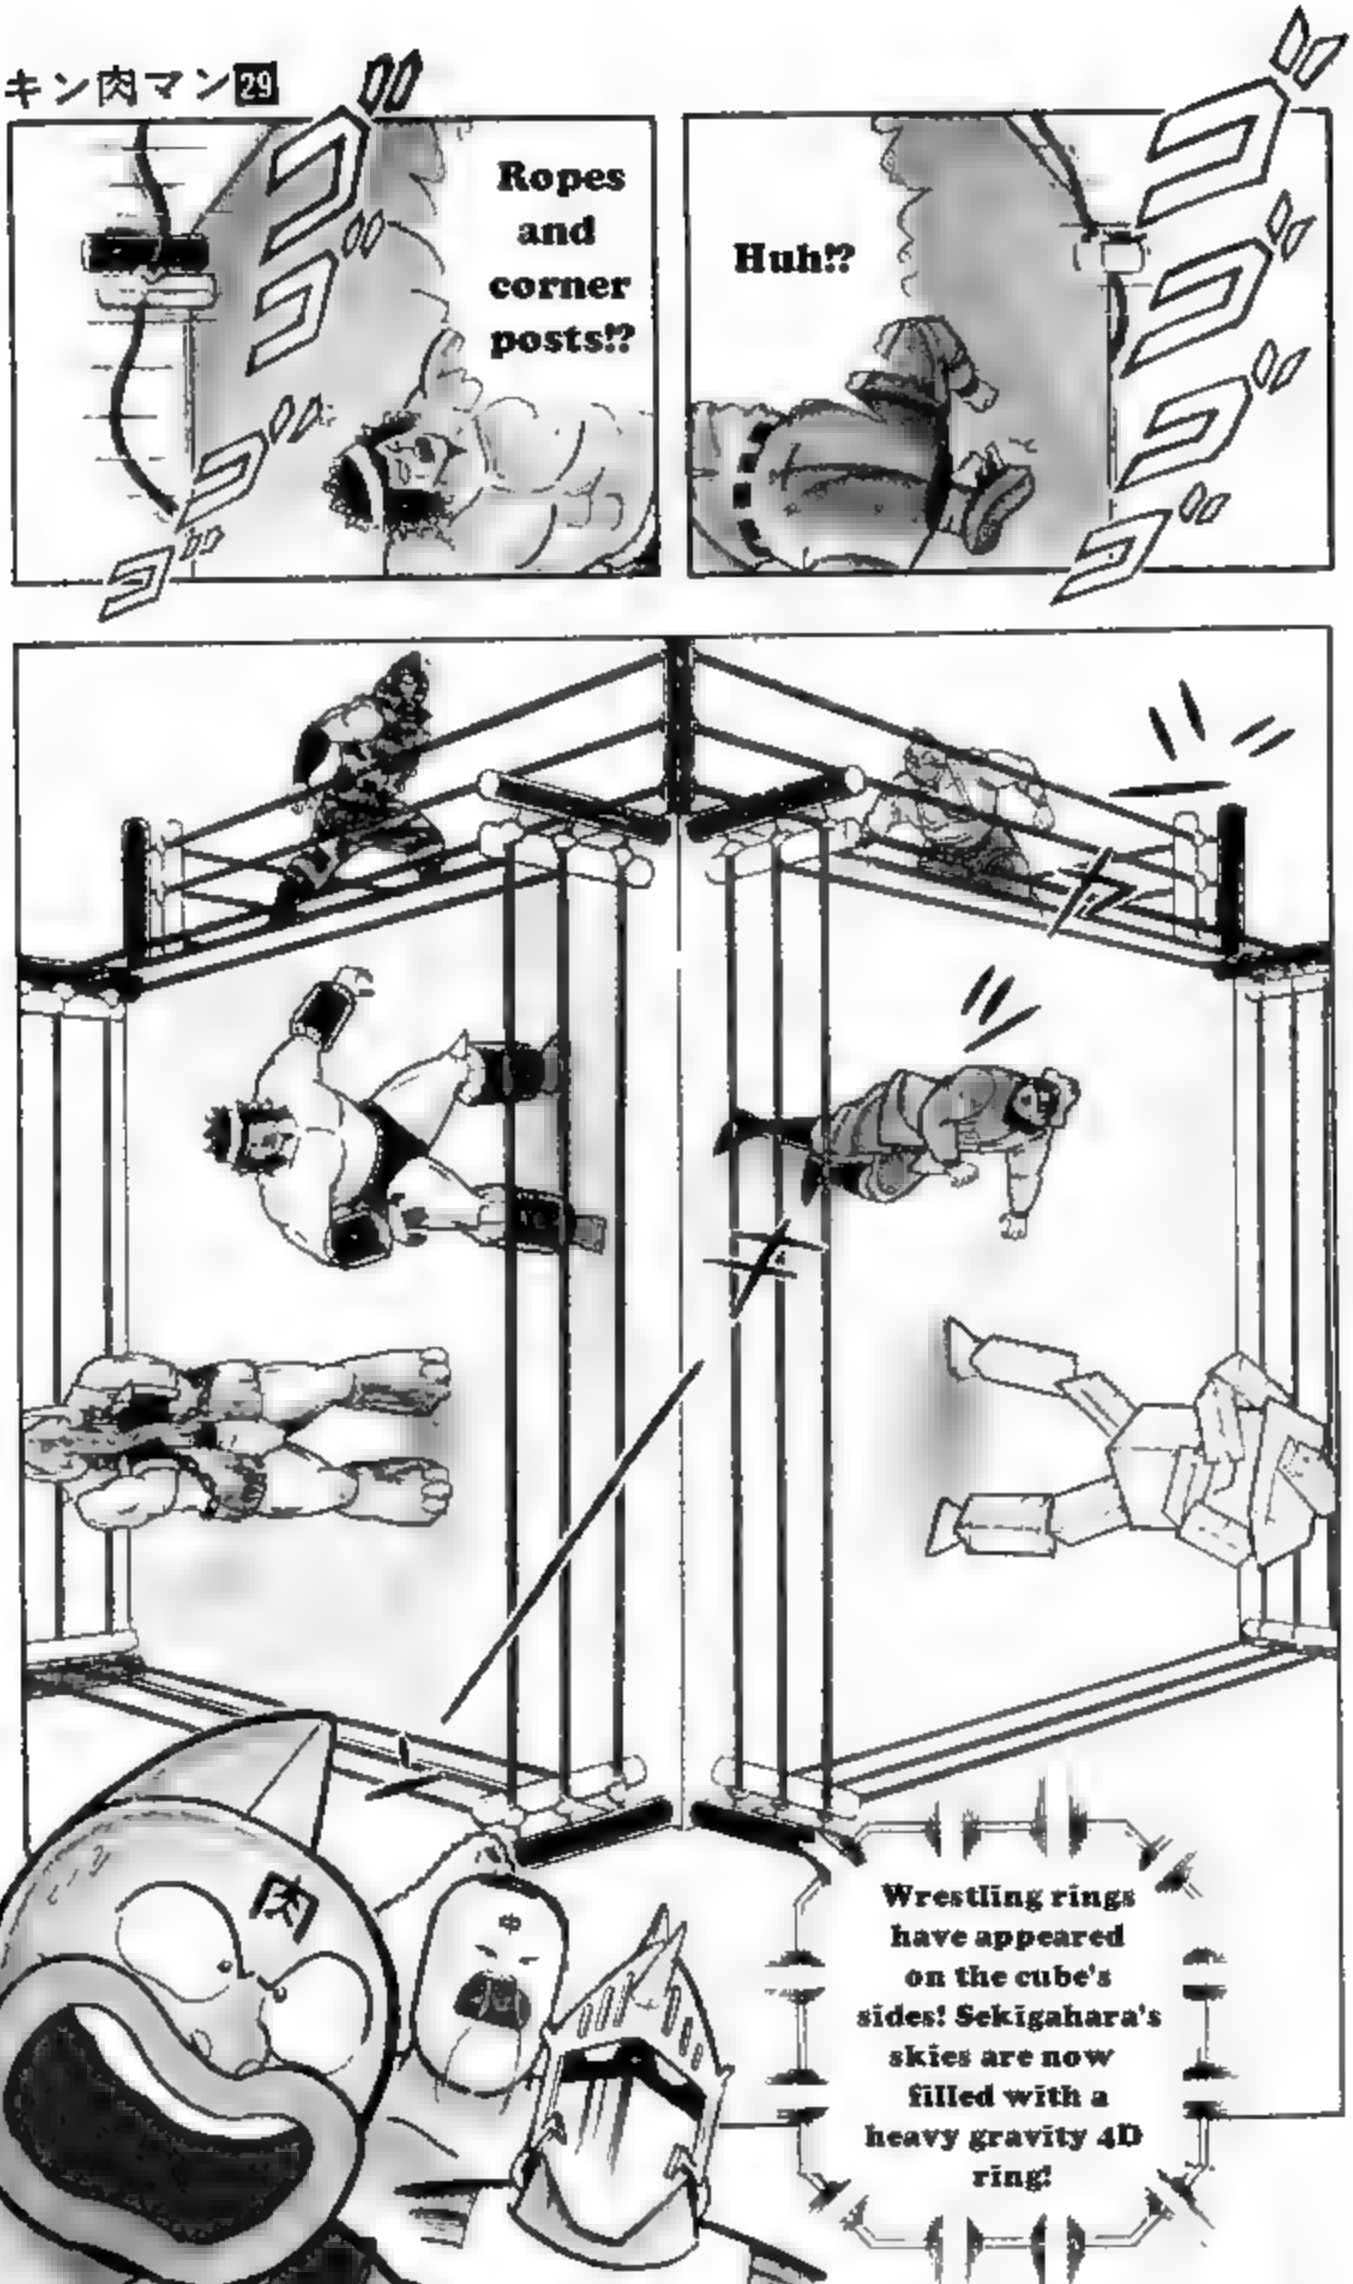
Grr,
They got knocked out already.
That'll just make showing them why we chose a cube ring easier!



What on earth!? Prisman and Mammothman have jumped off the cube ring!
Is this a suicide attack!?

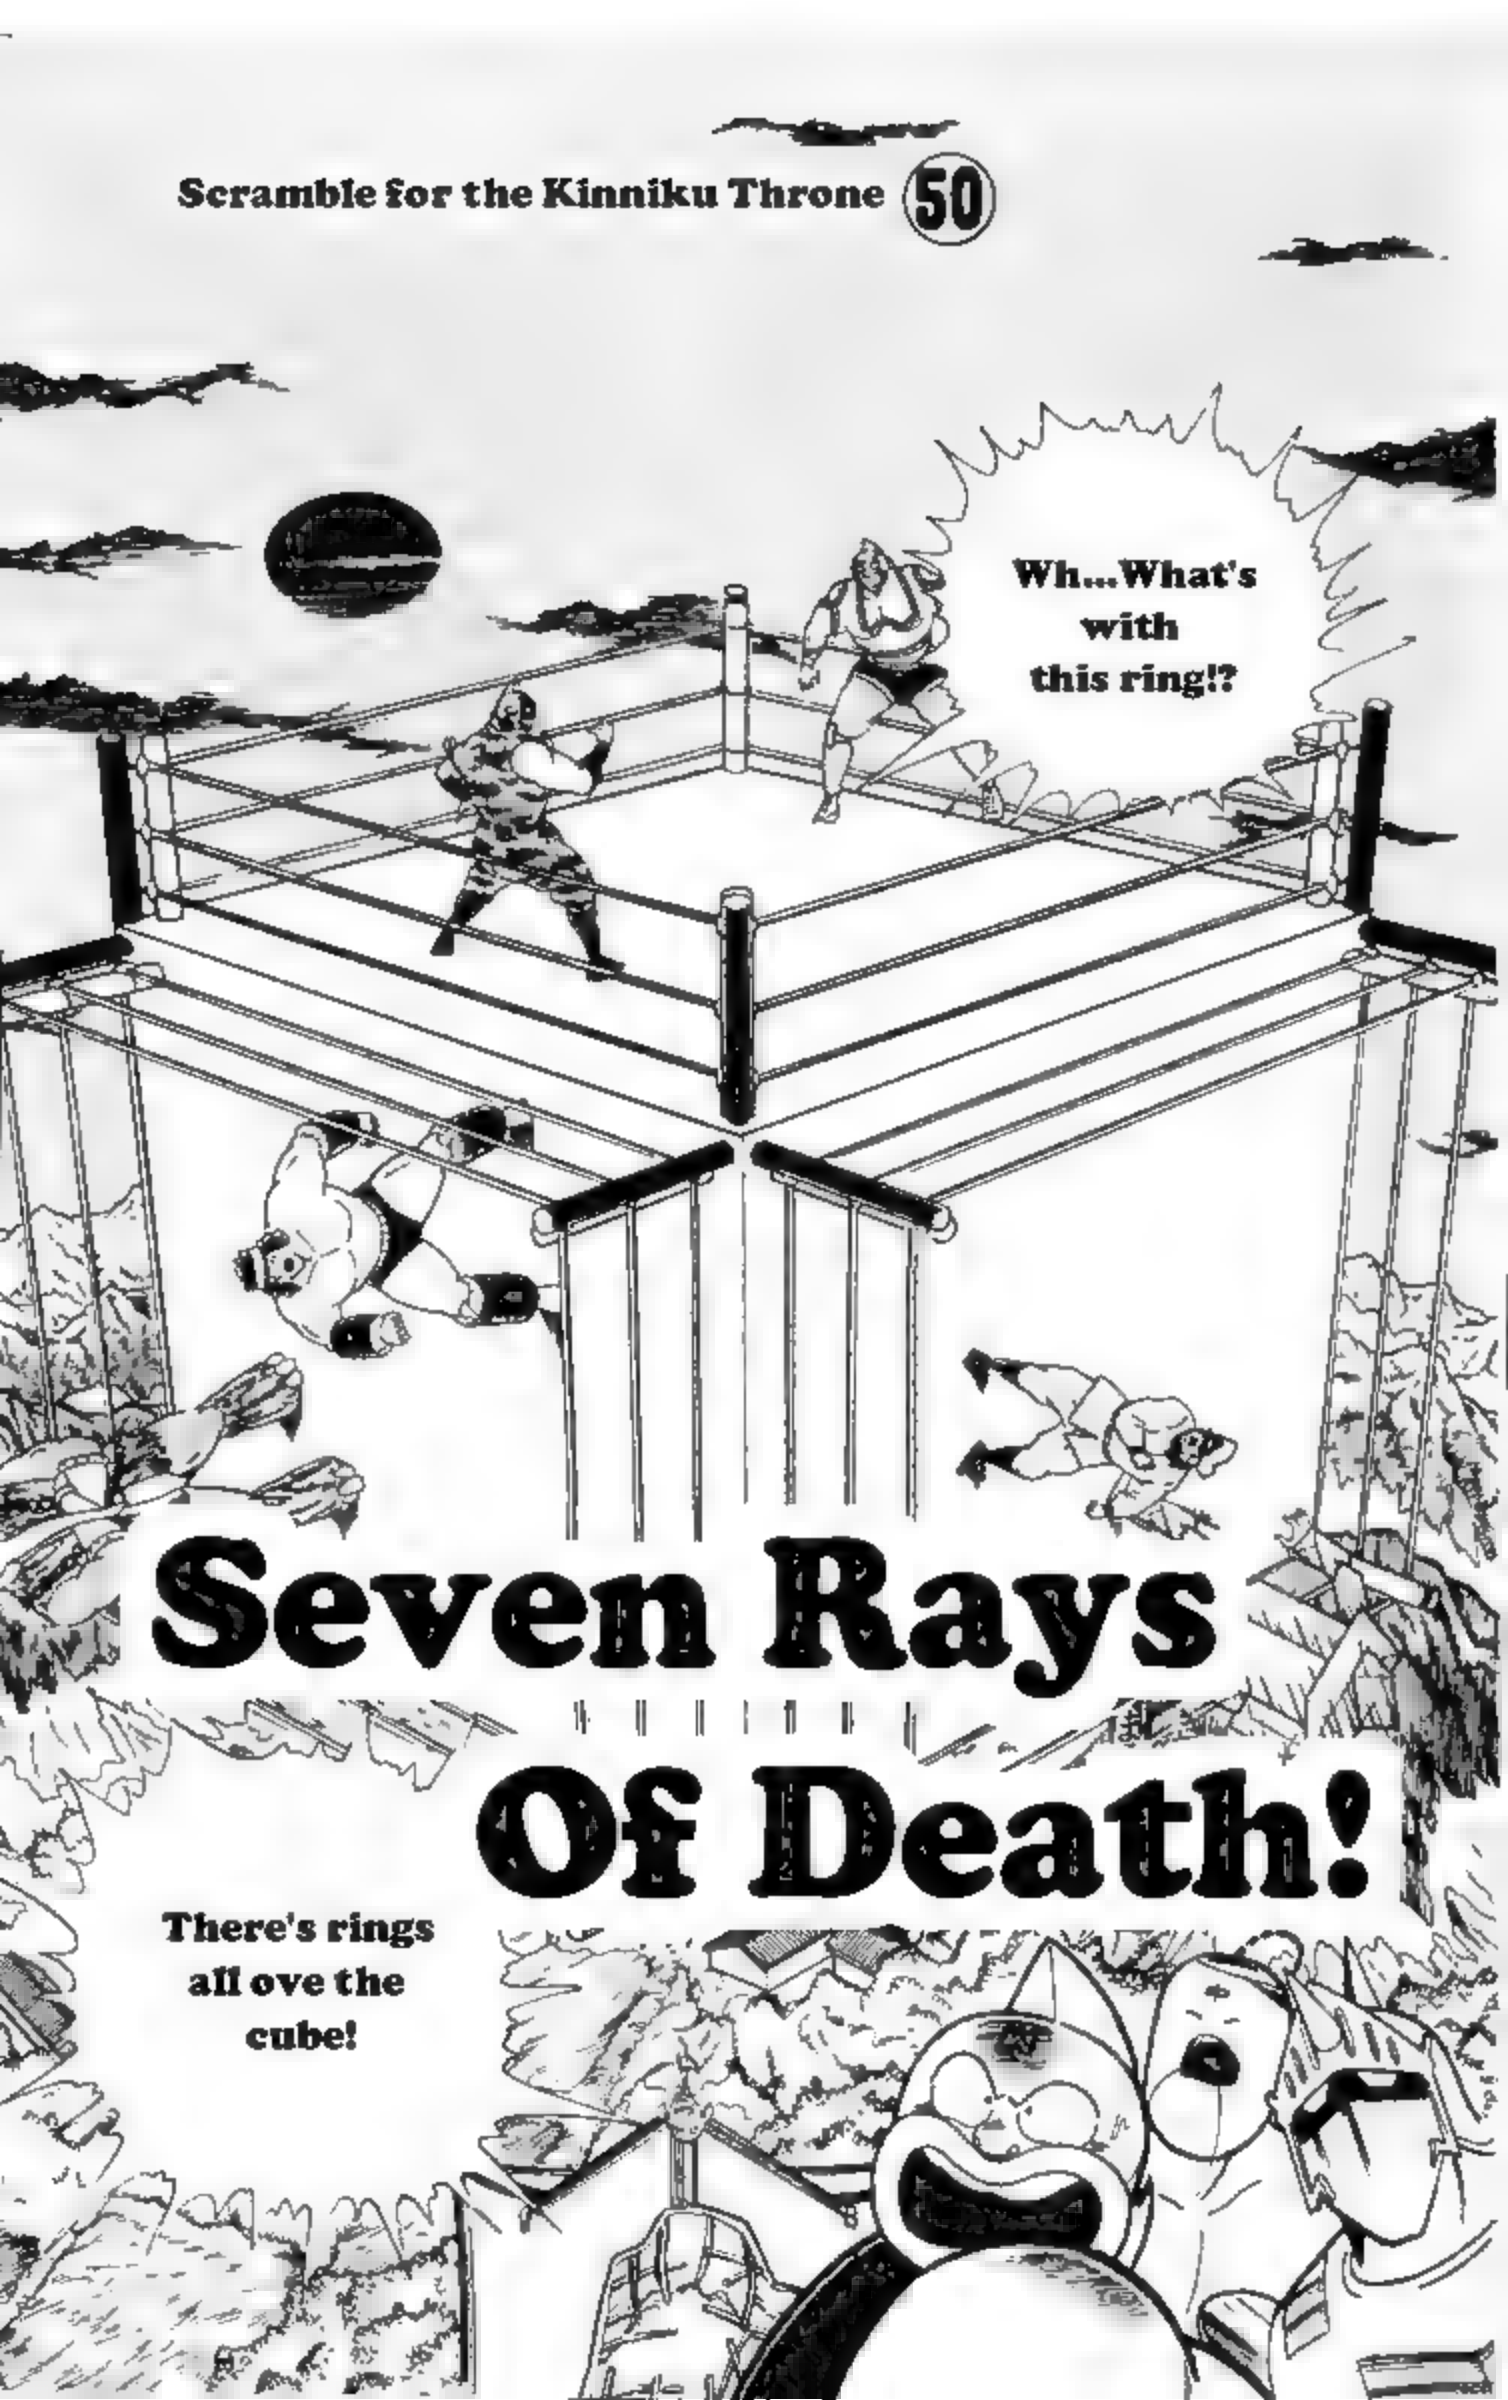


Hold the phone! The cube ring is emitting some kind of field towards Mammothman and Prisman!
They've stopped falling and are being drawn closer to the ring!

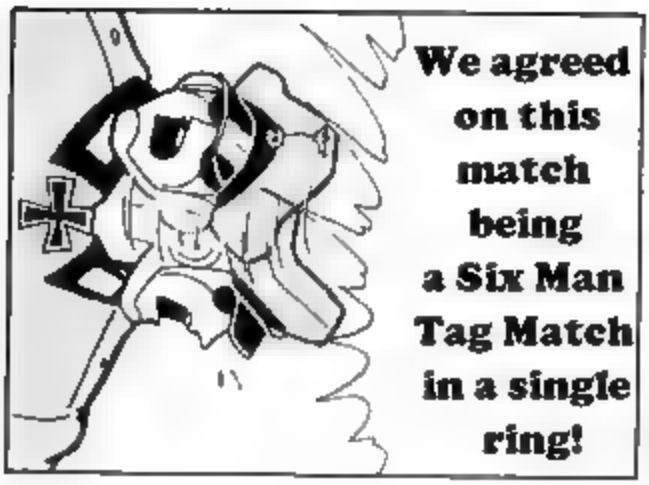


Ropes and corner posts!?
Huh!?
肉
Wrestling rings have appeared on the cube's sides! Sekigahara's skies are now filled with a heavy gravity 4D ring!

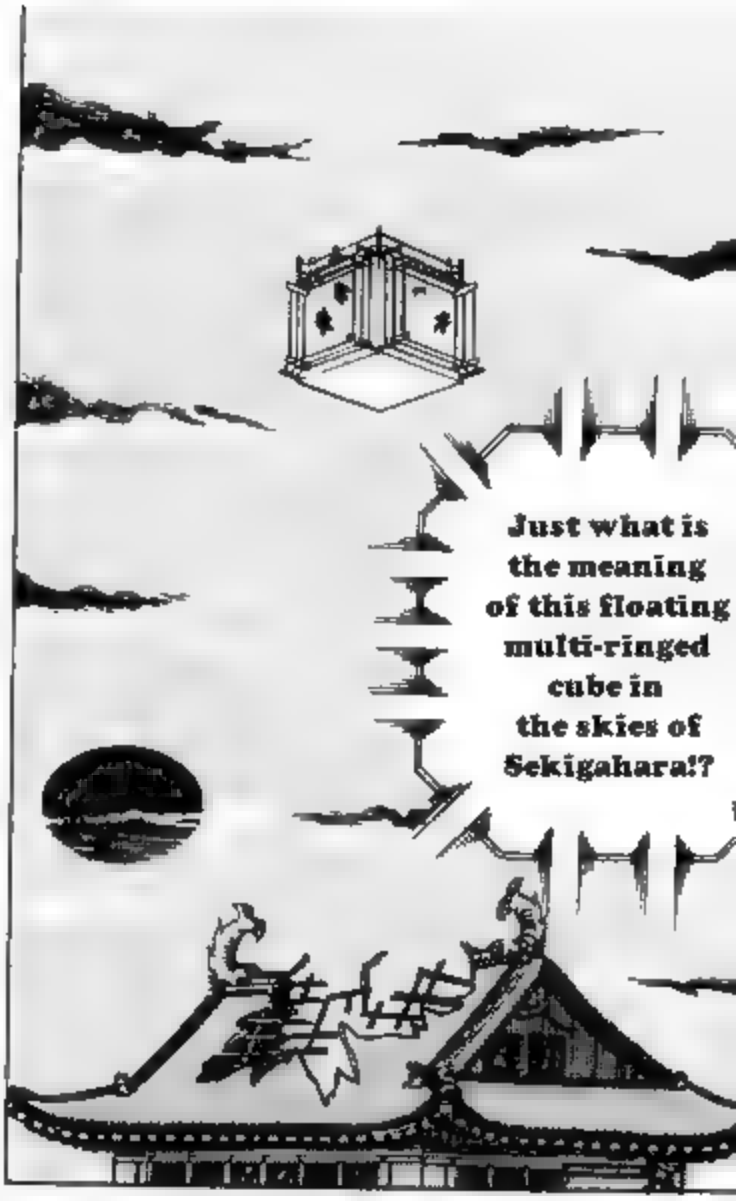
(SCRAMBLE FOR THE KINNIKU THRONE ARC)
SPECIAL VTR XLI (XXXXI)
KINNIKUMAN SOLDIER VS. KINNIKUMAN SUPER PHOENIX



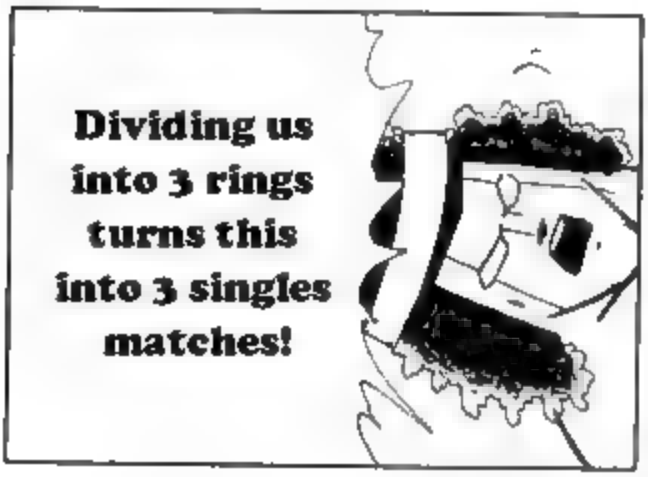
Seven Rays Of Death!



We agreed on this match being a Six Man Tag Match in a single ring!

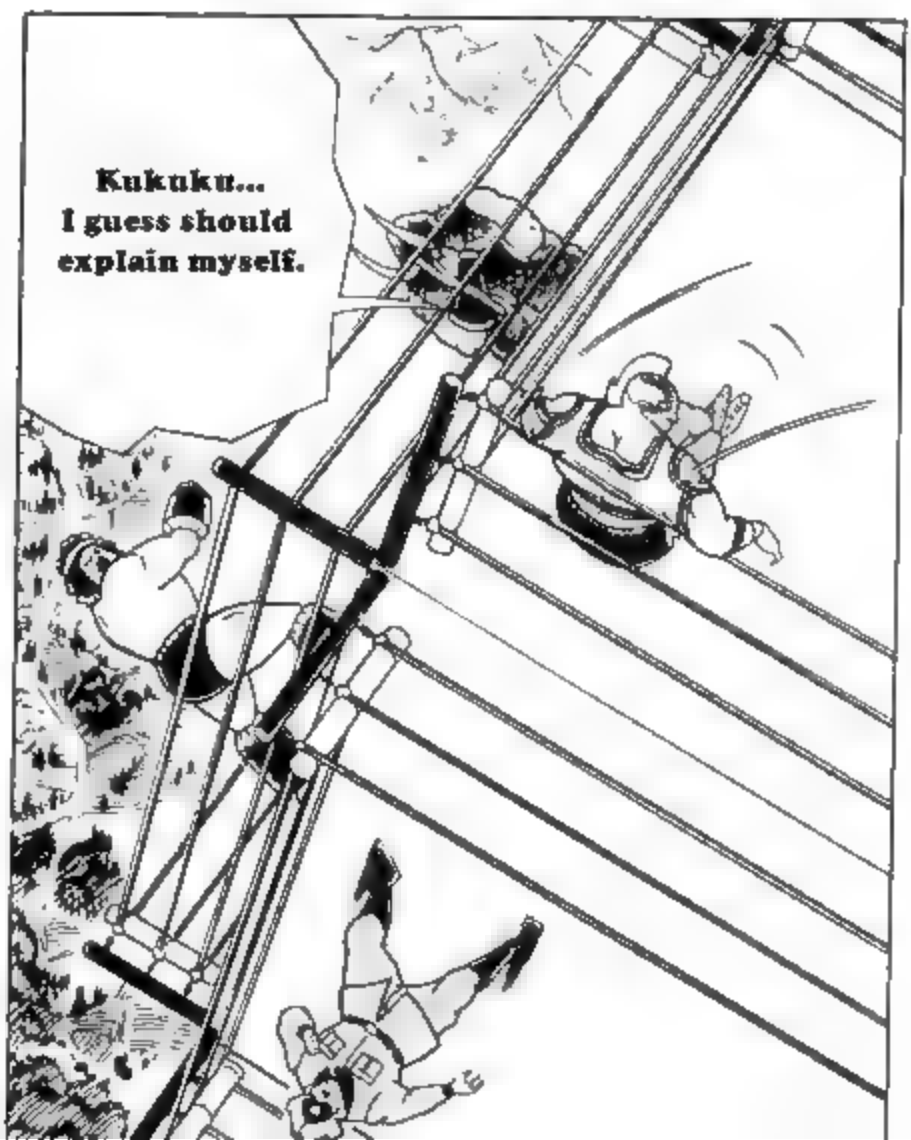


Just what is the meaning of this floating multi-ringed cube in the skies of Sekigahara!?

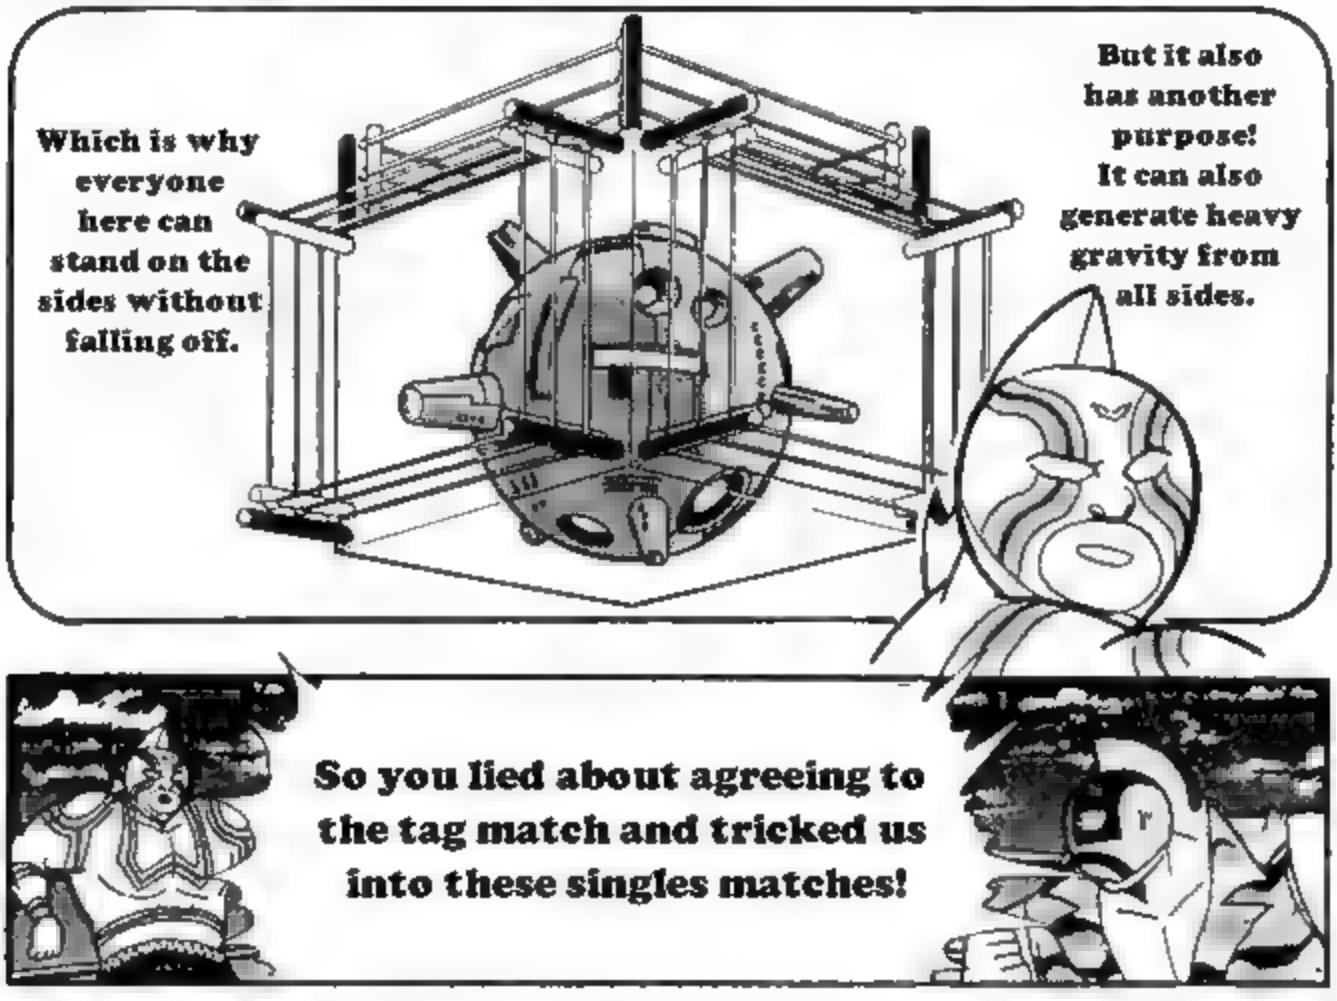


Dividing us into 3 rings turns this into 3 singles matches!

I mentioned earlier that a special device inside this cube is what's keeping it floating in the sky...

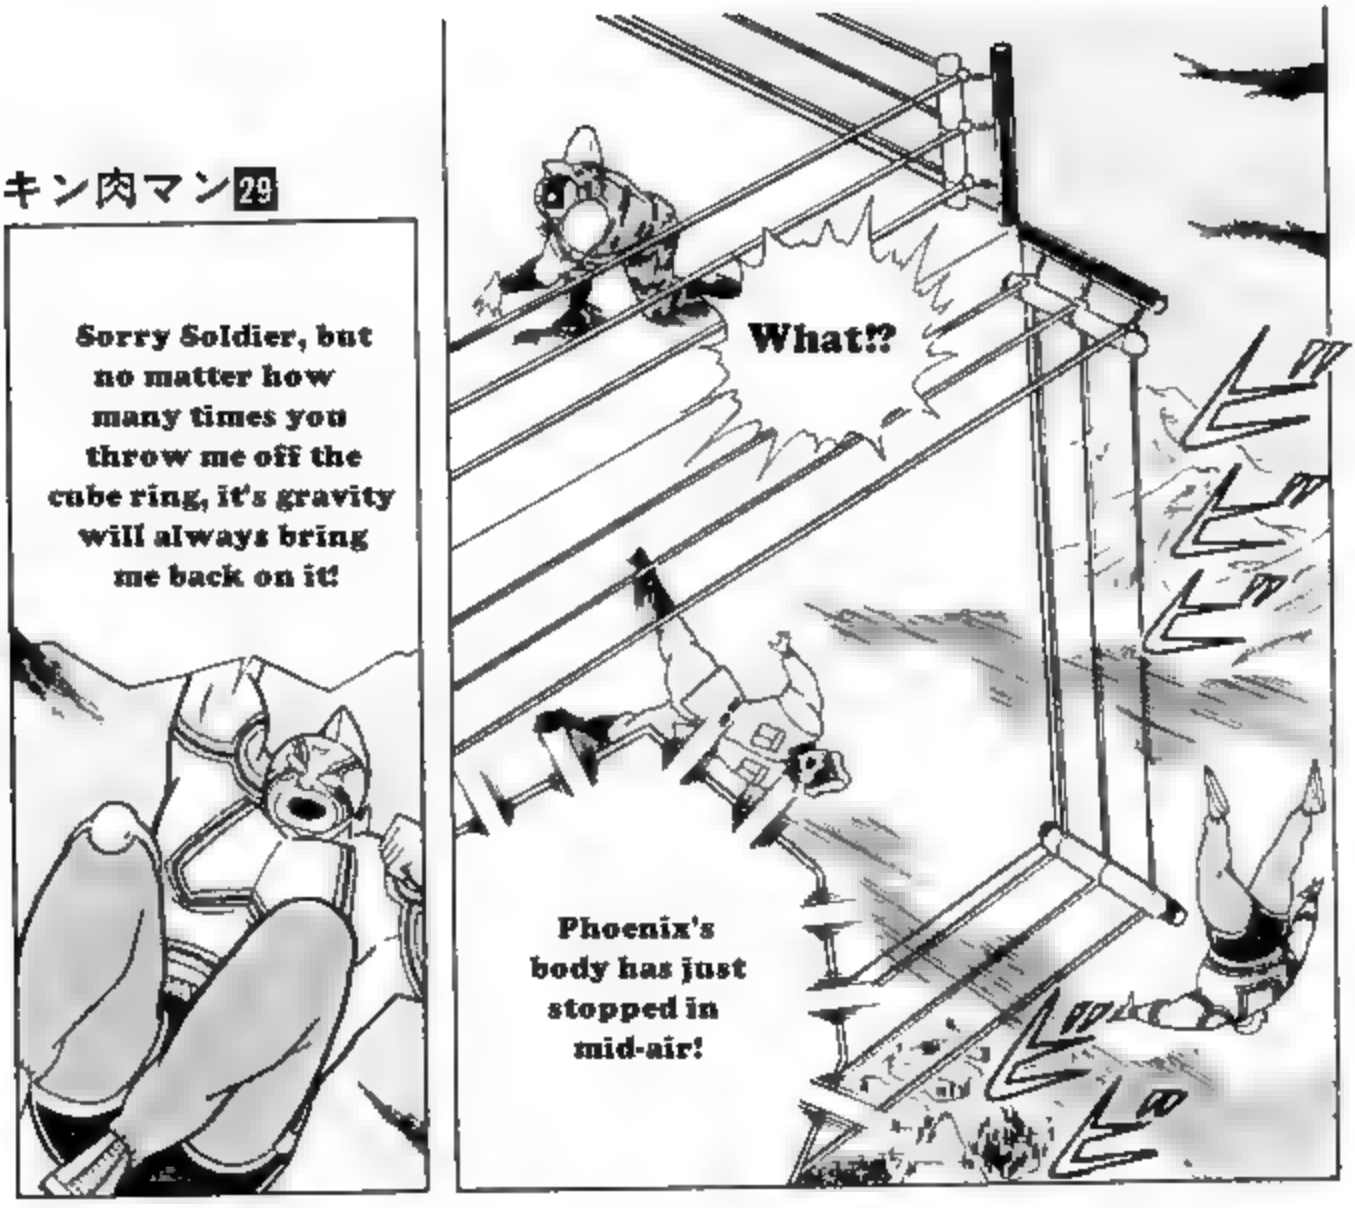


Kukuku... I guess should explain myself.

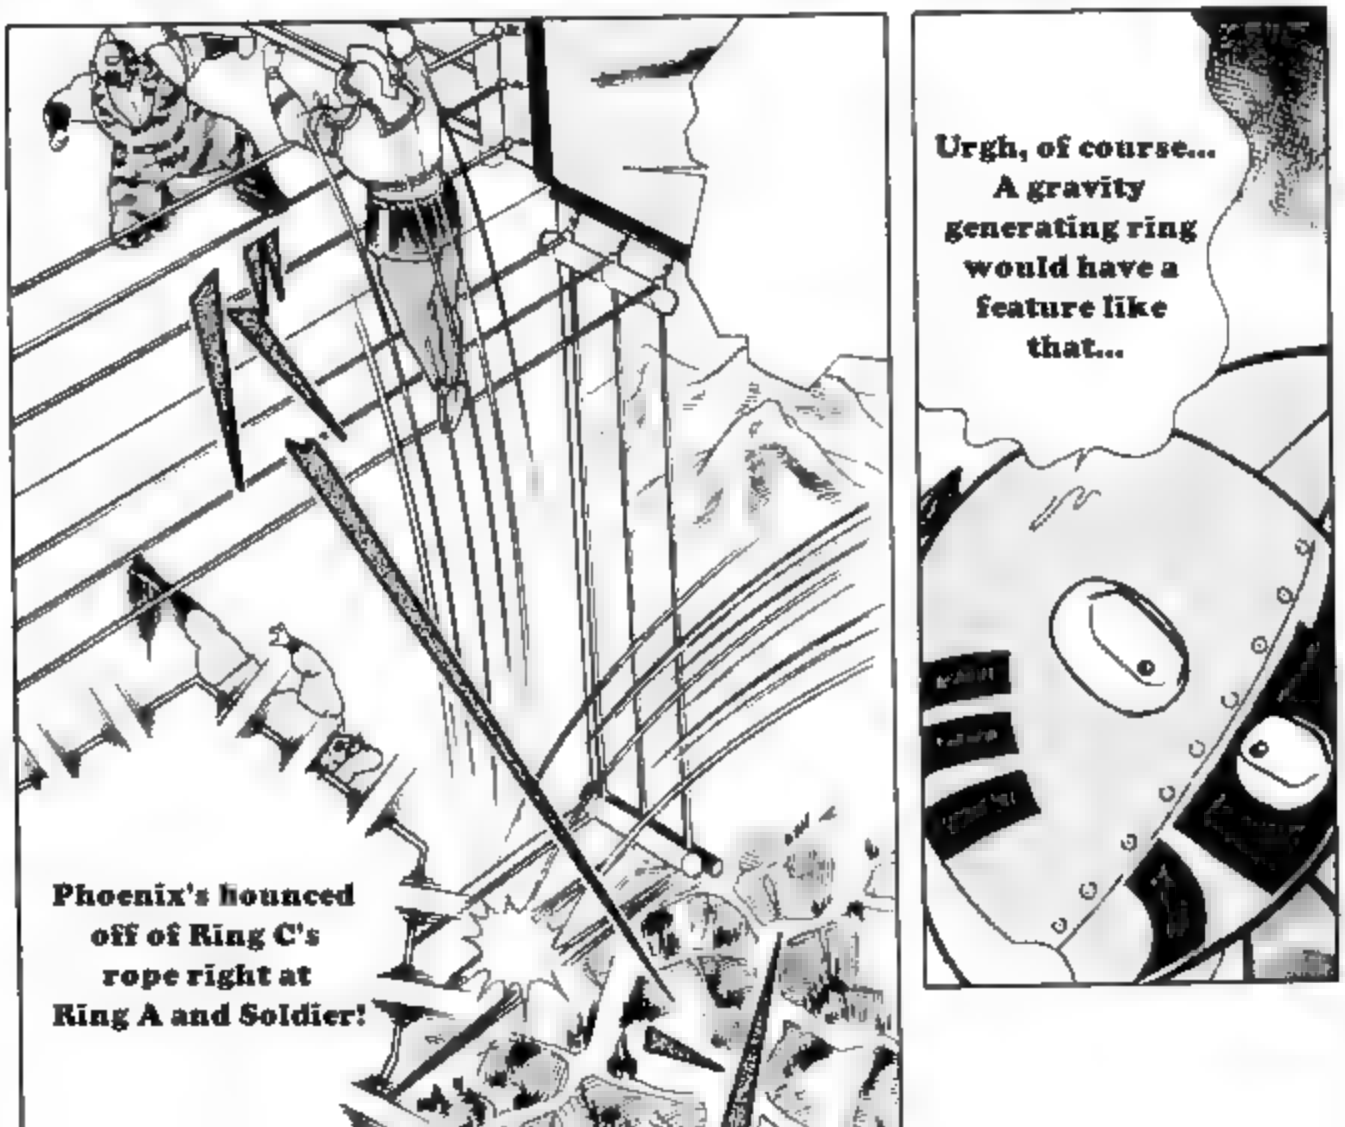


Which is why everyone here can stand on the sides without falling off.
But it also has another purpose! It can also generate heavy gravity from all sides.
So you lied about agreeing to the tag match and tricked us into these singles matches!
Soldier, a battle is not all about power and strength. It's also about using this right here to plan ahead. You should've expected this from the team formed by the God of Intelligence!
YOU CHEAT!
Why, you...

Since this match has become 3 separate matches, we'll designate the ring where Phoenix and Soldier are fighting as Ring A!
Hiyaaah!
In Ring A, Soldier had Phoenix in a Airplane Spin and has flung him off the cube!
Not even that sneaky Phoenix could find a way of surviving a 350 meter drop!

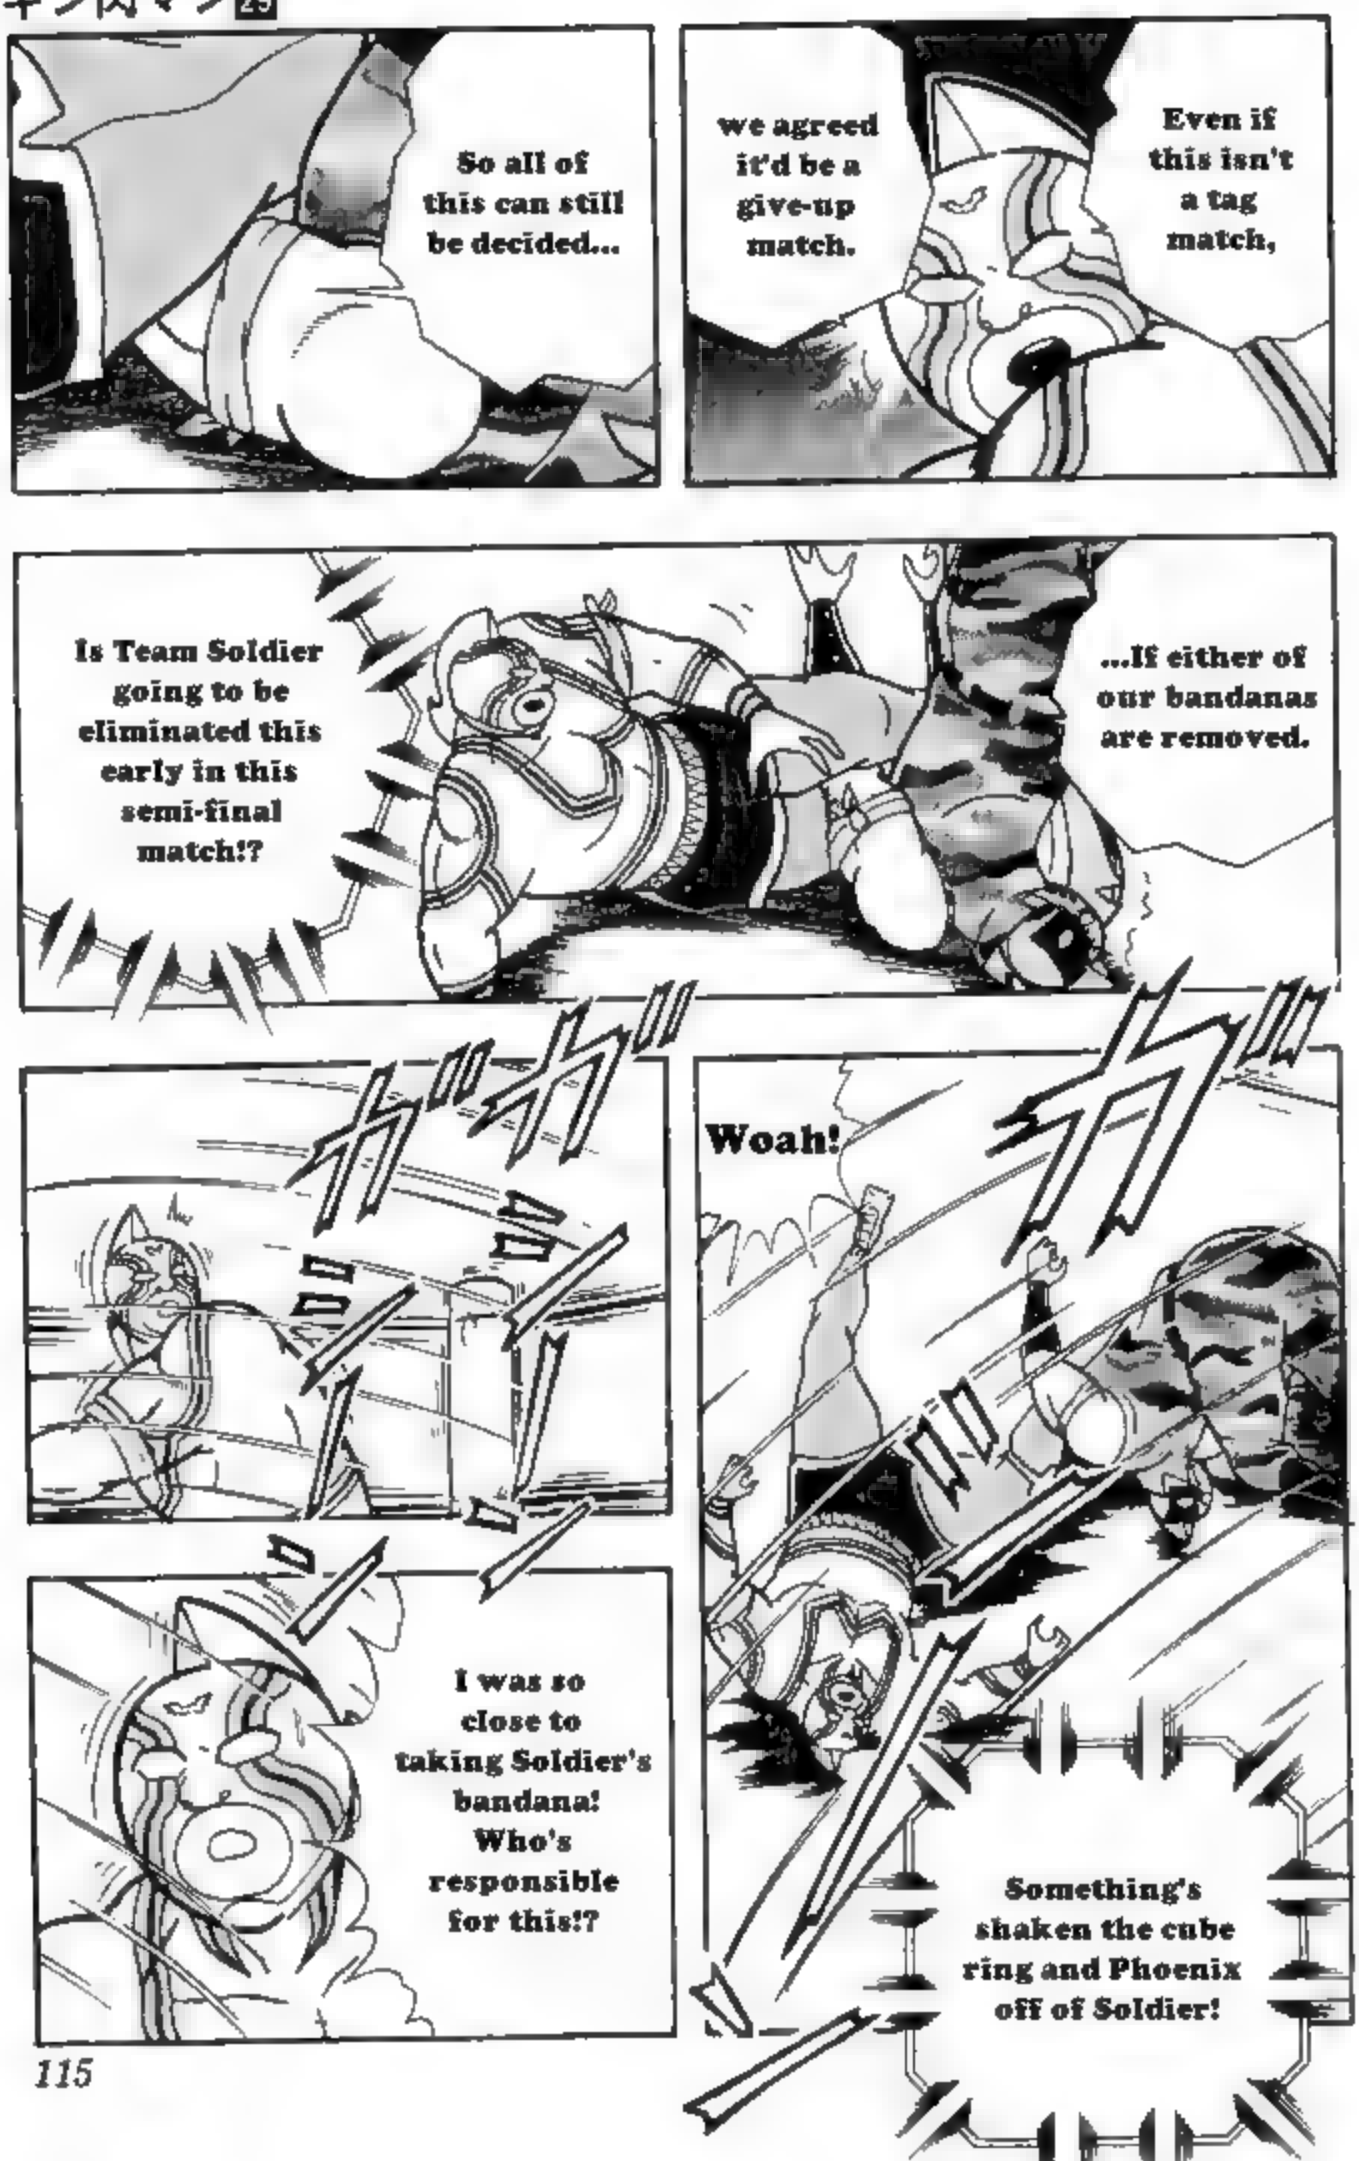


Sorry Soldier, but no matter how many times you throw me off the cube ring, it's gravity will always bring me back on it!
What!?
Phoenix's body has just stopped in mid-air!

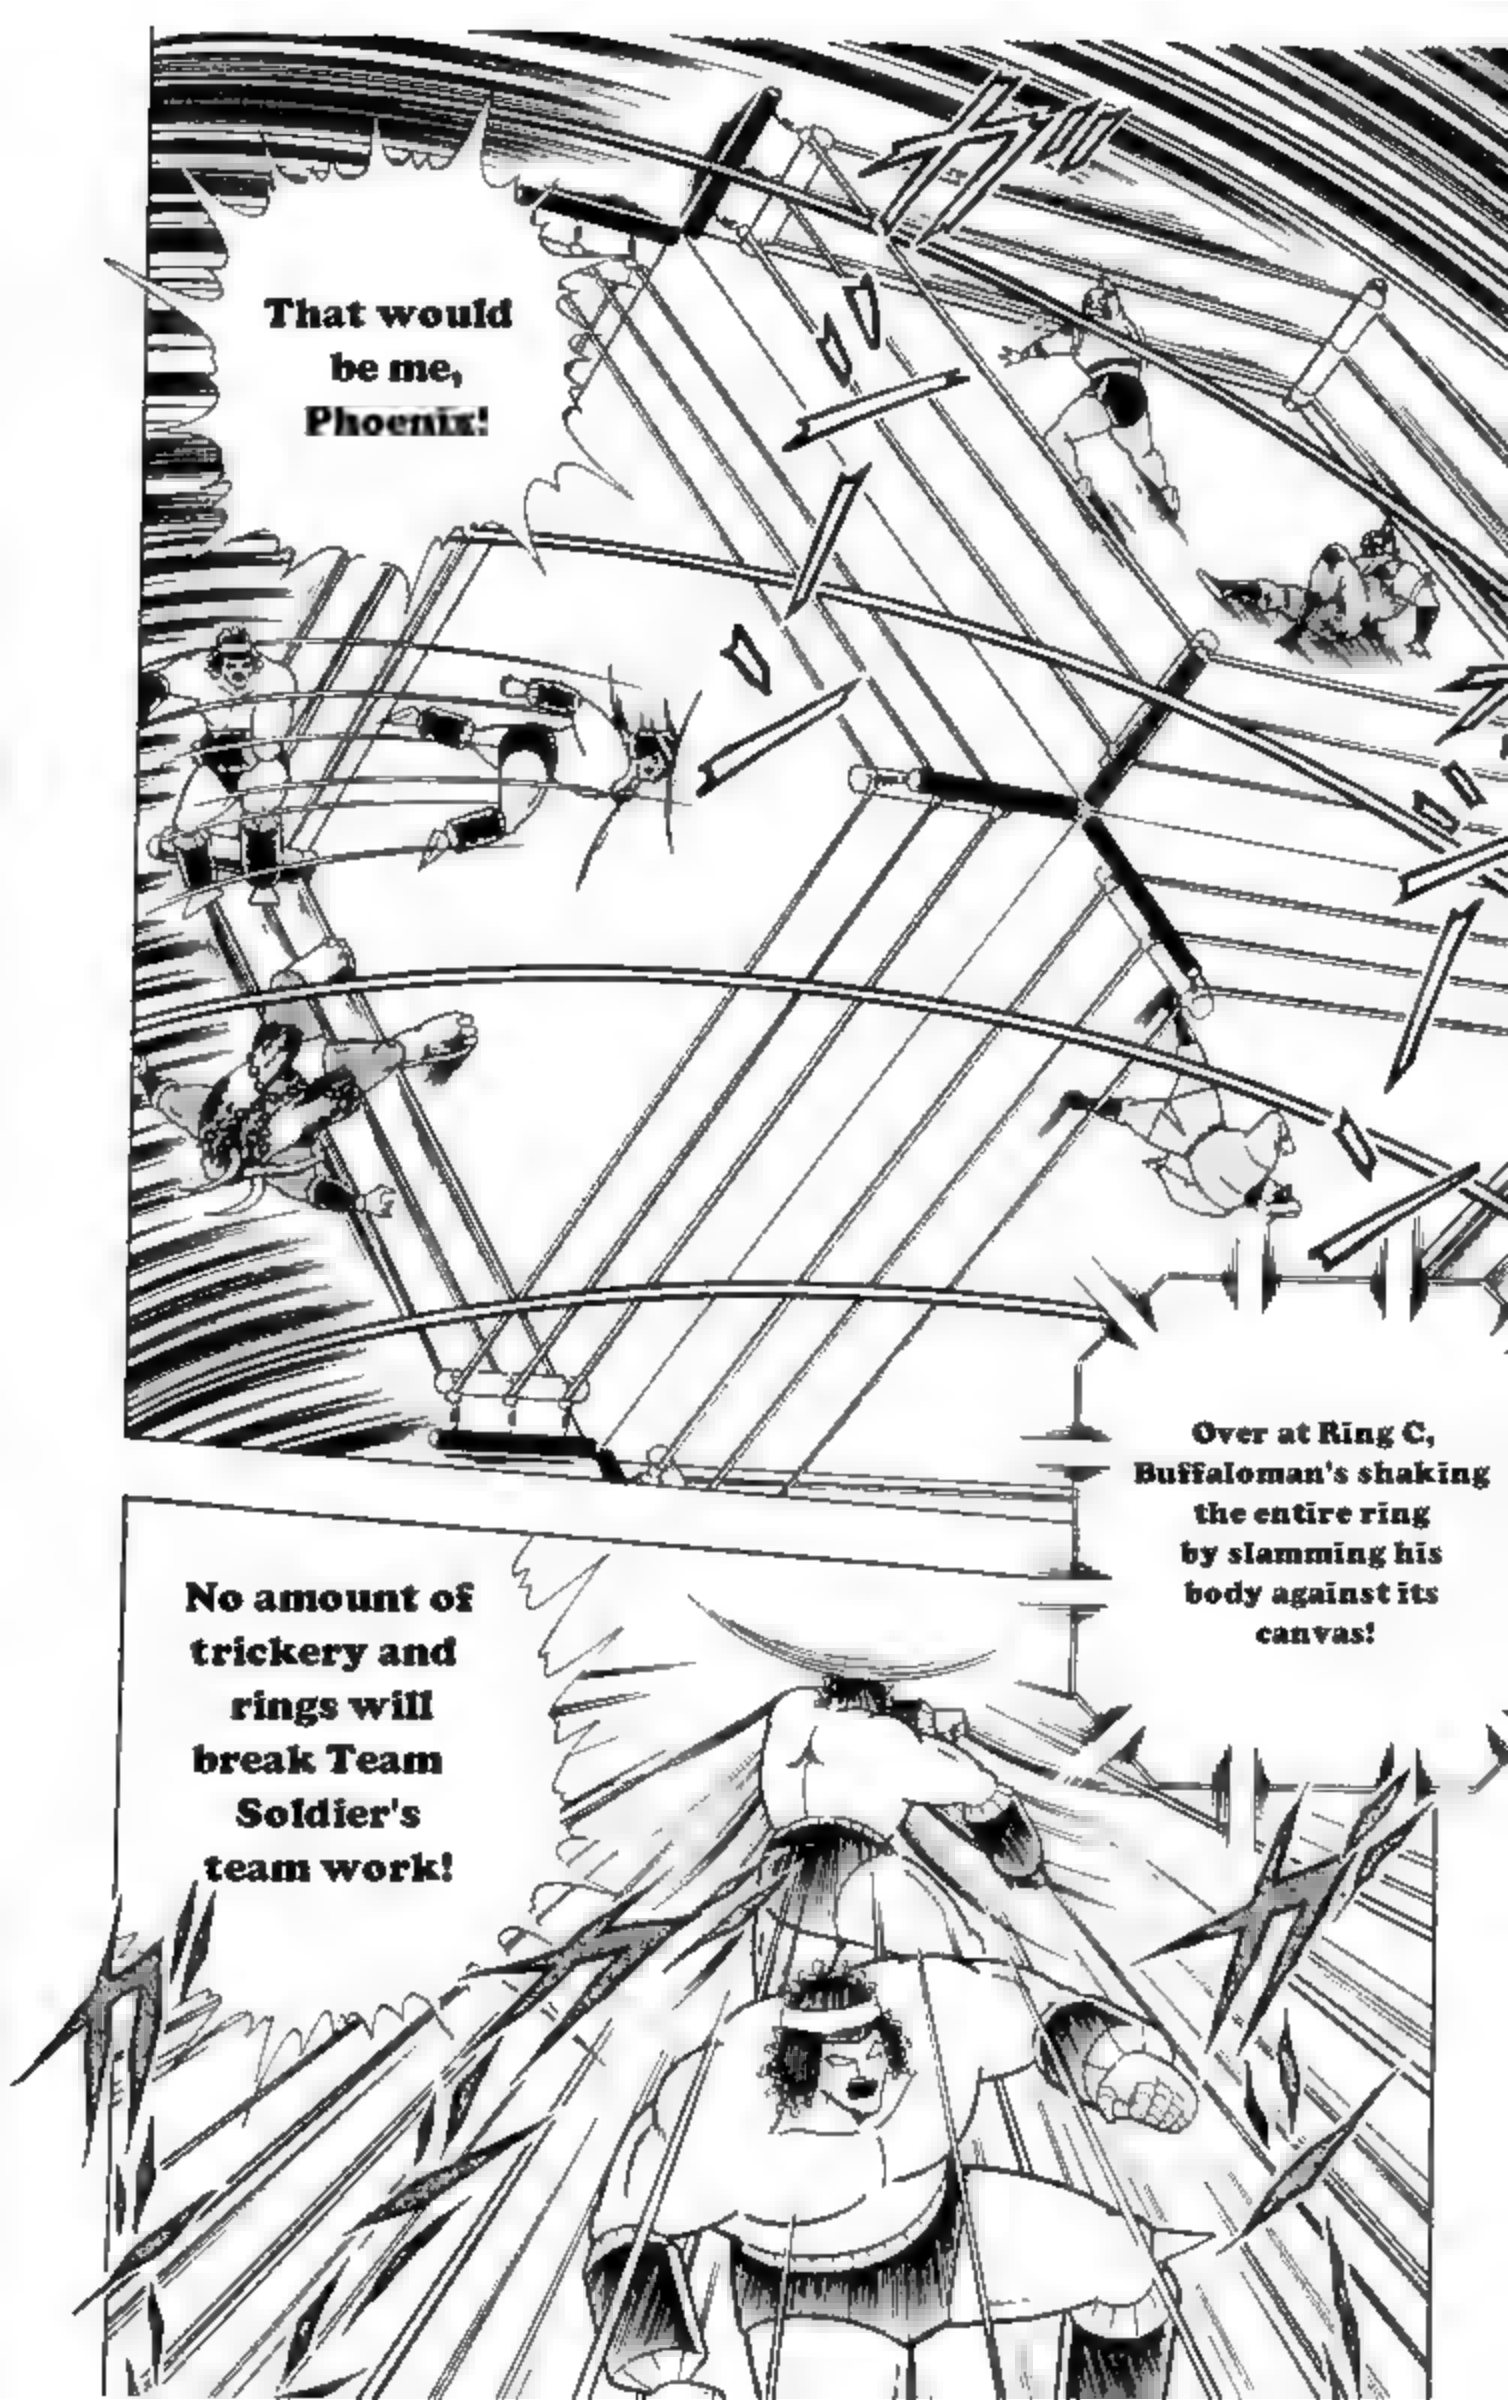


Phoenix's bounced off of Ring C's rope right at Ring A and Soldier!
Urgh, of course... A gravity generating ring would have a feature like that...

Phoenix lands an Enzuigiri on Soldier!
Guh!
And just like before, he quickly follows up with another move! This time it's a Chicken Arm Scissor!



So all of this can still be decided...
we agreed it'd be a give-up match.
Even if this isn't a tag match,
Is Team Soldier going to be eliminated this early in this semi-final match!?
...If either of our bandanas are removed.
Woah!
I was so close to taking Soldier's bandana! Who's responsible for this!?
Something's shaken the cube ring and Phoenix off of Soldier!

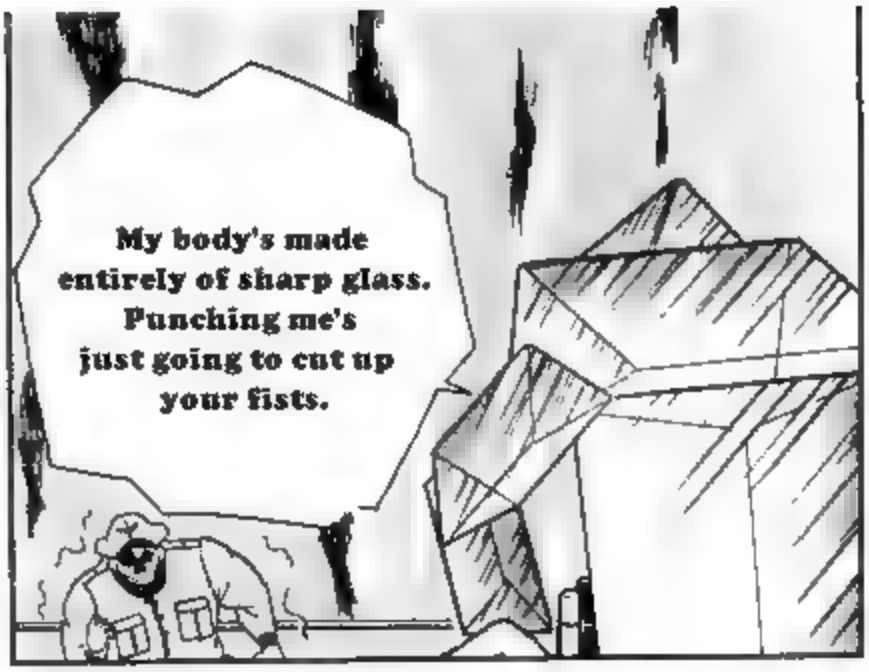


That would be me, Phoenix!
Over at Ring C, Buffaloman's shaking the entire ring by slamming his body against its canvas!
No amount of trickery and rings will break Team Soldier's team work!

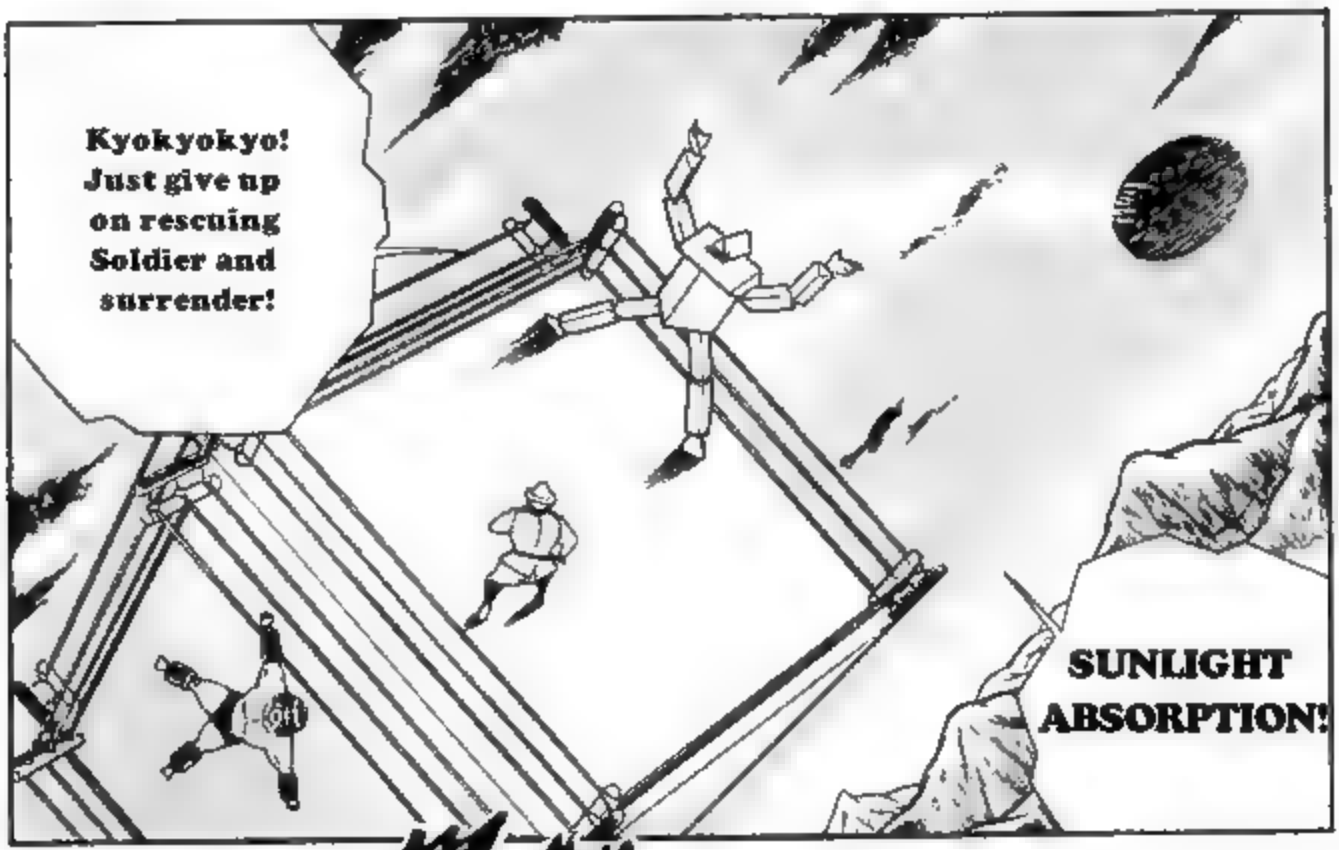
Somehow, Mammothman has lifted the 10 Million Power Buffaloman with just his trunk!
I'll save you, Captain Soldier!
I can't have you getting in Phoenix's way!
Guh!
POWERFUL NOSE BACK BREAKER!
Oooh! Buffaloman's body's been shattered!
Urgh... I can't even move now... Brocken, I leave rescuing Soldier to you...

Did you really think I'd let you get away?
Prisman!
Leave it to me!
Brocken's follwoing Buffaloman's request and is hurrying to rescue Soldier!
My... My fists!
Kyokyokyo! That tickles!
Get out of my way!
Brocken's punches aren't hurting Prisman!
Gah!

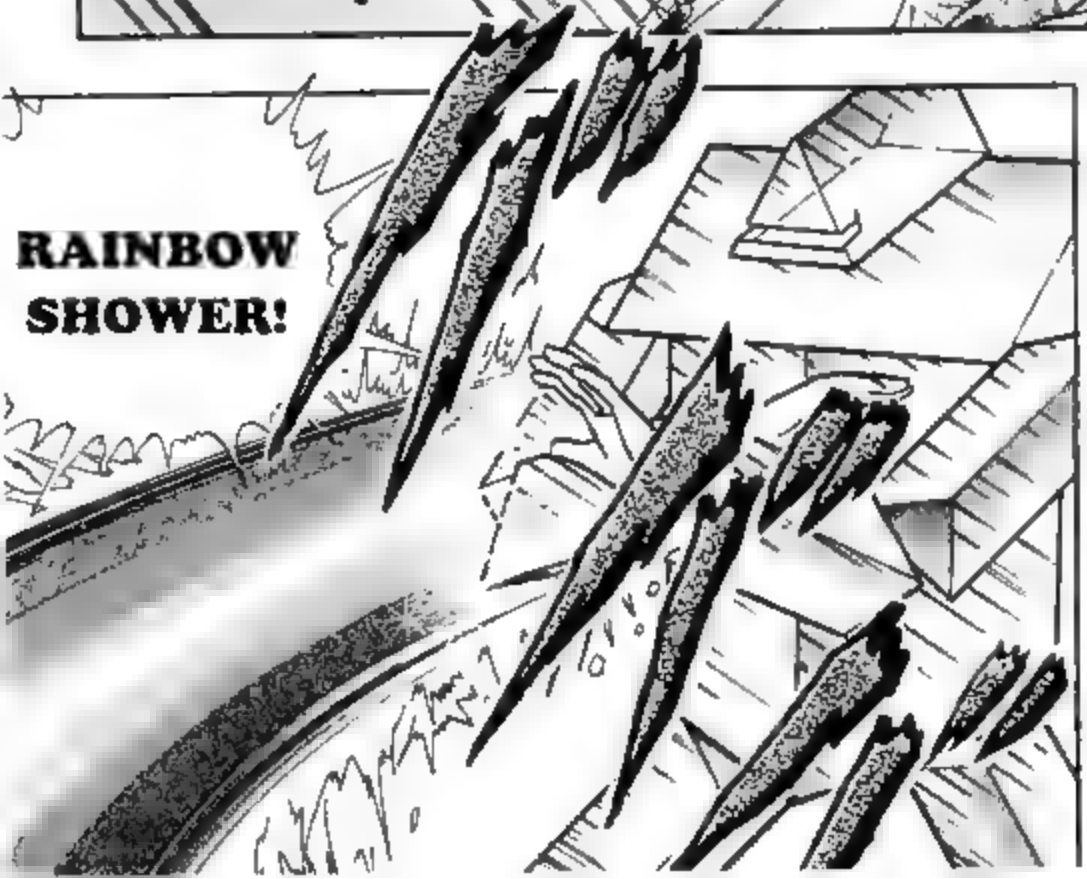
Damn...



My body's made entirely of sharp glass. Punching me's just going to cut up your fists.

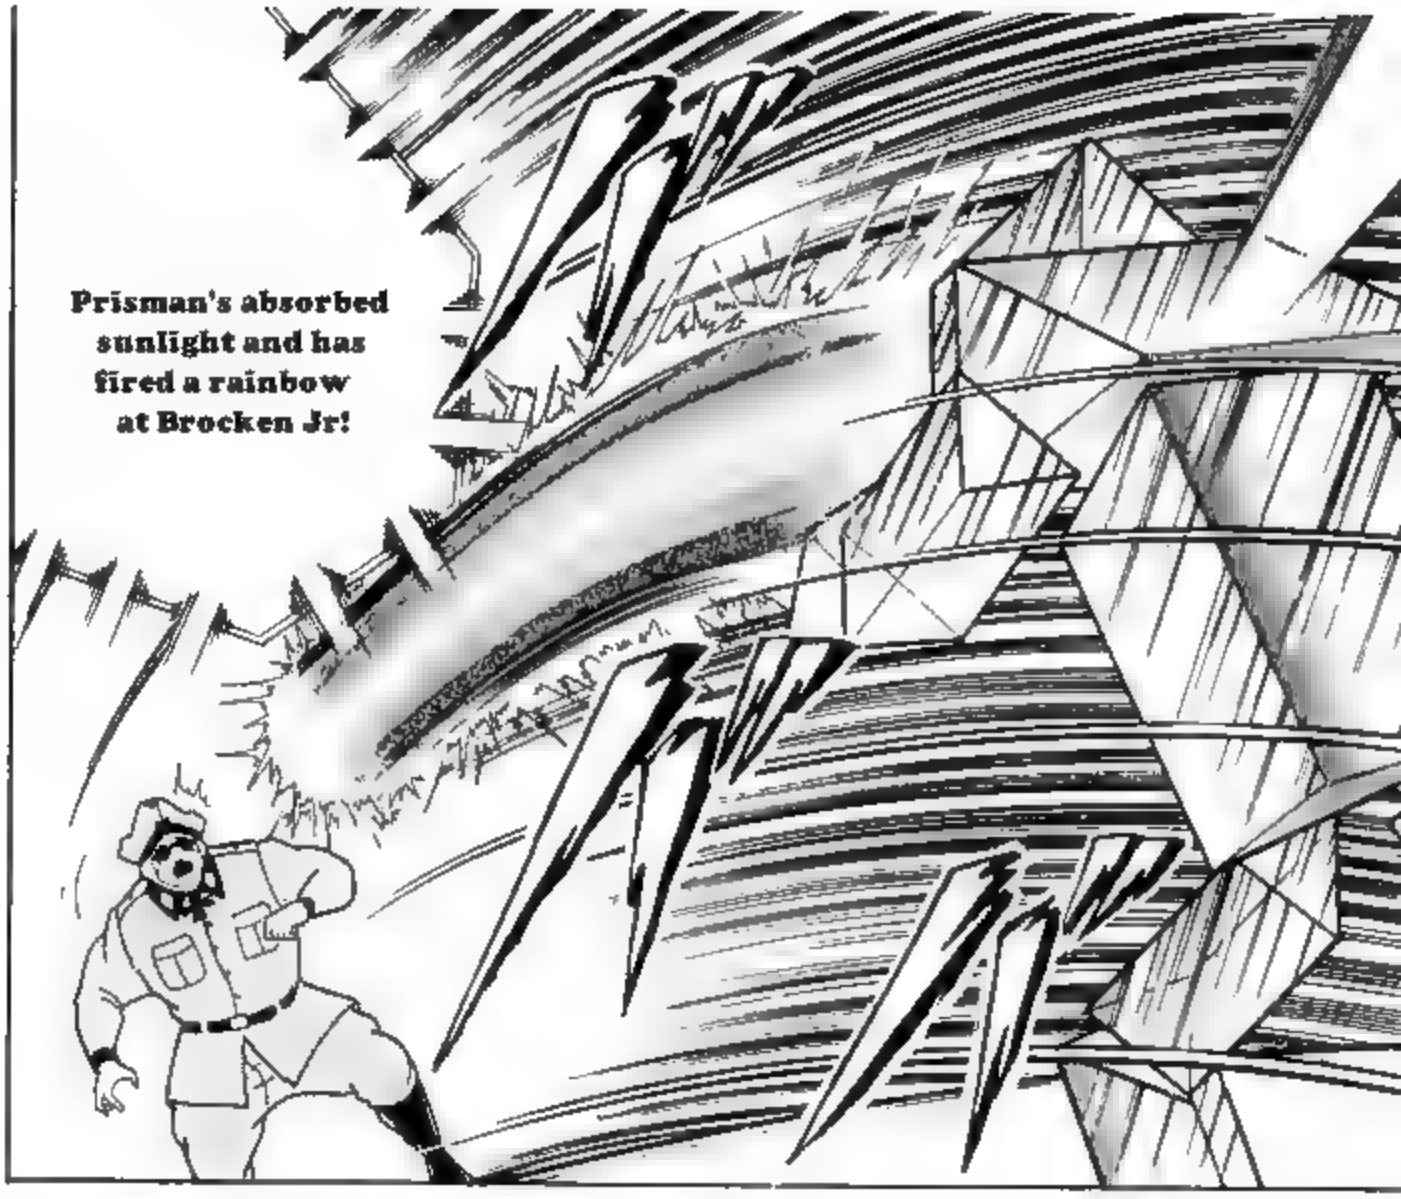


Kyokyokyo! Just give up on rescuing Soldier and surrender!
SUNLIGHT ABSORPTION!

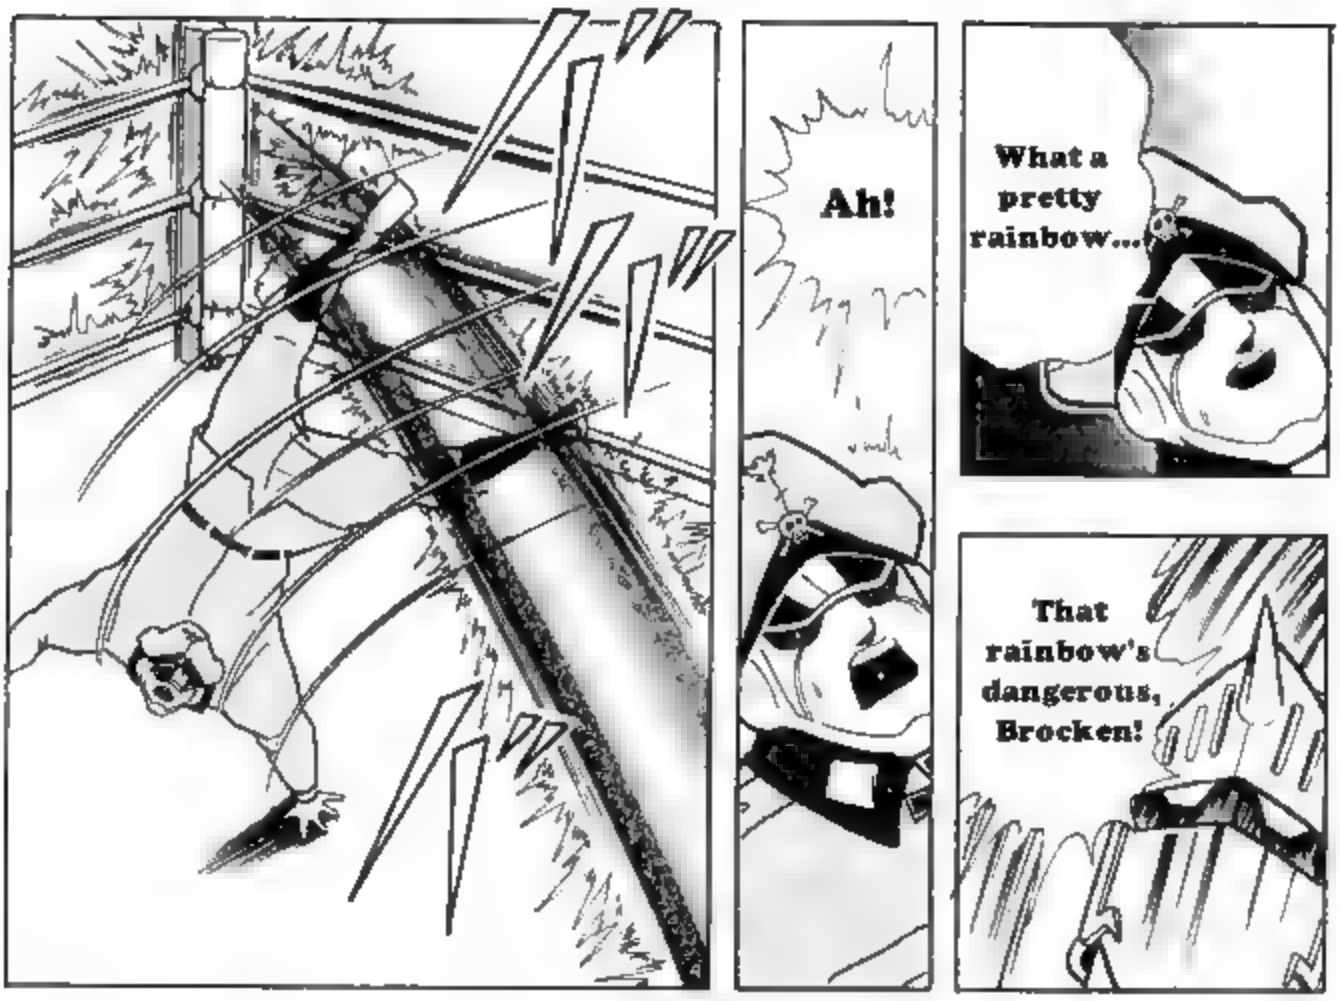


RAINBOW SHOWER!

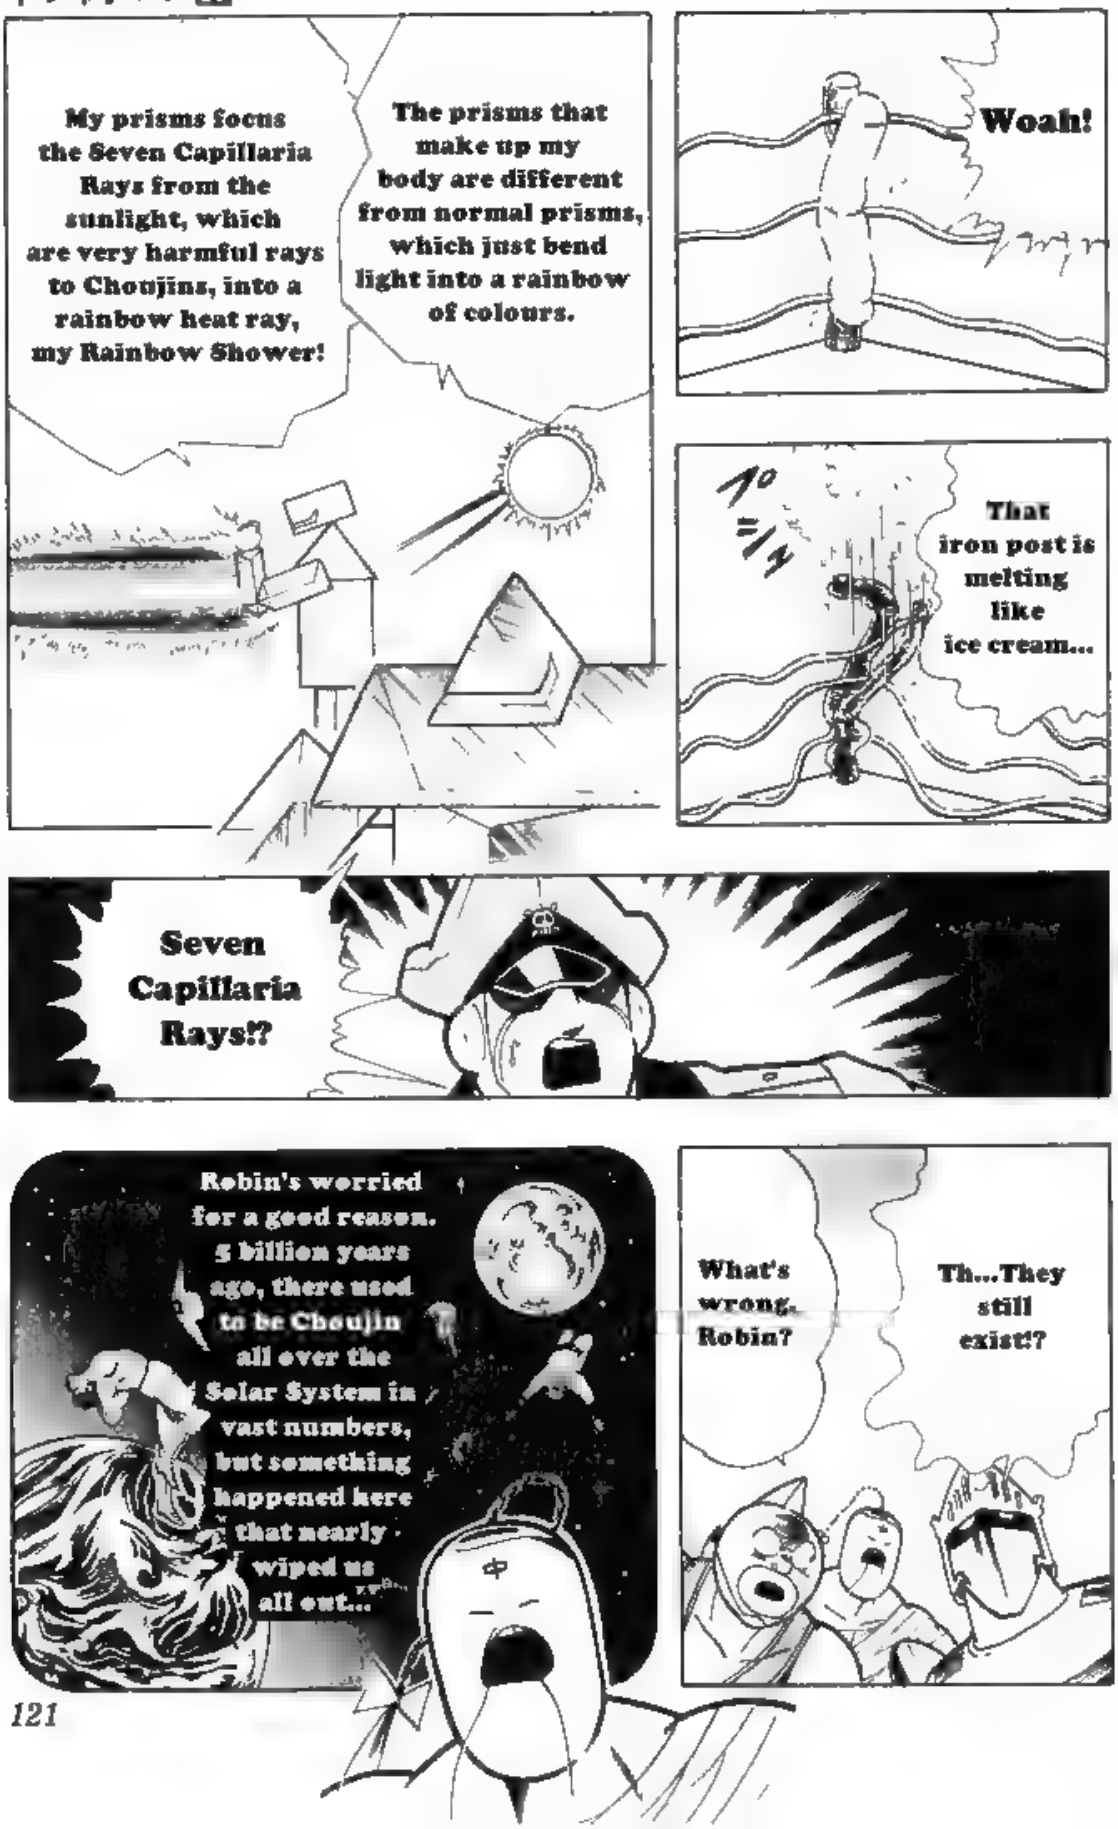
Woah, there's a thick sash of sunlight going through Prisman's back!



Prisman's absorbed sunlight and has fired a rainbow at Brocken Jr!

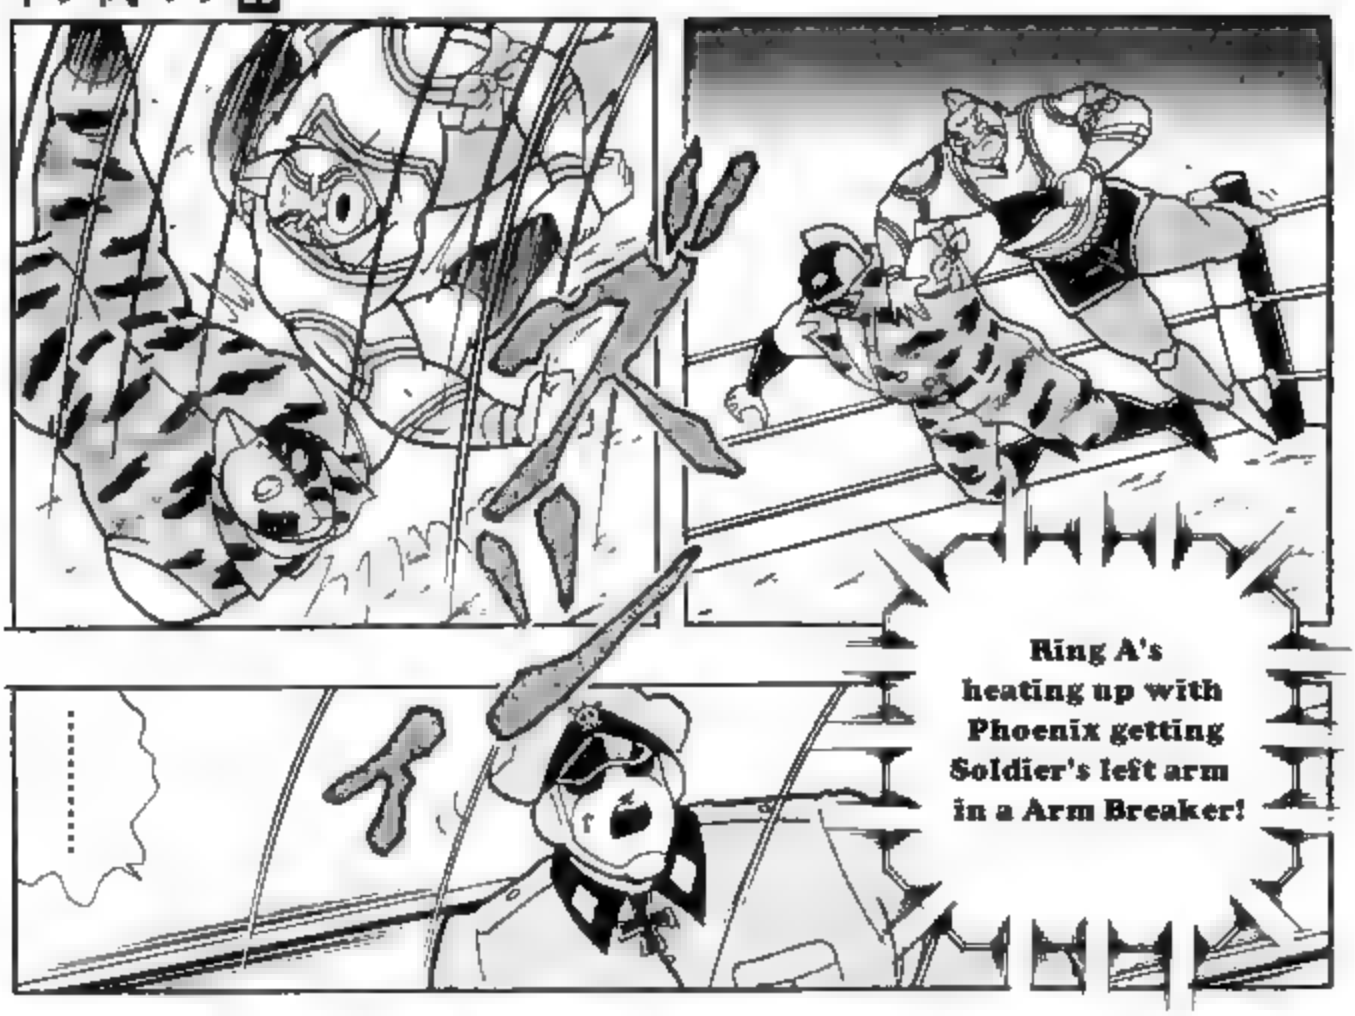


Ah!
What a pretty rainbow...
That rainbow's dangerous, Brocken!



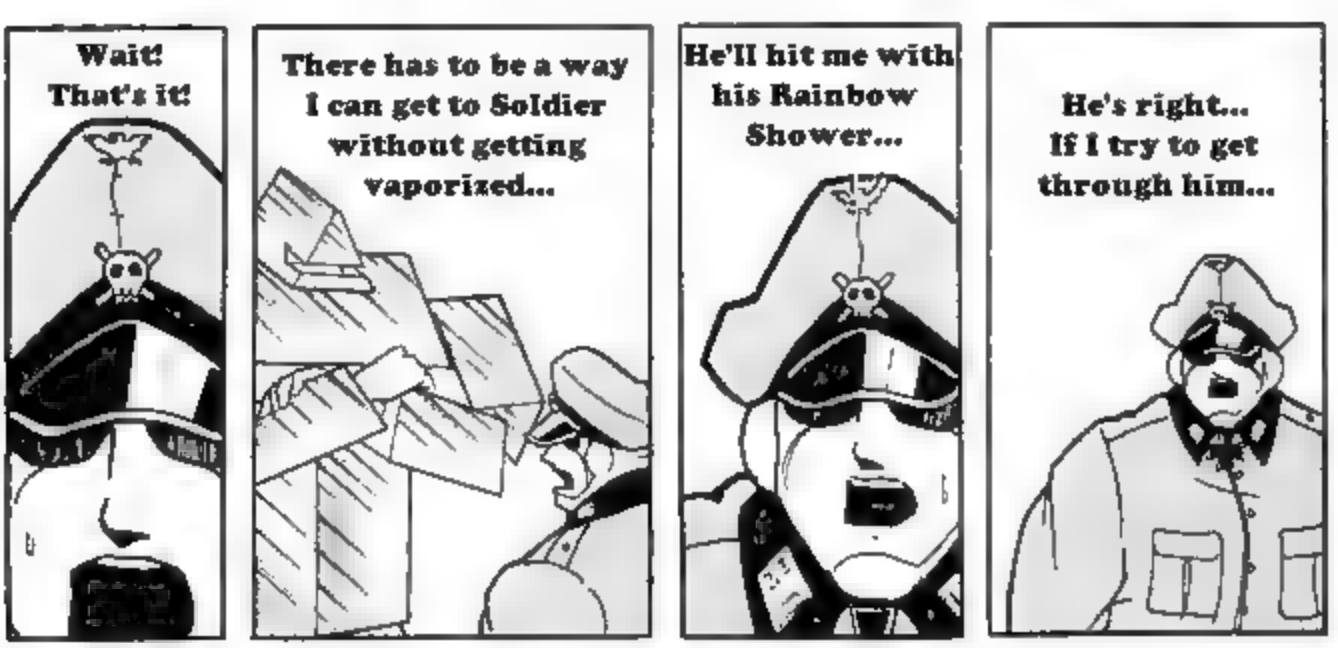
My prisms focus the Seven Capillaria Rays from the sunlight, which are very harmful rays to Choujins, into a rainbow heat ray, my Rainbow Shower!
The prisms that make up my body are different from normal prisms, which just bend light into a rainbow of colours.
Woah!
That iron post is melting like ice cream...
Seven Capillaria Rays!?
Robin's worried for a good reason. 5 billion years ago, there used to be Choujin all over the Solar System in vast numbers, but something happened here that nearly wiped us all out...
What's wrong, Robin?
Th...They still exist!?

So... If he gets hit by it, he'll be killed!
Ever since then, the Seven Capillaria Rays have been seen as the ulimate natural enemy of Choujin everywhere...
It's been said that it was due to a solar anomaly causing a large amount of the Seven Capillaria Rays to be scattered throughout the Solar System.
Wah!
RAINBOW SHOWER!
Gah!
RAINBOW SHOWER!
Oh yeah! He's right!
Kyokyokyo! It's best that you just run. Soldier'll get his bandana removed soon enough anyway in Ring A!



Ring A's heating up with Phoenix getting Soldier's left arm in a Arm Breaker!
.....

If you're thinking of rescuing Soldier, you'll have to go through me and my Rainbow Shower!

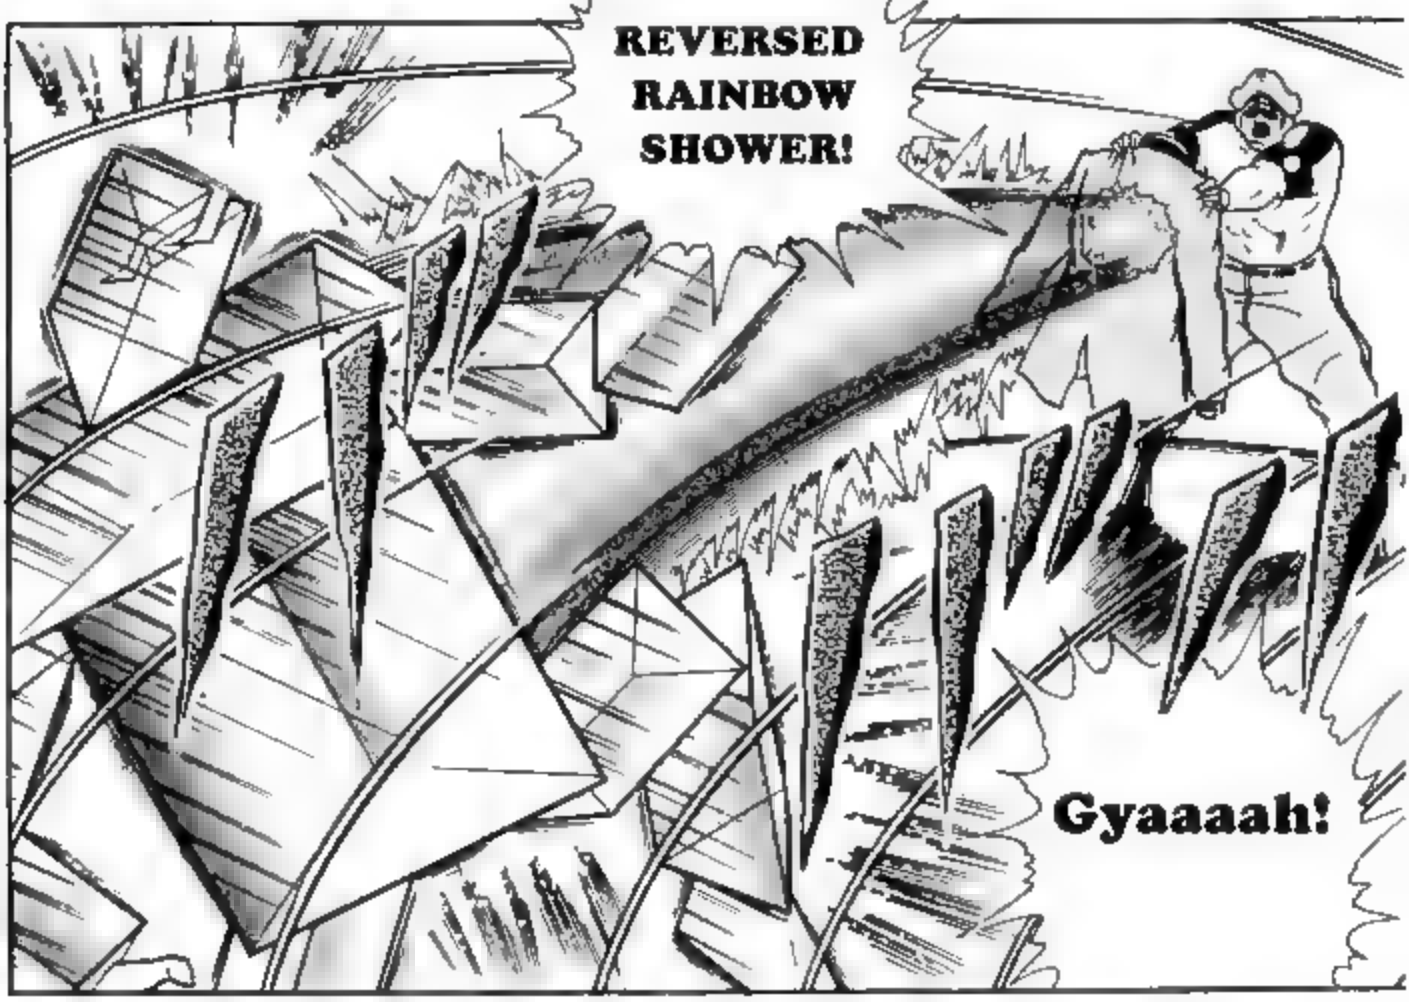


Wait! That's it!
There has to be a way I can get to Soldier without getting vaporized...
He'll hit me with his Rainbow Shower...
He's right... If I try to get through him...

RED RAIN OF BERLIN!
I know how to get out of this!
Are you trying to get yourself killed, Brocken!?
Brocken's whittling down Prisman's body with his Red Rain of Berlin, handed down to him by his father Brockenman!
There's more to this plan than just some "dumb chop"!
Kyokyokyo! His plan to beat me and my Rainbow Shower's just some dumb chop!

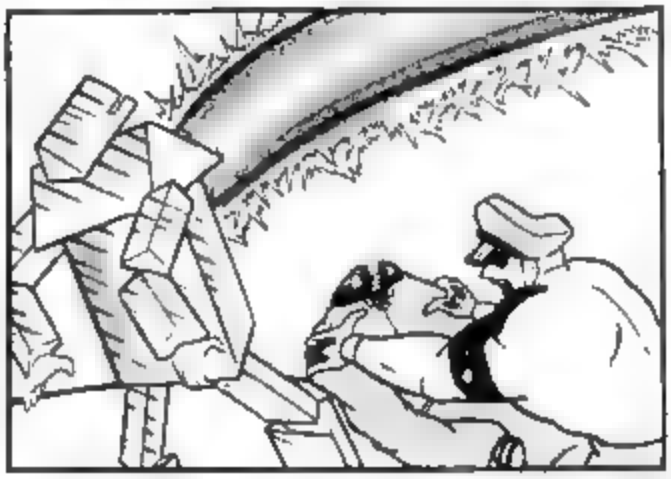
All those stray glass shards from Prisman's body are sticking onto Brocken's jacket...
Ooh, look!
You're just pathetic!
Ride my Rainbow Shower to hell!
I've been waiting for that!

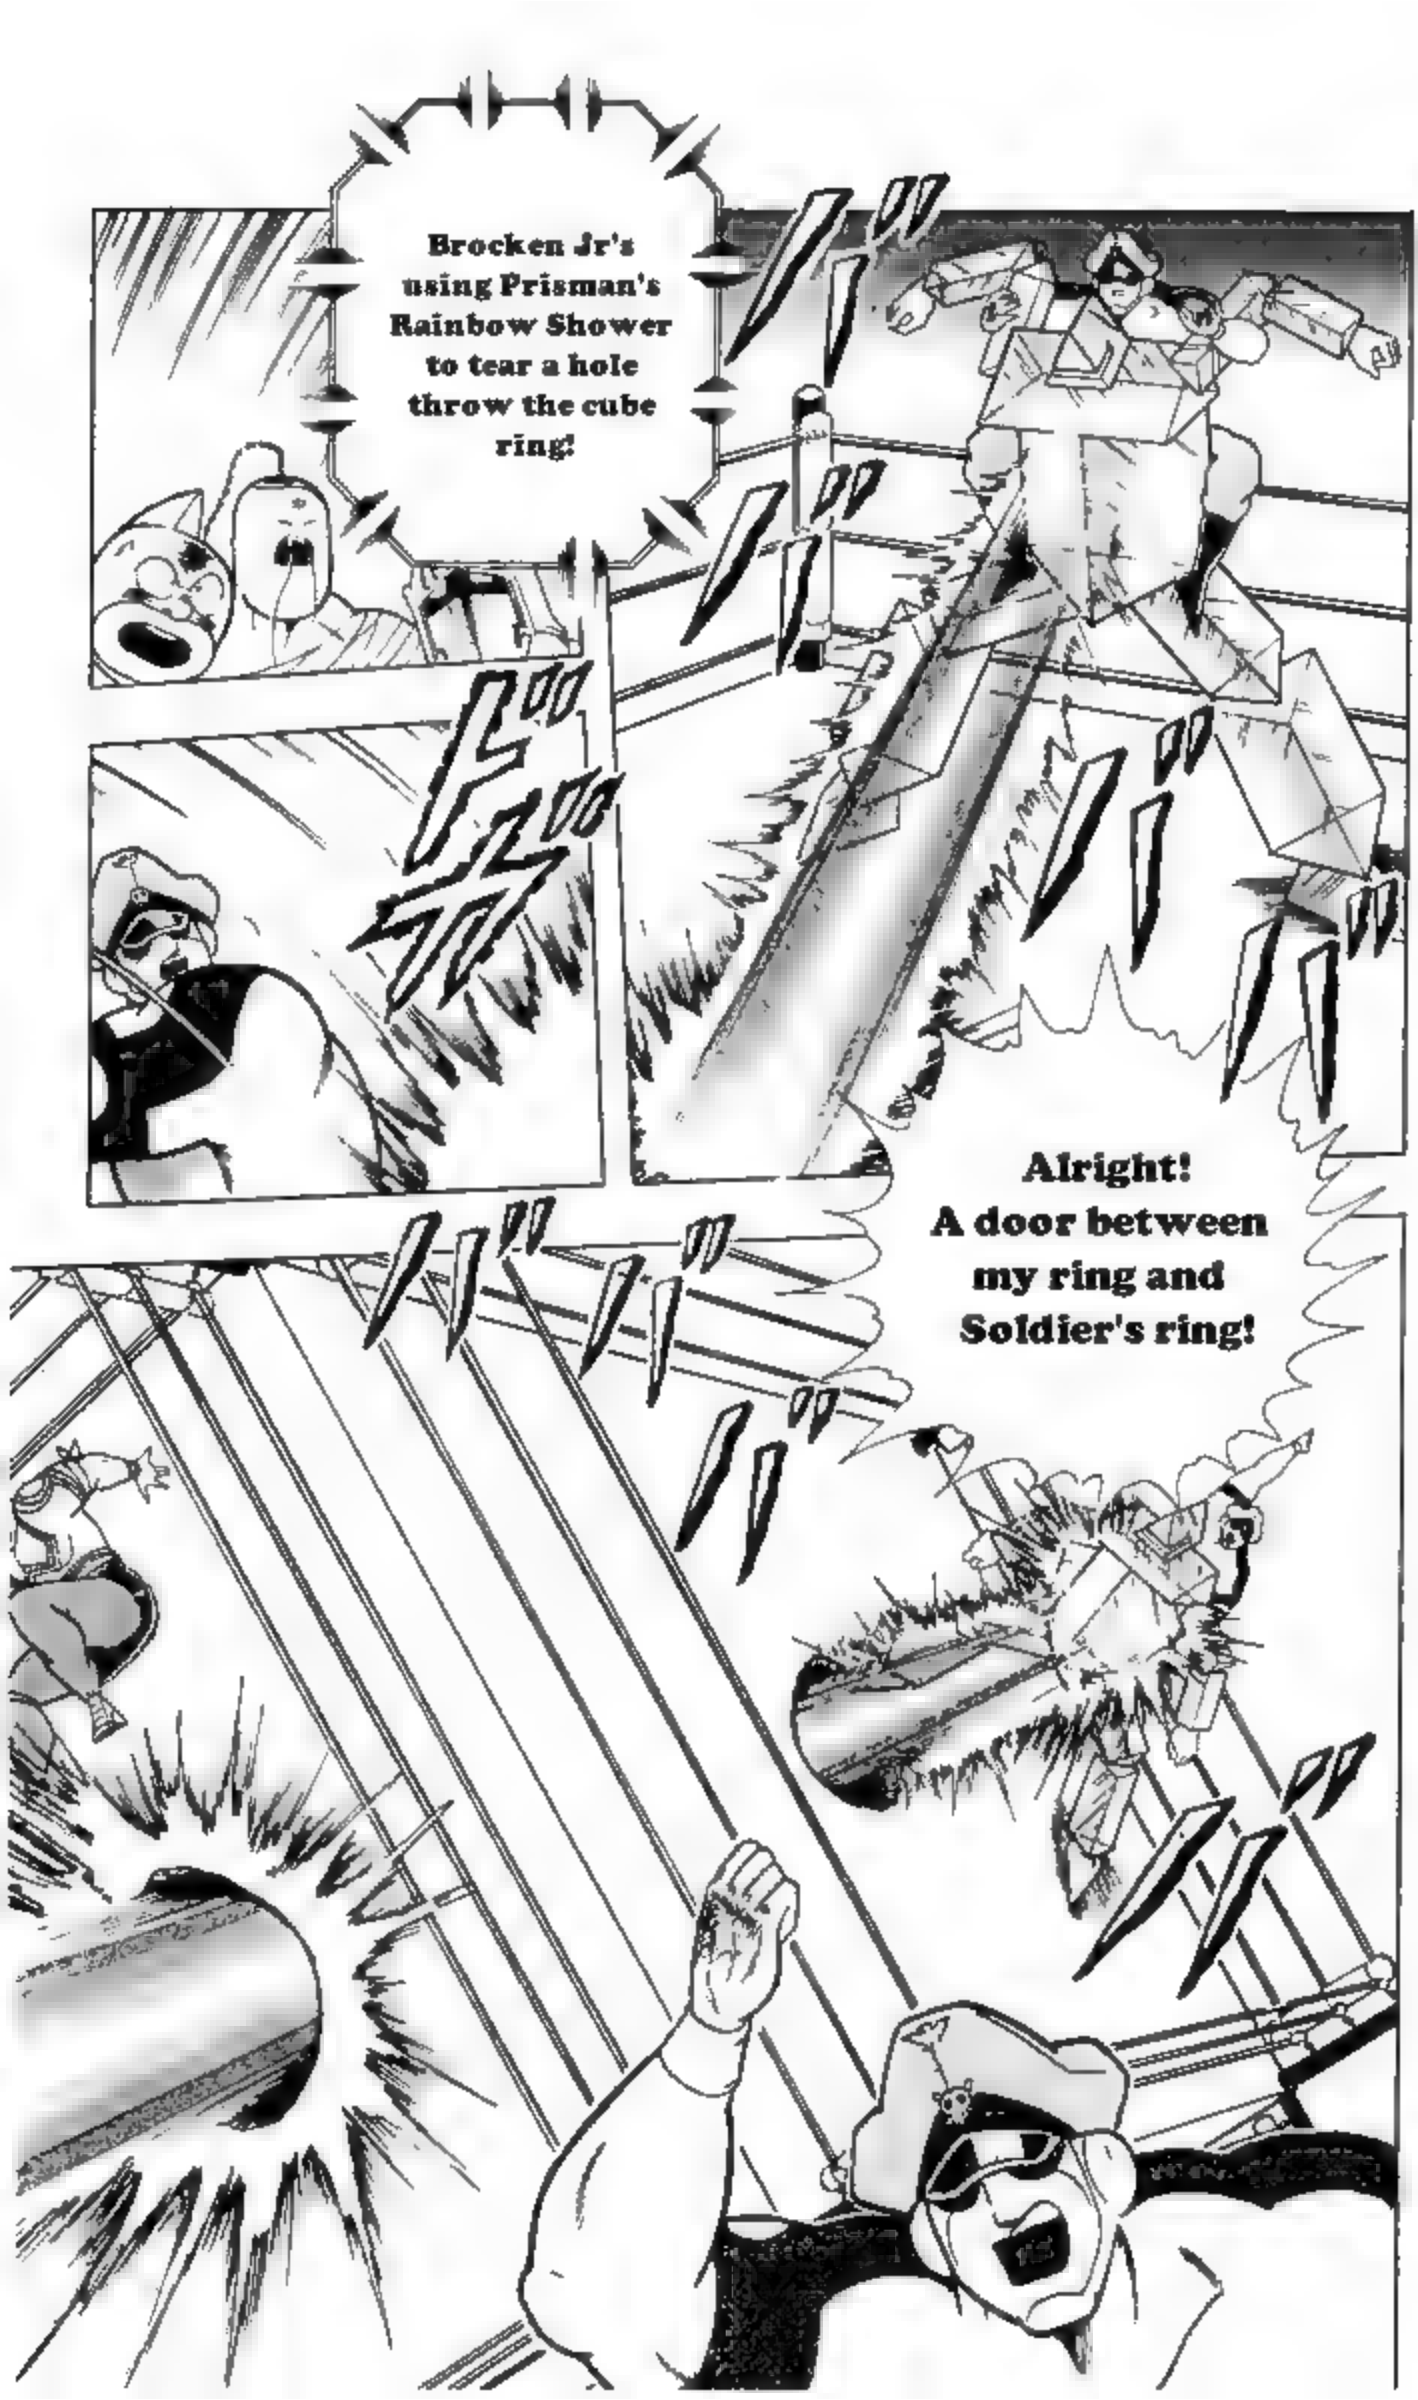
Here's a Instant Mirror I made from your glass fragments!



REVERSED RAINBOW SHOWER!
Gyaaaah!

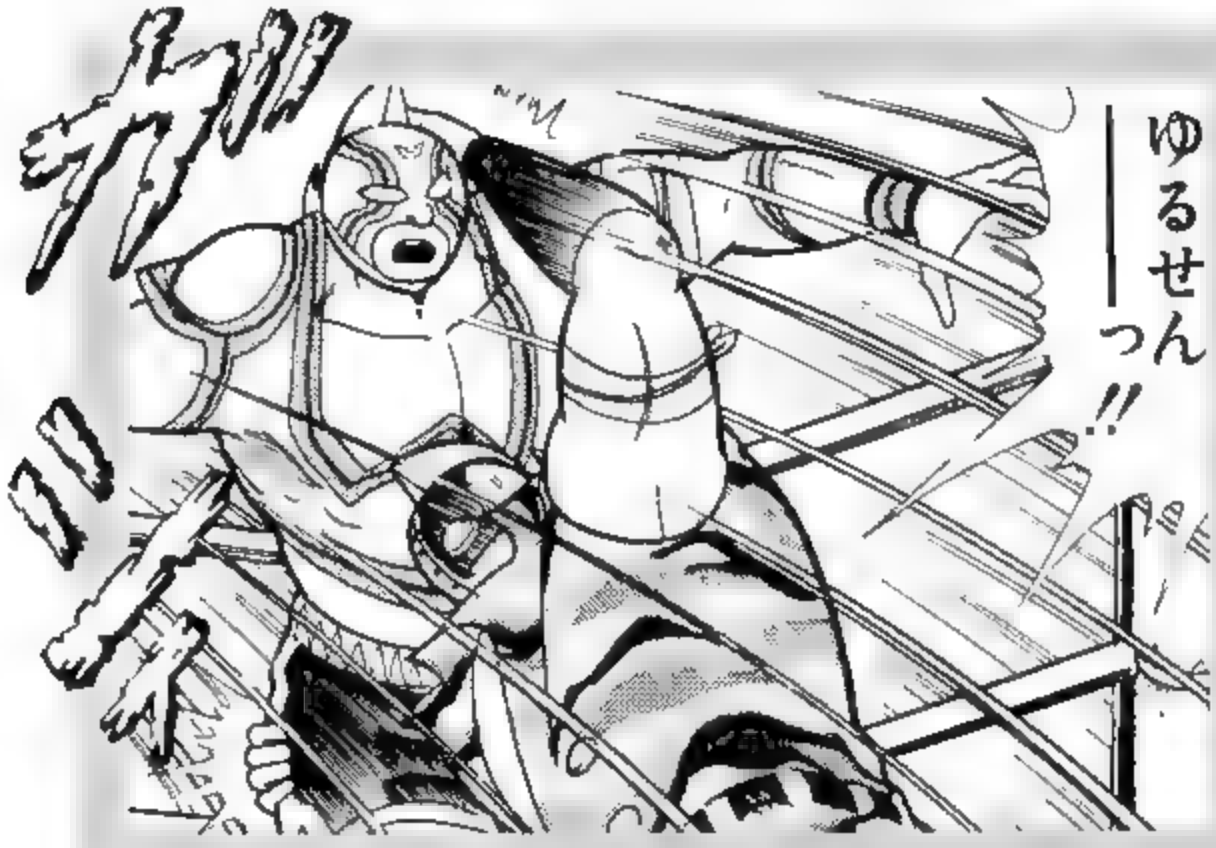
I'll borrow your Rainbow Shower if you don't mind!

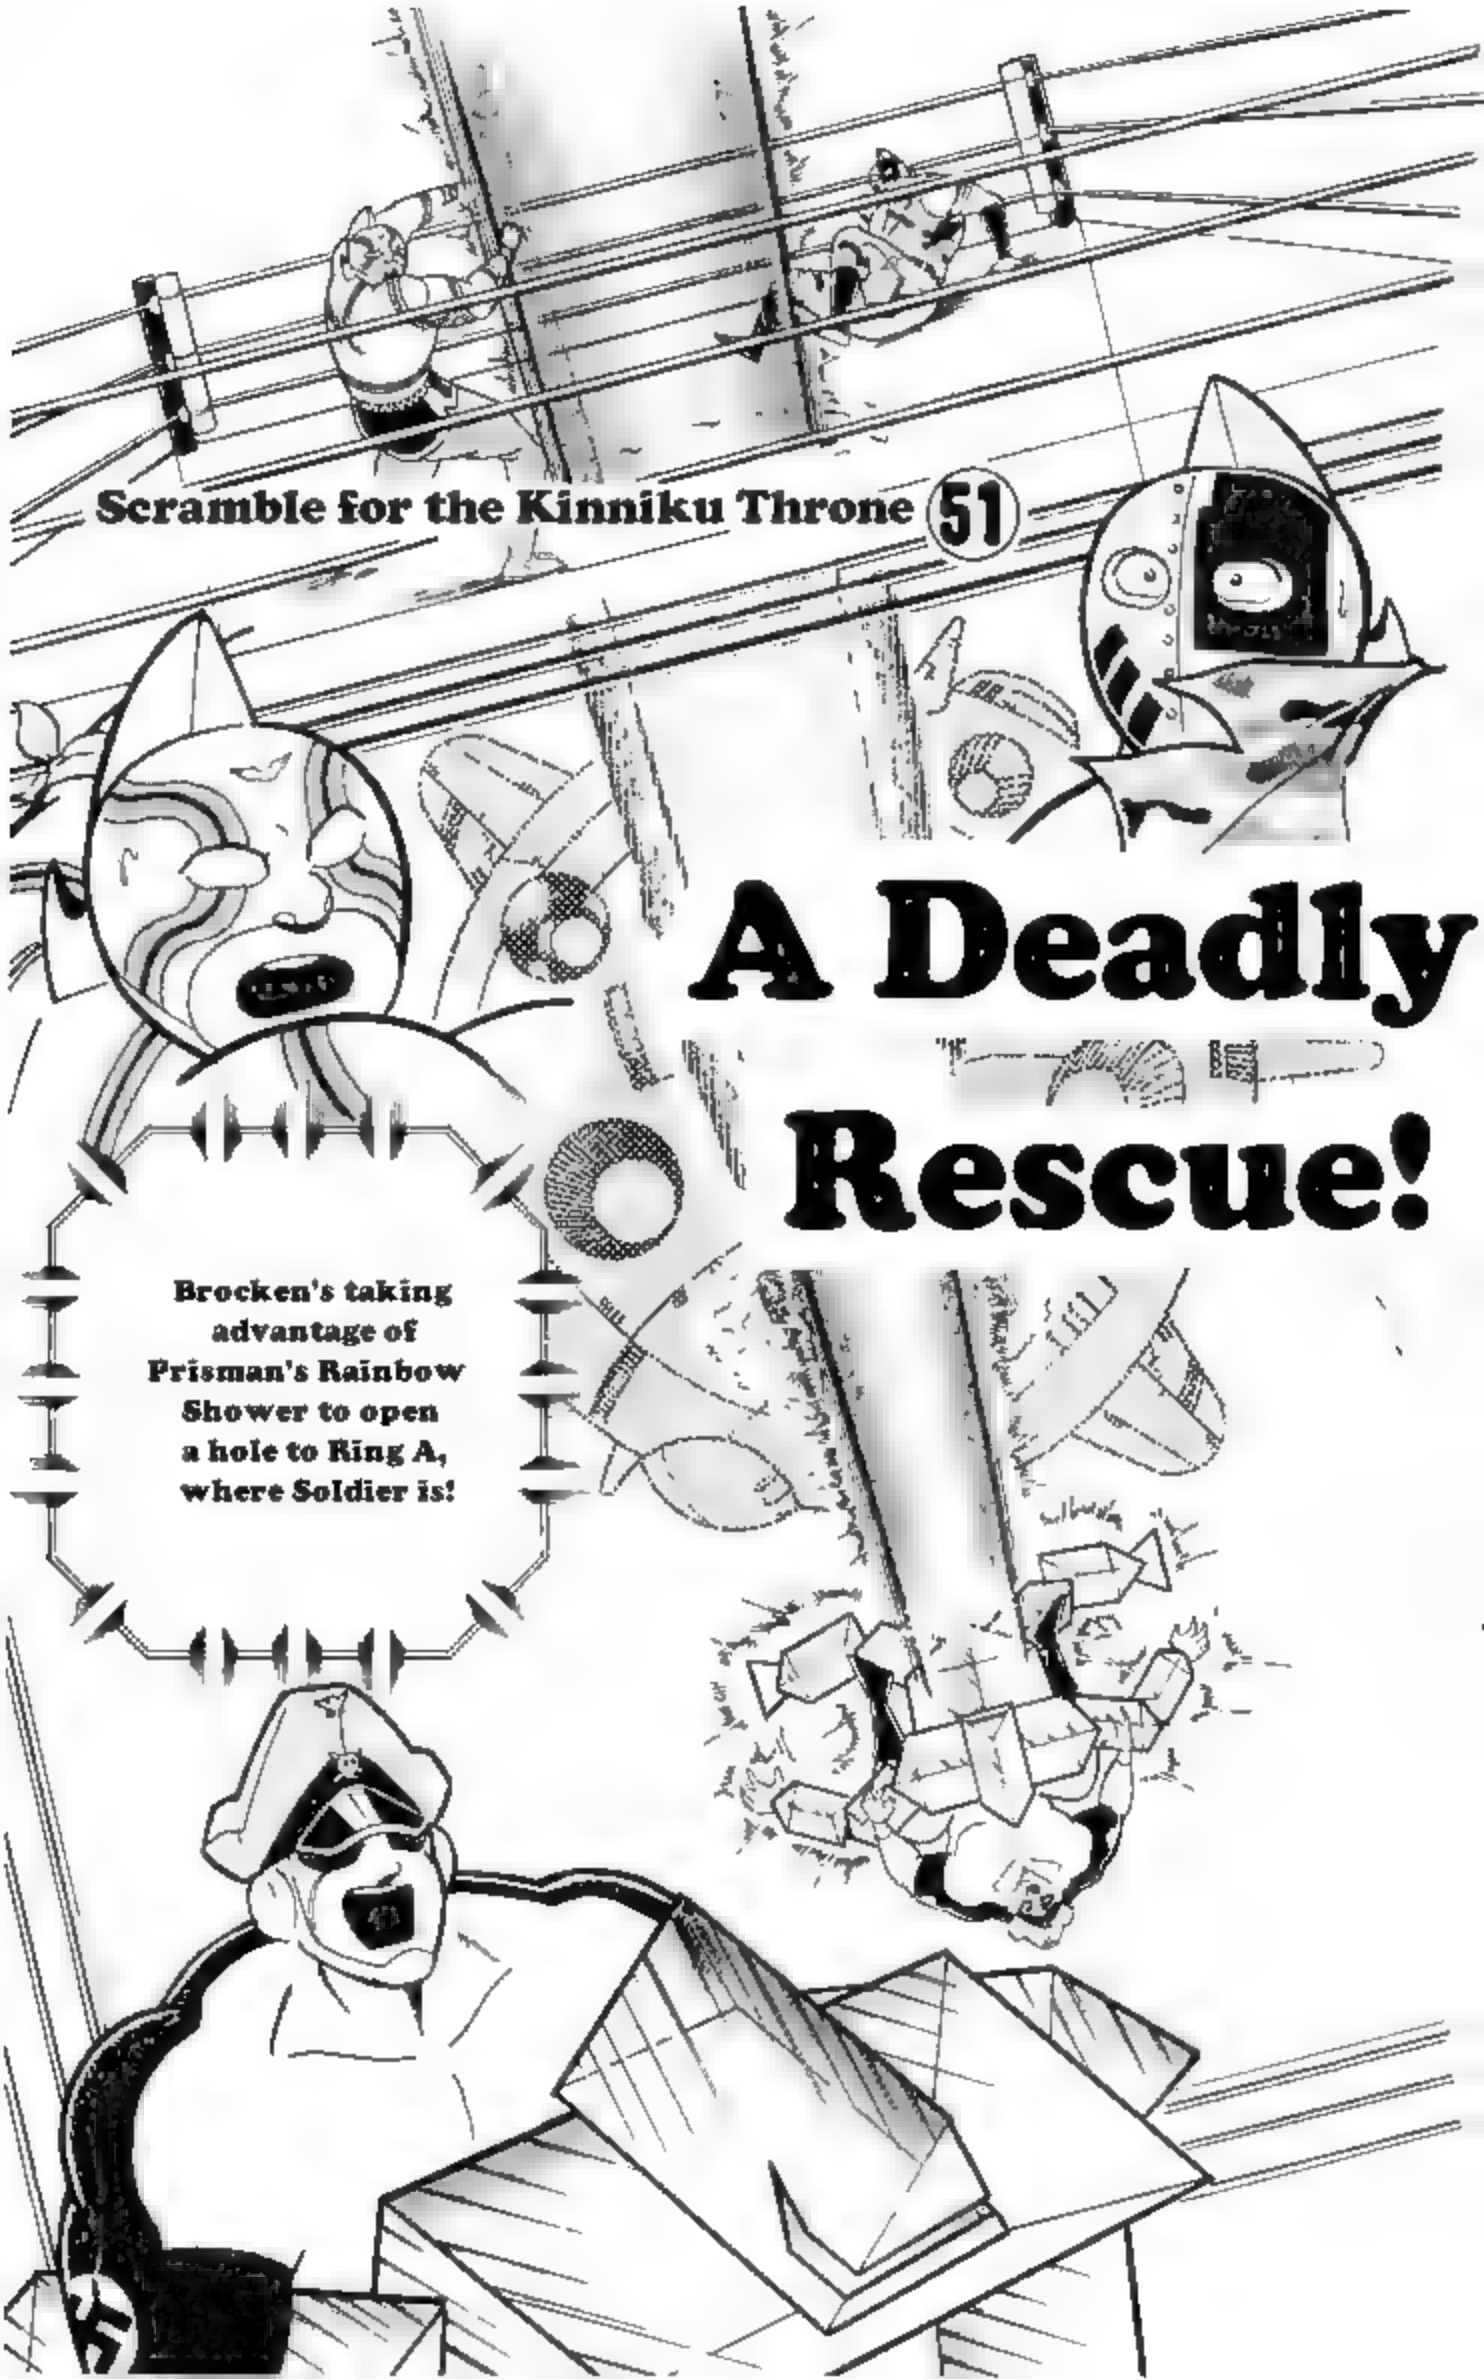




Brocken Jr's using Prisman's Rainbow Shower to tear a hole throw the cube ring!
Alright! A door between my ring and Soldier's ring!

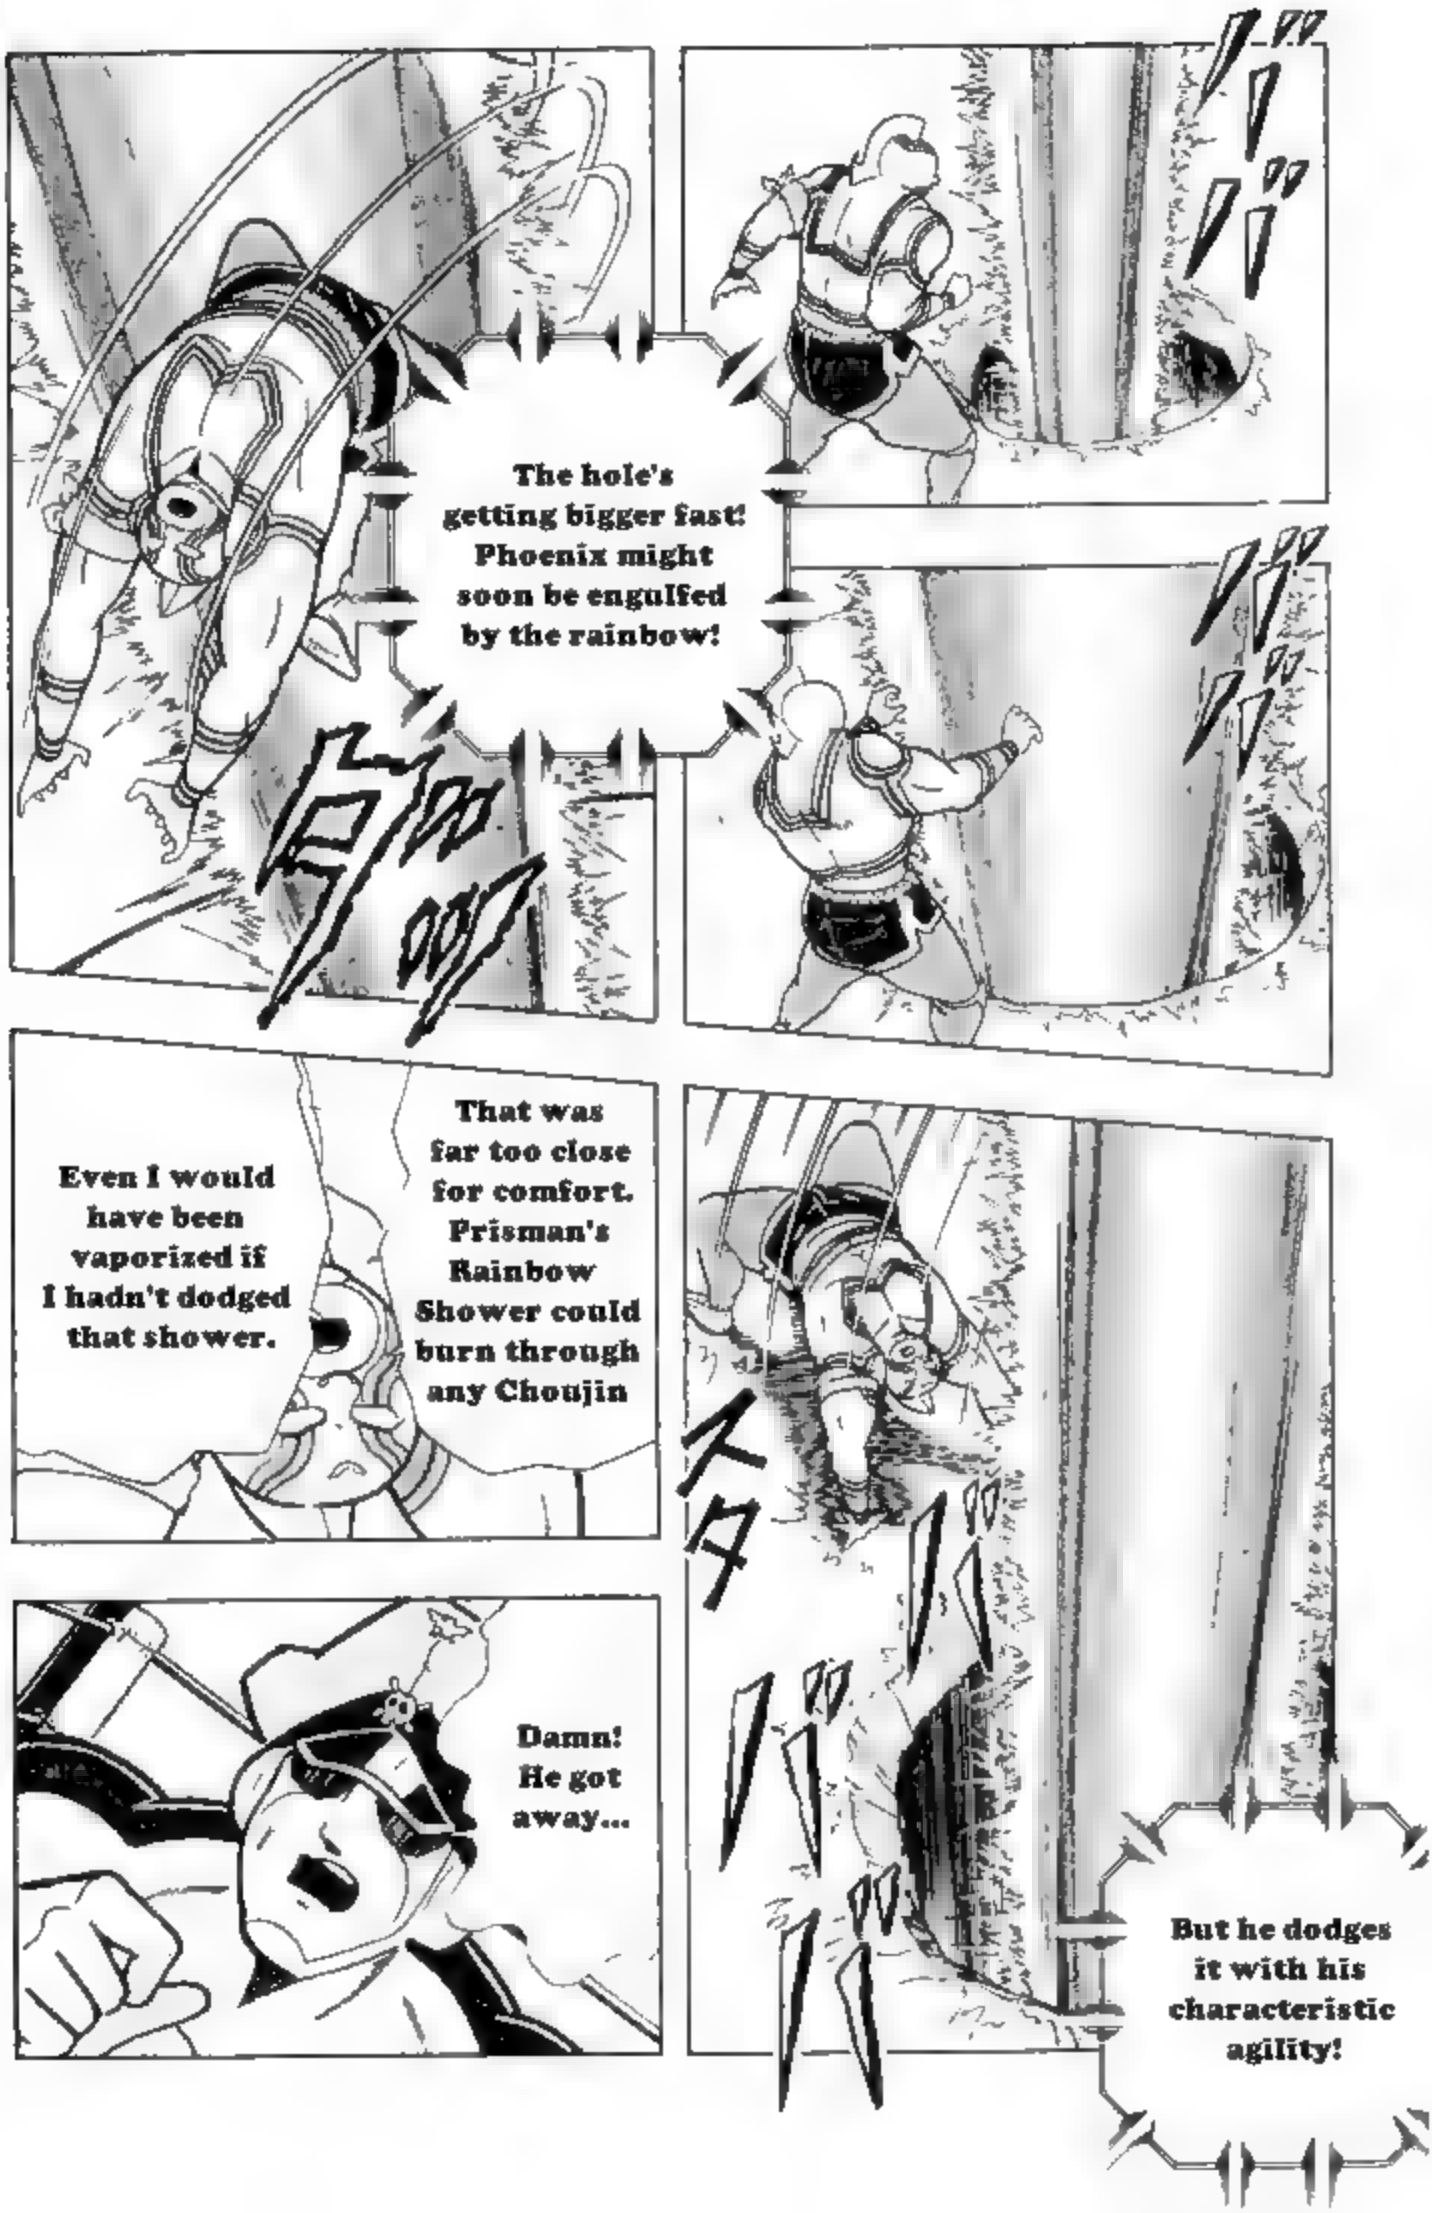
(SCRAMBLE FOR THE KINNIKU THRONE ARC)
SPECIAL VTR XLII (XXXXII)
KINNIKUMAN SOLDIER VS. KINNIKUMAN SUPER PHOENIX



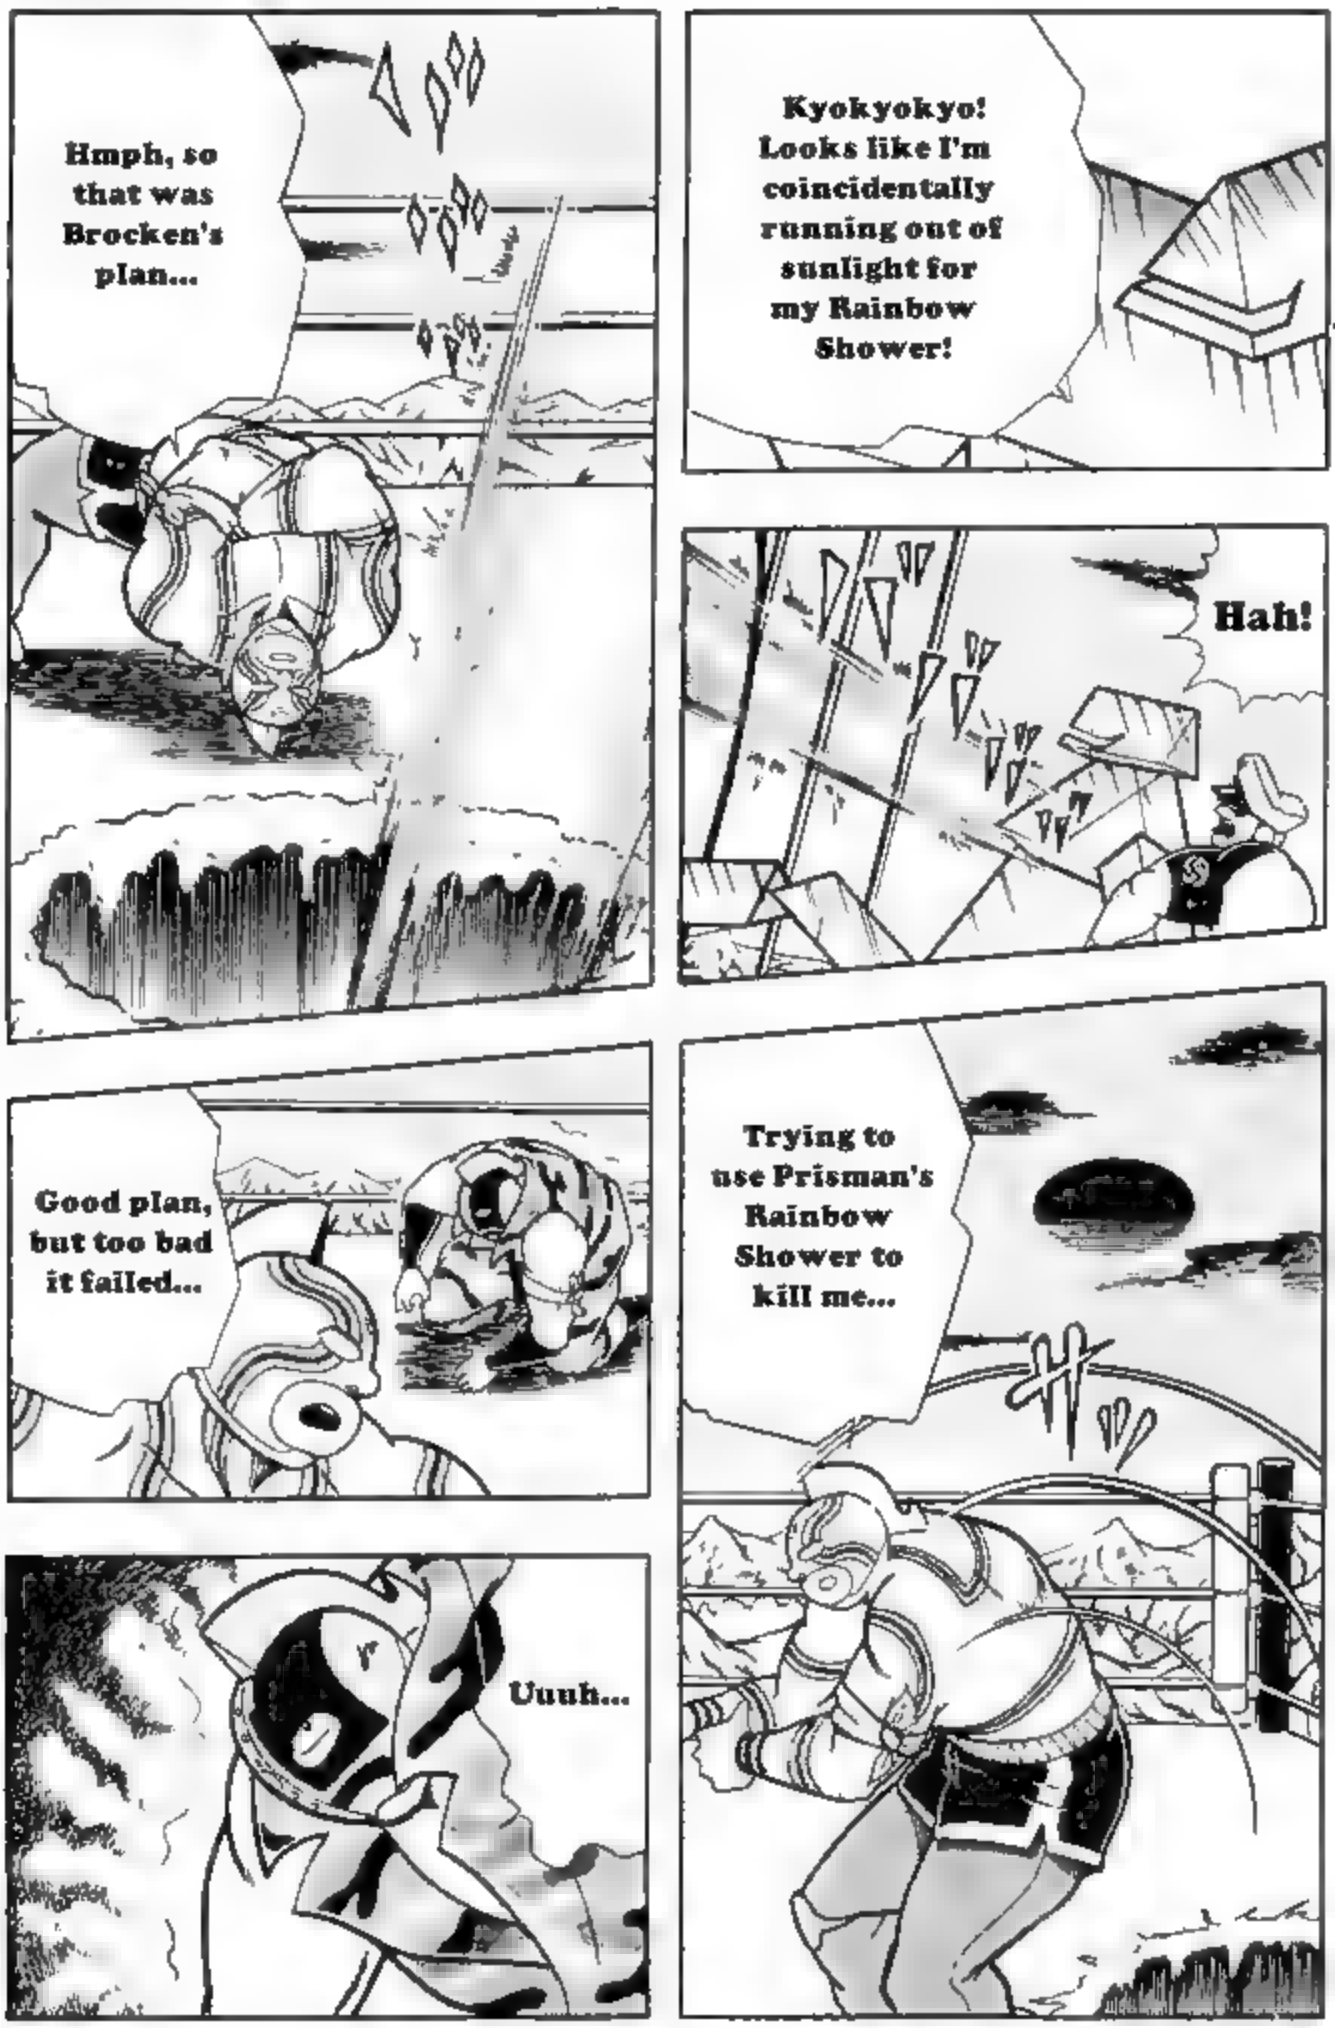


A Deadly Rescue!

Brocken's taking advantage of Prisman's Rainbow Shower to open a hole to Ring A, where Soldier is!

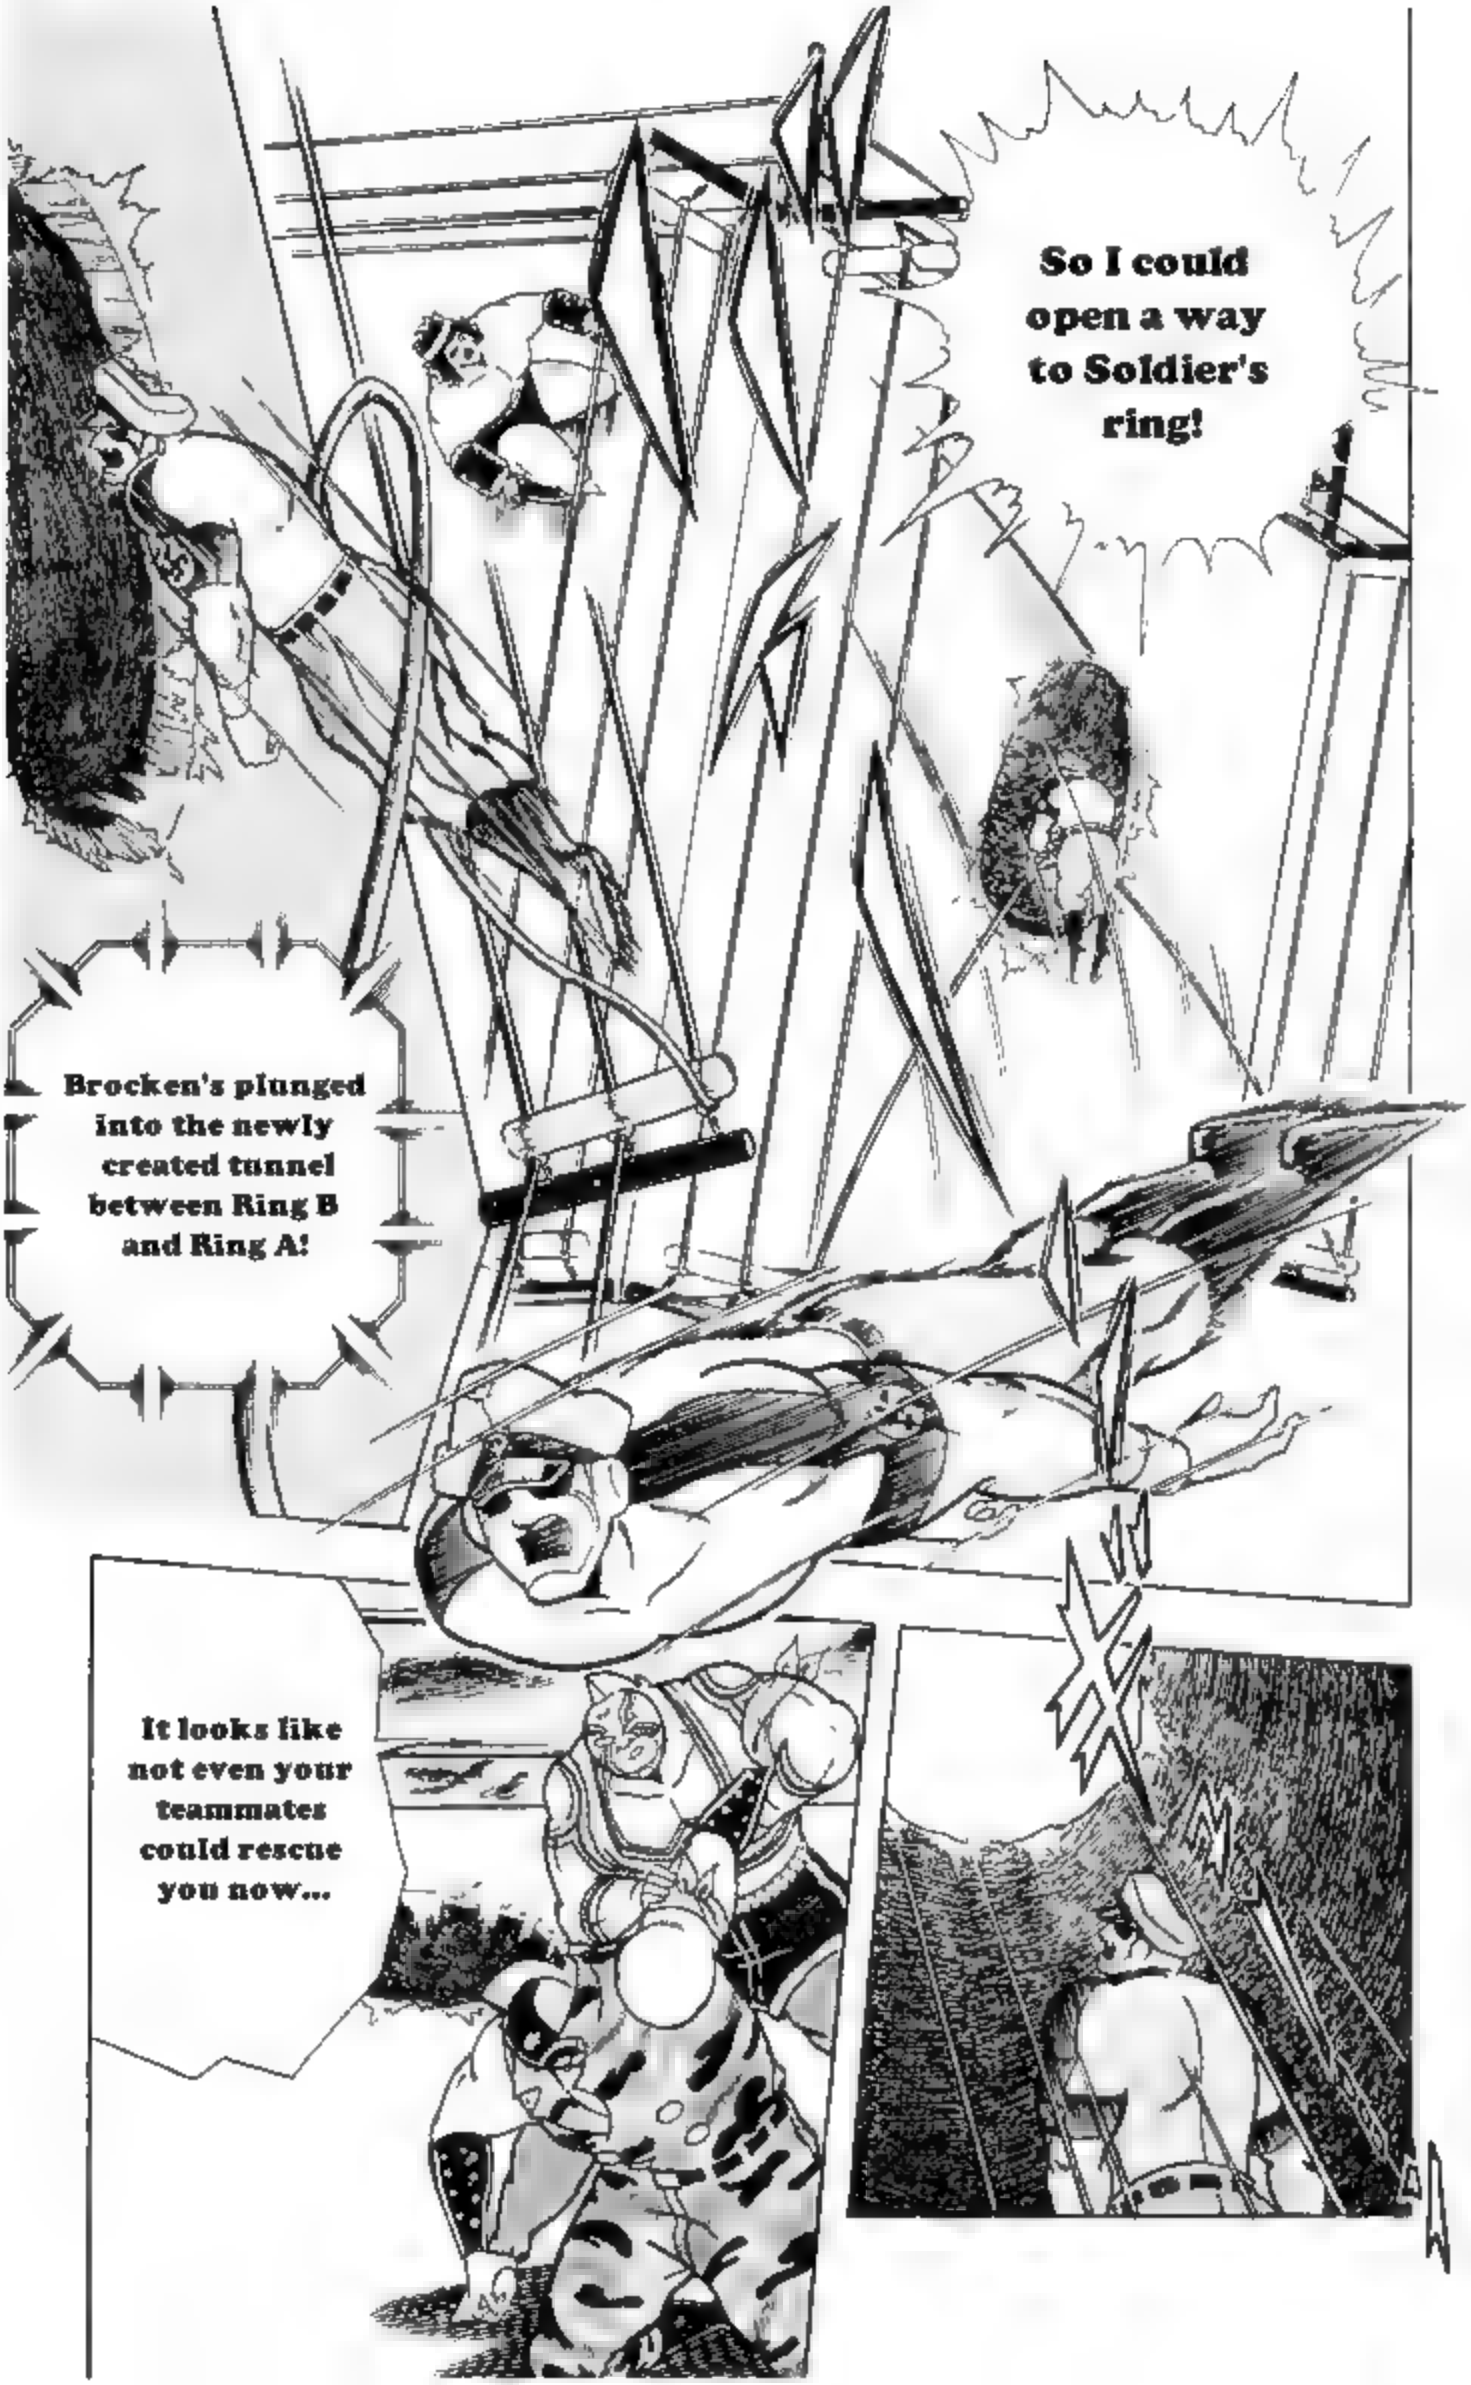


The hole's getting bigger fast! Phoenix might soon be engulfed by the rainbow!
Even I would have been vaporized if I hadn't dodged that shower.
That was far too close for comfort. Prisman's Rainbow Shower could burn through any Choujin
Damn! He got away...
But he dodges it with his characteristic agility!

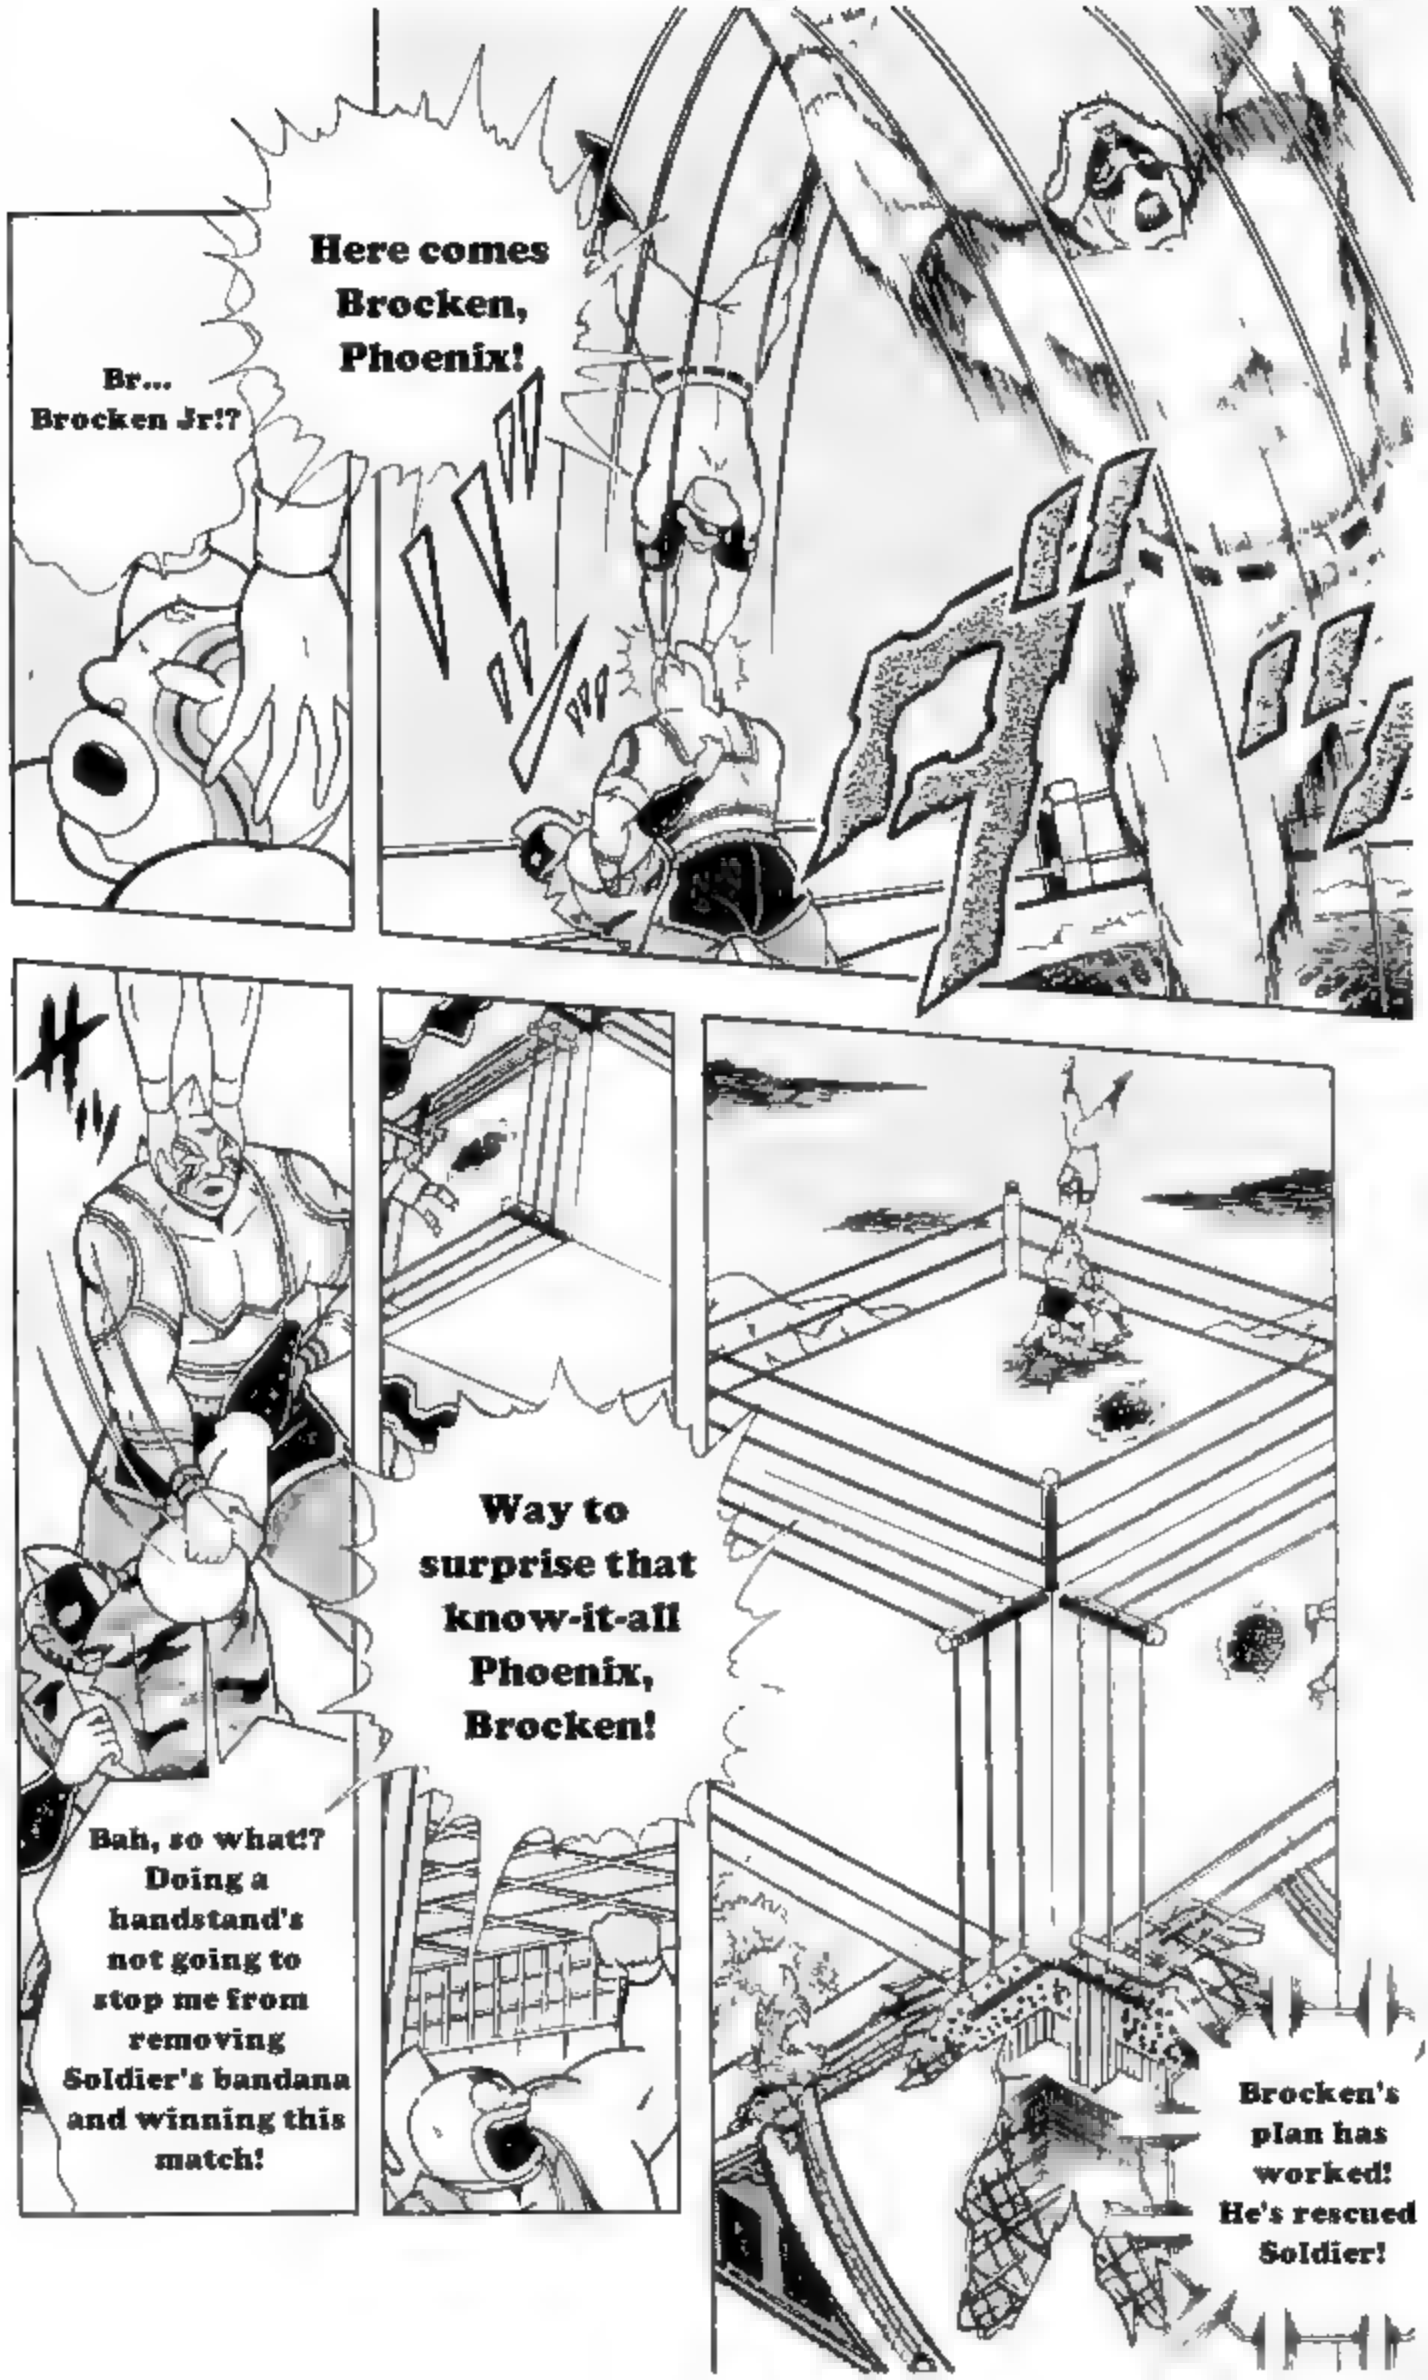


Hmph, so that was Brocken's plan...
Kyokyokyo! Looks like I'm coincidentally running out of sunlight for my Rainbow Shower!
Hah!
Good plan, but too bad it failed...
Trying to use Prisman's Rainbow Shower to kill me...
Uuuh...

Captain Soldier!
Phoenix's plan comes back into motion! In this Give Up Match, the captain who gets his bandana removed will automatically lose! Team Soldier's in a desperate situation!
Because now, I'm going to slowly remove Soldier's bandana and savor the moment!
Don't worry, Buffaloman! Phoenix had my plan all wrong!
I needed that Rainbow Shower...

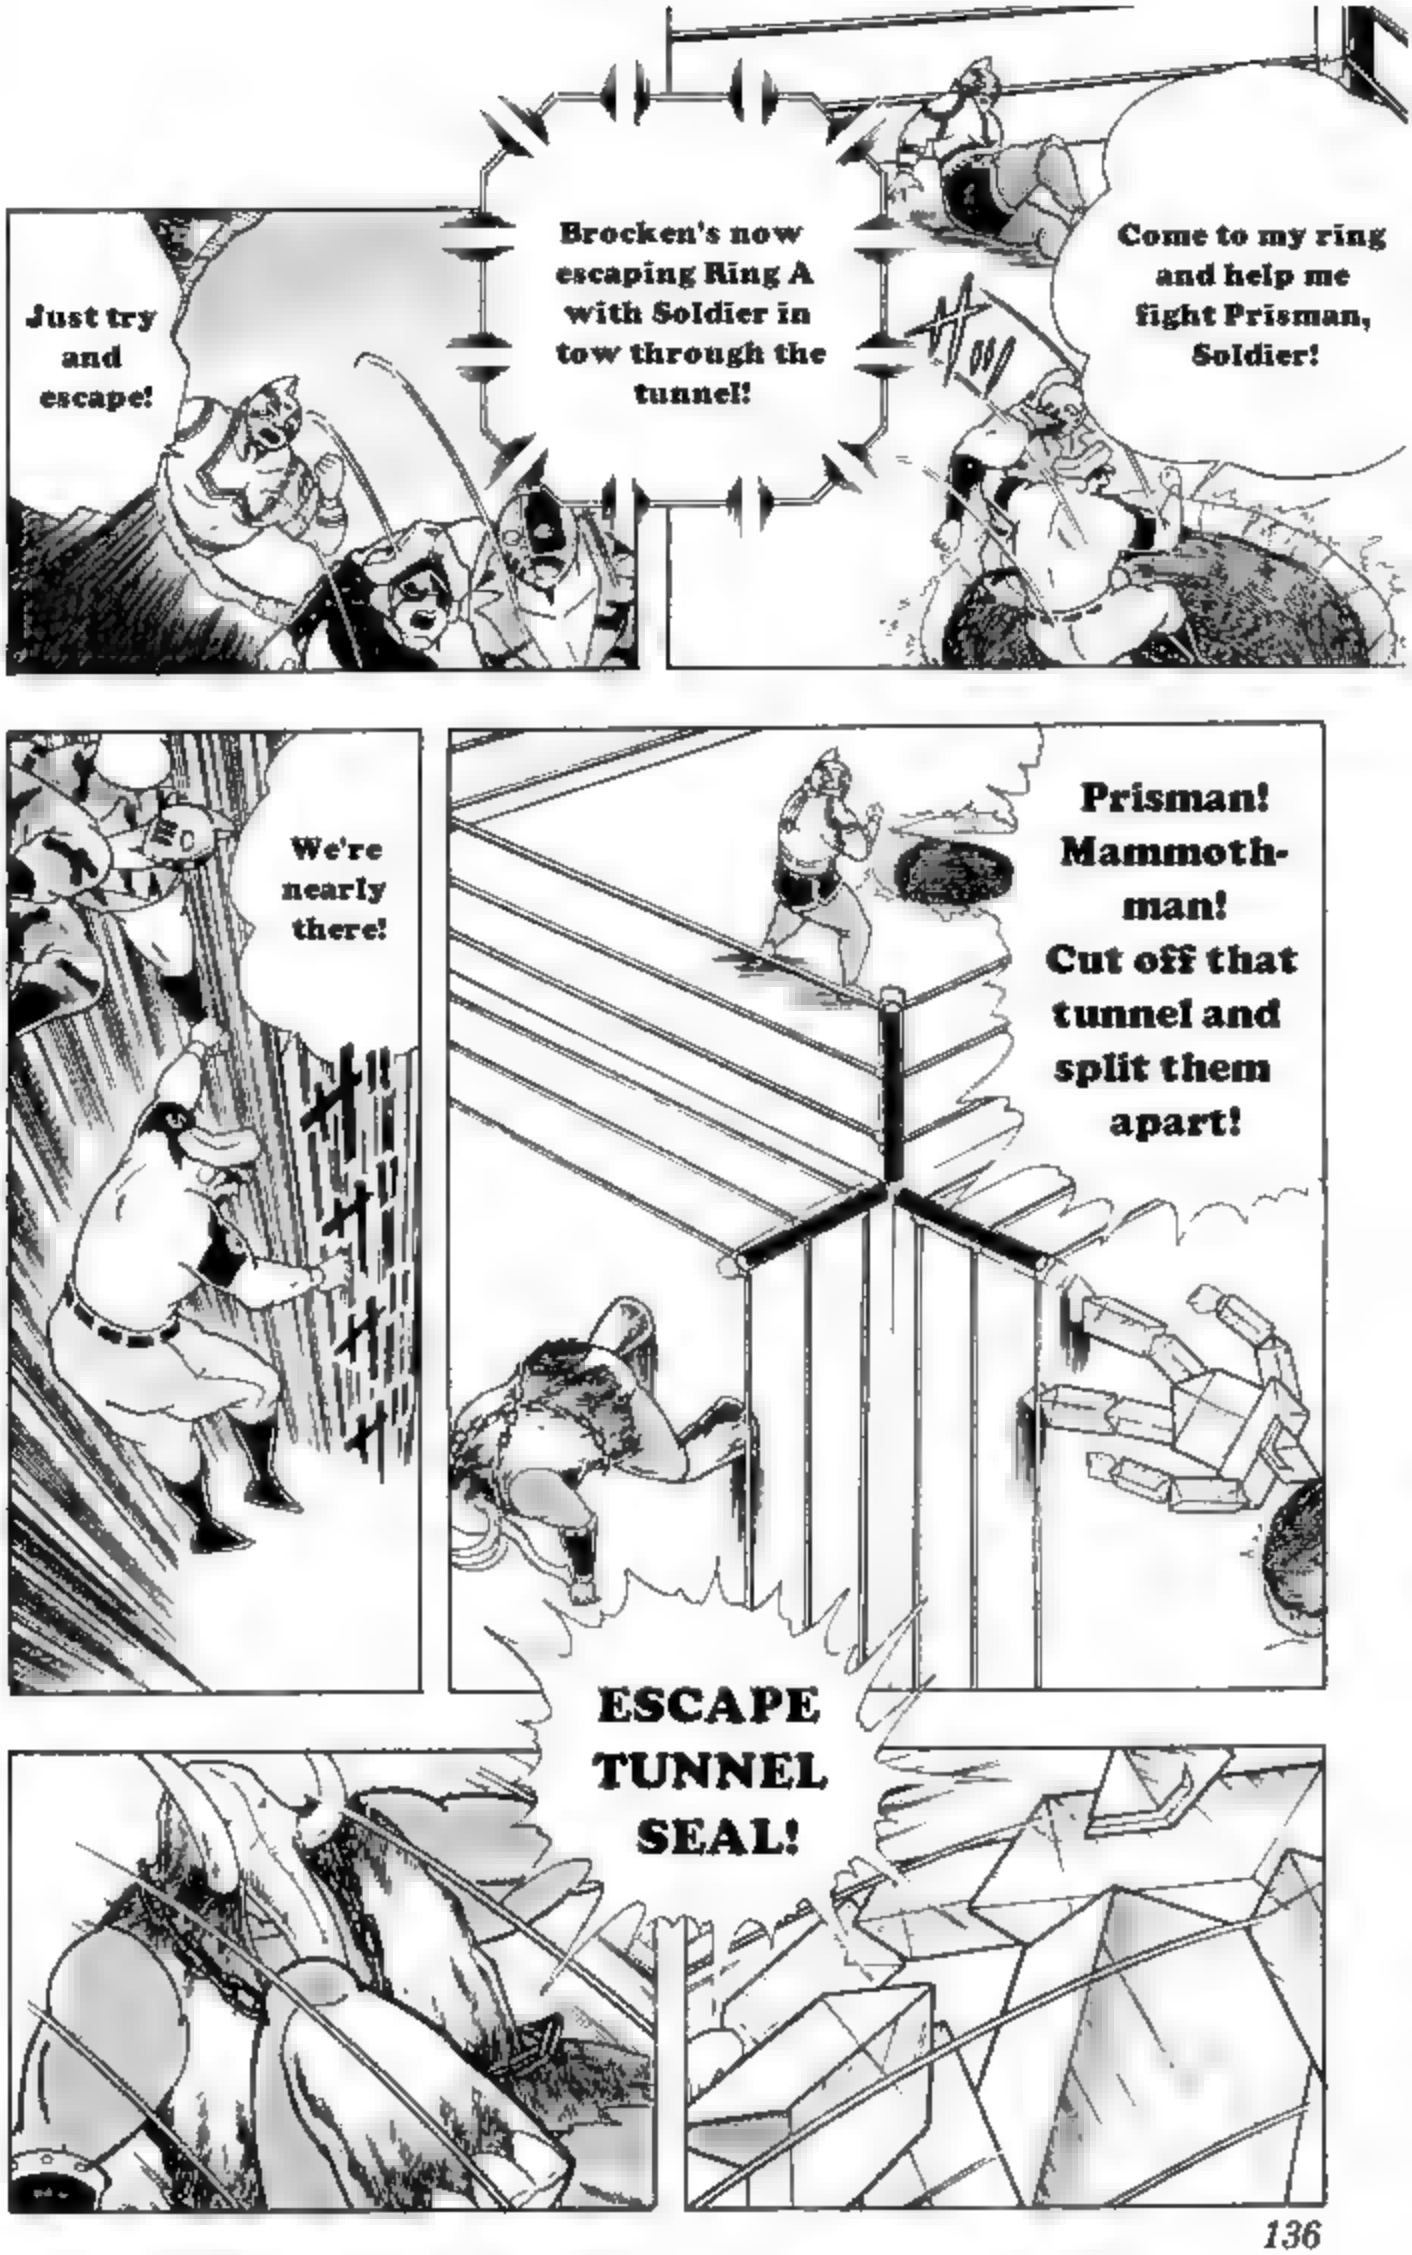


So I could open a way to Soldier's ring!
Brocken's plunged into the newly created tunnel between Ring B and Ring A!
It looks like not even your teammates could rescue you now...

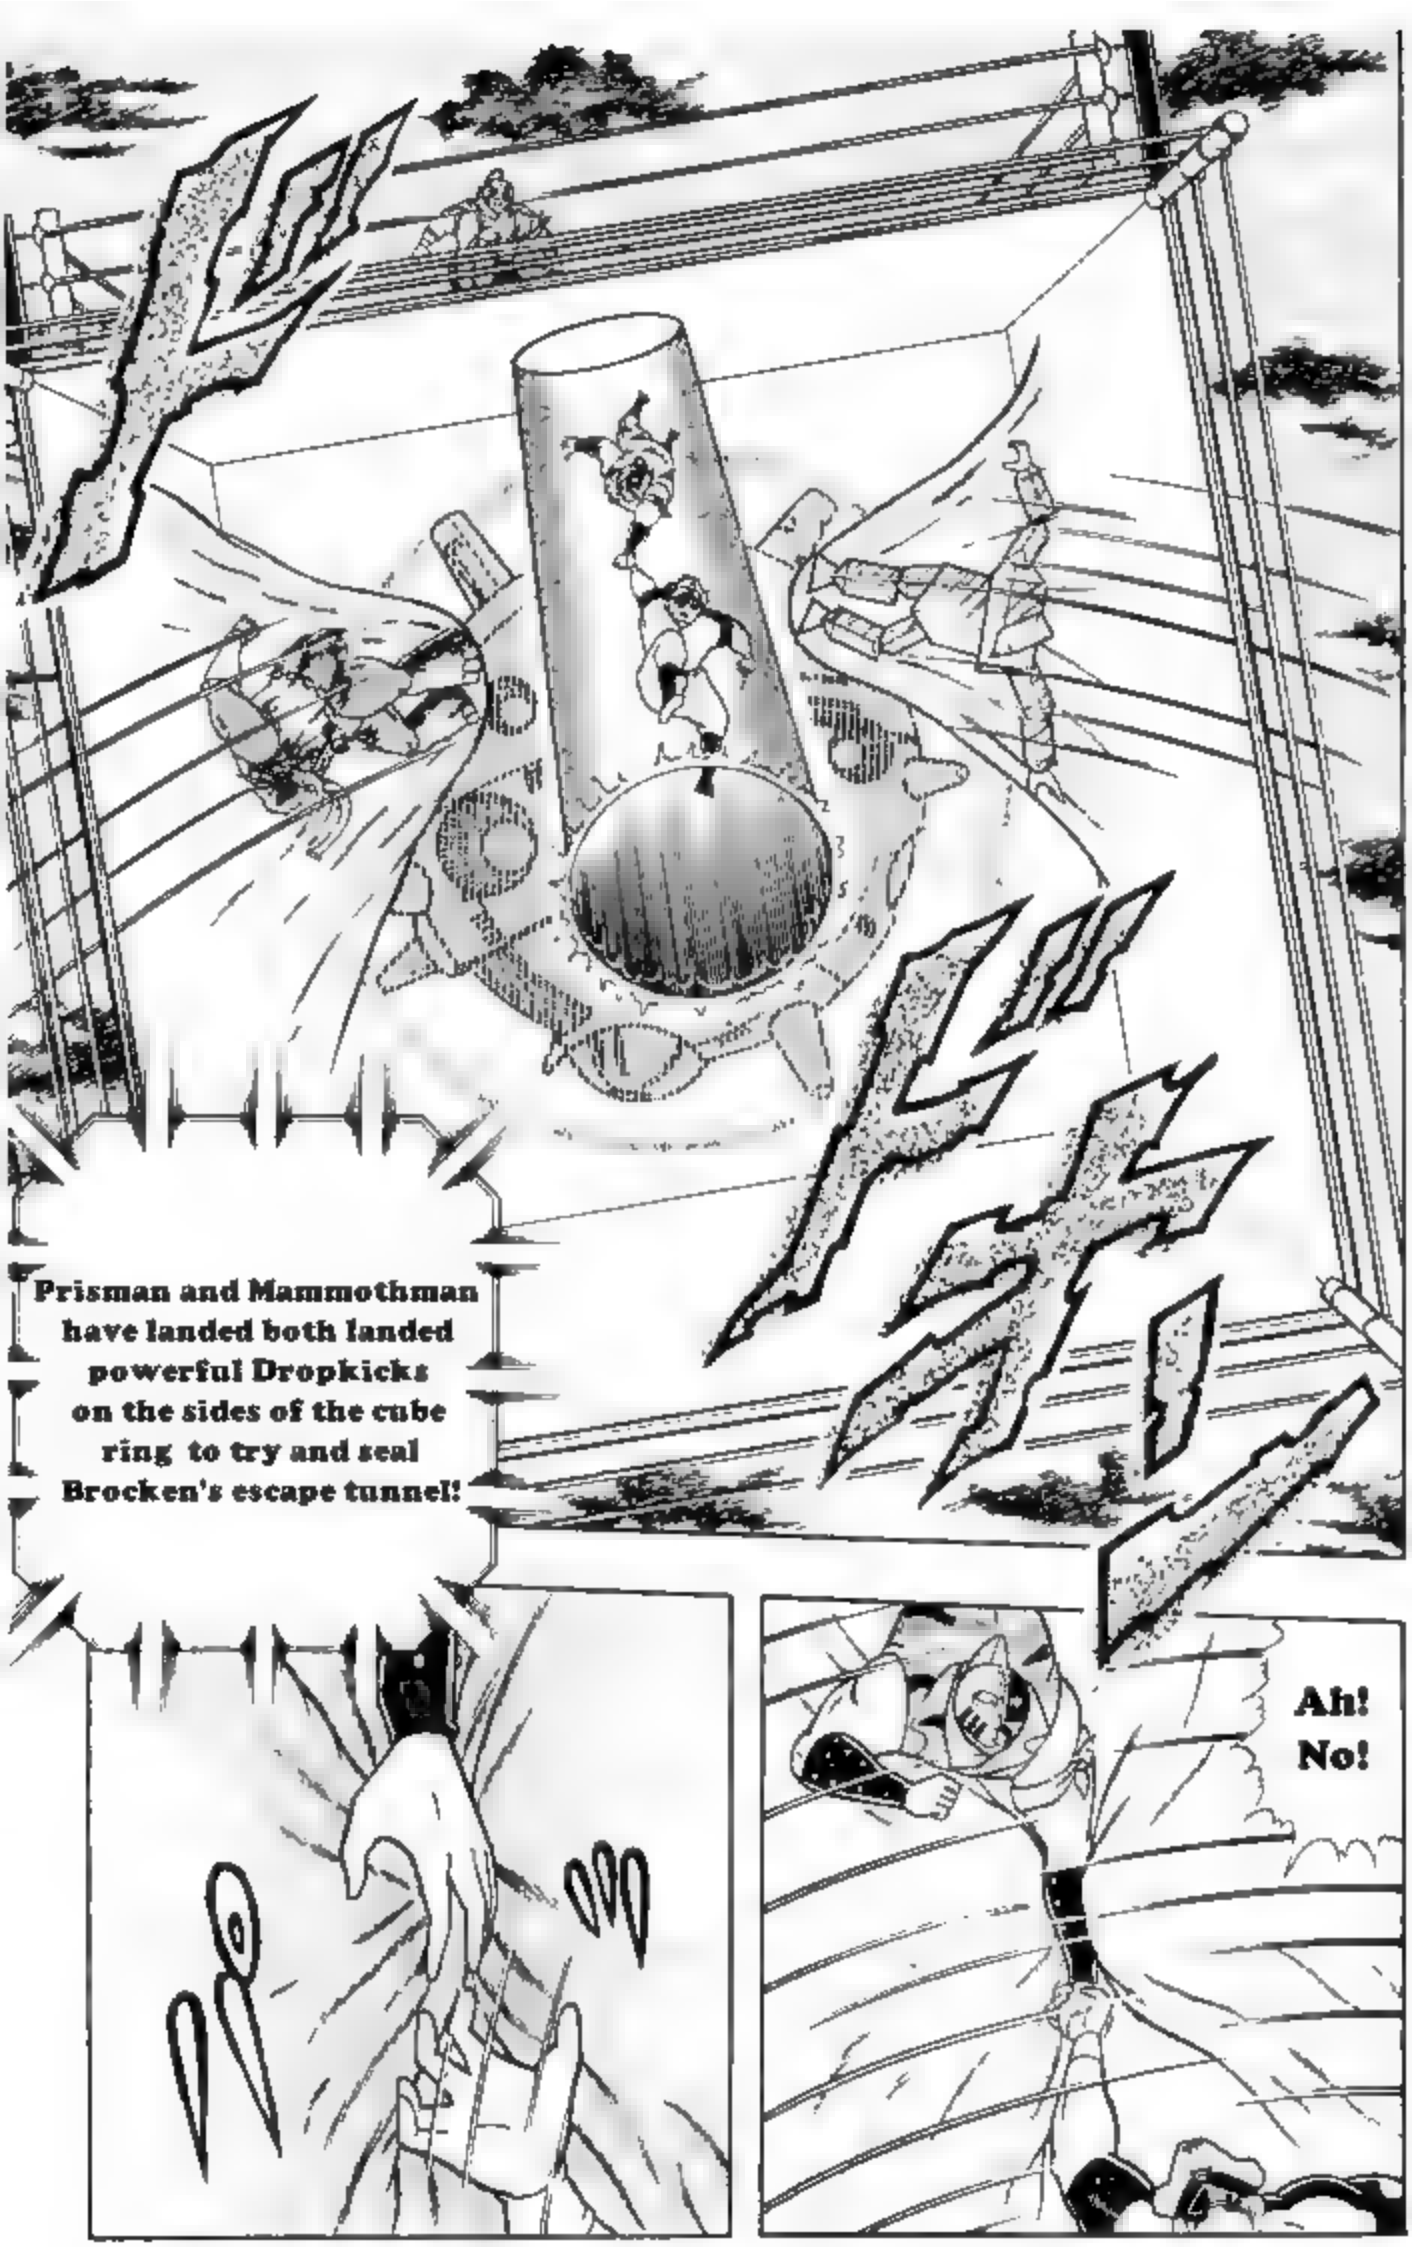


Br... Brocken Jr!?
Here comes Brocken, Phoenix!
Bah, so what!? Doing a handstand's not going to stop me from removing Soldier's bandana and winning this match!
Way to surprise that know-it-all Phoenix, Brocken!
Brocken's plan has worked! He's rescued Soldier!

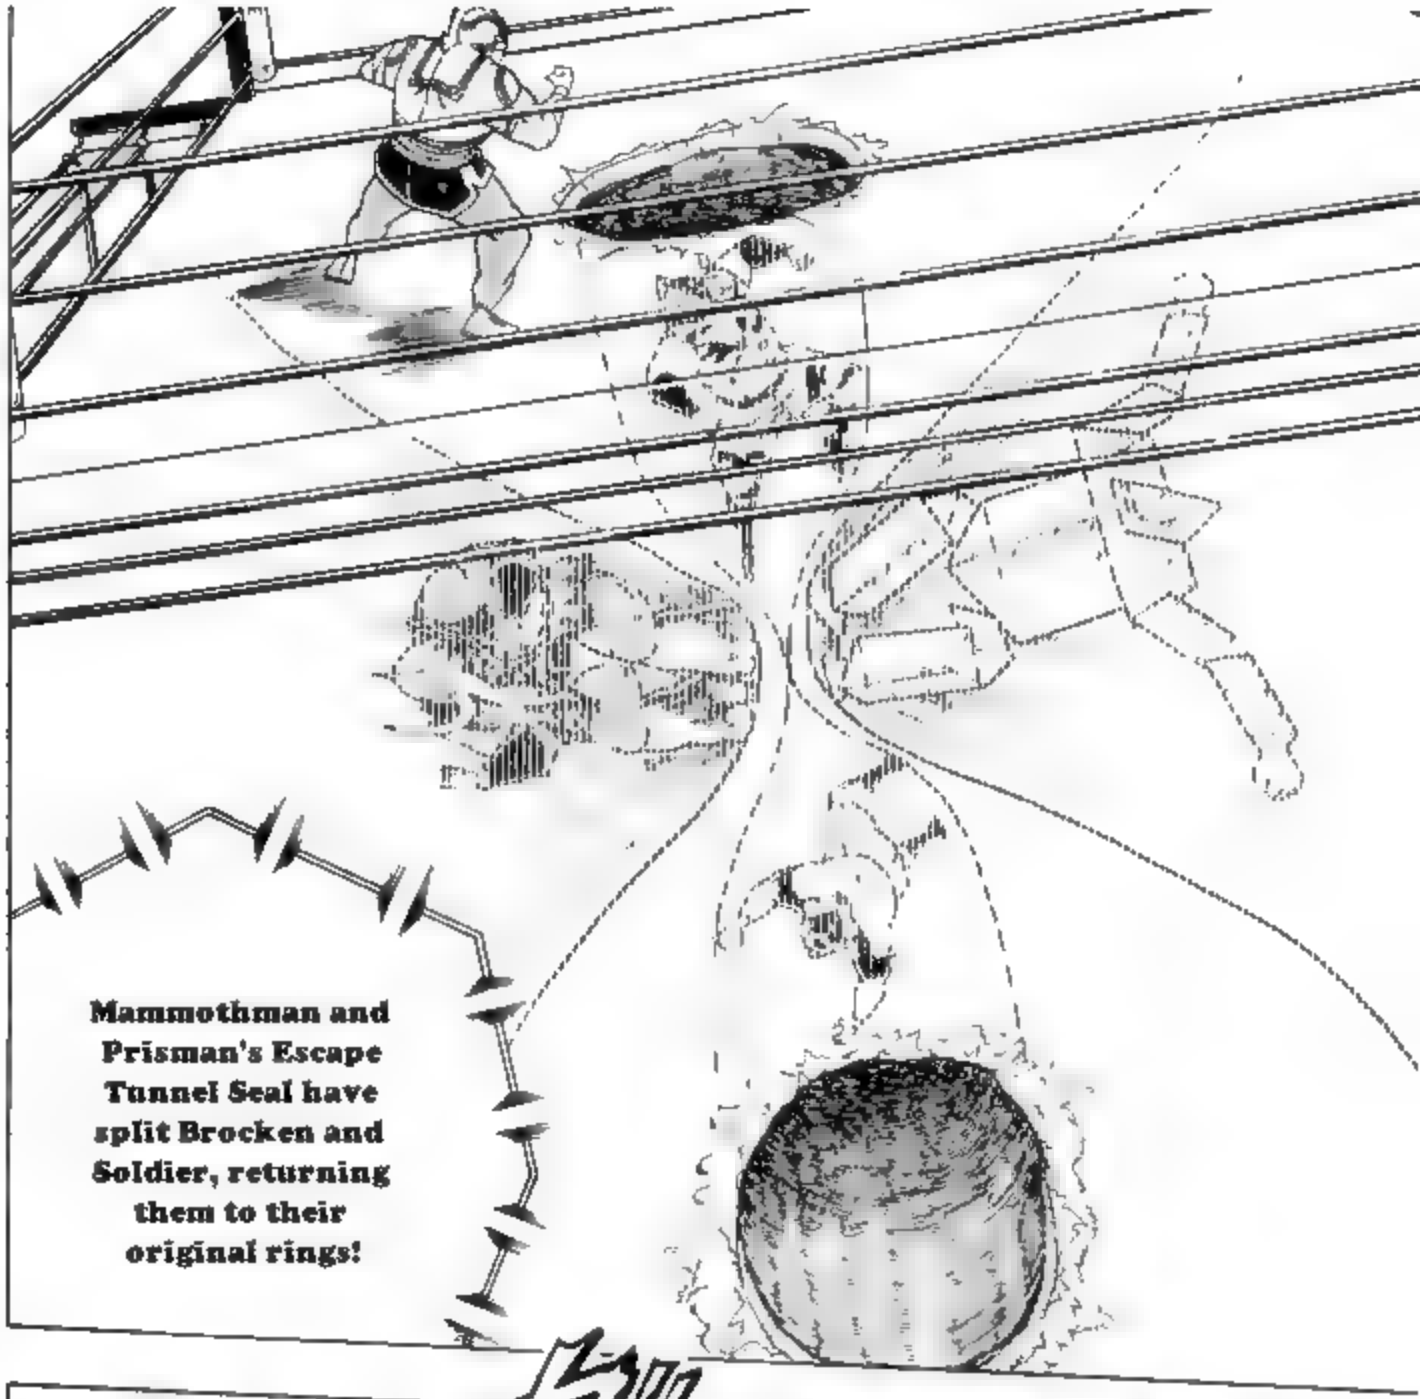
BLACK FOG OF HAMBURG!
I won't allow that to happen!
Right on the verge of defeat, Brocken saves Team Soldier by landing a Dropkick straight on Phoenix's face!
Guh... That was pretty brave, swiping my victory right in front of me...



Just try and escape!
Brocken's now escaping Ring A with Soldier in tow through the tunnel!
Come to my ring and help me fight Prisman, Soldier!
We're nearly there!
Prisman! Mammoth-man! Cut off that tunnel and split them apart!
ESCAPE TUNNEL SEAL!

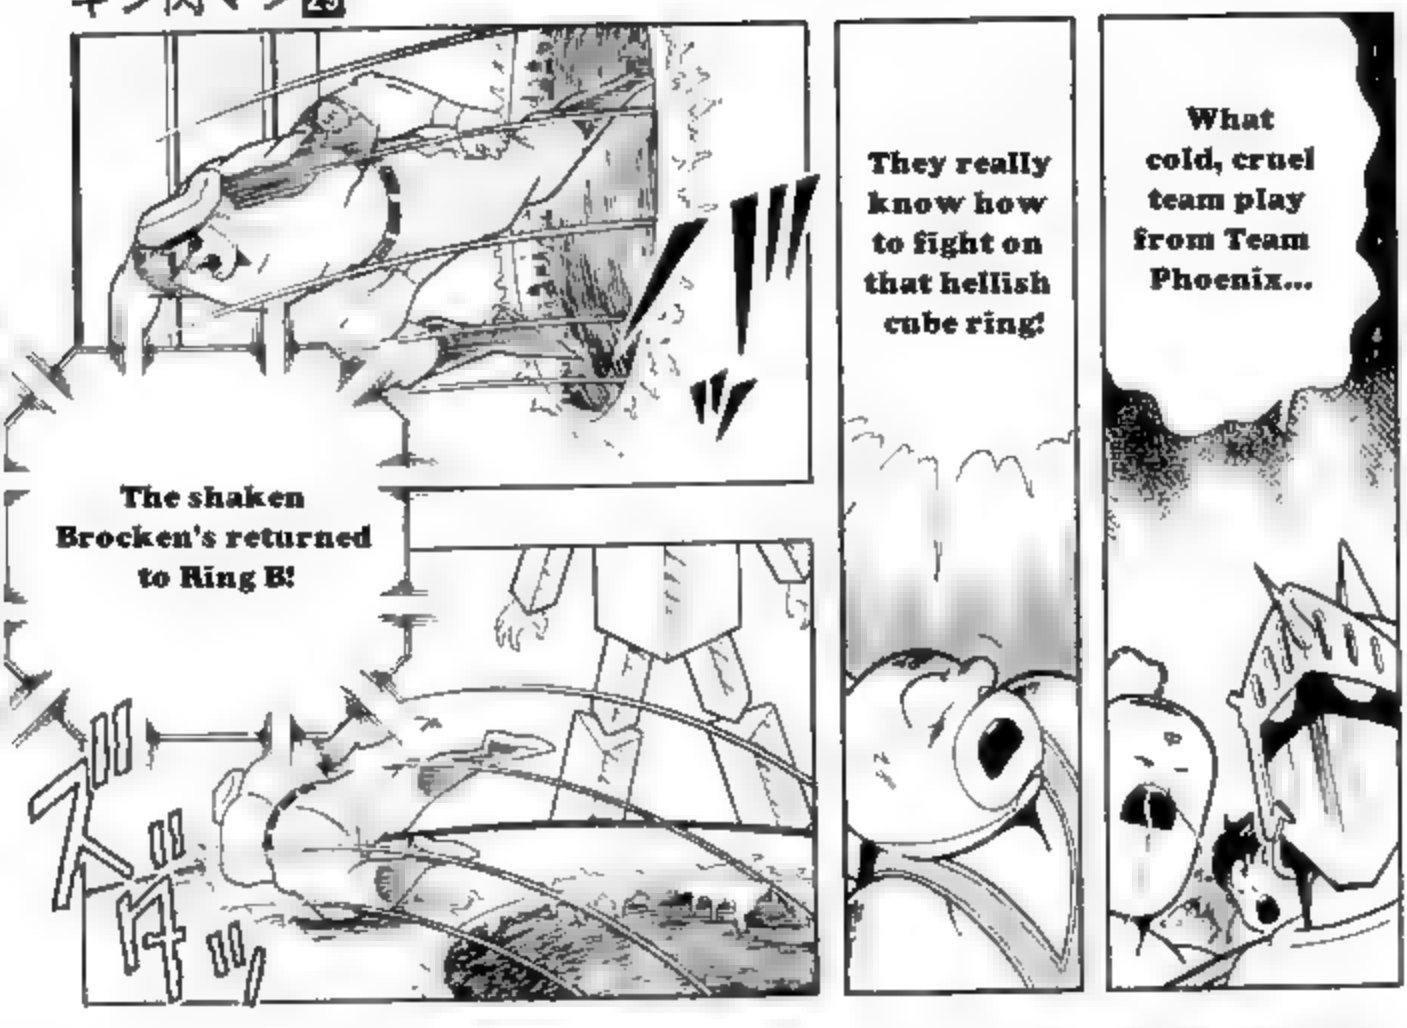


Prisman and Mammothman have landed both landed powerful Dropkicks on the sides of the cube ring to try and seal Brocken's escape tunnel!
Ah! No!

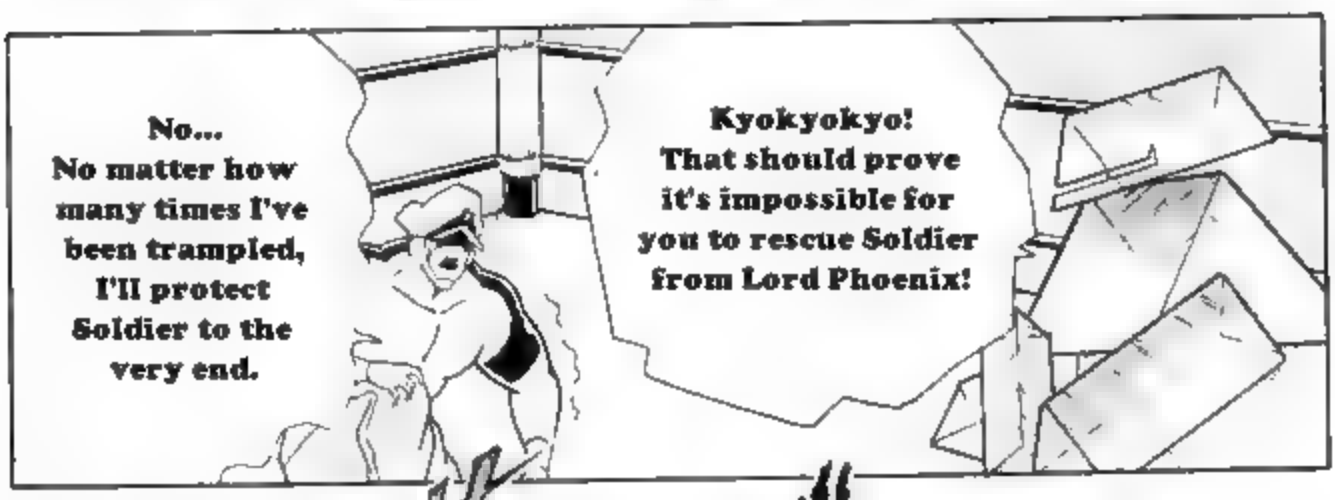


Mammothman and Prisman's Escape Tunnel Seal have split Brocken and Soldier, returning them to their original rings!

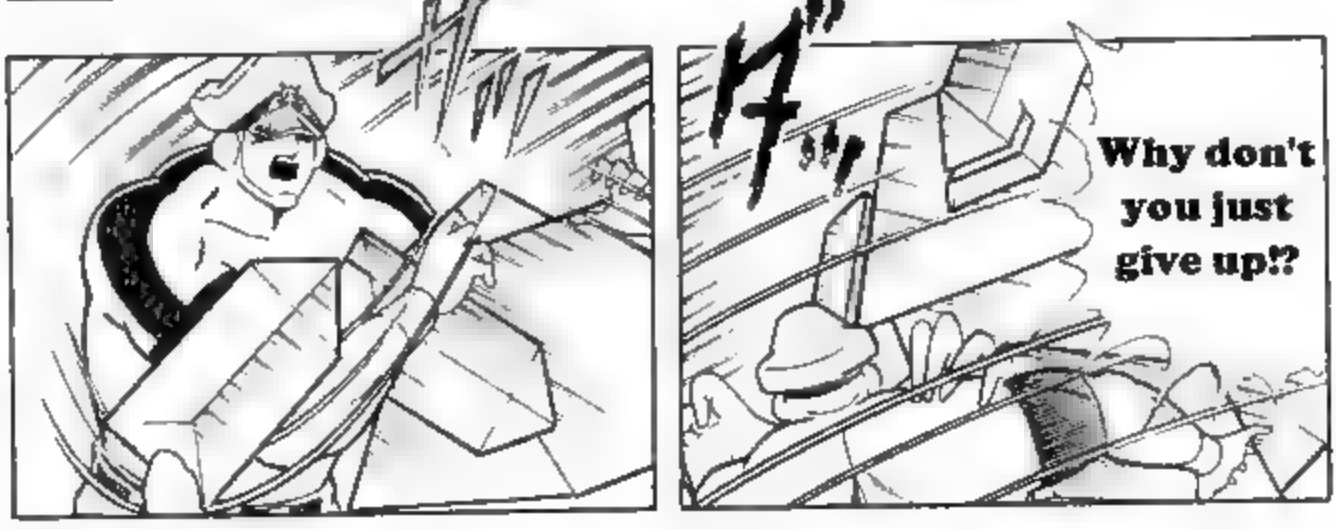
Weak Choujin like you can use any trick you want, but you'll never escape me, Soldier!



The shaken Brocken's returned to Ring B!
They really know how to fight on that hellish cube ring!
What cold, cruel team play from Team Phoenix...



No... No matter how many times I've been trampled, I'll protect Soldier to the very end.
Kyokyokyo! That should prove it's impossible for you to rescue Soldier from Lord Phoenix!



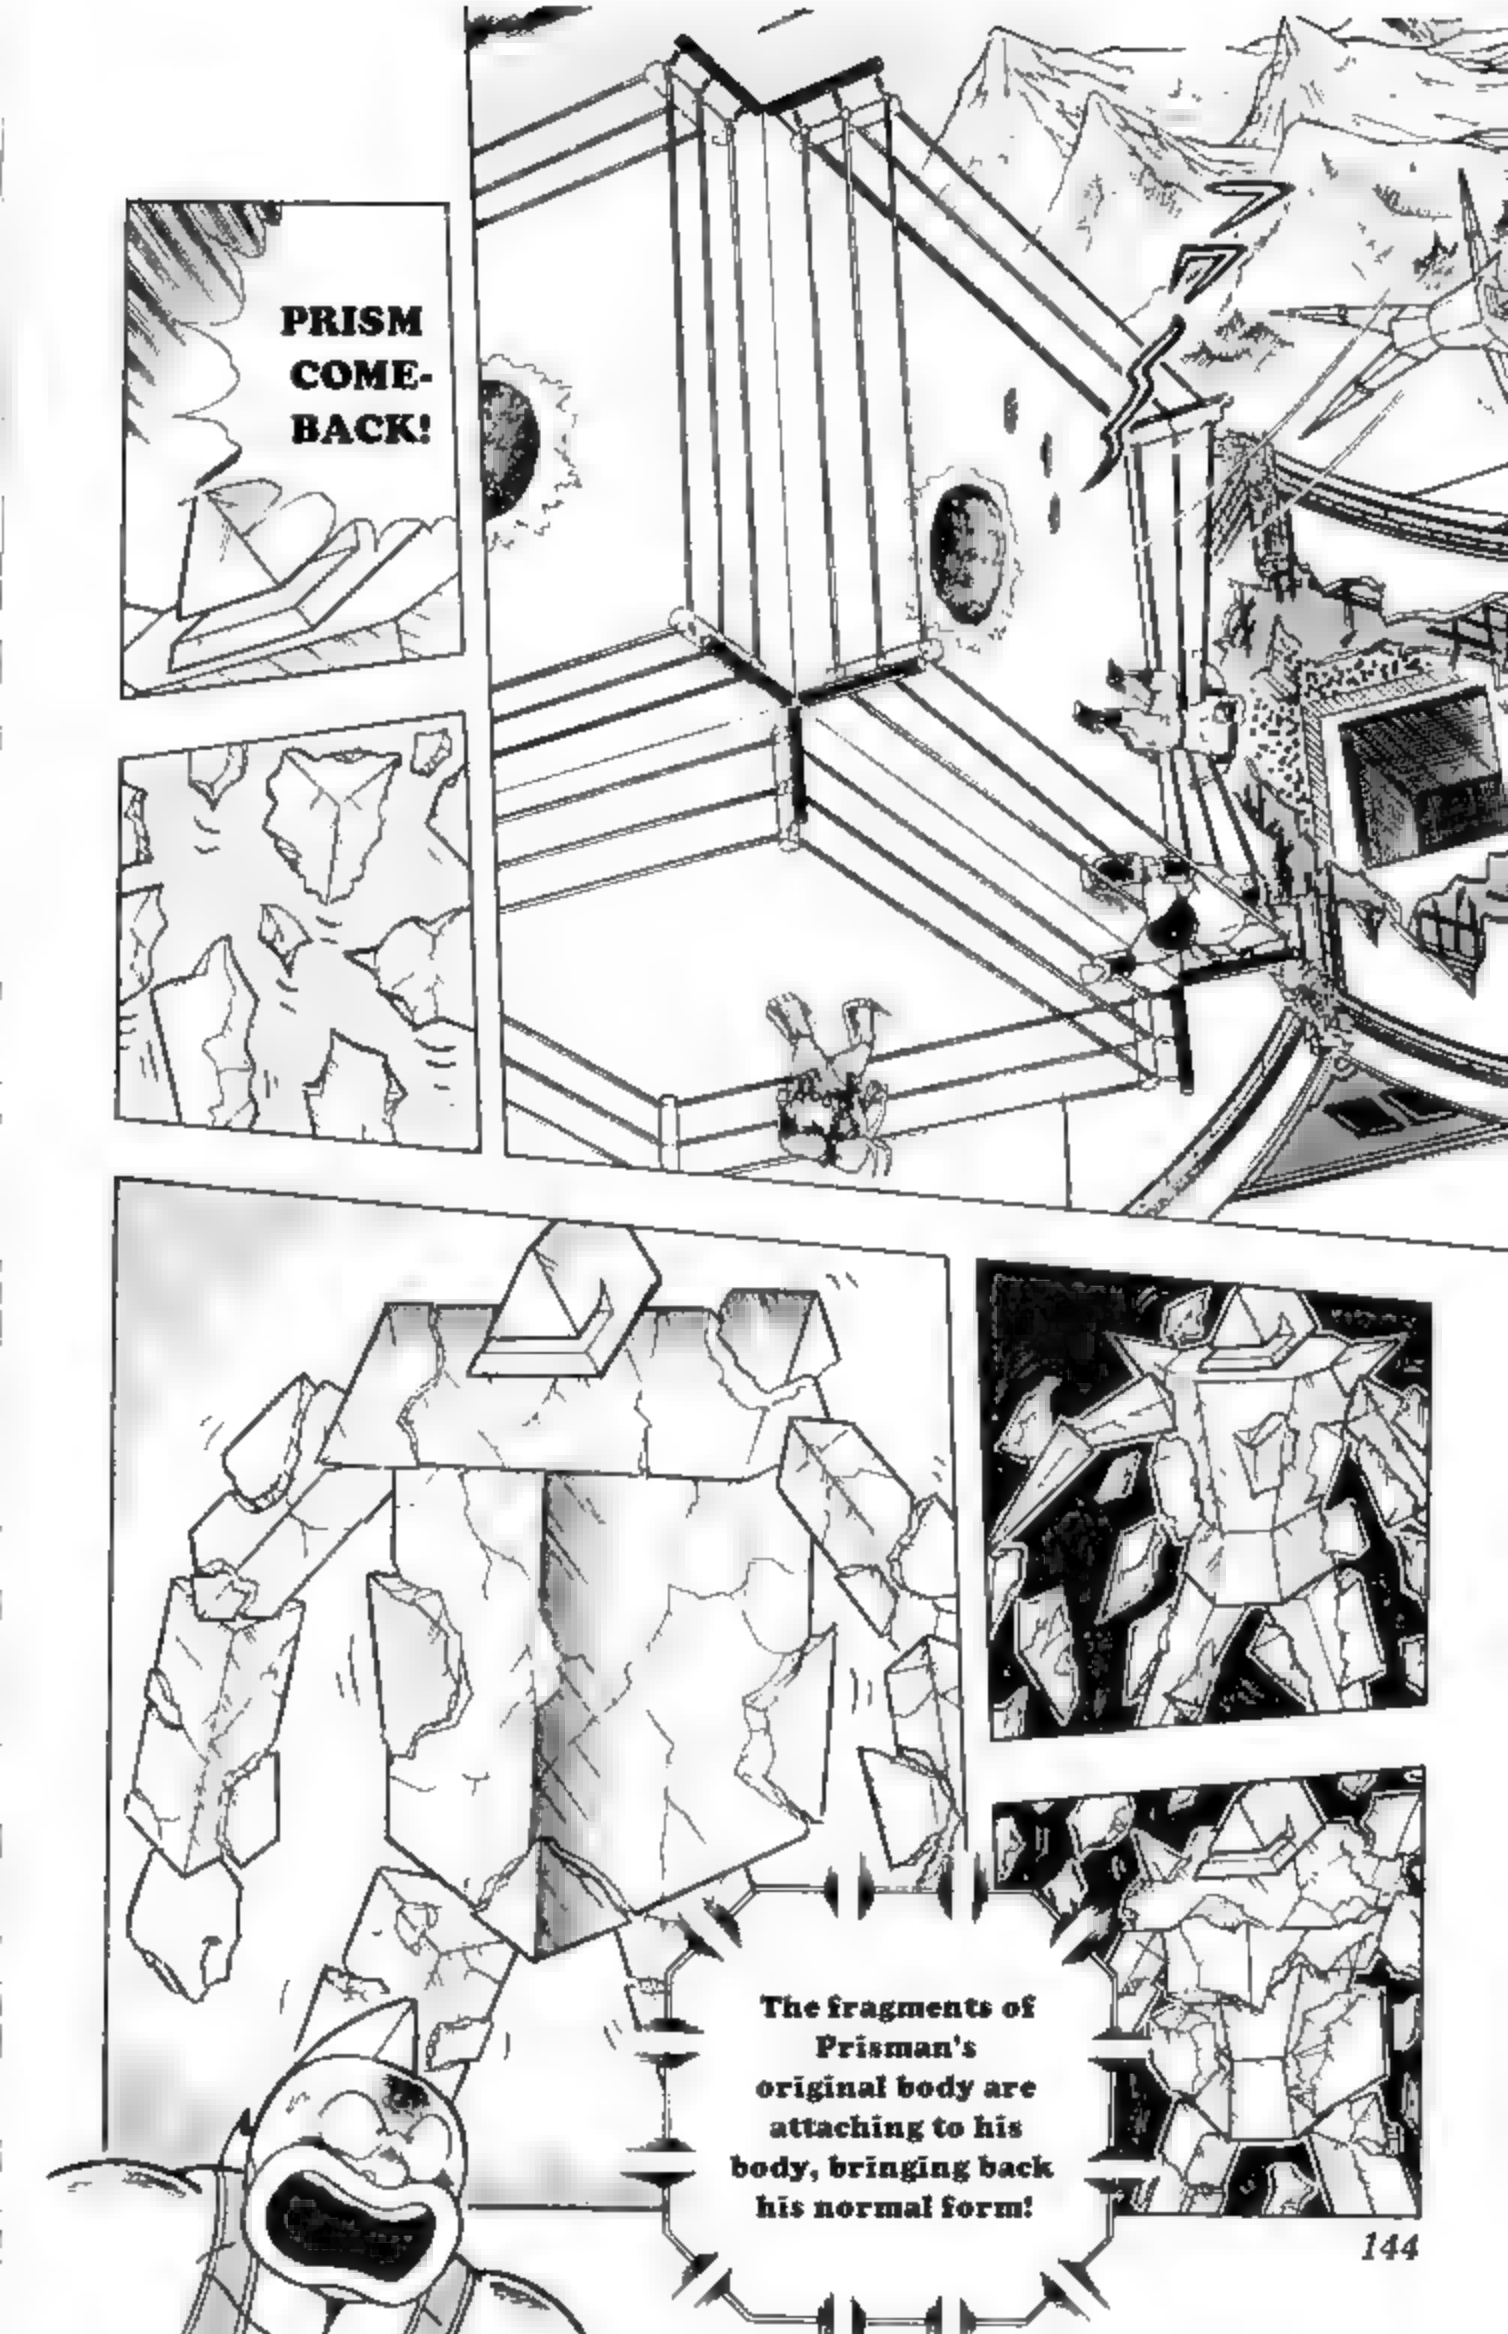
Why don't you just give up!?

That suplex's speed and angle are perfect! Prisman's a goner!
Brocken's got the upper hand on Prisman and has in a deadly Double Arm Suplex!
!?
Kyokyokyo... Brocken, all you've done is break off my overbody. My real form's still safe.
Prisman's fatal flaw of being a glass Choujin's finally caught up with him! He's shattered into pieces when he landed on the corner post!

Now I'll give you a special demonstration of my real form as thanks for bringing it out for me!
ニャキーン
ニャキ
ニャキ
Wha!?
CRYSTAL COMPASS!
CANVAS SAUCER!

Those Canvas Saucer are mashing Brocken Jr's face, torso and legs!
Guh!
Guh... That bastard...
These saucers can also be CANVAS SHURIKENS!
But wait! The best part's coming up!

Br...
Brocken!
あ
あ
Have one on me, Buffaloman!
Prisman's got Buffaloman pinned with a Canvas Shuriken!
Nugh, I can't move...
Now you won't be messing up anything there!

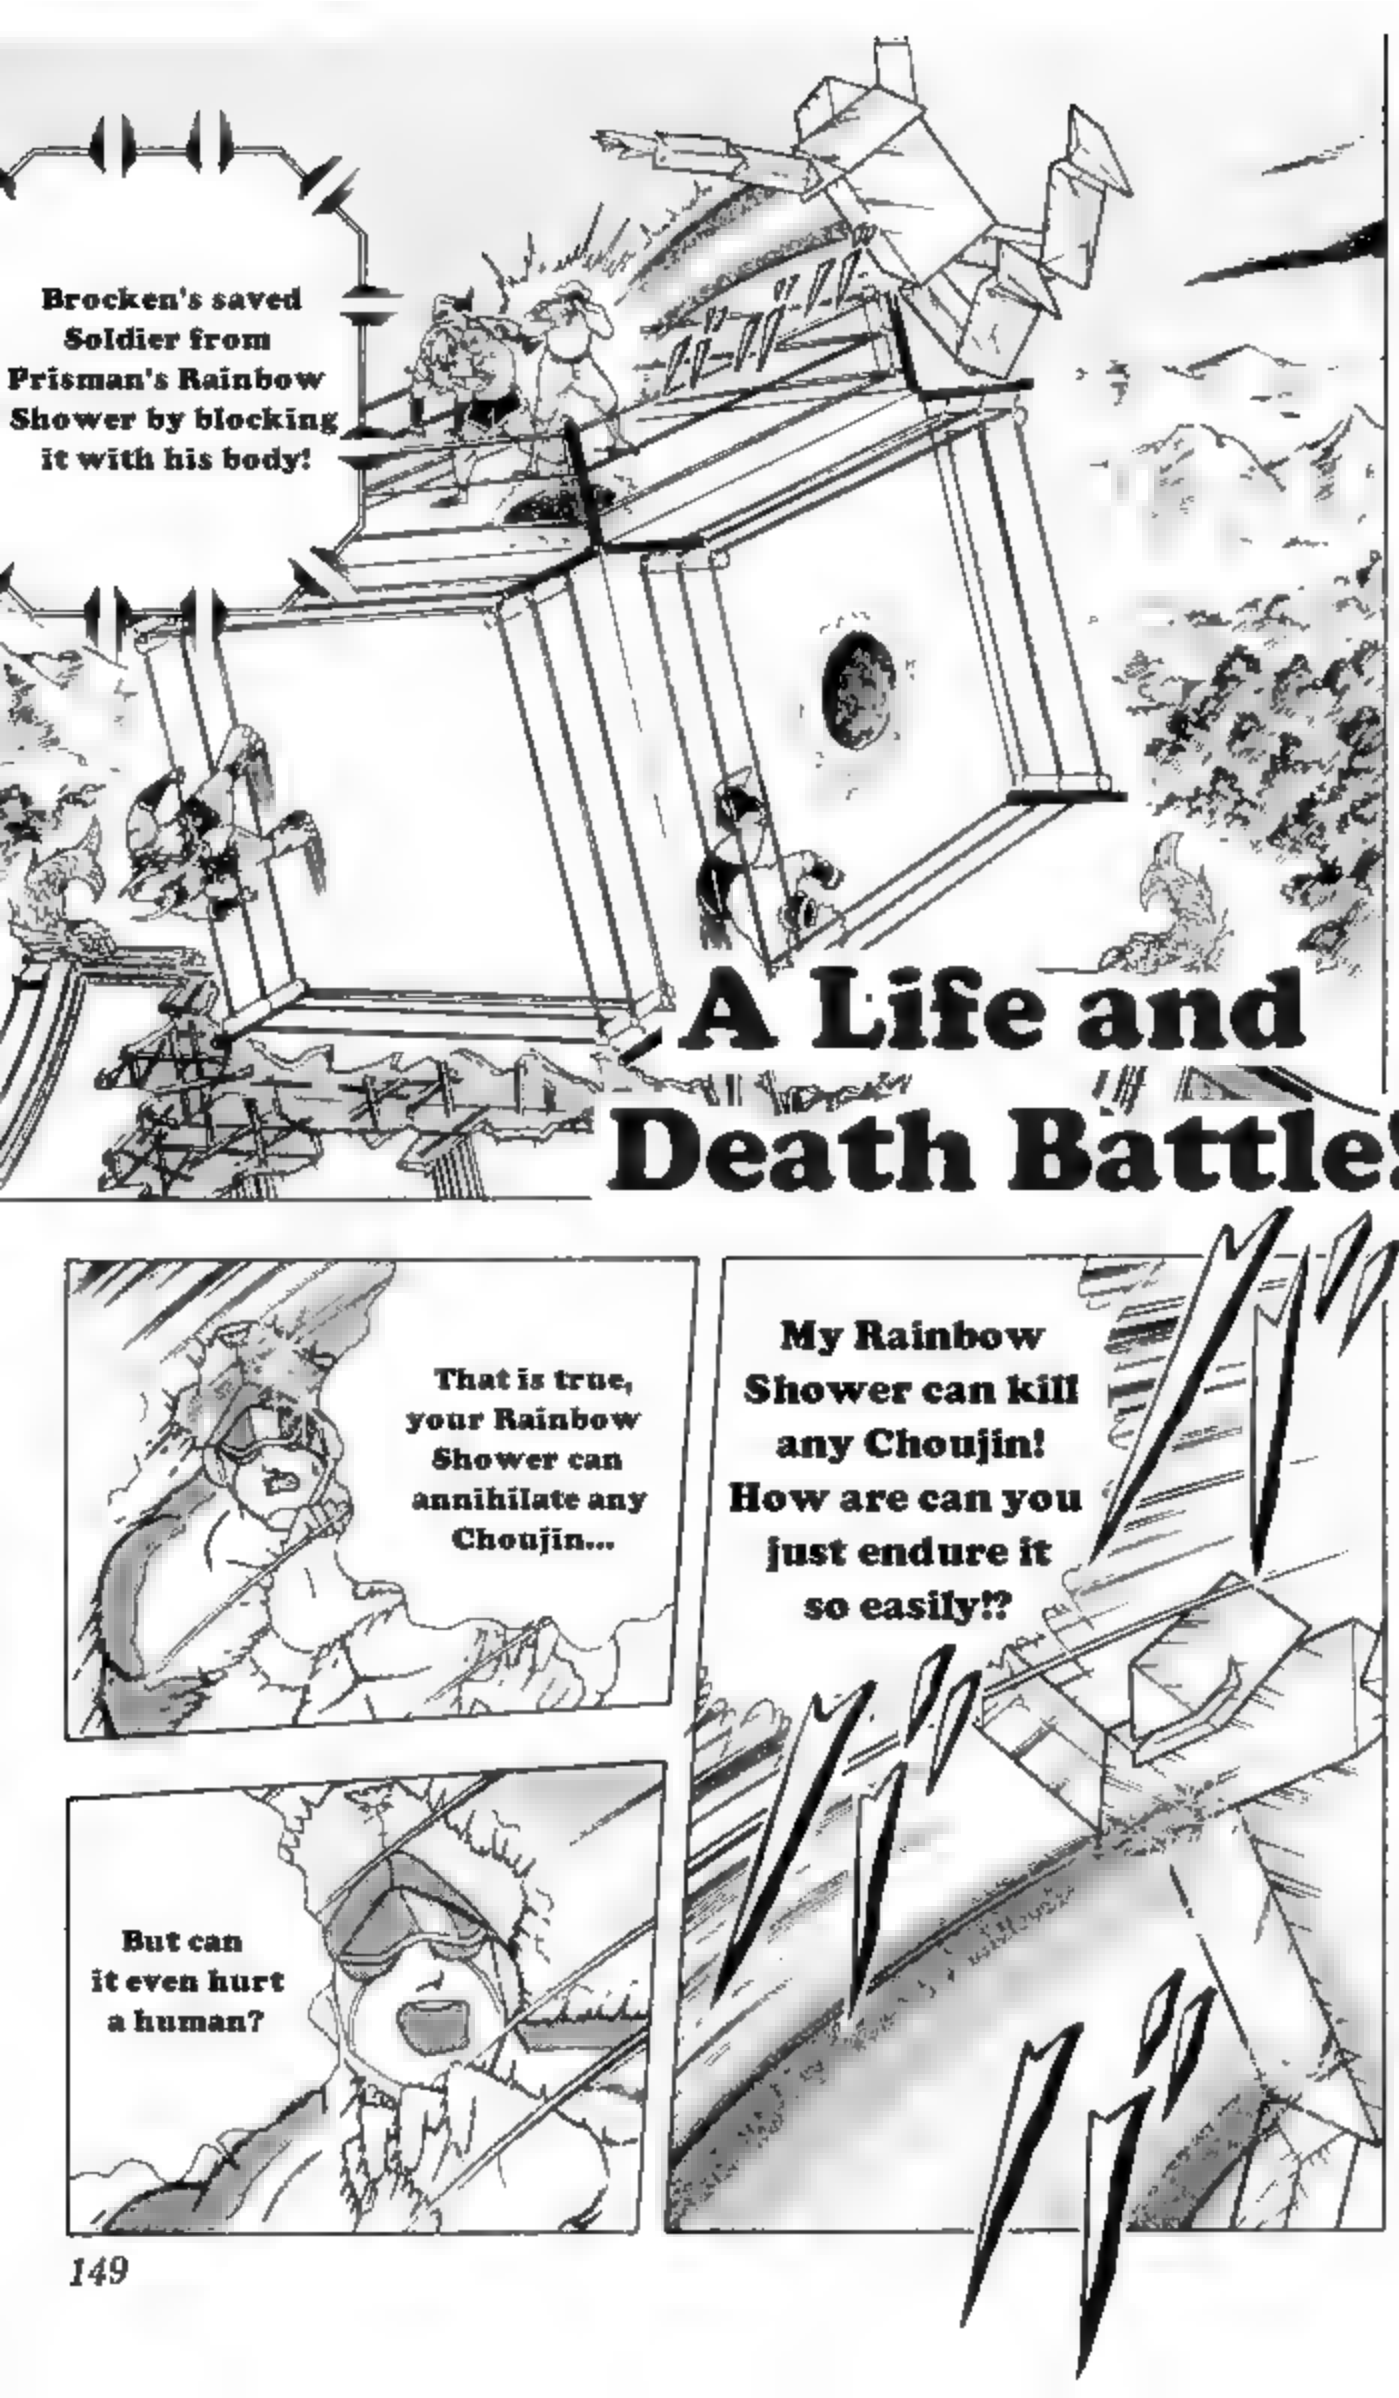


PRISM COME-BACK!
The fragments of Prisman's original body are attaching to his body, bringing back his normal form!

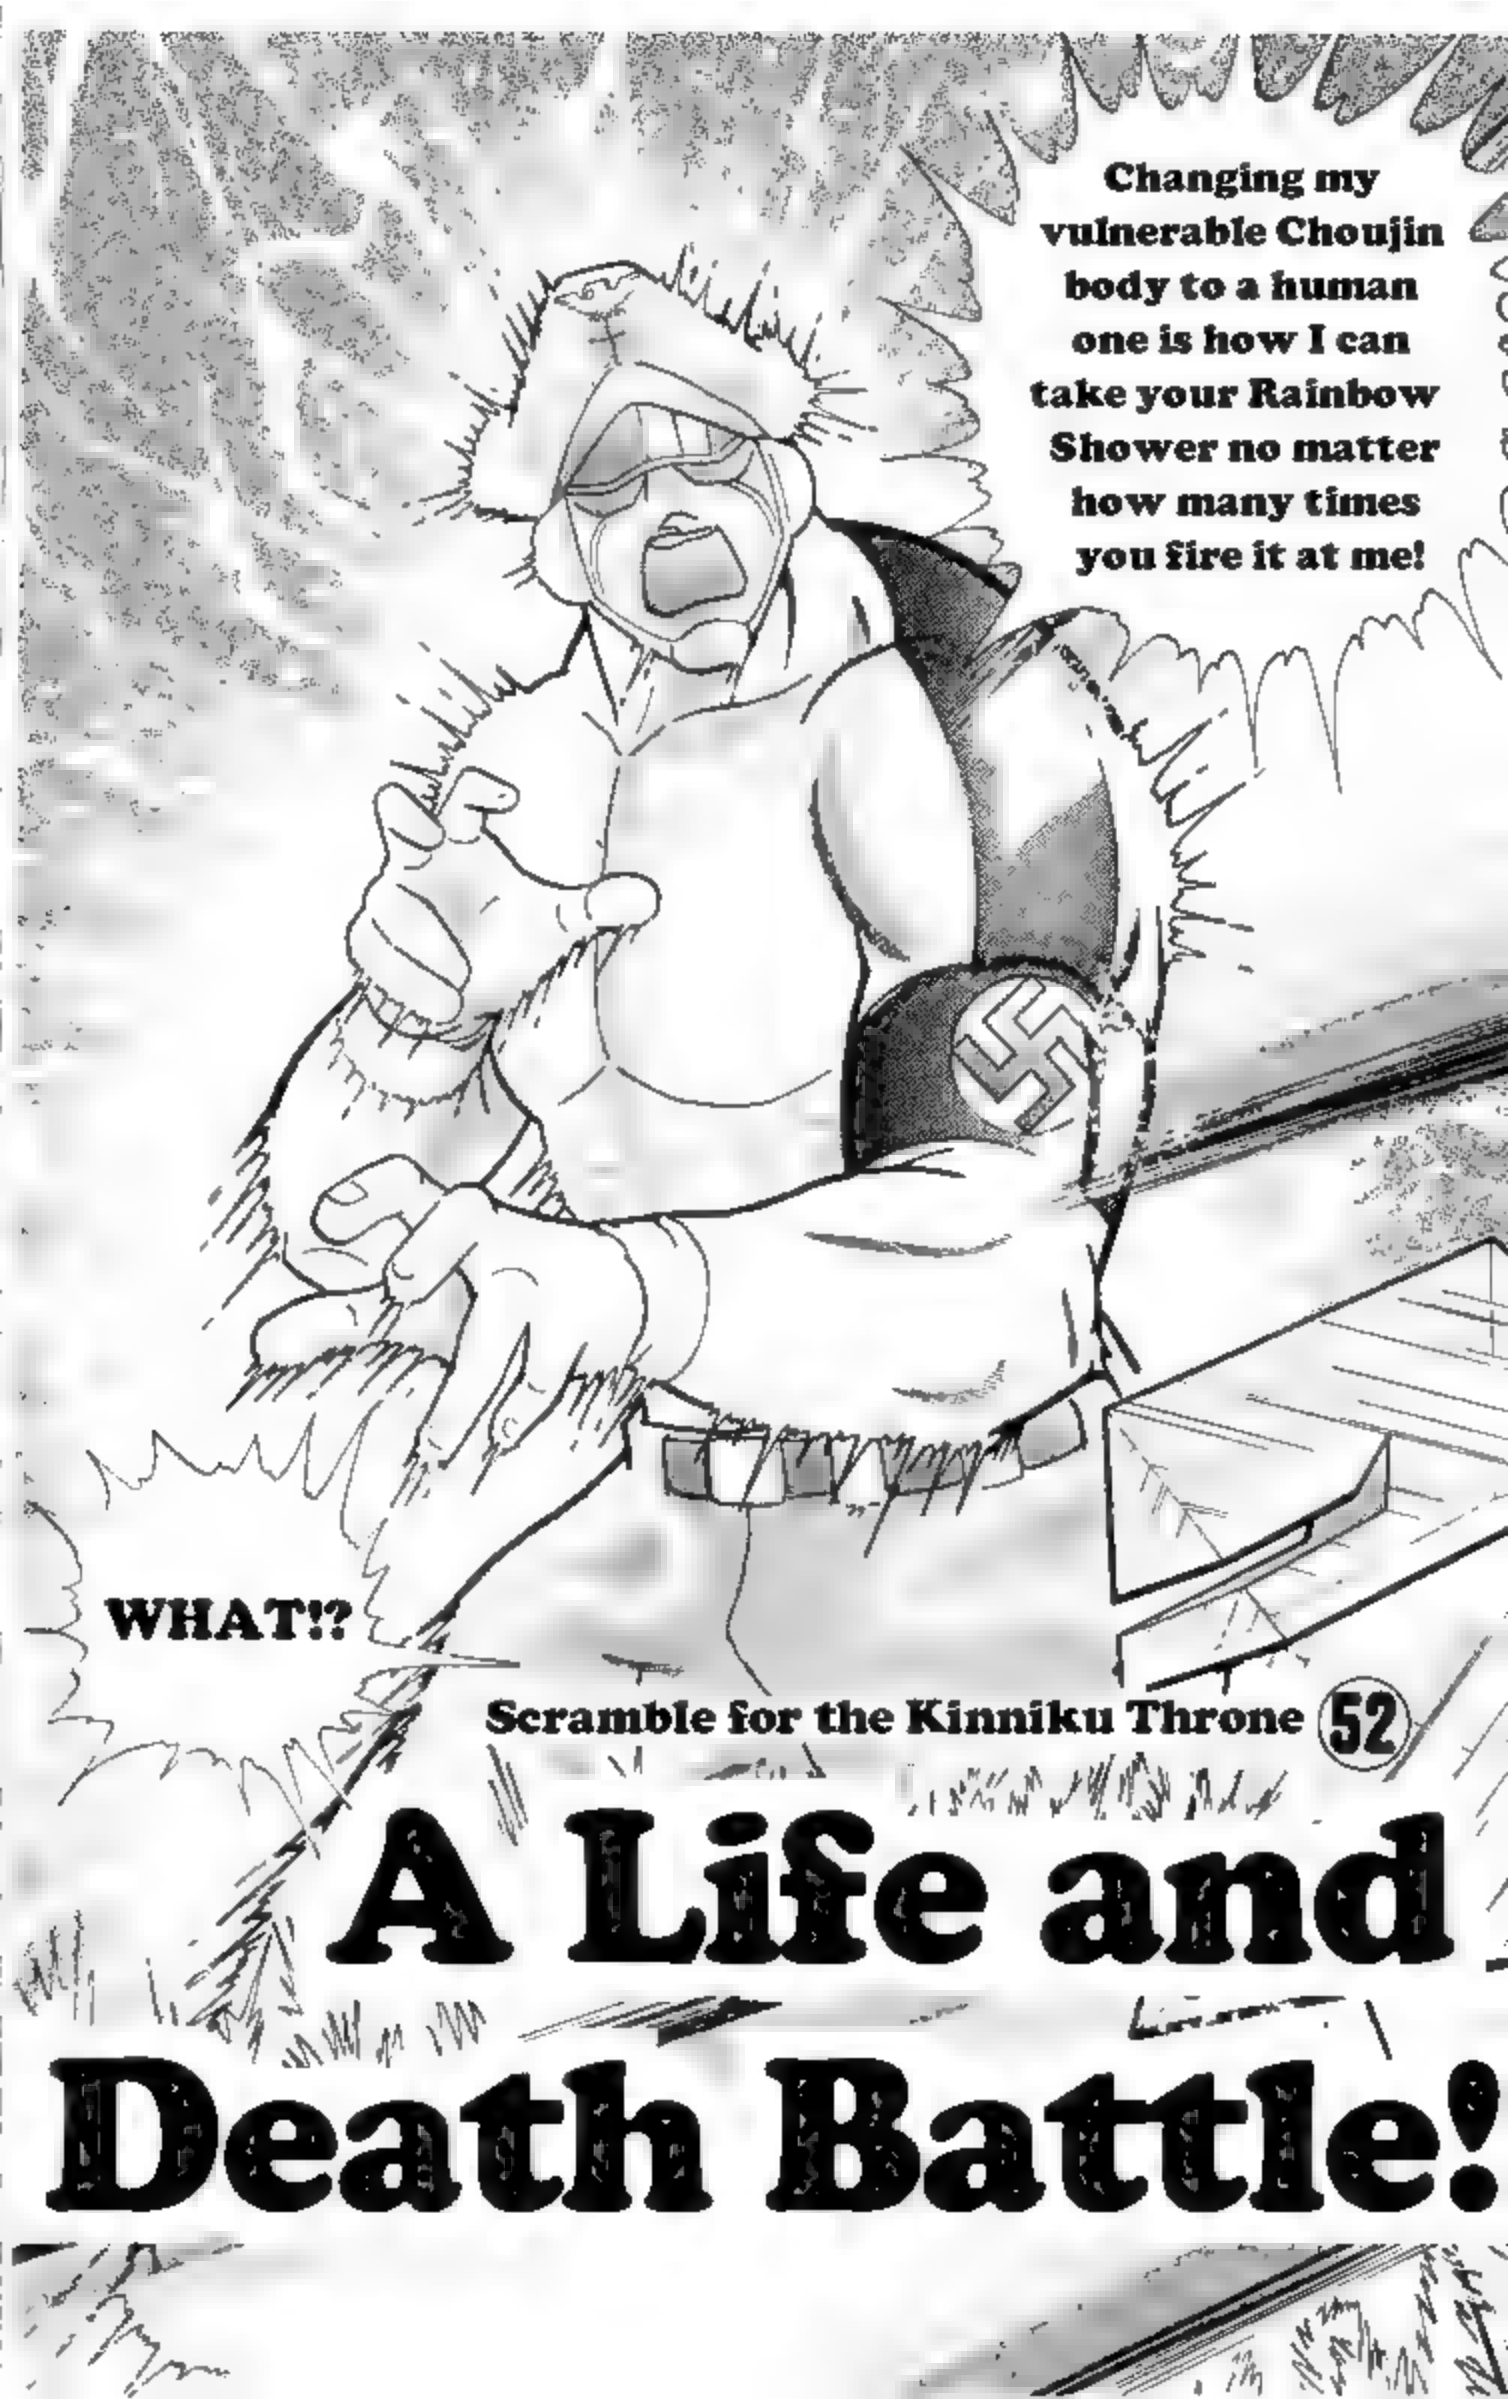
FAREWELL, CHOUJIN BODY!
Father... Brockenman, this Choujin Body you awarded me...
Forgive me for giving it up!
POWER UP RAINBOW SHOWER!
This can't be how it ends...
Prisman's Rainbow Shower's going to annihilate Soldier like all those Choujin who lived in the Solar System millions of years ago!

Oh goodness! Someone's taken the deadly Rainbow Shower and saved Soldier from his crisis!
Bah, Brocken Jr!

How the hell are you withstanding my Rainbow Shower!? You should be a puddle of Choujin!
Those Capillaria Rays only work on Choujin bodies! But not on human bodies!
H-human? Brocken, you've abandoned your Choujin body for a human one!?



Brocken's saved Soldier from Prisman's Rainbow Shower by blocking it with his body!
A Life and Death Battle!
That is true, your Rainbow Shower can annihilate any Choujin...
My Rainbow Shower can kill any Choujin! How are can you just endure it so easily!?
But can it even hurt a human?



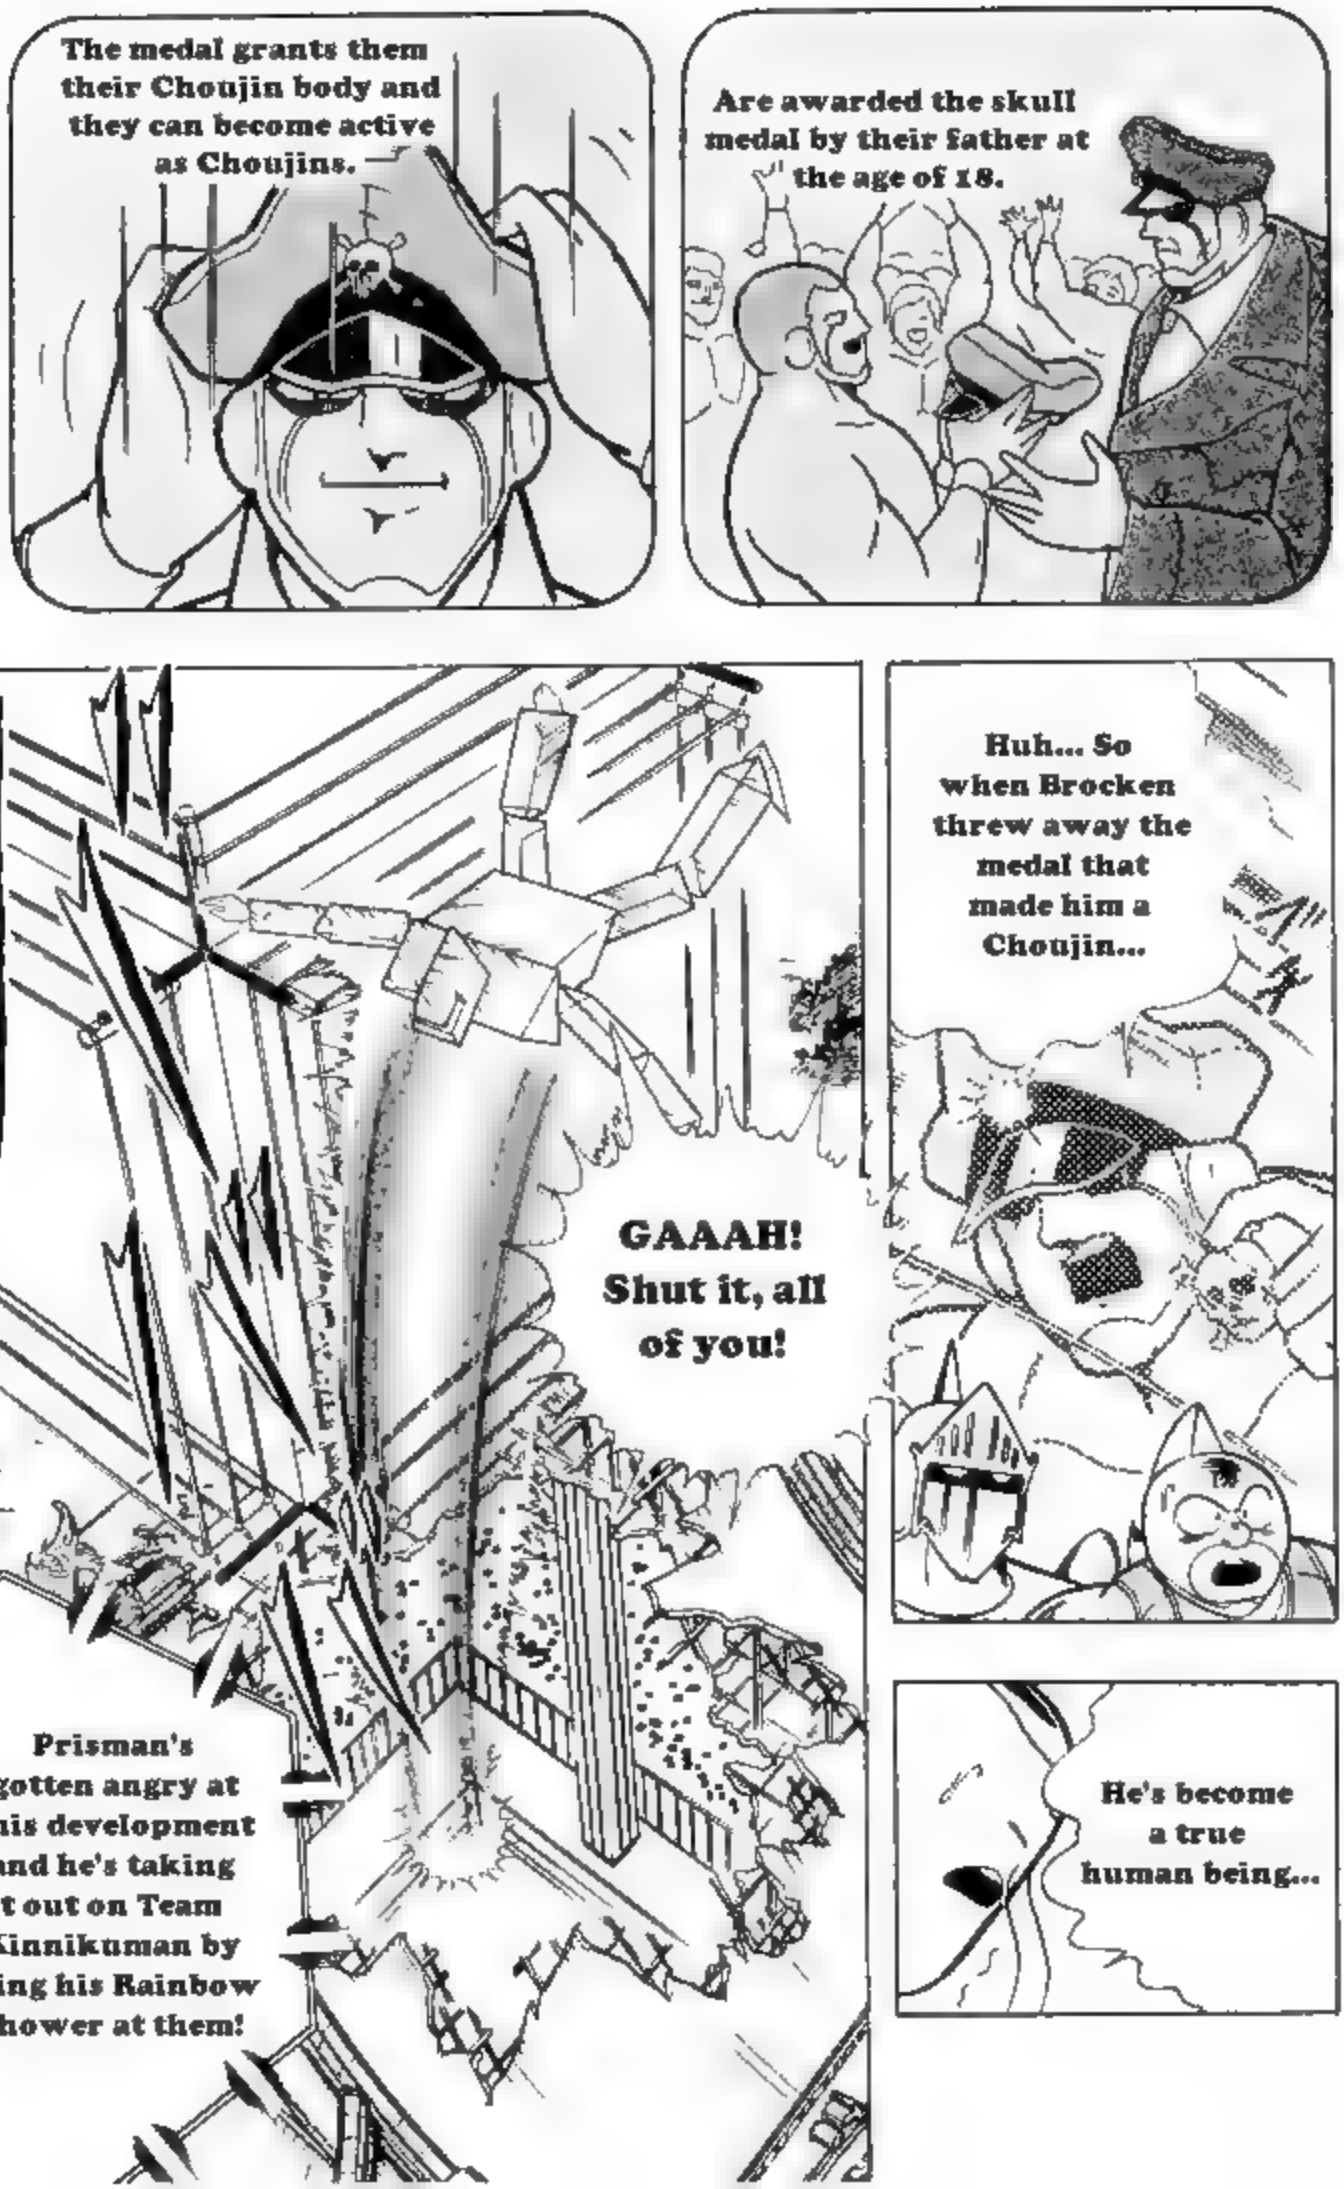
Changing my vulnerable Choujin body to a human one is how I can take your Rainbow Shower no matter how many times you fire it at me!
WHAT!?

Scramble for the Kinniku Throne 52

A Life and Death Battle!

It's been revealed! Brocken abandoned his Choujin body to become a human and thus immune to the Rainbow Shower!
A Choujin becoming a human... I've never heard of such a thing...
Ah! What's that bright light?
It's this little thing...
Huh!? This is...

So that's how he's done it. He removed his skull medal...
This looks like the skull medal that Brocken and members of the German S.S always wear!
What's wrong, Ramenman?
I remember what Brocken told about the history of this medal...
Brocken Jr's a part of the Brocken Family, who aren't Choujin when they are born...
They are put through strict training in their childhood and those who overcome it...

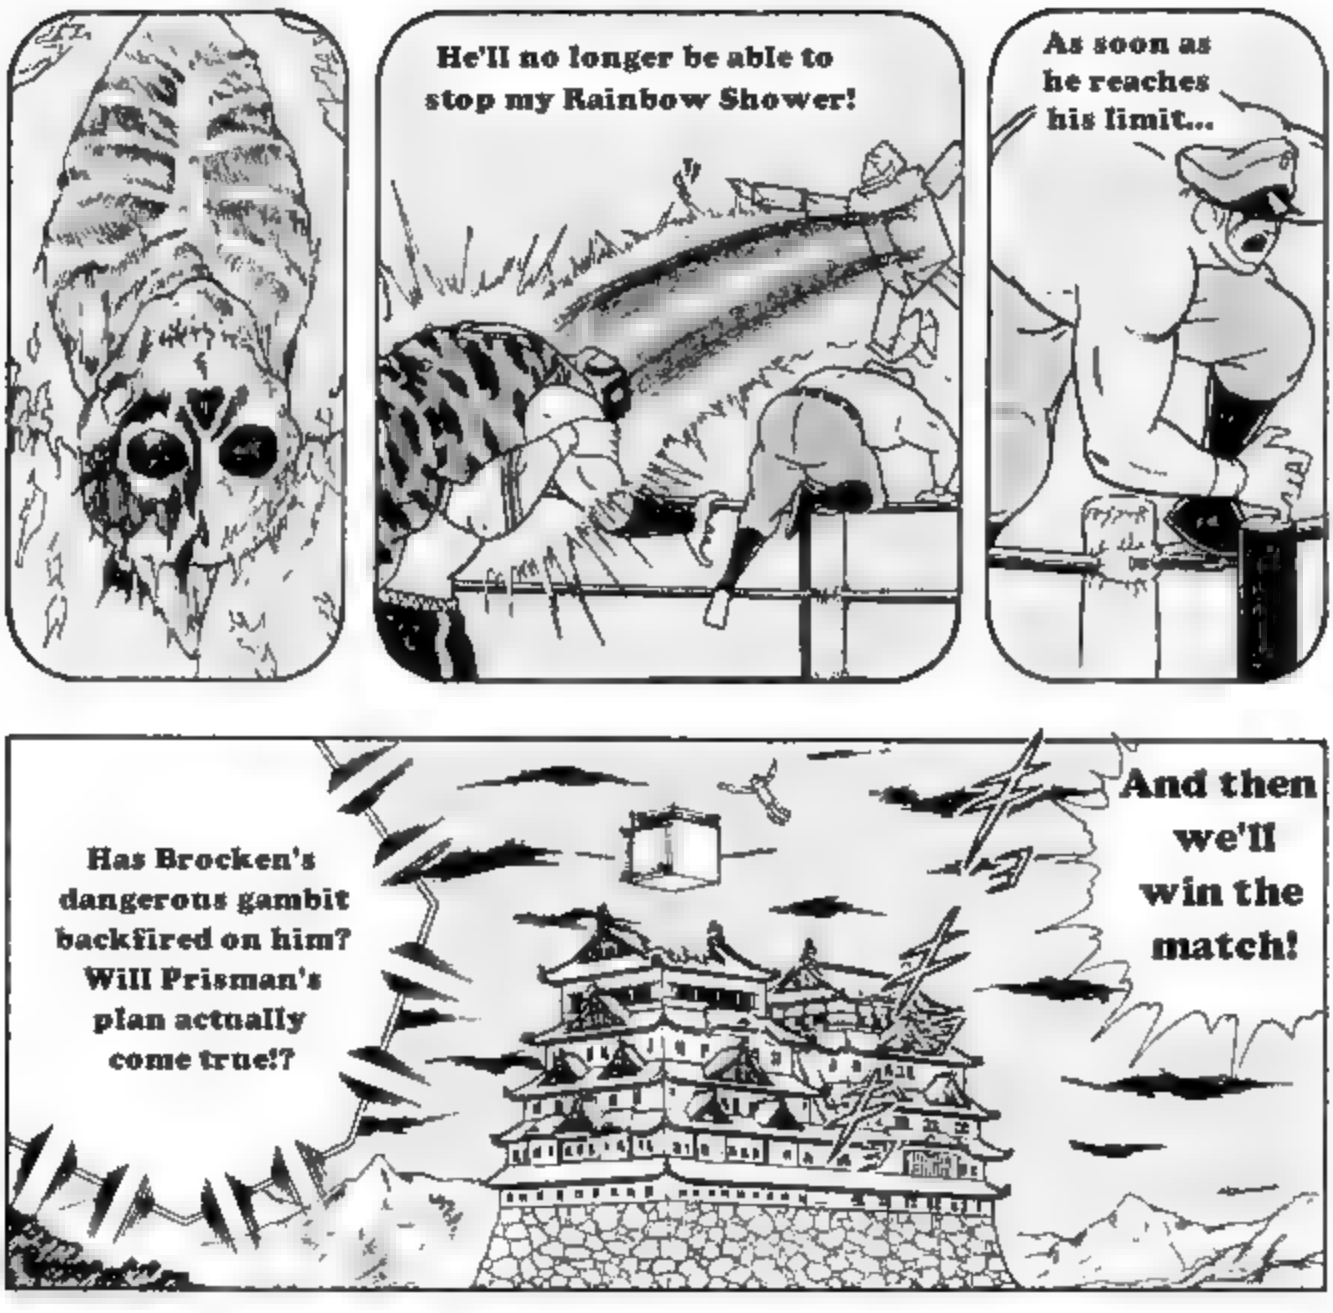


The medal grants them their Choujin body and they can become active as Choujins.
Are awarded the skull medal by their father at the age of 18.
GAAAH! Shut it, all of you!
Prisman's gotten angry at this development and he's taking it out on Team Kinnikuman by firing his Rainbow Shower at them!
Huh... So when Brocken threw away the medal that made him a Choujin...
He's become a true human being...

Oh no!
Watch out!
Aiieee!
Zebra's body is nothing but bones now!
It looks like the defeated Zebra's become the first victim of the Rainbow Shower!

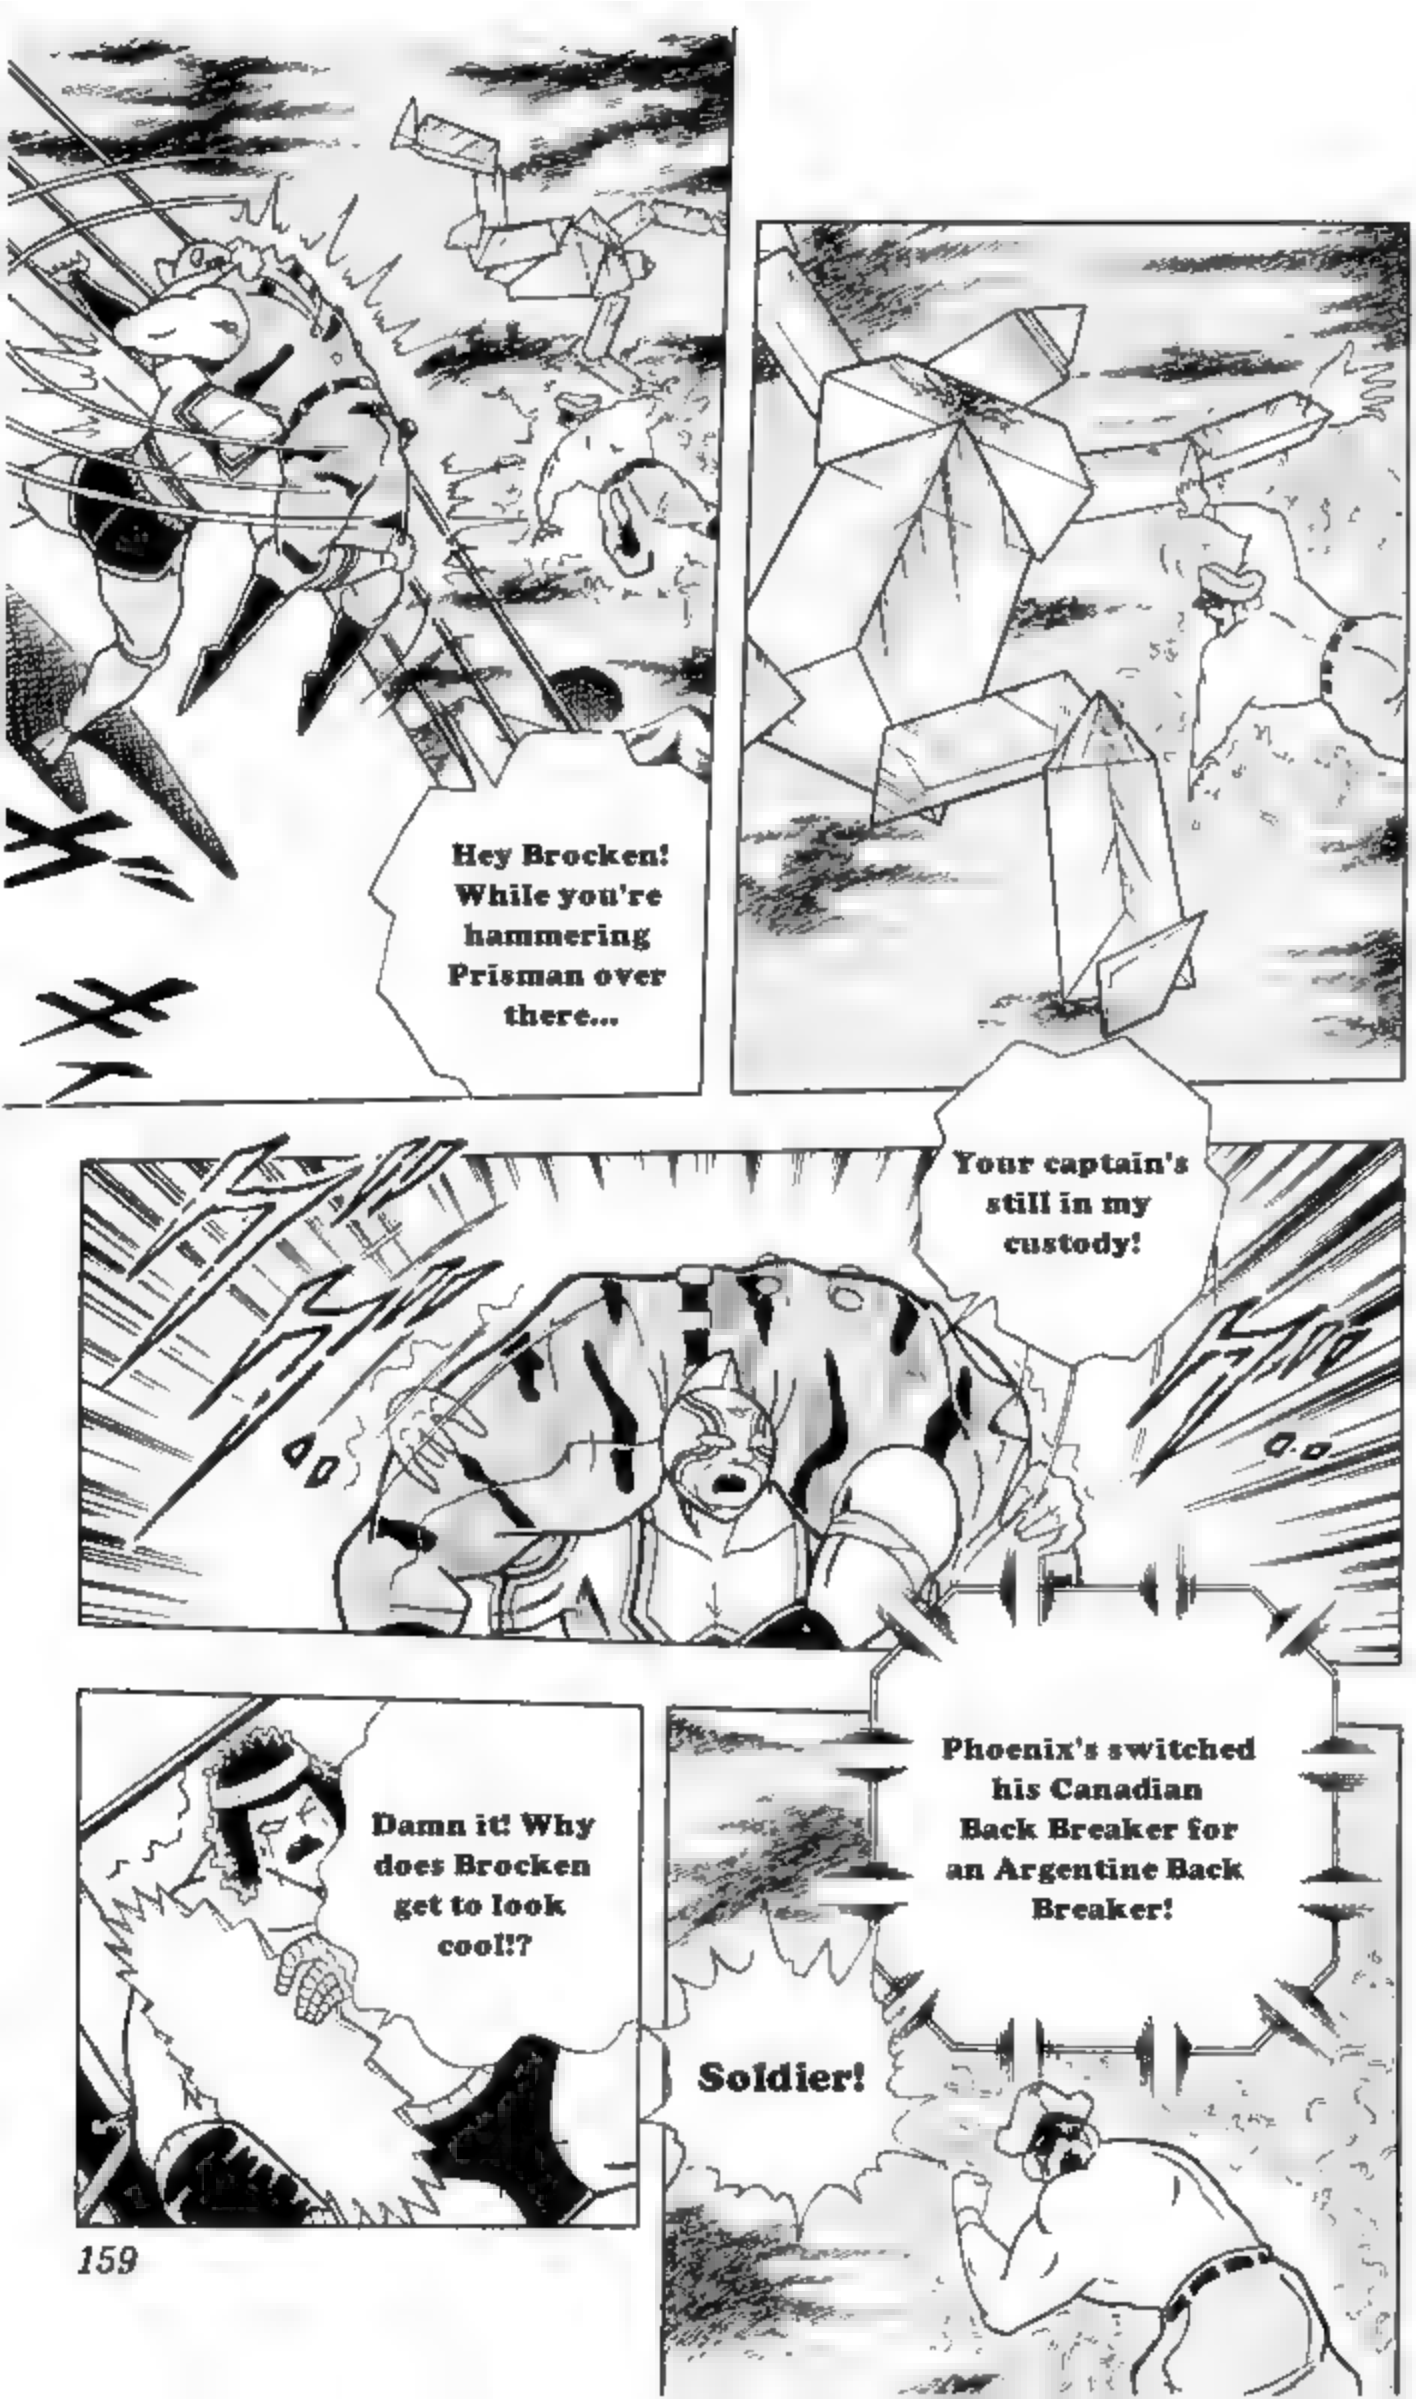
But is he really safe?
If Brocken had kept his Choujin body, he'd end up like Zebra right now, but since he's a human, we have nothing to worry about.
Br...Brocken... Why did you become a human just for me?
I've never felt this fulfilled fighting before! Not even when I was in the Idol Choujin!
This really is a battle I can stake my life on!
I... I don't really know myself, but all I know right now is...

Brocken...
Brocken Jr's prided tattoos on his arms are starting to disappear!
Uoo!
Prisman! Can't you get this small fry out of the way?
Don't worry, Lord Phoenix!
Those tattoos were the sign of his Choujin status. Them fading away means that he's becoming a flesh and blood human...
The very reason he did this was to be a wall to protect Soldier! He won't dare to move or launch a counterattack!
While it is true Brocken's human form's given him some protection from my Rainbow Shower...

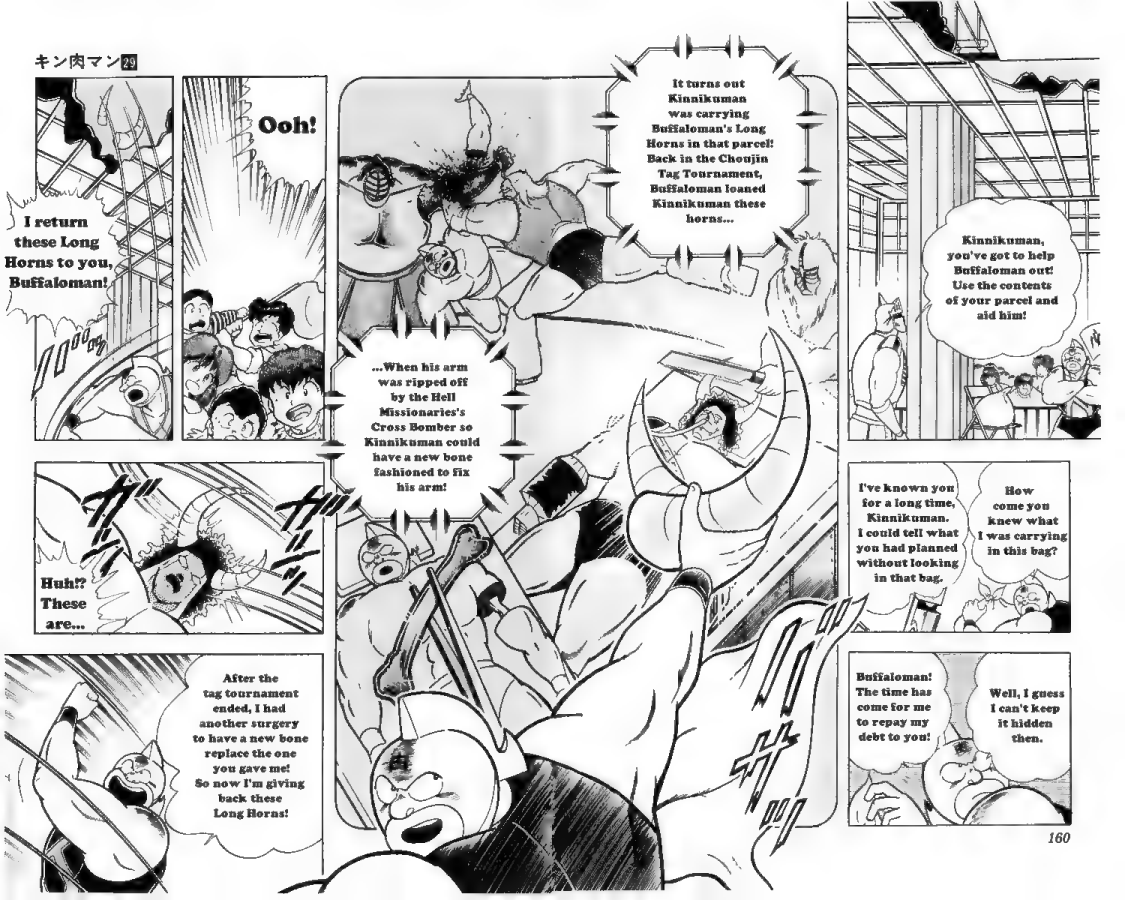


He'll no longer be able to stop my Rainbow Shower!
As soon as he reaches his limit...
Has Brocken's dangerous gambit backfired on him? Will Prisman's plan actually come true!?
And then we'll win the match!
It can't be!
Eh? What's going on!? M-My Rainbow Shower's getting weaker!
バババ
Heh heh, Prisman, you're not really all that bright. Your plan's not going to rise at all. It's going to set once you see what's wrong here...

All your Rainbow Shower does is focus the Seven Capillaria Rays from the sun's light.
But if the sun sets, then it's useless. You're done for, Prisman!
Damn! The sun's setting!
Brocken's launched himself at Prisman with a Human Bullet tinged with the Rainbow Shower!
FLYING CROSS CHOP!



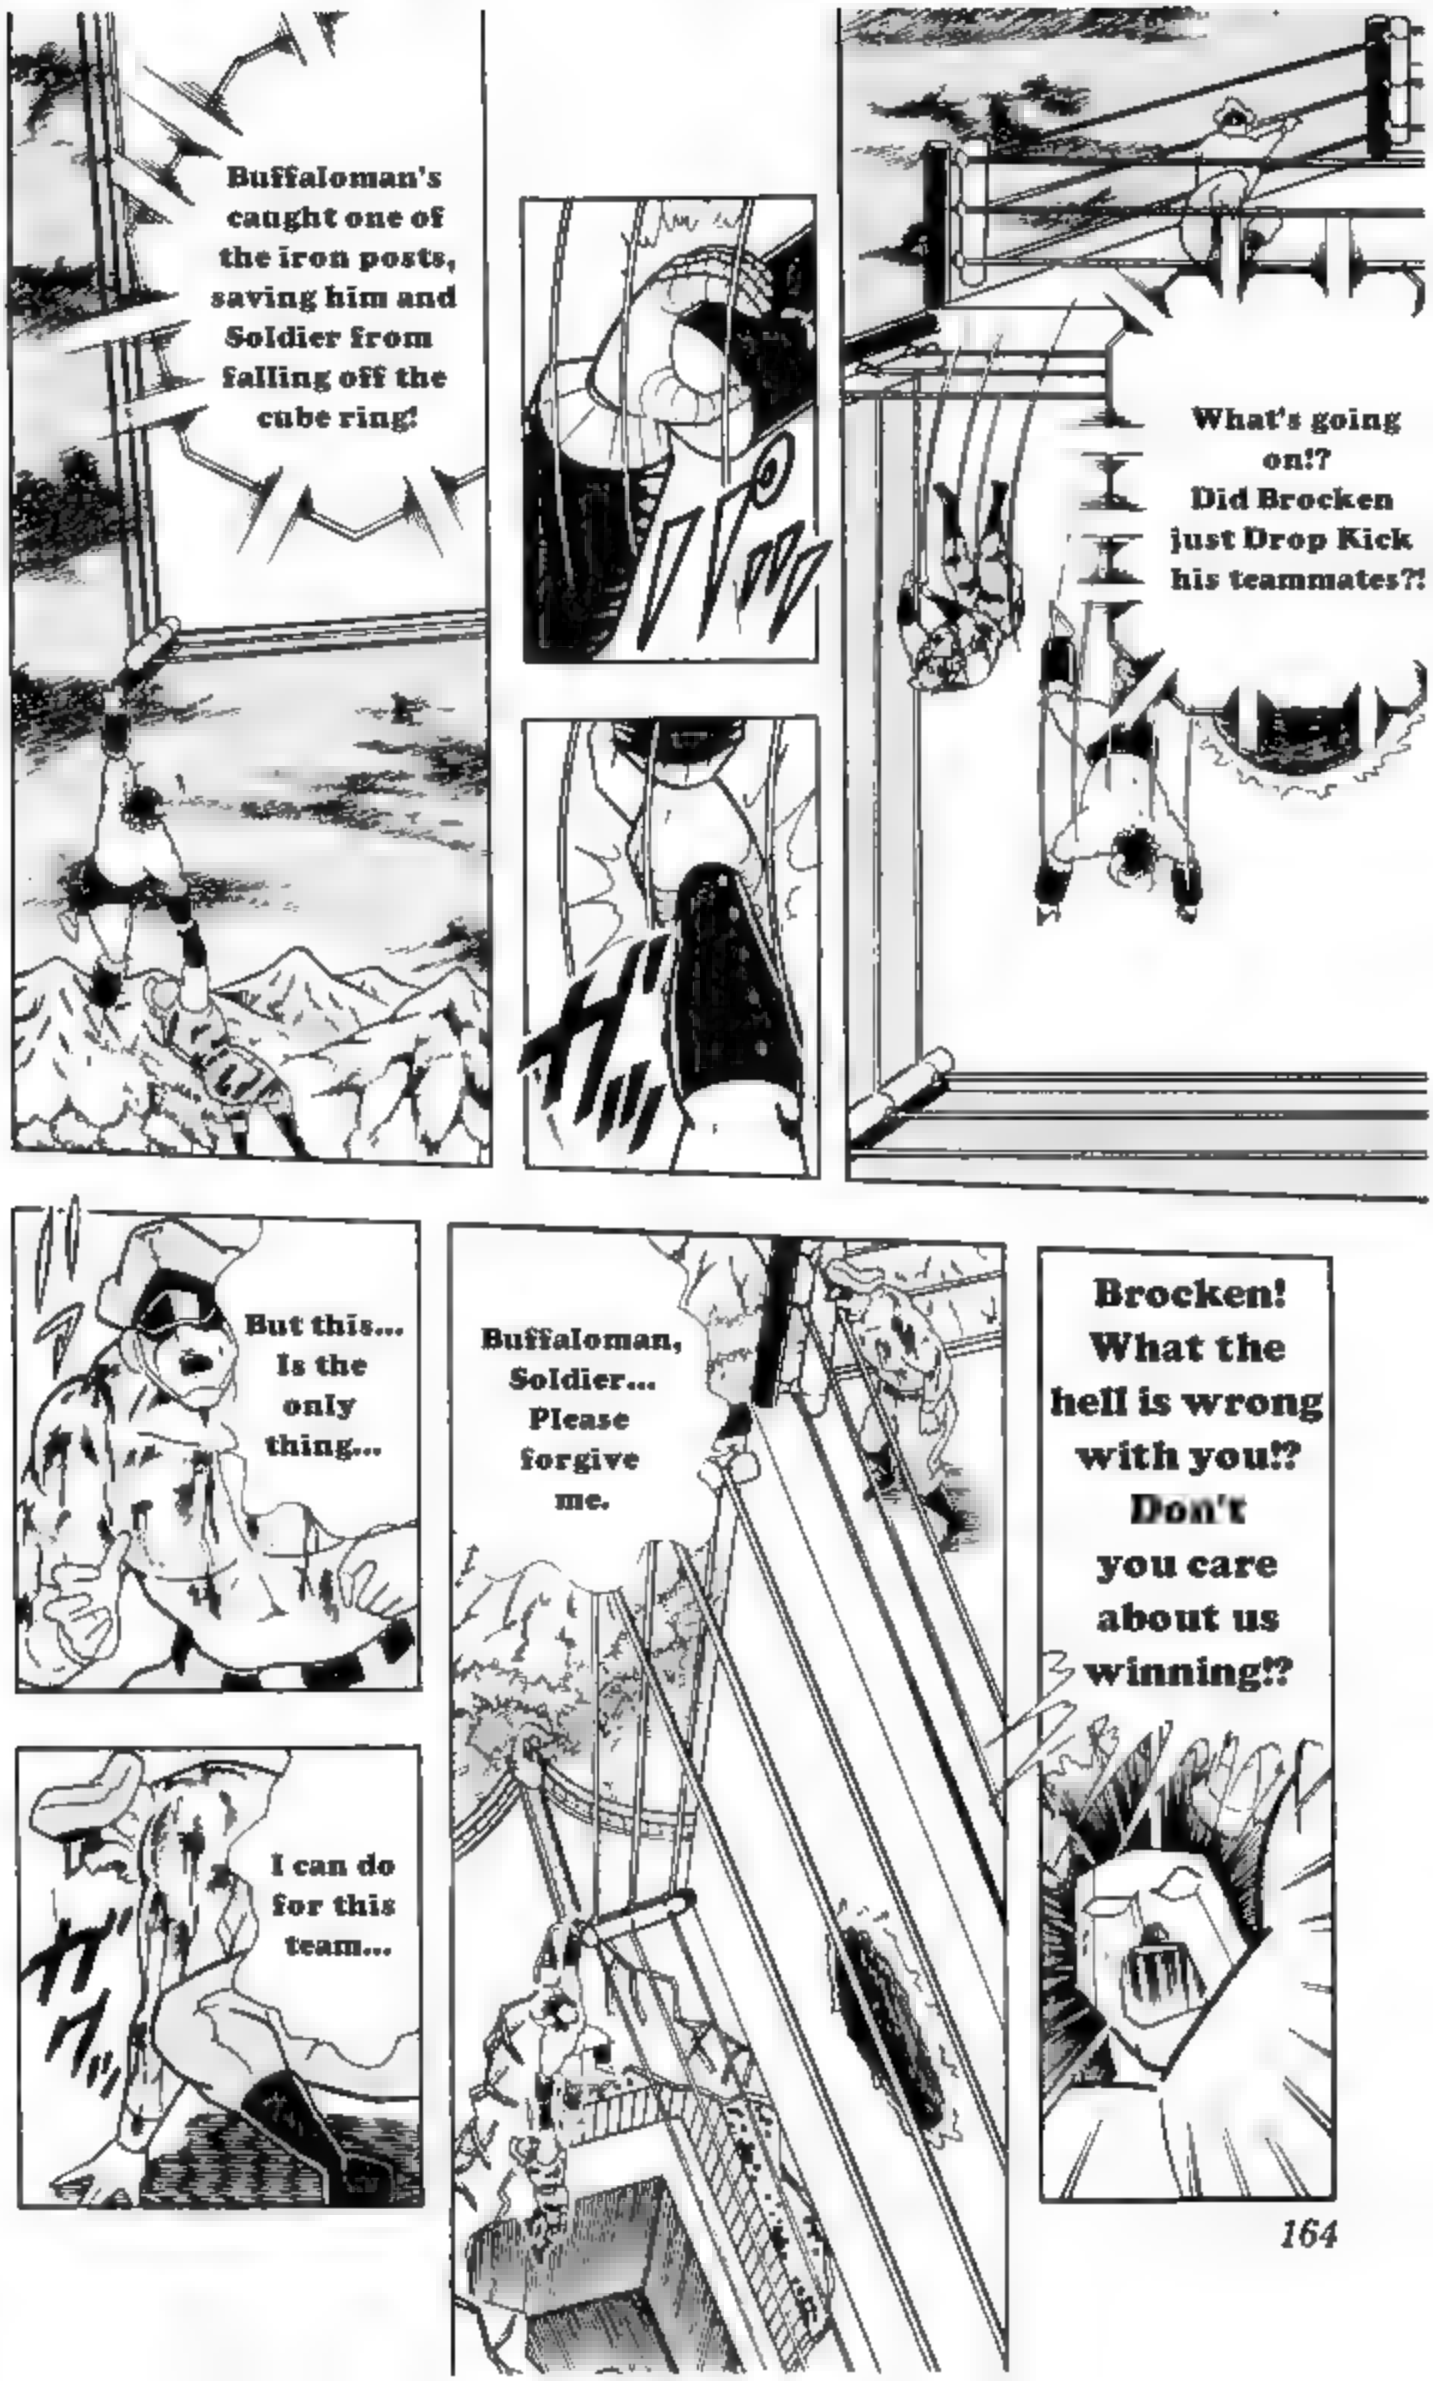
Hey Brocken! While you're hammering Prisman over there...
Your captain's still in my custody!
Damn it! Why does Brocken get to look cool!?
Phoenix's switched his Canadian Back Breaker for an Argentine Back Breaker!
Soldier!



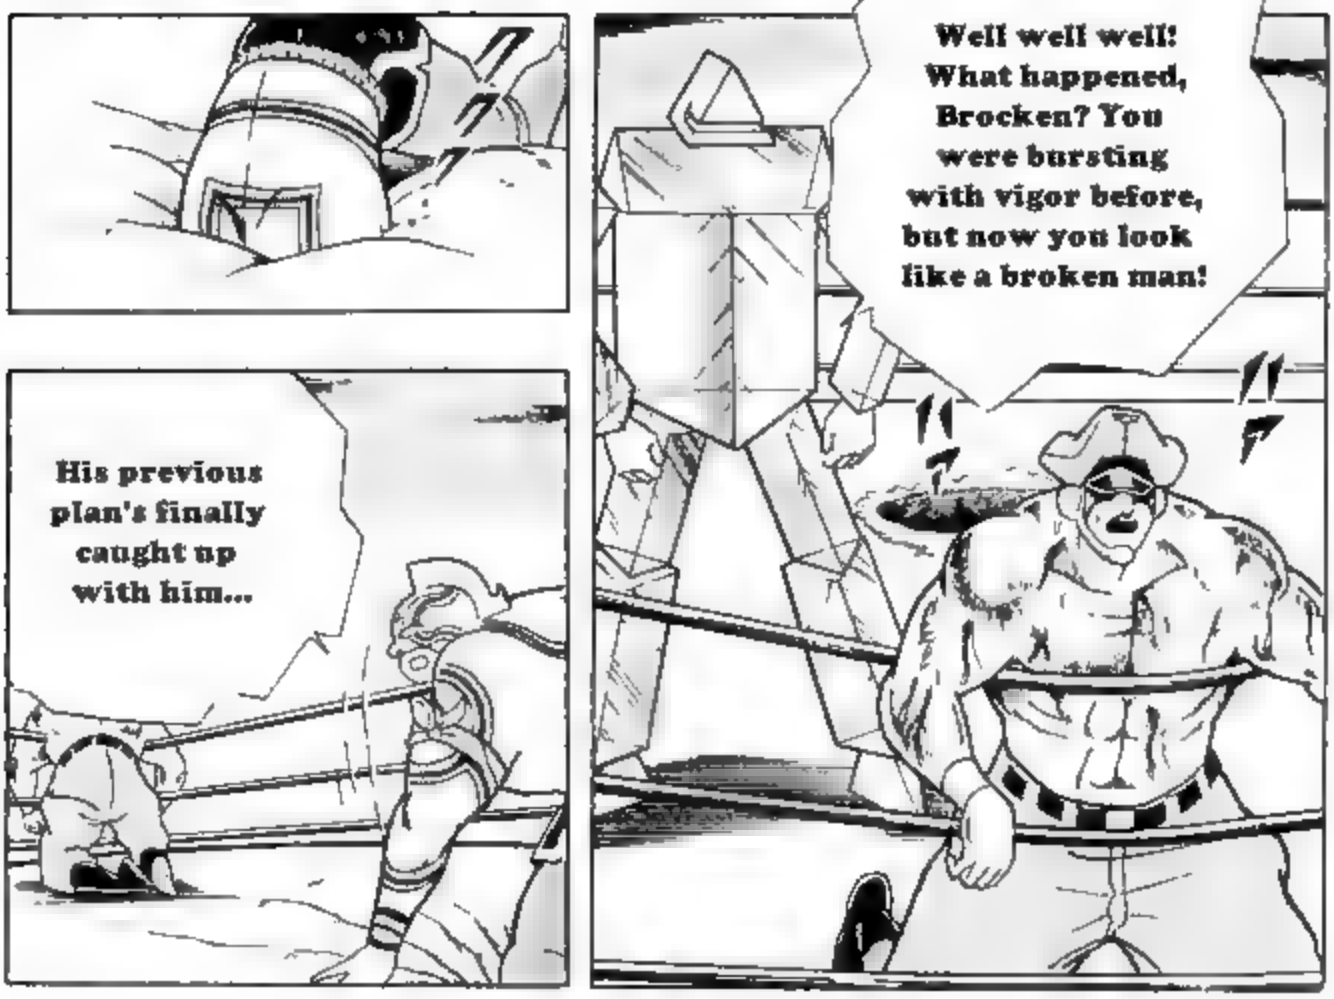
I return these Long Horns to you, Buffaloman!
Ooh!
It turns out Kinnikuman was carrying Buffaloman's Long Horns in that parcel! Back in the Choujin Tag Tournament, Buffaloman loaned Kinnikuman these horns...
...When his arm was ripped off by the Hell Missionaries's Cross Bomber so Kinnikuman could have a new bone fashioned to fix his arm!
Kinnikuman, you've got to help Buffaloman out! Use the contents of your parcel and aid him!
Huh!? These are...
I've known you for a long time, Kinnikuman. I could tell what you had planned without looking in that bag.
How come you knew what I was carrying in this bag?
After the tag tournament ended, I had another surgery to have a new bone replace the one you gave me! So now I'm giving back these Long Horns!
Buffaloman! The time has come for me to repay my debt to you!
Well, I guess I can't keep it hidden then.

Die, Soldier!
Urgh...
Alright! The 10 Million Power Buffaloman's finally back!
Get ready, Phoenix!
REVIVED HURRICANE MIXER!
Buffaloman's rescued Soldier and blasted Phoenix away with his classic Hurricane Mixer!

We're finally back as a trio, Brocken! Now let's show these tricksters the true power of Team Soldier!
But it's too late for me. I can't fight alongside the both of you now...
Buffaloman, I'm glad we're back together as well...
Buffaloman!
Aah!
I leave Captain Soldier to you!

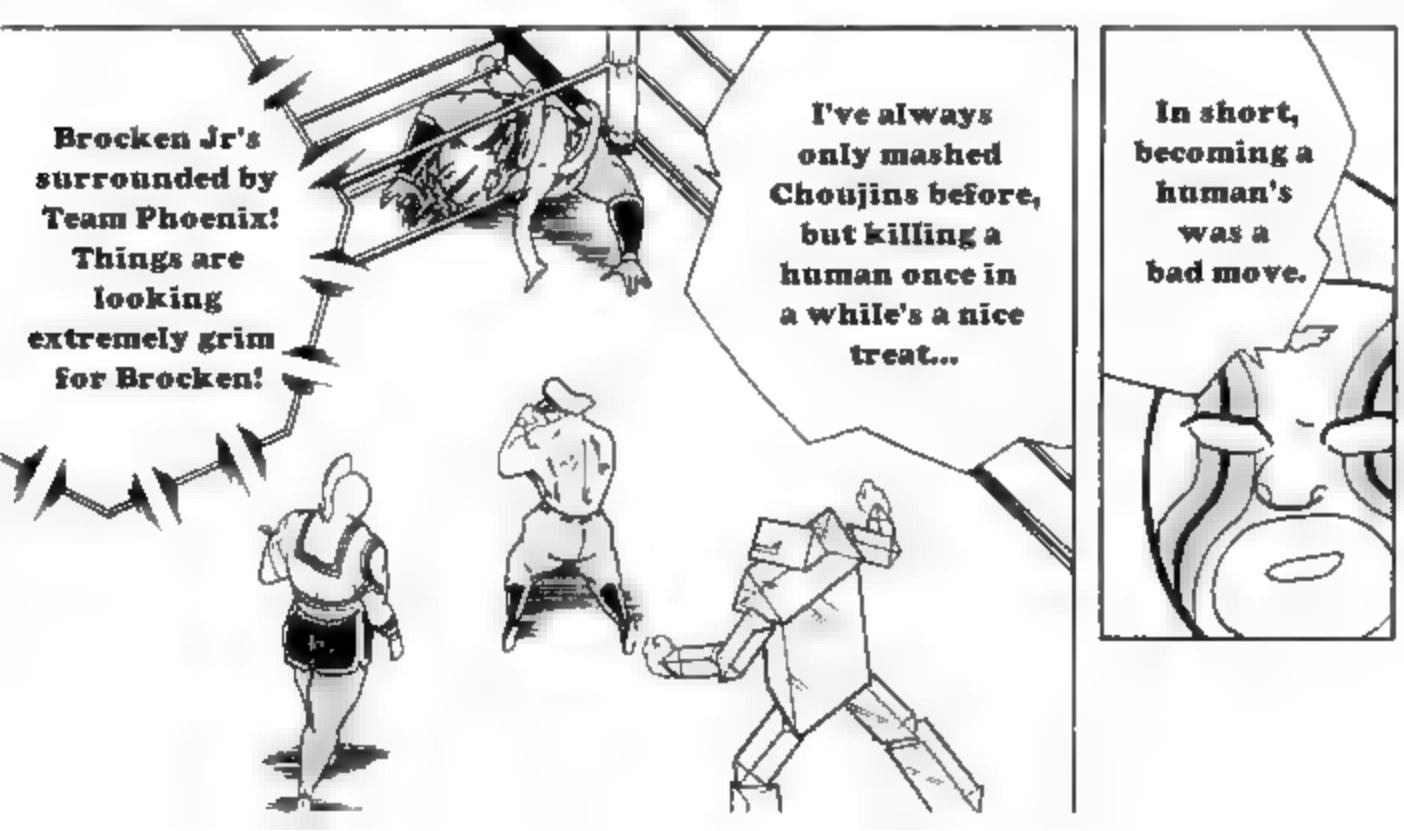


Buffaloman's caught one of the iron posts, saving him and Soldier from falling off the cube ring!
What's going on!? Did Brocken just Drop Kick his teammates?!
But this... Is the only thing...
I can do for this team...
Buffaloman, Soldier... Please forgive me.
Brocken! What the hell is wrong with you!? Don't you care about us winning!?



Well well well! What happened, Brocken? You were bursting with vigor before, but now you look like a broken man!
His previous plan's finally caught up with him...

But now that you have a human body, the damage you've taken have been enhanced, leaving you all battered up.
Brocken, a Choujin body's far superior to a human body, so all those wounds you took as a Choujin didn't affect you.



Brocken Jr's surrounded by Team Phoenix! Things are looking extremely grim for Brocken!
I've always only mashed Choujins before, but killing a human once in a while's a nice treat...
In short, becoming a human's was a bad move.

How can you be so cold, Brocken!? Didn't we all vow to fight to the bloody end when we formed Team Soldier!?
Buffaloman, it looks like Brocken kicked us out of the ring thinking he'd only hinder us in fighting these monsters, so he's going to take them on himself...
PAOOO!
Mammothman's flung Brocken into the air with his elephant trunk!
Forgive me, you two, but this is all I can do for my team now...

That stance!
CHOUJIN DECORATION TREE!
PAOO!
Mammothman's jumped into the air, aiming for the arched Brocken Jr!

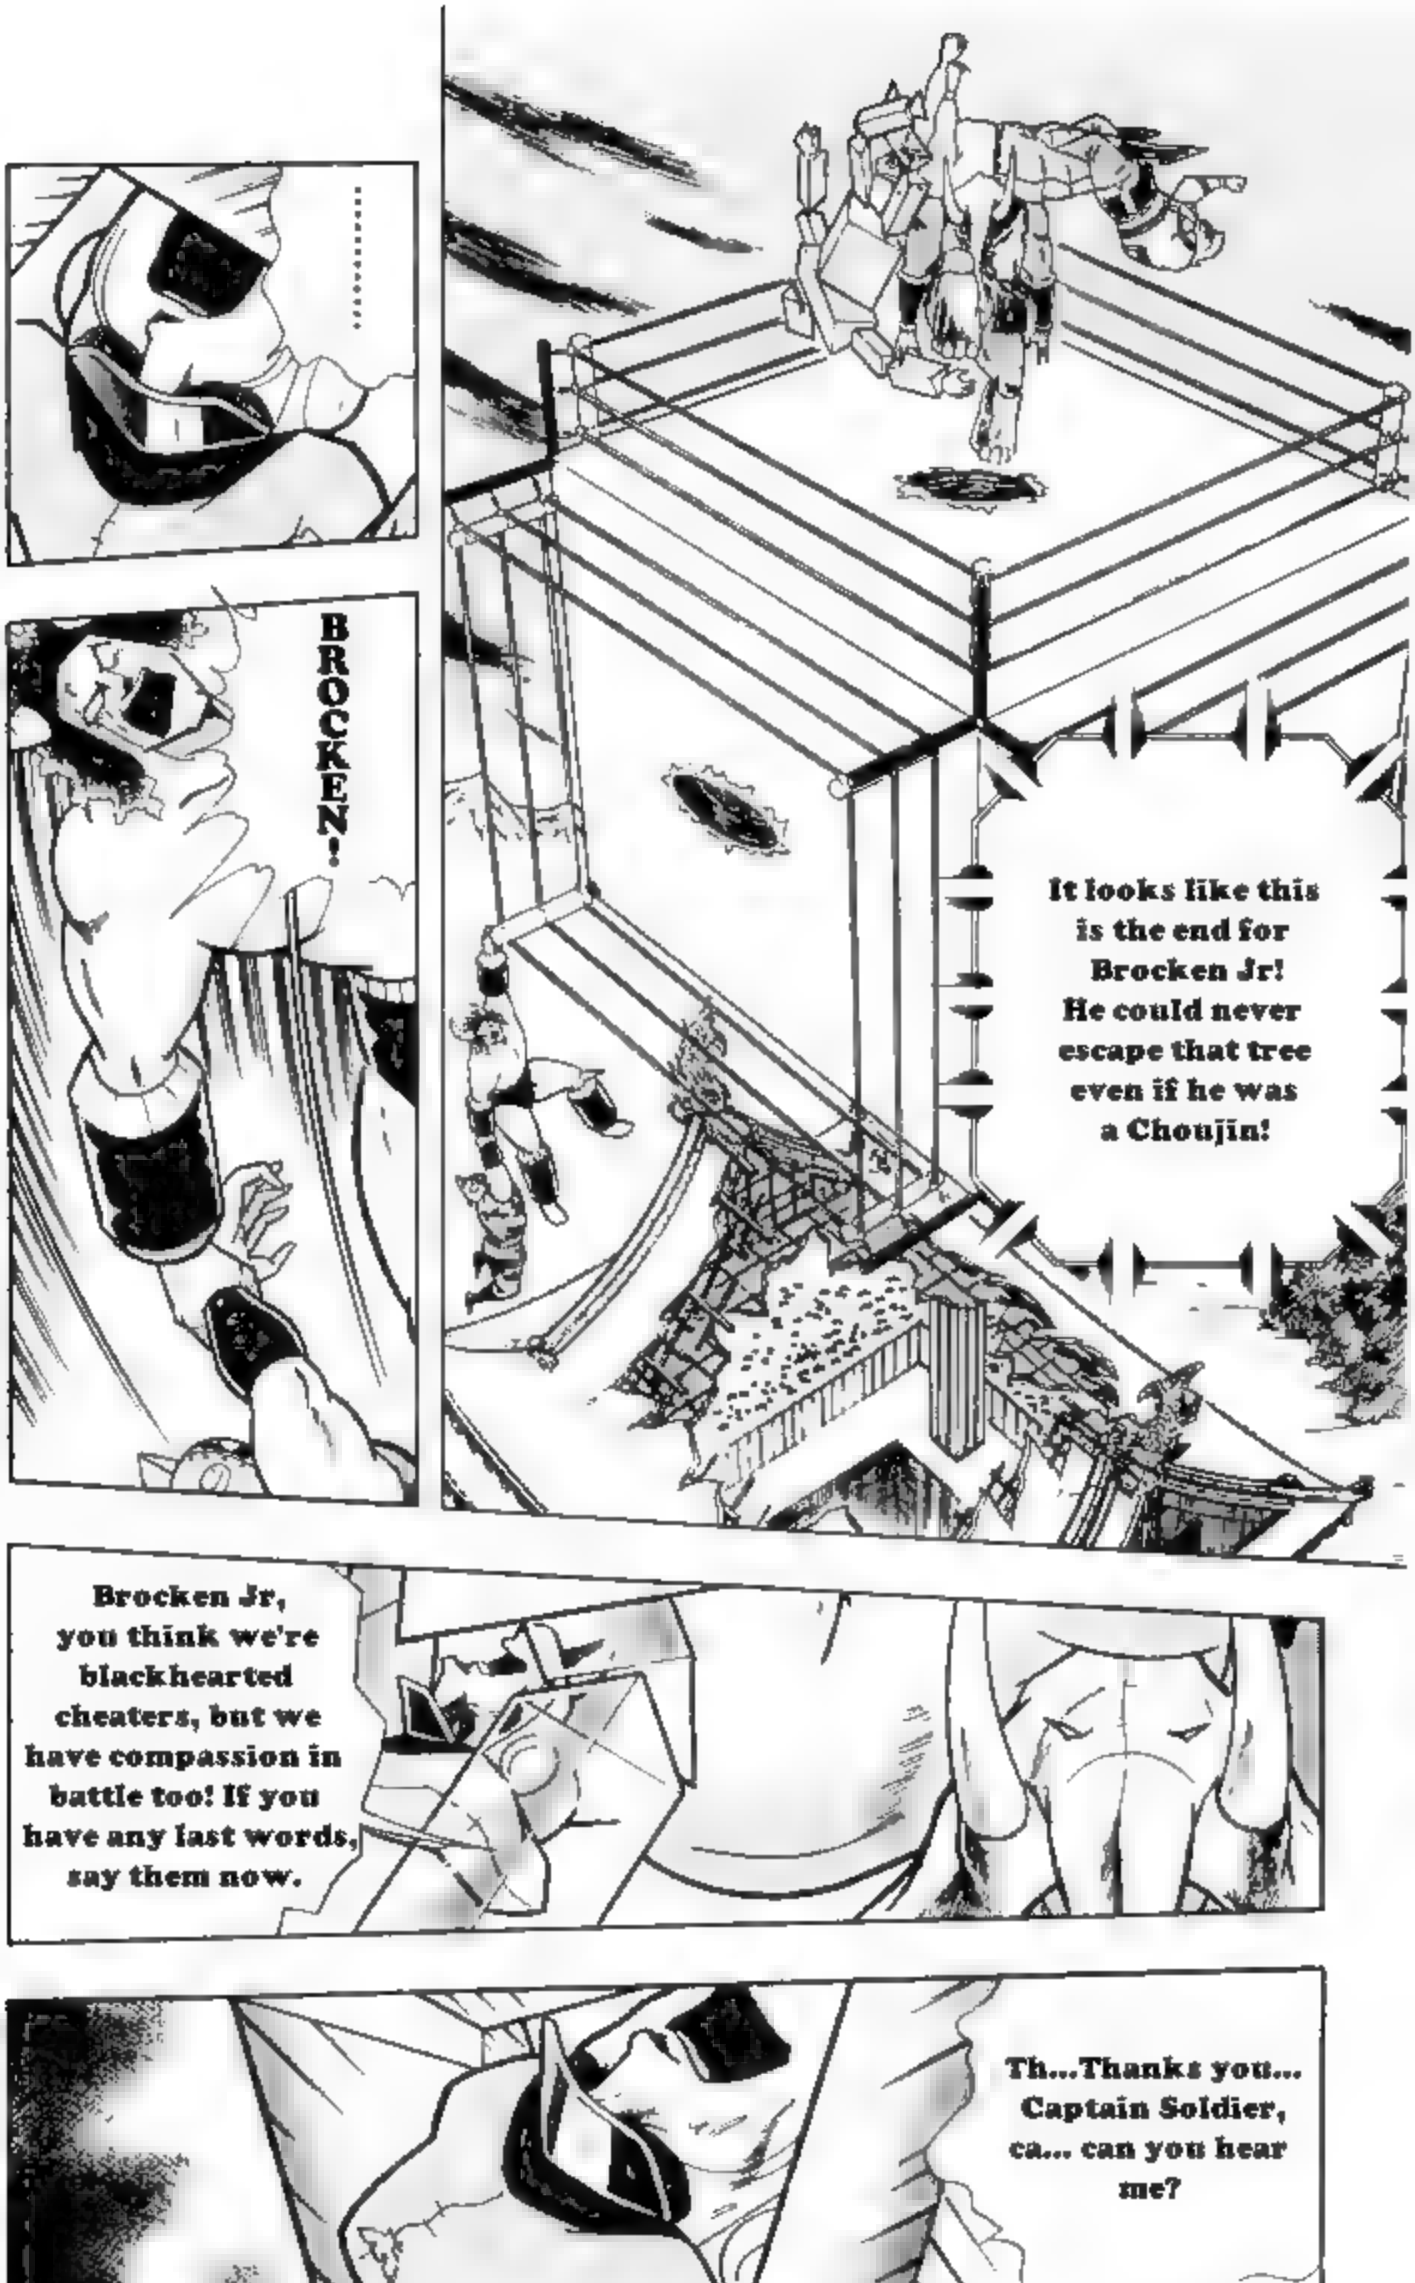
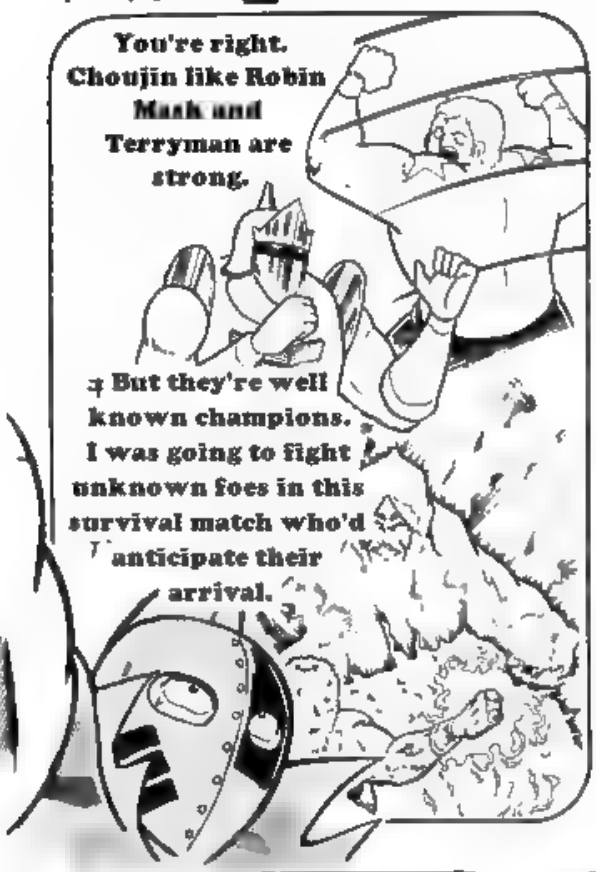
Soldier's Tears!

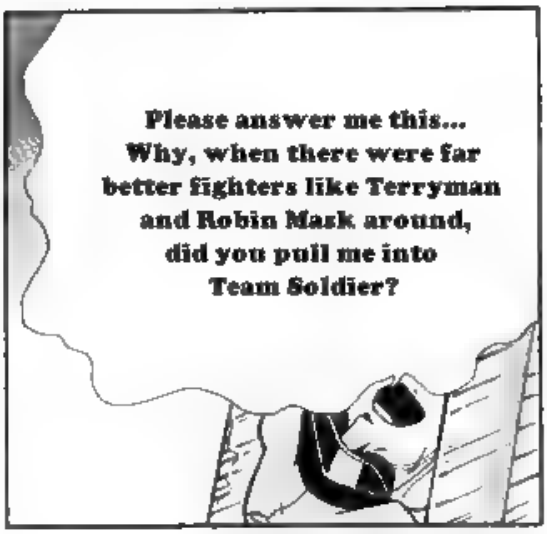


.....
BROCKEN!
It looks like this is the end for Brocken Jr! He could never escape that tree even if he was a Choujin!
Brocken Jr, you think we're blackhearted cheaters, but we have compassion in battle too! If you have any last words, say them now.
Th...Thanks you... Captain Soldier, ca... can you hear me?



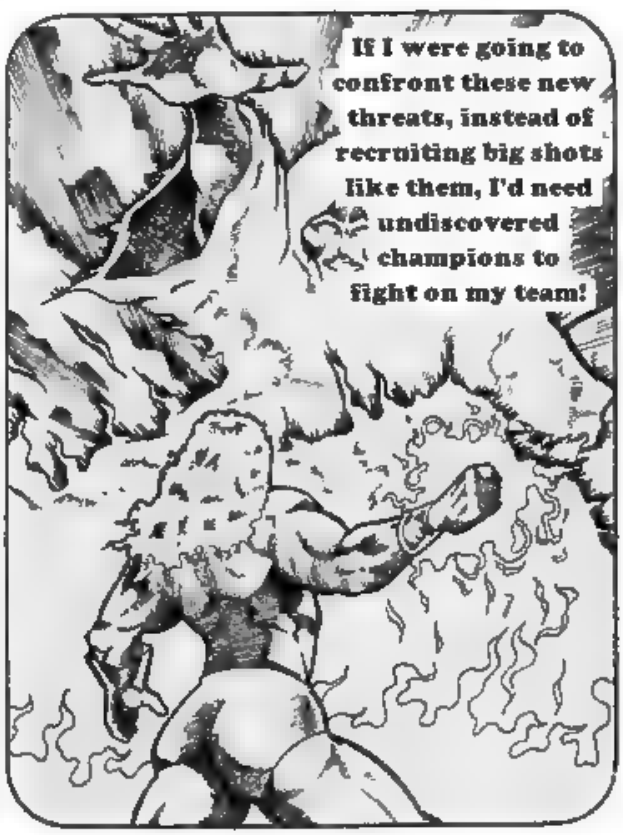
You're right. Choujin like Robin Mask and Terryman are strong.
But they're well known champions. I was going to fight unknown foes in this survival match who'd anticipate their arrival.

Yes I can, Brocken!



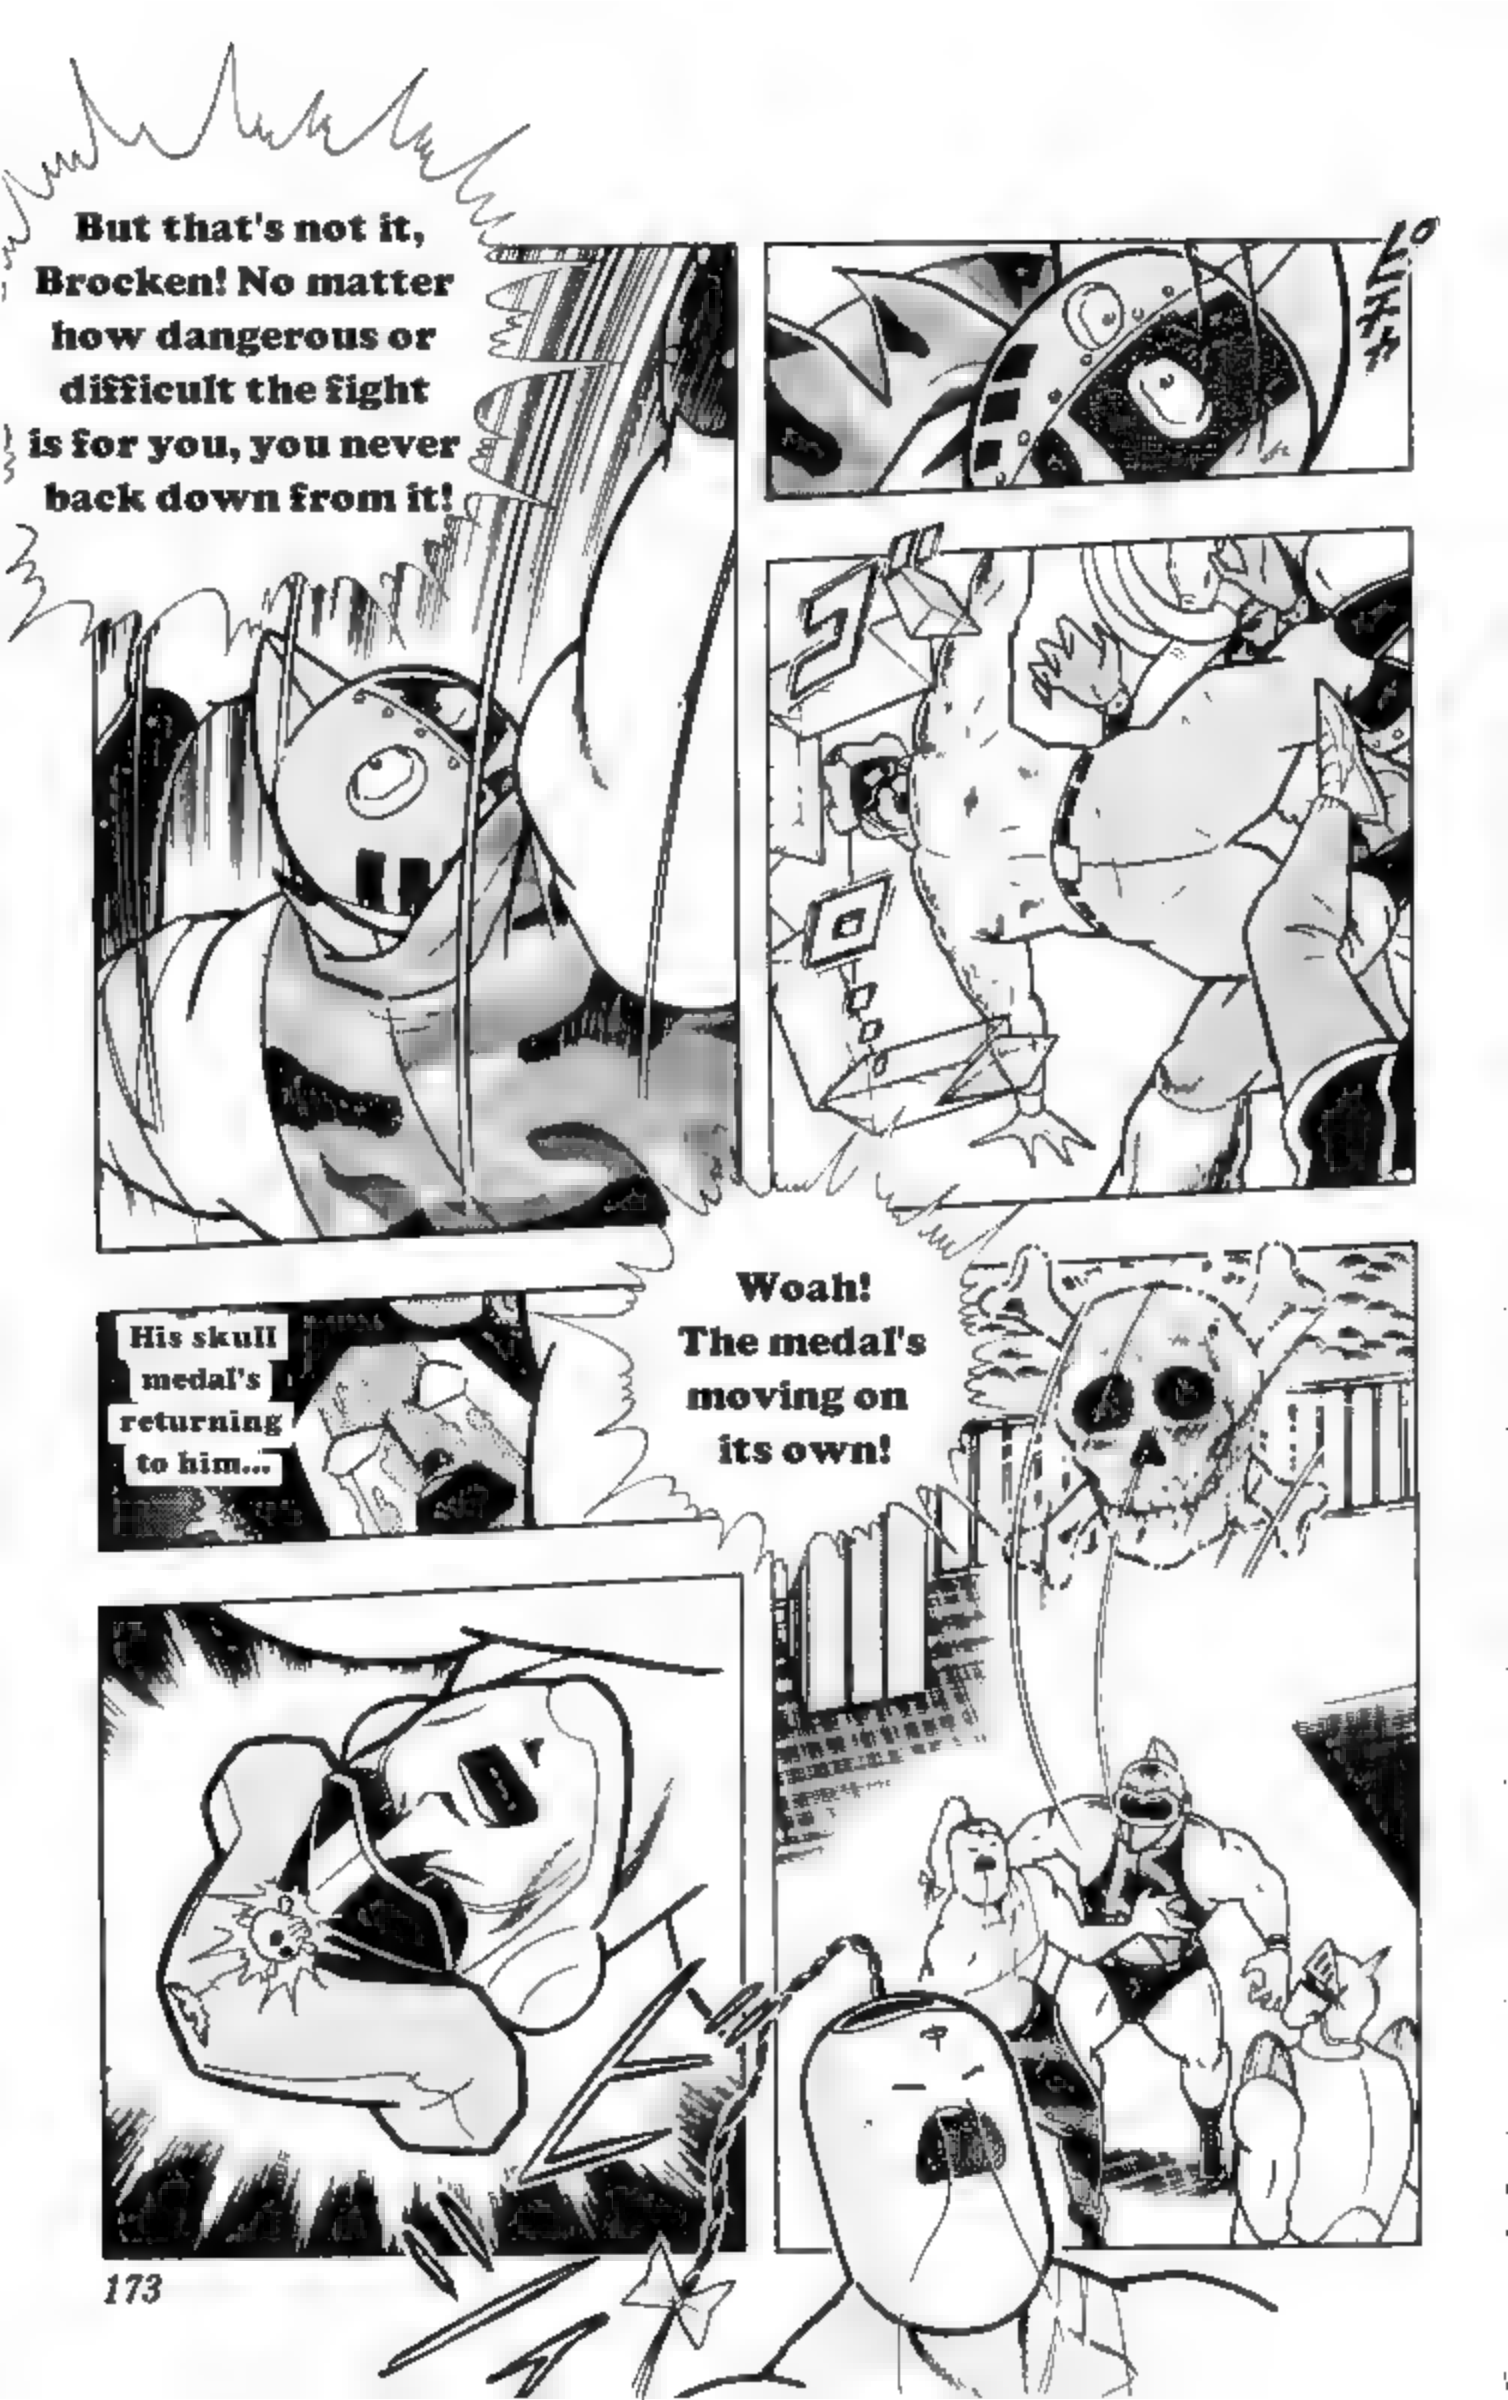
Please answer me this... Why, when there were far better fighters like Terryman and Robin Mask around, did you pull me into Team Soldier?

What stood out was you, Brocken Jr! The unknown champion among the Justice Choujin!



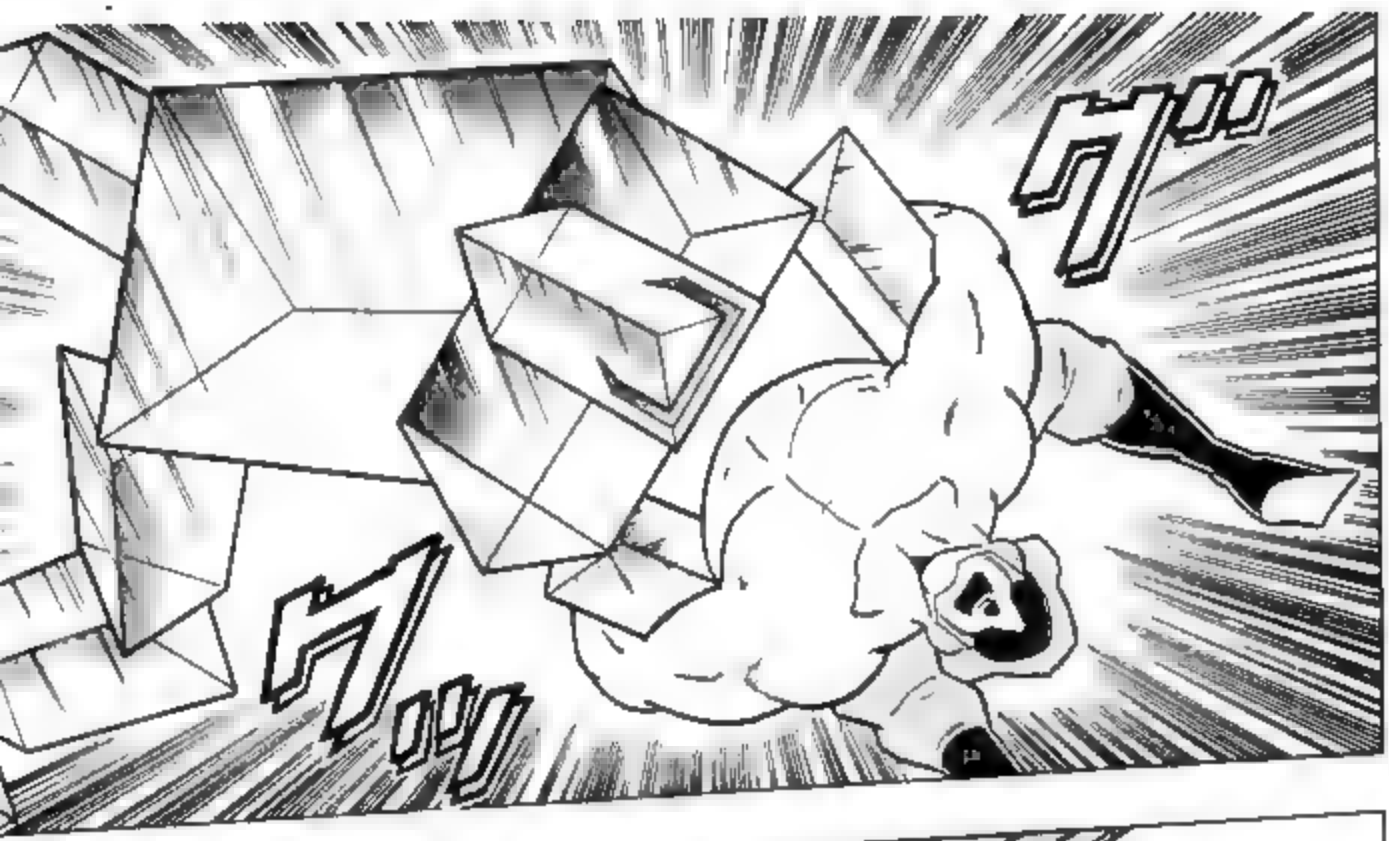
If I were going to confront these new threats, instead of recruiting big shots like them, I'd need undiscovered champions to fight on my team!

THAT'S WHY I CHOSE YOU, BROCKEN JUNIOR!
And that's why I chose you to be on my team!
I was right on the money when I chose you!
Throughout this match, You've broken through every barier that the new threats of Team Phoenix put up and saved Team Soldier when I thought we were going to be defeated with your bold and dangerous tactics!
Guooh!
Team Phoenix are breaking Brocken's very body in 2!
Alright, enough of this sob story! Full Throttle Choujin Decoration Tree!



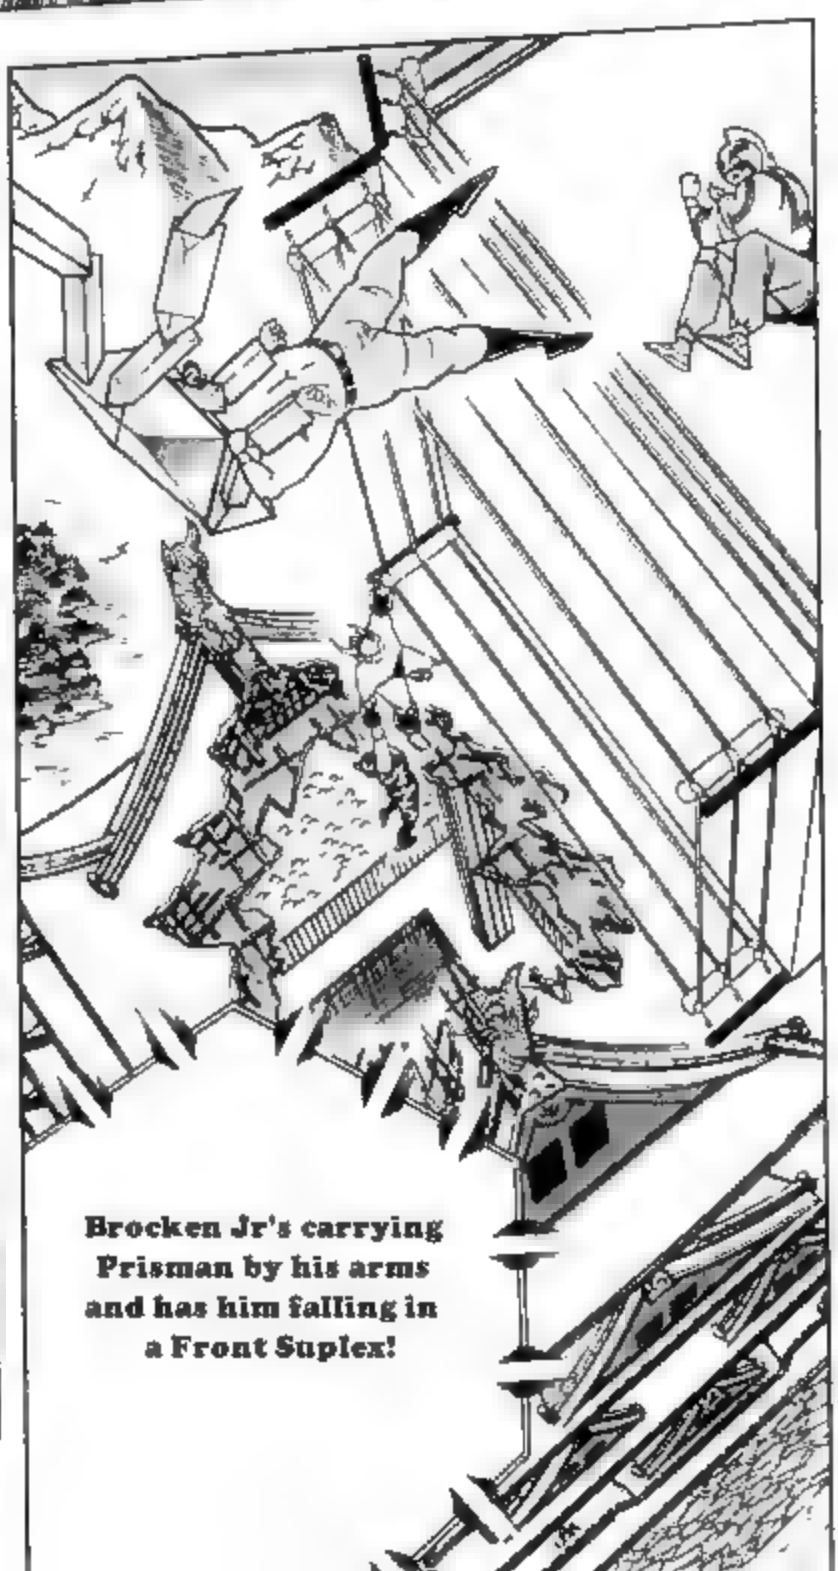
But that's not it, Brocken! No matter how dangerous or difficult the fight is for you, you never back down from it!
His skull medal's returning to him...
Woah! The medal's moving on its own!

YOU NEVER GIVE UP!
Gah! What's with him!?
This is unbelievable! Brocken Jr is somehow clinging onto Prisman with sheer tenacity despite his wounds!
If the battle's not over, I can't die!
I'd like to see you try!
If you don't let go of me, I'll just have to destroy you with my Rainbow Shower!



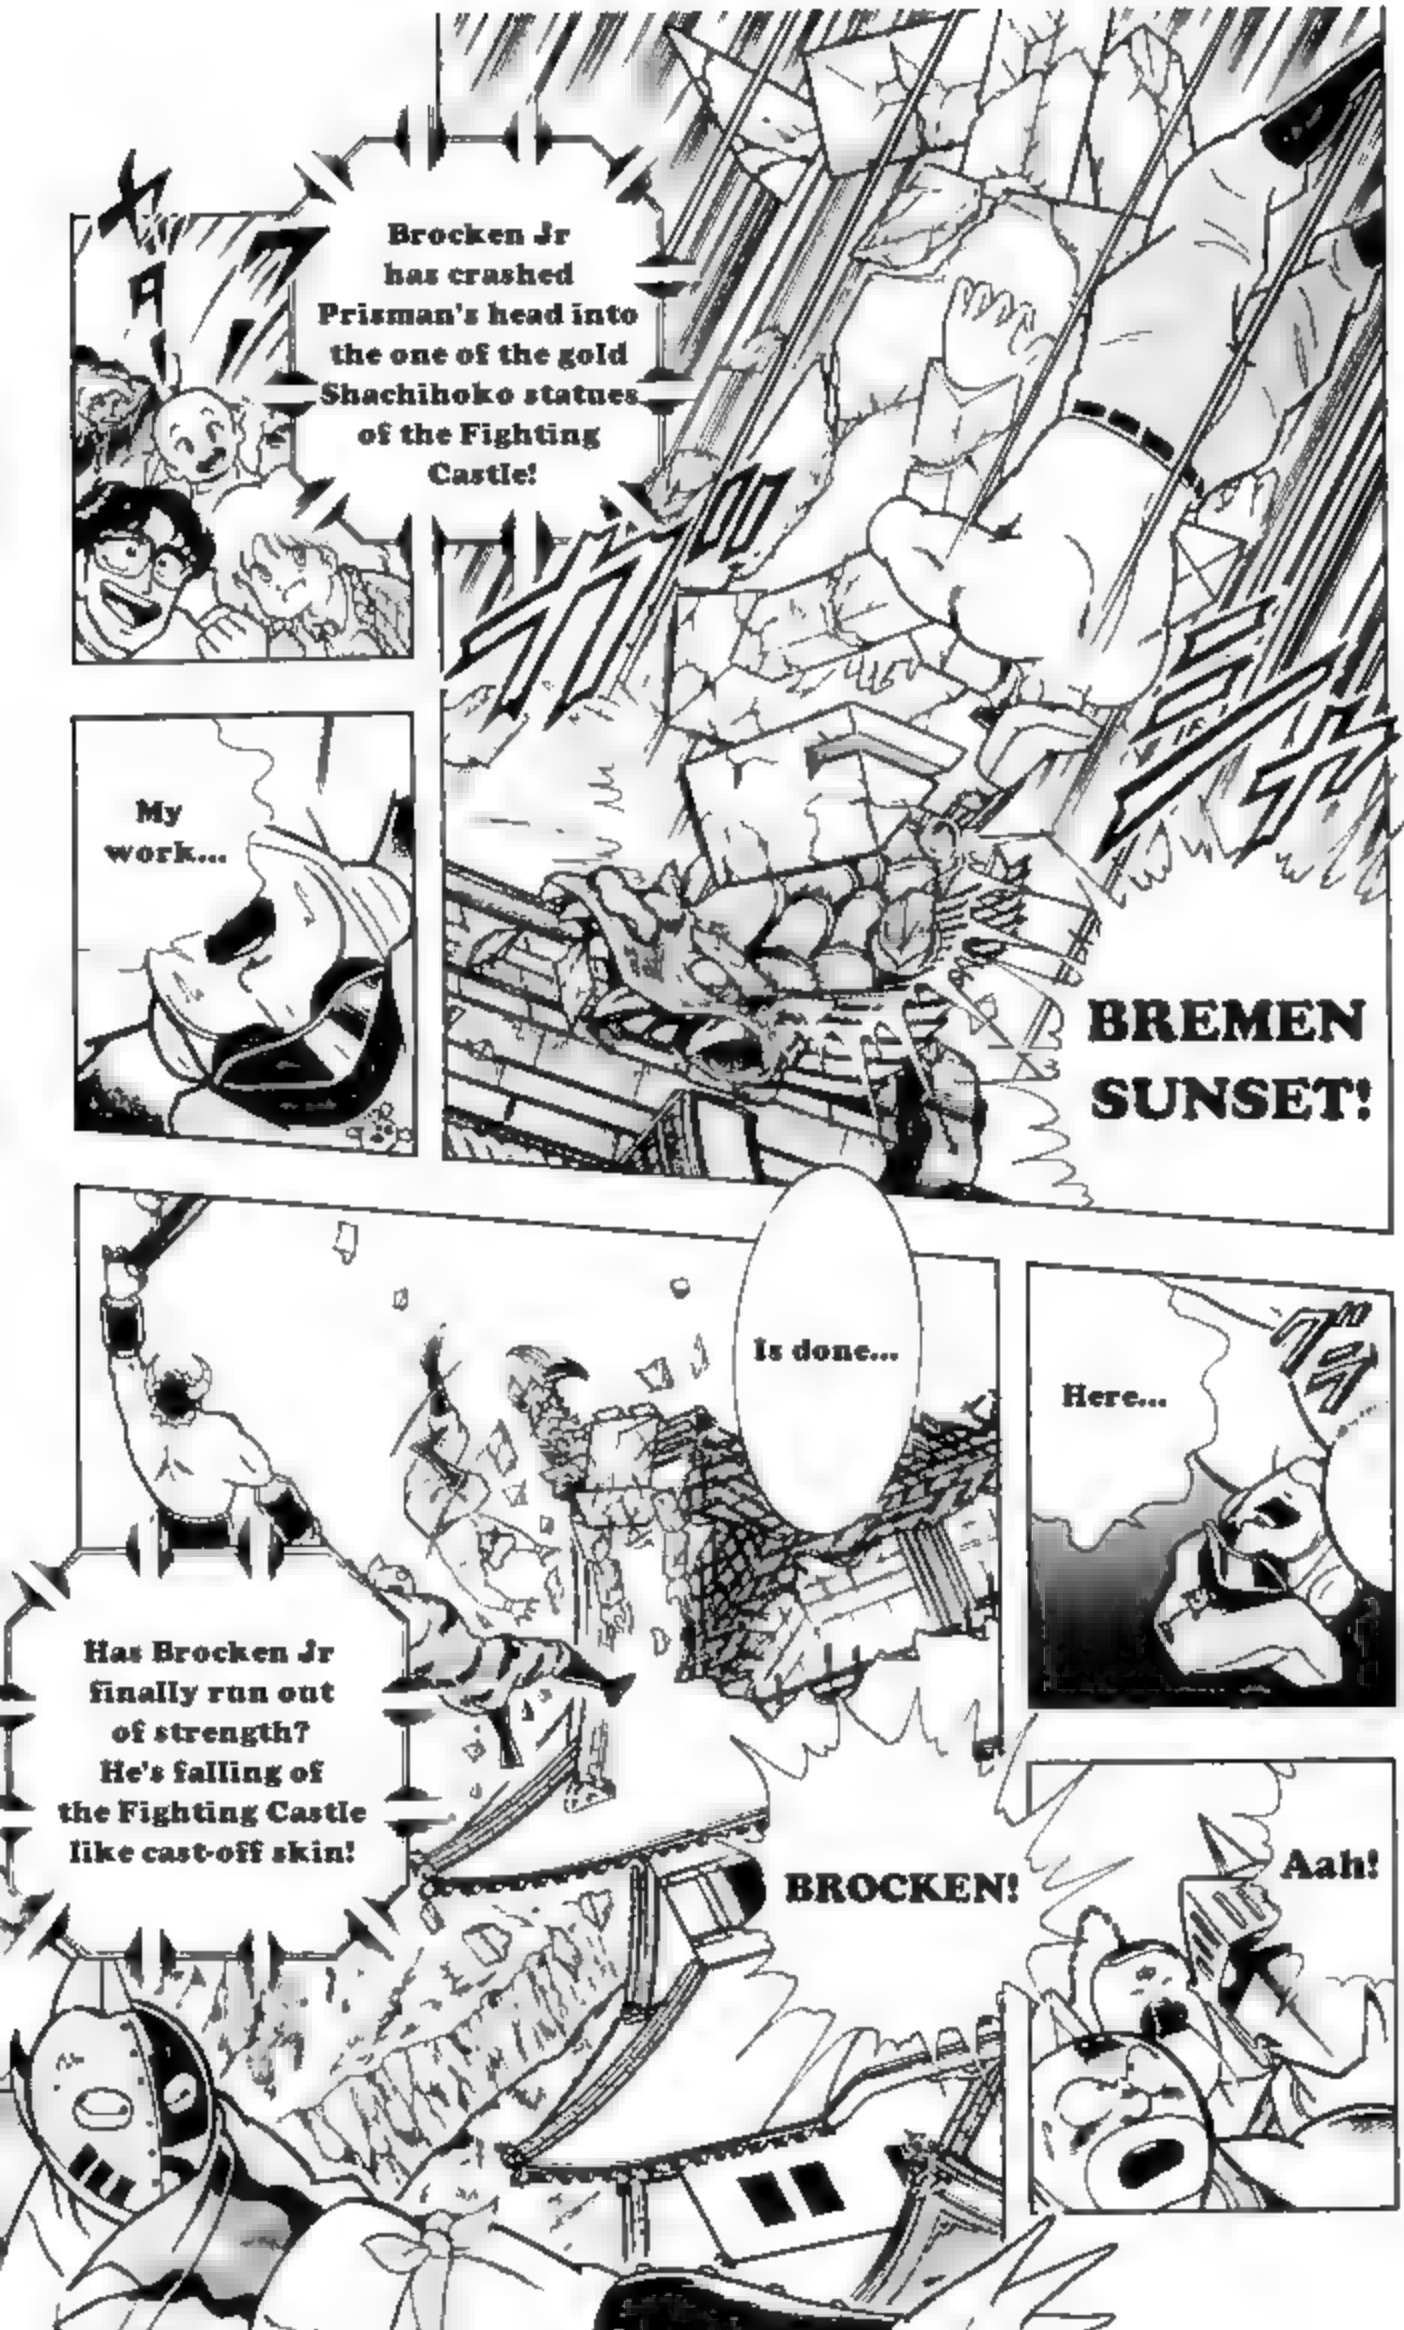
Brocken's just proven that turnaround victories aren't just dreams!

Great work, Brocken! Now let Prisman go and get back in the ring!

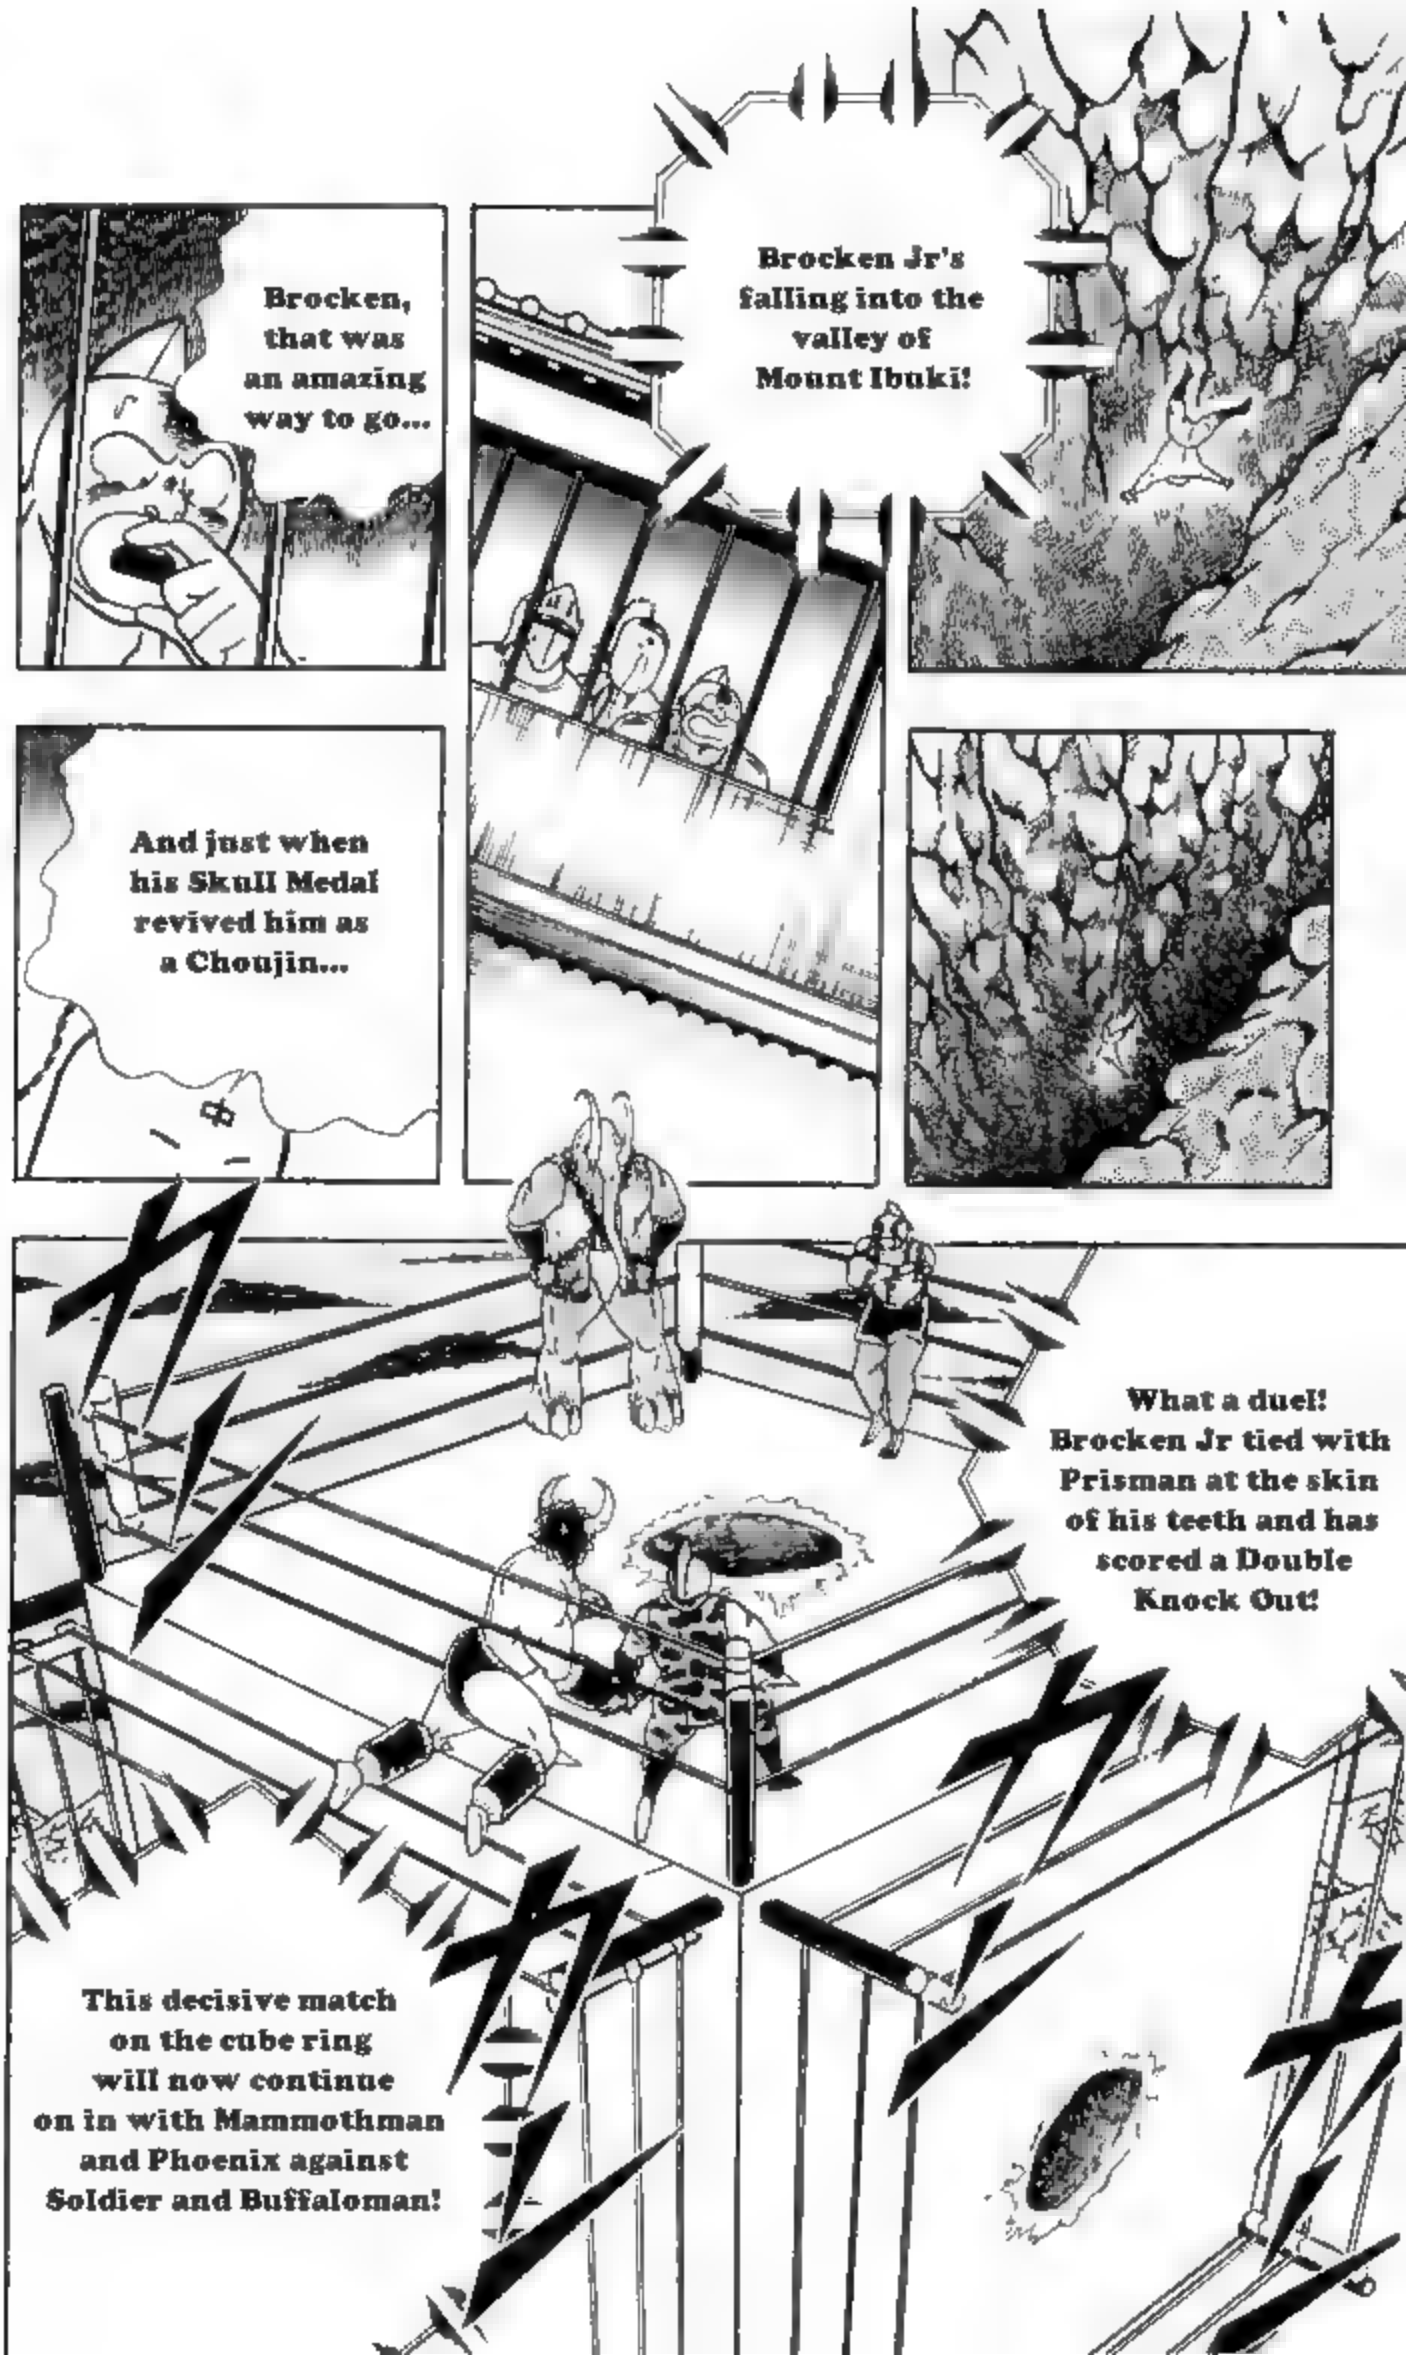


Brocken Jr's carrying Prisman by his arms and has him falling in a Front Suplex!

Wher... Why aren't you jumping back here, Brocken!?
!!
He's going to take Prisman with him!
If I let Prisman go, he'll just kill me off and return to the ring! I can't have him hurting you guys any longer!



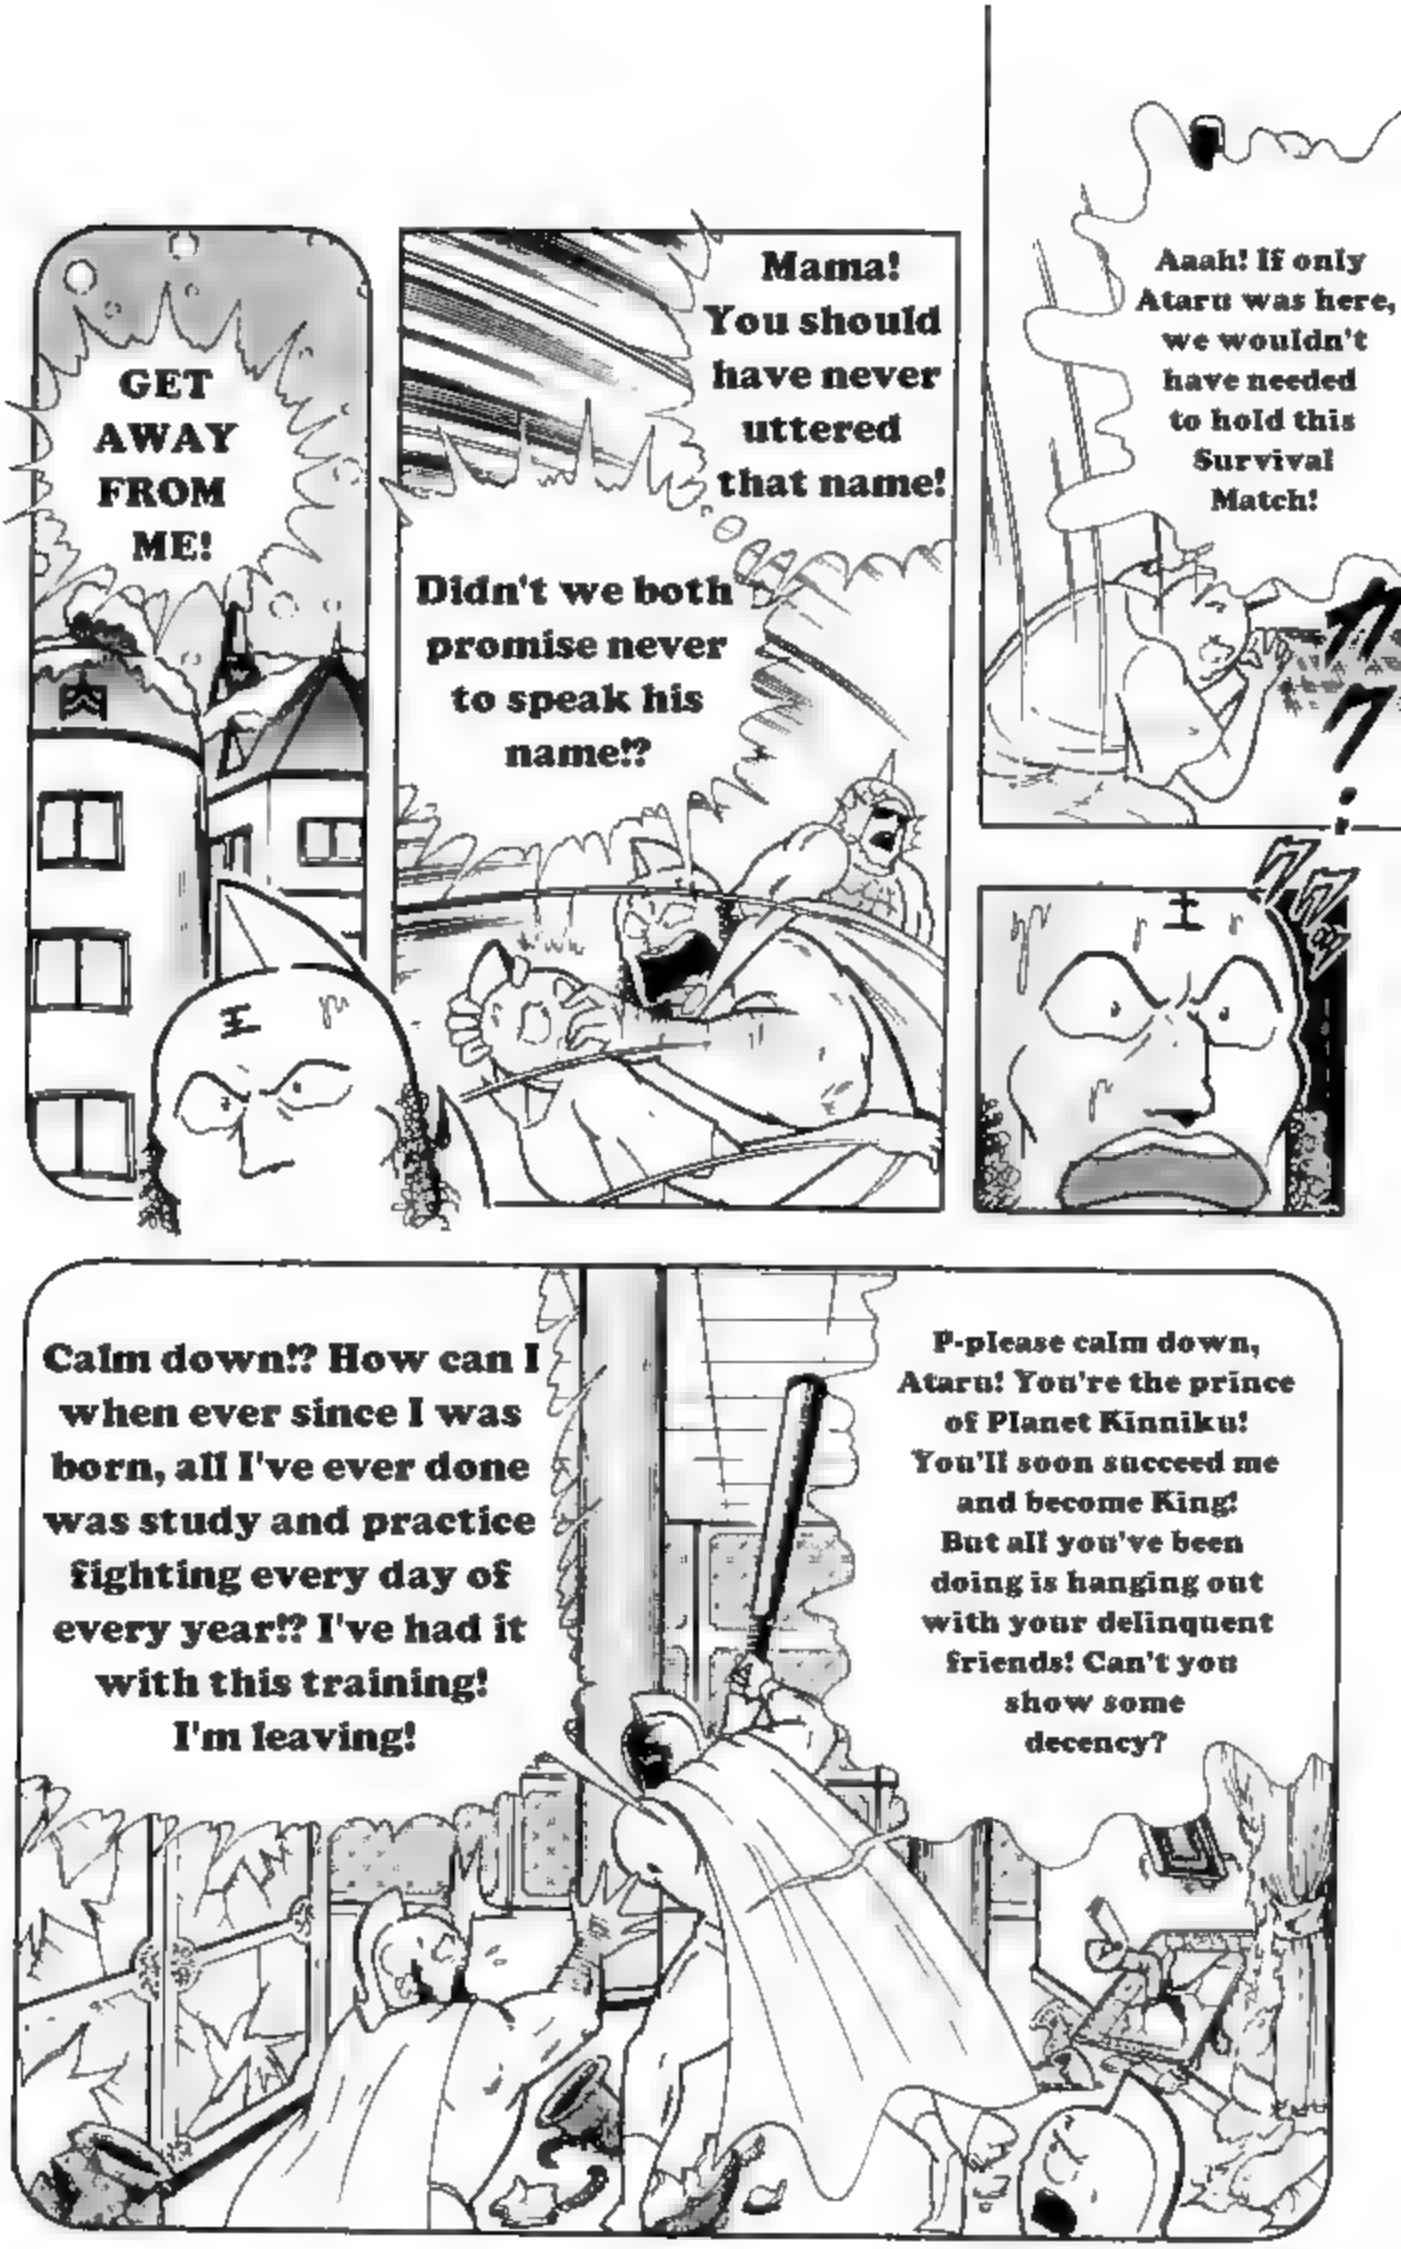
Brocken Jr has crashed Prisman's head into the one of the gold Shachihoko statues of the Fighting Castle!
My work...
BREMEN SUNSET!
Is done...
Here...
Has Brocken Jr finally run out of strength? He's falling of the Fighting Castle like cast-off skin!
BROCKEN!
Aah!



Brocken, that was an amazing way to go...
Brocken Jr's falling into the valley of Mount Ibuki!
And just when his Skull Medal revived him as a Choujin...
What a duel! Brocken Jr tied with Prisman at the skin of his teeth and has scored a Double Knock Out!
This decisive match on the cube ring will now continue on in with Mammothman and Phoenix against Soldier and Buffaloman!

Soldier...
Even Soldier, known as the Battle Devil, looks greatly shocked by the loss of Brocken, his right hand man!
Osaka Castle
Oooh.... Now Brocken Jr's died in action as well, along with The Ninja!

All this violence is beyond horrible... Did we really need all this bloodshed to choose a king from the 6 Throne Candidates? There had to be a more peaceful way to choose...
And it's not just them... So many Choujins have either died gruesome deaths or been beaten senselessly in this fight...



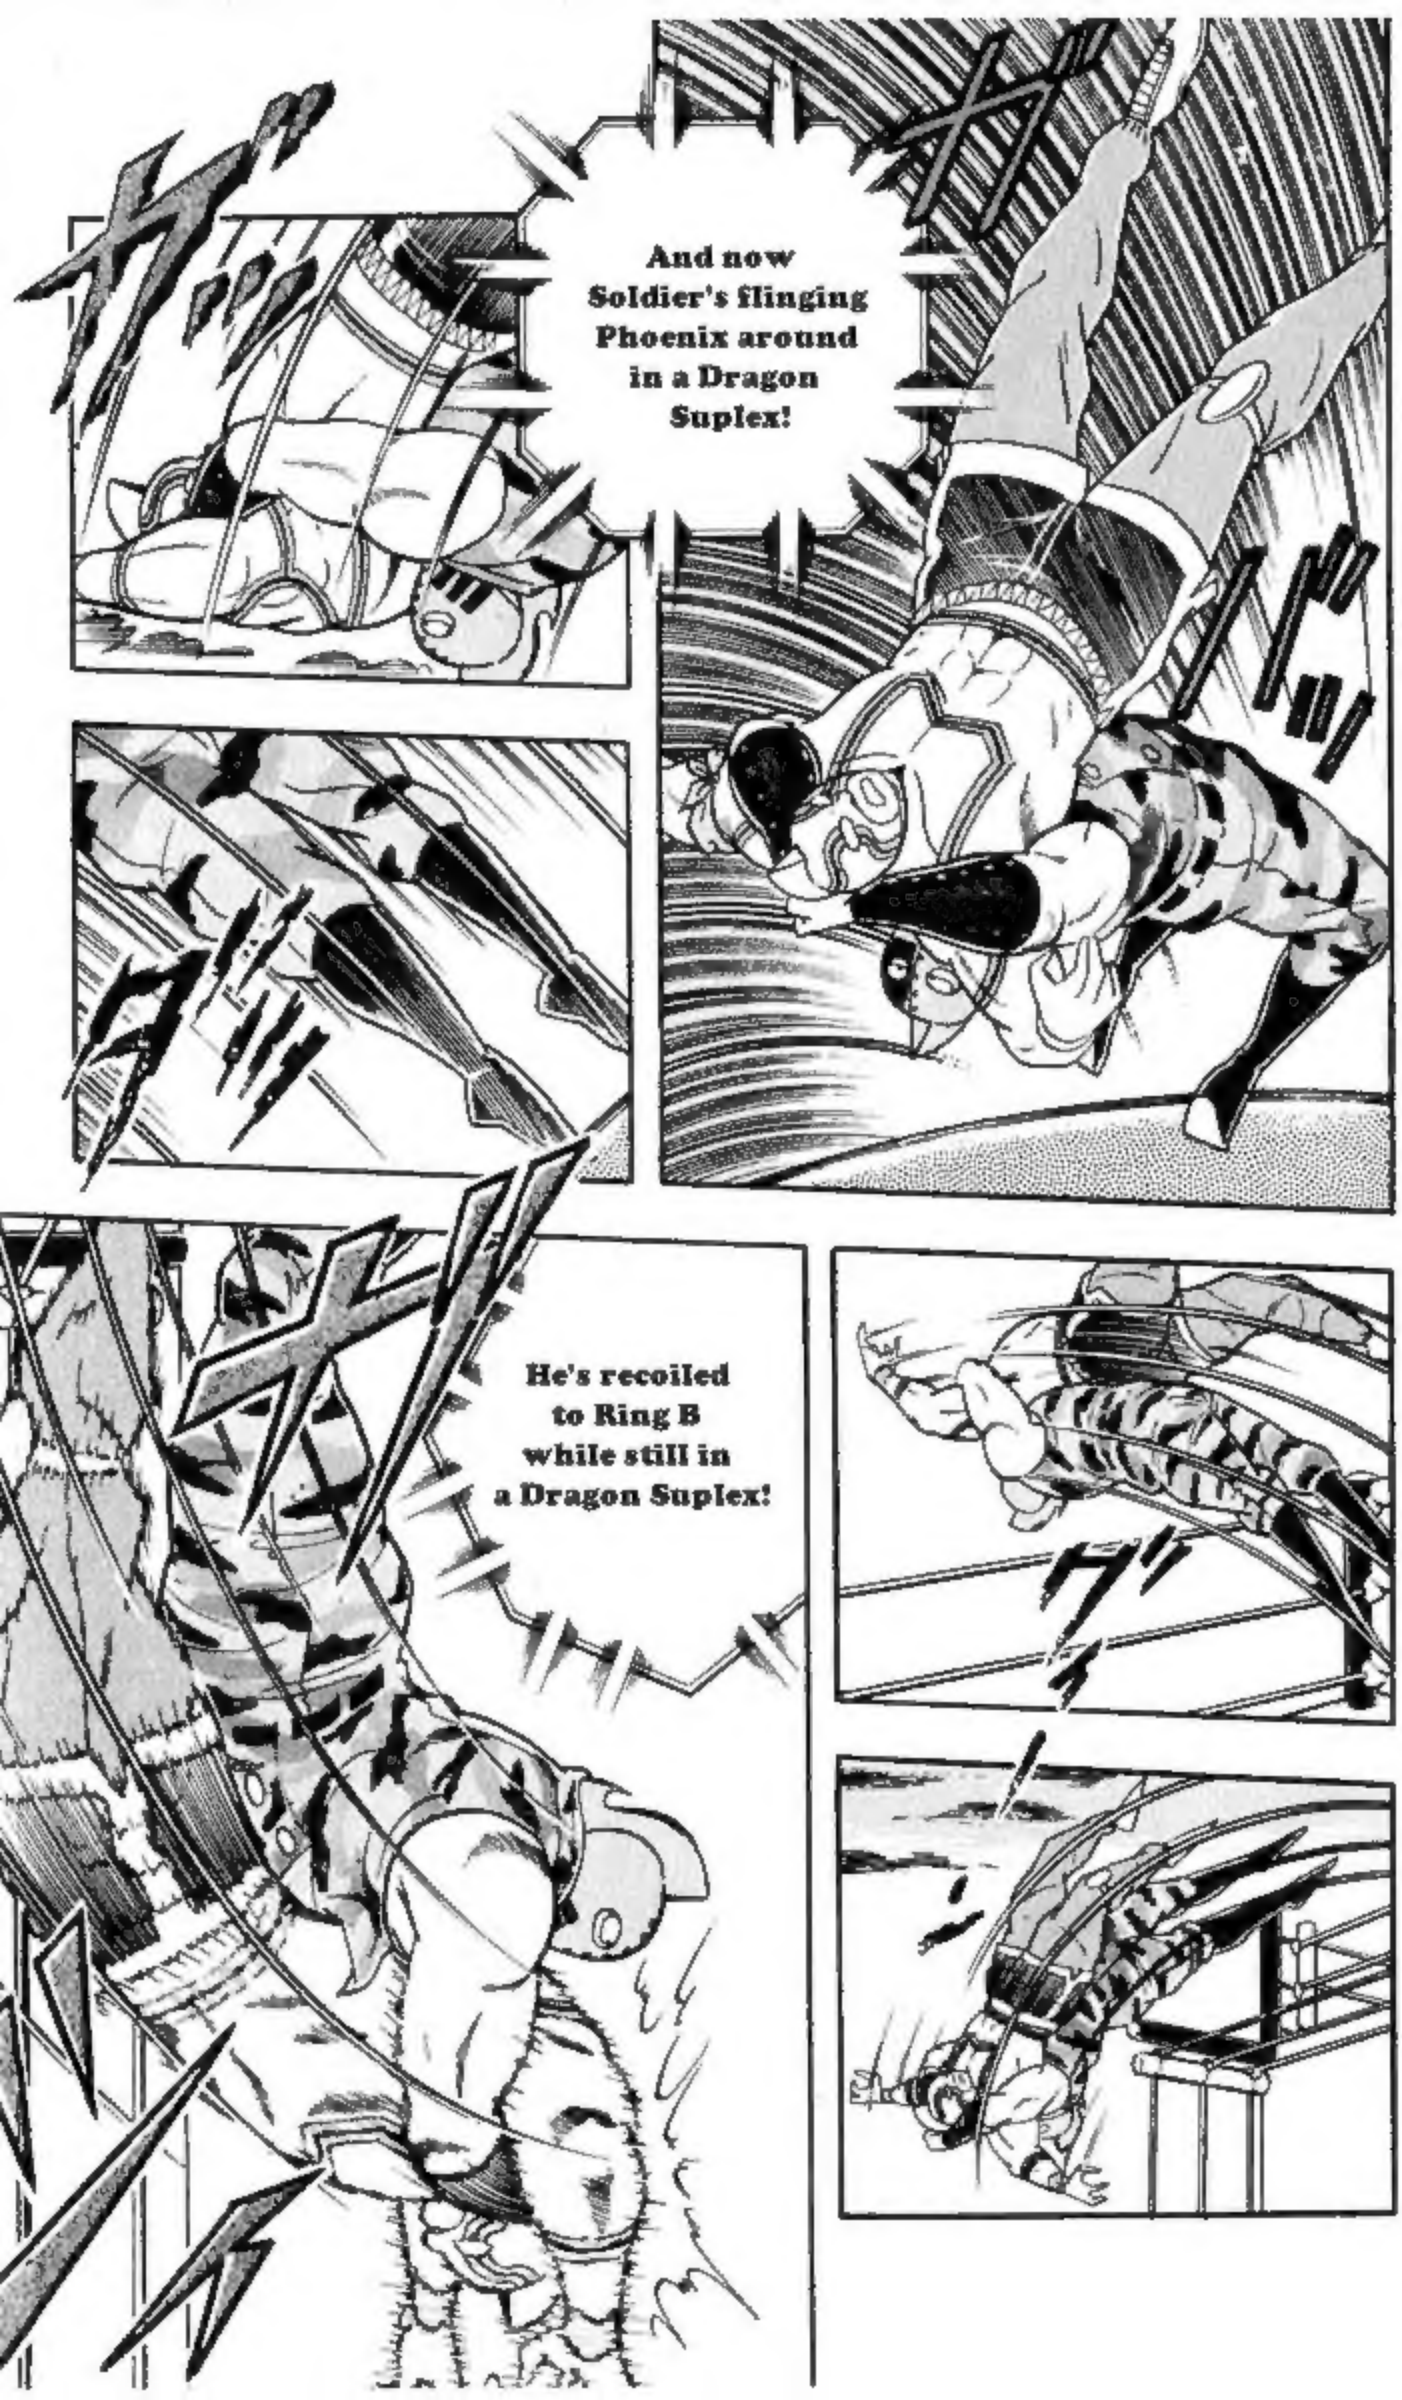
GET AWAY FROM ME!
Mama! You should have never uttered that name!
Didn't we both promise never to speak his name!?
Aaah! If only Ataru was here, we wouldn't have needed to hold this Survival Match!
Calm down!? How can I when ever since I was born, all I've ever done was study and practice fighting every day of every year!? I've had it with this training! I'm leaving!
P-please calm down, Ataru! You're the prince of Planet Kinniku! You'll soon succeed me and become King! But all you've been doing is hanging out with your delinquent friends! Can't you show some decency?

It'll be my soon to be born baby brother! It'd be better if he was trained to be King!
Kinniku Ataru! If you leave us, then who'll continue the Kinniku Royal Family that's lasted for millions of years? Who'll become the next King!?
ATARU!

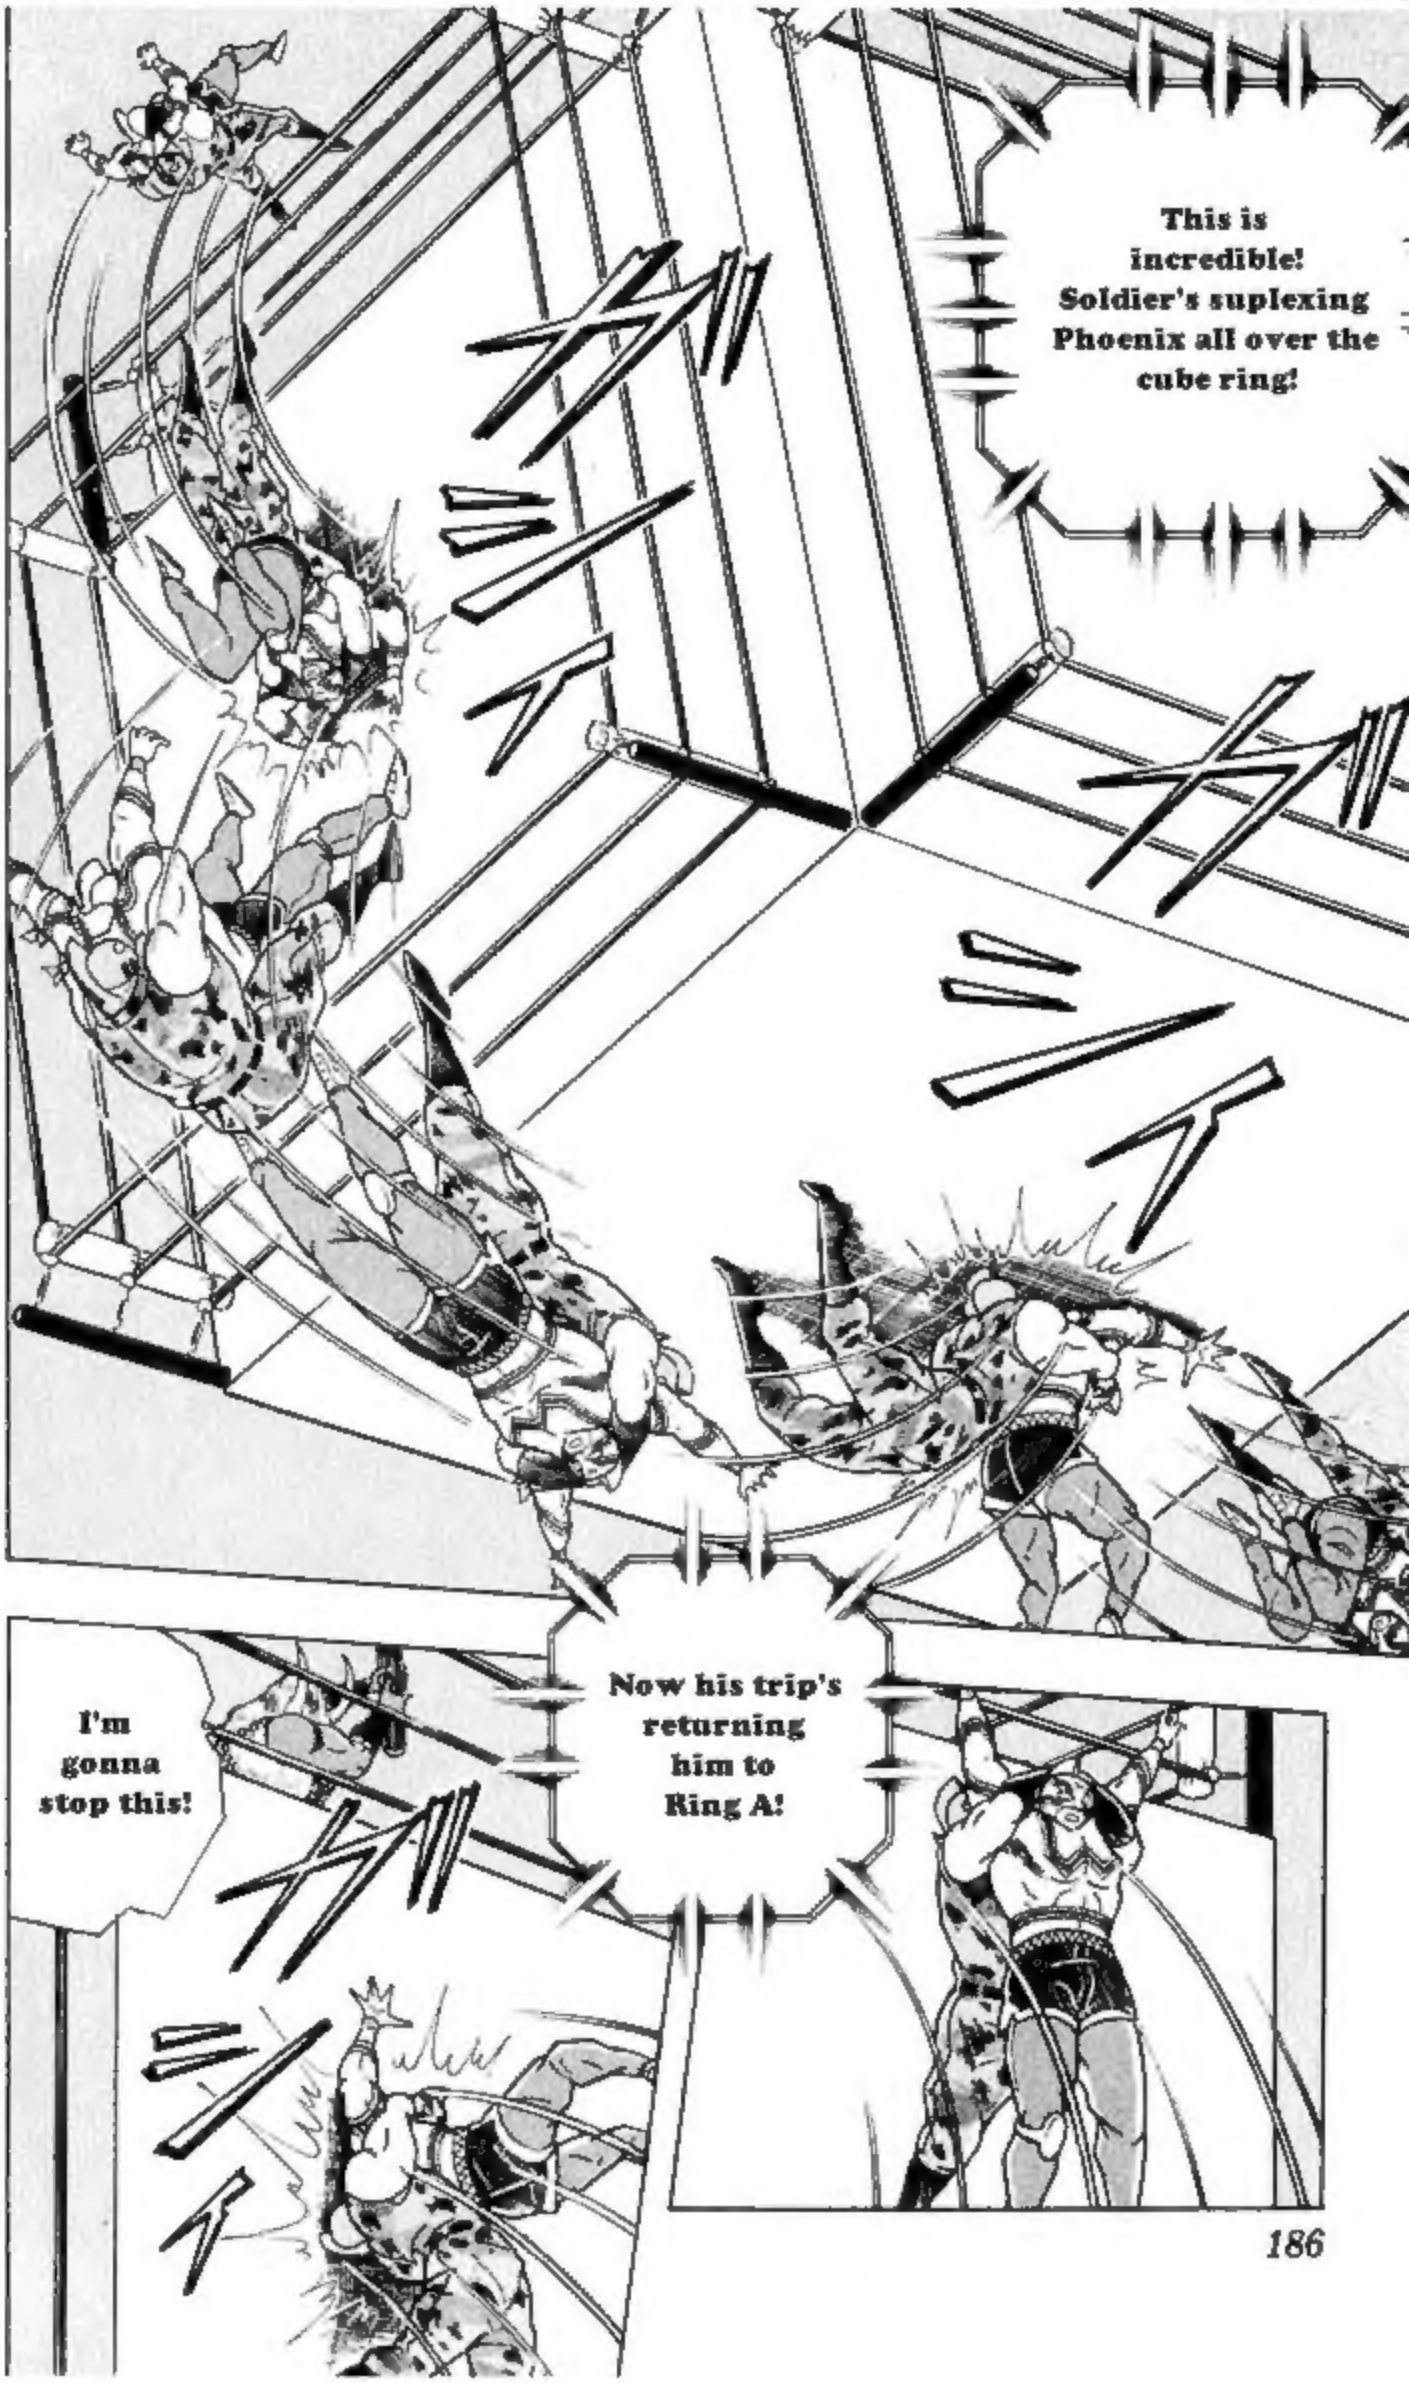
Queen Kinniku's tears can be seen clearly from the blimp's screen!
Is Papa cheating again!?
Only us and our close associates know of Ataru's existence. We've never even told Suguru of him, the one we've erased from our history and vowed to never speak of...
B-but... If he were still here, we would've never needed this battle...
Those warm tears...
Can compassionless Choujin like you even comprehend their meaning!?
No, she's just moved by these heated battles so much that she can't contain herself!

There are tears in Soldier's eyes!
Soldier!?
Kukuku... You still have some spirit left to be insulting us. I'll get back to hurting you like in the first part of this match, but Brocken Jr won't be around to save you now!
I-It's just sweat!
Even though our fight has been one-sided, it was that was because I was studying Team Phoenix's teamwork.
But now that time is over. Against you two...
Just so I could continue this charade...
But now, Brocken Jr, my right hand man, died fighting.

NOSE FENCING!
I'm going to let loose and give everything I have! I'll attack, attack and attack!
Soldier's had enough of Team Phoenix's abuse and has started to take the fight back to them!!
Ooh! Soldier's dodged Mammothman's trunk and's unleashing a storm of chops on him!
That chopping stance looks just like Kinnikuman's!
Soldier's chops look familiar...



And now Soldier's flinging Phoenix around in a Dragon Suplex!
He's recoiled to Ring B while still in a Dragon Suplex!



This is incredible! Soldier's suplexing Phoenix all over the cube ring!
Now his trip's returning him to Ring A!
I'm gonna stop this!

But Mammothman's going to hit Soldier with an iron post!
Wuh!
Soldier's released an intense light from under his mask that's melting Mammothman's iron post!
Th-that's the Face Flash! It can only be done by members of the Kinniku Royal Family!
